

LET GO ~ MASTERCLASS

Are Stagnant Dreams Blocking your Manifesting?

Join me for a workshop of **Releasing Old Dreams** that are weighing you down.

Unlock new Dreams and step into **New Possibilities**.

It doesn't matter what it is, old relationships or lost opportunities, this workshop will focus on **Letting Go** of **Lost Dreams** and will assist in uncovering that which is holding you back and blocking your **ability to call in something NEW**. Are you ready to release the need to hold onto the familiar because it is easier? During the course of the workshop we will identify your blocks in the **As Above or the So Below**. Removing these blocks will allow you to fully let go and help you see new opportunities to manifest

Your Destiny!

During the course of the workshop you will:

- Learn the Mysteries Of the Craft
- Understand Dreams
- Uncover Your Stagnant Dreams
- Join in a Releasing Ritual
- Call in the Guardians and the Elements
- Set up a Releasing Altar
- Share and Feast
