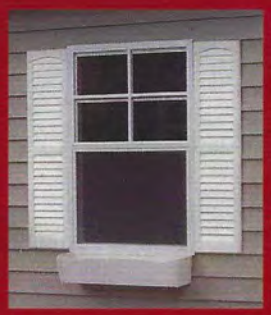
7.

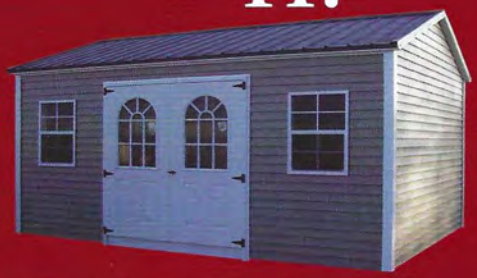
8.



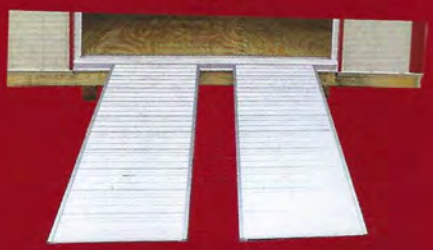
9.

10.

11.



13.



12.

OPTIONAL FEATURES

1. Treated wood blocks. These are included with our free delivery & set up.

2. Patio blocks are a better choice. These are more sturdy than the treated wood blocks. You will have to provide them for the driver, and he will use them.

3. The best foundation you can put down other than a cement pad is a pad of limestone, gravel. or crushed asphalt. We would recommend it to be about 6" thick and a foot wider & longer than the size of your building.

Customers are responsible for any building and zoning permits.

Sites must be level and ready before the driver arrives with your building. The building site should be a hard, level surface. If the site is not leveled properly, the doors will not line up correctly and the doors won't operate smoothly.

Rent-To-Own Program:
No credit check is necessary if purchasing is not an option.

Same As Cash:
Pay off agreement in 90 days with payments made on time.

Early Purchase:
Pay off your building early without any penalty fees.

Own The Barn:
Once contract obligations are met the barn is yours.

Free Delivery & Setup For Up To 50 Miles

Delivery **typically** takes 1-2 weeks for buildings on the lot and 4-7 weeks for custom buildings, weather and ground conditions permitting. Free Delivery covers one trip up to 50 miles one way, over 50 miles subject to a $4/mile charge one way, and any additional trips may also incur charges to the customer. Free Set Up includes leveling with supplied wooden blocks.

A&L Storage Barns, LLC or any of their affiliates are not responsible for permits, covenant searches, restrictions, setbacks, obstacle removal, yard damage, or underground damage.
