## Overview

According to the Center for Disease Control and Prevention (CDC), a new Coronavirus (2019 Novel Coronavirus or COVID-19) was first detected in China and is now spreading across the world, including New York State. This document is intended to provide the latest information that is available from **government sources only** in order to allow you to answer questions related to the latest developments regarding COVID-19.

For more information call the New York State Coronavirus Hotline at 1-888-364-3065.

## Local Impact

Everyone is encouraged to stay in regular contact with State and local officials for the most up-to-date protocols and announcements on Coronavirus.

## Telehealth Services

Telehealth services may be beneficial to individuals experiencing Coronavirus symptoms and are unsure what to do. Individuals are advised to check with their health insurance providers to see if telehealth services are available. Utilizing telehealth services can reduce ER visits and allow individuals to access the advice of health care professionals from the safety of their own home.
