Overview

According to the Center for Disease Control and Prevention (CDC), a new Coronavirus (2019 Novel Coronavirus or COVID-19) was first detected in China and is now spreading across the world, including New York State. This document is intended to provide the latest information that is available from

government sources only in order to allow you to answer questions related to the latest developments regarding COVID-19.

For more information call the New York State Coronavirus Hotline at 1-888-364-3065.

Local Impact

Everyone is encouraged to stay in regular contact with State and local officials for the most up-to-date protocols and announcements on Coronavirus.

Telehealth Services

Telehealth services may be beneficial to individuals experiencing Coronavirus symptoms and are unsure what to do. Individuals are advised to check with their health insurance providers to see if telehealth services are available. Utilizing telehealth services can reduce ER visits and allow individuals to access the advice of health care professionals from the safety of their own home.

State News Updates

June 18, 2020

- Governor Cuomo held a press conference at 11:30 AM and announced the following:
 - Total hospitalizations at 1.358 on June 17.
 - Total deaths increased by 29 on June 17.
 - Total percent of tests with positive results on Tuesday was 0.90%, (618 positive tests out of 68,541 total tests).
 - Reopening:
 - Central New York saw an increase in positive percentage of tests, and it was traced to a cluster of cases at an Apple manufacturing plant in Oswego.
 - New York City is ready to move to Phase Two on Monday.
 - Final decision will be made tomorrow, but Phase Two businesses should plan on reopening.
 - Compliance and enforcement demands increase with phases.
 - Today, the Governor will strengthen the State enforcement to allow violations of reopening rules and guidelines to result in immediate loss of liquor license and a shut-down order for businesses.
 - Also, will give bars the responsibility immediately outside of their locations to expand the enforcement areas of the State Liquor Authority (SLA).
 - Local governments must do their part to enforce the guidelines as well.
 - New York State is issuing guidance to colleges and universities to allow some residential and face-to-face programming for the Fall Semester.
 - Campuses must develop a plan, which attests to meeting the guidance, and file plans with the State.

College Guidance: Examples of Key Considerations					
Reopening Plans	Monitoring Plans	Containment Plans	Shutdown Plans		
Capacity to maintain social distancing	Determine testing frequency	Identify how to isolate positive cases and quarantine contacts	Identify operations that will be reduced or shutdown in case of significant outbreak		
PPE supply	Define early warning metrics	Determine plan to disinfect exposed areas	Determine plan for students to safely depart campus		
Screening of arriving students & staff	Work with State and local health departments on contact tracing	Develop plan to communicate protocols	Develop plan to communicate shutdown process		
Protecting vulnerable populations					
Hygiene, cleaning, disinfecting
