

**Walking in Favor
(I AM Somebody)
Job 10:12

We often hear “God favor is present”. How many times do we really believe it, especially when faced with adversity? God is constantly letting us know that He is on our side. He has shown throughout scripture that just because trouble comes doesn’t mean He is not with us. We must train our minds to focus on the positive things. We must challenge ourselves to believe that all things are working in our favor. Your identity is in God’s Word and not in the opinion of men. You must believe that you can conquer any mountain, swim the longest river and that you are victorious. This is who you are, “victor” not “victim”.
