

## Transfer of Records to School Procedure

### **Policy Statement**

We recognise that children sometimes move to another early years setting before they go on to school, although many will leave our setting to enter a reception class.

We prepare children for these transitions and involve parents and the receiving setting or school in this process. We prepare records about a child's development and learning in the Early Years Foundation Stage in our setting; in order to enable smooth transitions, we share appropriate information with the receiving setting or school at transfer.

Confidential records are shared where there have been child protection concerns according to the process required by our Local Safeguarding Children Board.

The procedure guides this process and determines what information we can and cannot share with a receiving school or setting.

### **Procedures**

#### *Transfer of development records for a child moving to another early years setting or school*

- Using the Development Matters in the Early Years Foundation Stage guidance and our assessment of children's development and learning, the key person will prepare a summary of achievements in the seven areas of learning and development.
- The record refers to:
  - Any additional language spoken by the child and his or her progress in both languages;
  - Any additional needs that have been identified or addressed by the setting;
  - Any special needs or disability, whether a CAF was raised in respect of special needs or disability, whether there is a Statement of Educational Needs, Education, Health and Care Assessment and Plan and the name of the lead professional.
- The record contains a summary by the key person and a summary of the parent's view of the child.
- The document may be accompanied by other evidence, such as photos or drawings that the child has made.
- When a child transfers to a school, most local authorities provide an assessment summary format or a transition record, which we will follow as applicable.
