

Why I Am No Longer a Light Worker

By Cameron Day, on August 23rd, 2013

No, I haven't turned to the dark-side, but rather I am transcending sides. This article is probably the most important piece I have written to date, and in order to convey the full message, a bit of back-story is necessary. Hang in there with me, and by the end you will understand why I will never call myself a "lightworker" again.

Planet Earth and much of our corner of the universe has been under a spell for a very long time, a spell which casts doubt within our minds about whether or not we are connected with the Infinite Source of all creation. The spell causes us to feel alone, vulnerable and isolated – cast out from the Heavenly Realms into a cruel, dog-eat-dog world. This spell is pure fiction, a deception of the highest order, but it has taken hold deeply on this and other worlds.

Intrinsic within this holographic spell is the notion that duality and polarity are natural aspects of life, and that we must serve one side of duality or the other. This elegantly simple binary imprint has become so prominent that we have lost sight of the larger holographic spell that spawned it. Indeed, we have lost sight of the hologram all together, and come to believe that it is the sum total of reality.

Humans have been conditioned to worship the holographic deception and the agents that perpetuate it. This hologram has been called Maya by the Hindus, and the Gnostics referred to it as the Corrupt Demiurge. I find this term a highly accurate description, and from the point forward I will refer to it as the corrupt demiurge.

Dark vs (False) Light – Duality of the Demiurge

In order to capture and control the widest possible spectrum of souls, the corrupt demiurge split its agents into two seemingly opposing teams: Dark vs (false) Light.

Not everyone can be a saint, so there must be room for sinners within the demiurge, as long as everyone involved is under its spell. What matters most to the demiurge is that we worship it or one of its agents, regardless if they are on the light team or the dark team.

There are many names of the players within this cosmic, multi-dimensional drama that you will have no doubt heard of such as: Lucifer, Jehova, Beelzebub, Arch Angel Michael, Satan (different dude than Lucifer), Ashtar, dozens of Arch(on) angels, supposedly ascended "masters" and various other channeled entities.

While some of these beings play for team dark, and some play for team (false) light, they are ALL ultimately playing for the corrupt demiurge that controls them. This, in essence, is the big secret of the archons: They are not just the "evil, demonic beings" but also those who pretend to be angels and ascended masters..

What is the Point of All This Control?

The corrupt demiurge is an entropic system of artificially-induced separation consciousness that is slowly dying, and it depends on harvesting the energy from the souls incarnated within its system in

order to preserve its existence. In order to harvest the largest amount of soul energy possible, it created the dark-light duality paradigm to ensure that every being incarnated on a world that is under its spell would serve as a “soul battery” to help keep the demiurge energized. The “good” souls would seek out the (false) light team, and the “bad” souls would seek out the dark team, but unknown to most of those souls, they are all serving the same system.

In order to keep the duality game interesting for its participants, the demiurge set up densities of existence that “initiates” on the dark and light paths could ascend through. This gives the beings moving through these densities a feeling of accomplishment, when in fact they are navigating through a labyrinth of demiurgic illusion. The players at the higher levels of the hierarchies know that they are in a self-serving system, but they are fine with the deal, because they get to wield power and receive the energy of worship from beings further down the ladder.

What About the “Spiritual Hierarchy?”

Most channeled beings will claim to be affiliated with the (false) light-based “Spiritual Hierarchy” which includes “arch angels,” “ascended masters” and “positive ETs.” These channeled messages are a dime-a-thousand, and more keep pouring out every day. The dirty little secret is that these beings are beholden to the corrupt demiurge, and are waging a psychological battle on people that don’t want to be associated with any formal religious structure.

In other words, the “new age” is a multidimensional psychological operation designed to channel the soul energy of the “believers” of these teachings up to the “ascended” teachers.

Another one of their secrets is that most of the so-called “ascended masters” in their “hierarchy” never had a human incarnation. These are incredibly deceptive beings that are playing a game in order to garner the energy of worship. In the real universe of non-deception, nobody would worship them, but in the illusory “sub-universe” of the corrupt demiurge, they are able to trick good-hearted people into pouring energies of love, devotion and praise into them.

As for the “arch(on) angels” they are in more or less the same category. They are not aligned with the Infinite Source of all creation, but rather they serve a lesser being posing as the creator: the corrupt demiurge. Therefore they are not what I would call angels at all.

In honor of the truly deceptive nature of these beings, I have given them a new, more accurate title: The Spiritual Liar-archy. 😊

The Dark Side Makes the False Light Look Good

The two teams have to play their parts convincingly, and the dark team has really embraced their role as villainous scum ready to kill, rape, torture and do any sort of depraved thing that they can get away with.

The dark side is designed to be incredibly repugnant so that the majority of “good souls” will run to the other end of polarity, right into the “loving” embrace of one of the false light’s patriarchal religions, or to their new age religion with its legion of channels and “masters.”

Earth has been a difficult planet for the corrupt demiurge to fully control. Human beings were once very aware of their connection to Infinite Source and all of life, and that awareness has been maintained by spiritual individuals throughout the entire reign of darkness on this planet. Because this awareness could not be “beaten out of us” by the dark forces, a plan was formed to co-opt the spiritual nature of human beings.

First, patriarchal religions were formed and imposed on as many people of the world as possible. Anyone who didn’t adhere to one of the major religions was an outcast for much of history, until the last century when the “Theosophist movement” was born, which set the foundation for the “new age movement” to emerge in the 50s, 60s and 70s. The new age movement has continued to gain momentum as it has attracted many of the people who turned away from the hypocrisy of patriarchal religion.

The corrupt demiurge seems to have an “easy answer” for any of the inner turmoil that humans experience. If religion doesn’t serve to appease an individual, then the new age will do just fine. It’s all the same to the demiurge, as long as we “pick a side” that it controls. This is why we need to transcend sides all together.

Channelers Are Being Deceived

I wrote an article back in 2011 about some of the problems with channeled messages, [which you can find here](#) for more background information. If religion can be said to be “the opiate of the masses” then channeled messages would be the “HOPIUM of the disgruntled minority.” Every channeled message that comes from the spiritual liar-archy is essentially the same when you strip away the fluffy talk and story-line that is being used to couch the message.

Here is every modern channeled message, condensed into a few lines:

“Dear ones, you are greatly beloved by all of us in the spiritual (liar)archy. We long to reunite with you, for we are your long-lost family. Stay strong and hold onto your light, because we will make our presence known to you soon. Keep waiting (and suffering) and hoping for us to come and rescue you from your situation. When we arrive, we will build a golden (c)age for you on earth.”

I used to think that this nauseating disinformation coming from “Archon Angel Michael,” “Saint Germain” etc was the result of dark-side interference taking over the channels without their awareness. What I didn’t understand back when I wrote “[Who’s Really on This Channel](#)” is that transmissions from “truly positive beings” weren’t being intercepted and corrupted by the dark side, but rather the messages were coming from “false light” beings of the spiritual liar-archy.

“Light Workers” Are Being Thoroughly Used

Back in 1998 when I first got into the energy clearing genre, I had never heard the term “lightworker” even though it had already been coined. It first heard it some time in the early 2000s, and it sounded weird to me at the time. Now I understand why: because the “light” that the spiritual liar-archy is trying to get us to work for is the FALSE light of demiurgic duality!

You see, there is a massive effort underway by beings that I now call “Divine Agents” to completely obliterate the corrupt demiurge. When that happens, all of the beings who have gained power through the demiurge will lose that stolen power and will have to face up to the deceptions that they have been propagating. None of them want that to happen, so in their cleverness they devised a brilliant plan to undermine the entire effort.

The plan was simple: Approach all incarnated Divine Agents, usually in a dream state but sometimes during an “ET abduction” scenario, and tell them that in order to fulfill their mission, they need to “work for the (false) light” and take orders from the spiritual liar-archy.

This plan worked AMAZINGLY well, largely because Divine Agents have had a hard time living on Earth. Societies here are badly warped, spirituality is twisted and abused, the vibrational density is heavy, our memories are mostly wiped, and we generally would rather NOT be here. So any being that emanated light (even false light) and love could make a Divine Agent feel like they were making valid contact with truly divine beings.

I still remember my own recruitment by the false light that occurred when I was 6 years old in an extremely vivid dream-time experience. They had me convinced that I was fulfilling my mission as a Divine Agent by working for them. I think they always knew I would figure them out, although it took a very, very long time.

Ever Wake Up More Tired Than When You Went To Sleep?

Many Divine Agents who were recruited as light-workers report that they wake up more tired than when they went to bed, and their “dreams” were full of battles. During these “dream missions” the spiritual liar-archy squeezes those they control of as much energy as they can. You may wake up with memories of having gone on missions to battle the dark, but the end result is that your body, mind and soul are depleted of energy which was harvested by the (false) light beings.

A few months ago I revoked ALL agreements made with any and all beings that did not have my best interests in mind, no matter WHO the beings were or claimed to be. It sounds like such a simple thing, but somehow I had overlooked it. During the process, I felt resistance from beings who were claiming to be positive, but I stood strong and told them that I refuse to be manipulated into giving energy to the demiurge.

This has given me the distinct privilege of being targeted by both the dark team (ankle biters) and the (false) light team (spiritual liar-archy). The (false) light team does indeed engage in psychic warfare, just in different, more subtle ways than their “dark” brethren. Deflecting these attacks has been worth it

because I know that I am more aligned with my true mission to put an end to the demiurge without being side-tracked into duality battles.

It is also very nice knowing I am going to get a good night's sleep when I go to bed because I am not going to be pulled into any ridiculous "missions to battle the dark" that the (false) light beings are so fond of setting up for their "light workers." (That phrase actually creeps me out now that I know its true origins...)

What Was That About a Golden (C)age?

The false light beings working for the corrupt demiurge want to maintain their control over the human race. Our soul energy and agreements to live in our current cage empowers the demiurge and the beings that serve it, and they are not going to give that energy up easily.

We are, at this very moment, in a struggle for our freedom. The spiritual liar-archy wants to move us from our current, extremely uncomfortable cage into a slightly more expansive state of existence, but one that they are firmly in control of.

One metaphor to describe our current situation is that we are like a flock of chickens pent up inside a tiny, dark, smelly chicken coop. Those that have been farming us are preparing to let us out of the coop, and into a larger fenced-in area where we will be able to feel a little more free, but still within their control. This is the "farmer's" way of ensuring that they can continue to feed off of our energies, while making us feel that we are free, thanks to the kindness of our captors.

The "spiritual" liar-archy does not want us to grow on our own to a place of self-empowerment that will allow us to simply walk away from their entire control system. This is why the channeled messages subtly disempower people, while pretending to actually offer them an empowering solution. As long as we are sitting and waiting for "the good guys" to come and save us, we will not be able to discern who truly has our best interests at heart, nor will we be able to actually fix our own problems for ourselves.

Solutions for the Duality Afflicted

So how does a person get out of this duality paradigm? The first step is to engage the **Self-Clearing System** protocols and revoke all agreements that you have made with any beings that don't have your best interests in mind. Next, revoke all agreements to see reality in polarized terms. Every time you revoke agreements, be sure to reclaim your energy that had gone into them. Then affirm your commitment to transcend the control paradigms of the corrupt demiurge without being side-tracked by pointless polarity battles.

I also recommend a brief daily practice of revoking all agreements to experience hardship, limitation, bad relationships, health problems, financial problems, family dysfunctions, and anything else in your life that is energy-draining. The number and quantity of agreements that we have unconsciously taken on within this false reality matrix are truly astounding. When you pay attention to the subtle and blatant agreements that point to the invisible bars of your prison, you will indeed find that there is no shortage of agreements to be revoked.

After you have engaged this process, you may notice less “contact” from the false light beings, and you might feel a little lonely until you get used to the changes. This is a very good time to strengthen your connection to your own Higher Self, the core of Earth and the Galactic core. As you adjust, you may notice better sleep and a sense that you can see through deceptions disguised with positivity more easily.

If you do get contact from a being, you can tell it that you are only willing to communicate with beings who have transcended duality and are outside of the corrupt demiurge. Put any being trying to contact you to the test. Question them point-blank: “Are you part of the demiurge?” The beings of True Divine Light who exist outside of the demiurge, in the Real Universe will happily answer your questions. Just be aware that they don’t speak in language the same way that we do, as they communicate with what I call “soul telepathy.”

Type of Communication Is a Major Indicator

The Forces of True Divine Light that exist outside of the corrupt demiurge are not bound by the left-brain right-brain dynamics and dark-light polarities that define the demiurgic sub-universe. This means that they do NOT sound like a voice in your head! Instead, they use “soul telepathy” to emanate feelings, archetypal expressions, and an extremely pure quality of light that speaks directly to your soul.

The difference between a being of True Divine Light and one of the false light spiritual liar-archy beings is that the former’s light is warm, enveloping, pure and unconditionally loving, whereas the latter’s light is cool, piercing in an uncomfortable way, dominant and often overly-masculine. The spiritual liar-archy is a male-dominated group, and even the females within their power structure have a very masculine energy. This male-domination is, of course, why the religious structures the liar-archy enabled all have a domineering male god, and no mention of an all-encompassing, feminine creator.

Another major difference between false light beings within the demiurge and beings of True Divine Light who are aligned with Infinite Source is that the Divine Light is not controlling, manipulative, bossy or judgmental in any way. Infinite Source will NOT impose an agenda upon you, although it will support you in your chosen mission to help dismantle the corrupt demiurge. You won’t be given “marching orders” by Infinite Source or beings of True Divine Light who operate outside of the demiurge. They won’t send you on endless, energy-draining missions in your dream-time, and they won’t ask you to do something that will result in loss of your soul energy, unlike the imposters in the

false-light spiritual liar-archy.

The beings of True Divine Light are supportive, loving, nurturing, and they care about you as an individual. You are not just a cog in a machine to them, for they understand that you are a vitally important aspect of an intricately interconnected creation. They have the utmost respect for those of us who volunteered to incarnate into the “beast system” of the corrupt demiurge in order to help dismantle it from the inside. Indeed, there must be Divine Agents working both from within and outside of the corrupt demiurge in order to dismantle it.

Discernment is Vital

I will be writing more on this topic and its many implications. In the mean time, I urge you to drastically increase skepticism and fine-tune your discernment. Apply your intuition and logic to information that you receive, and ask yourself “what is the agenda here?” There is indeed a very large, multi-dimensional “conspiracy” at work on this planet, and it draws power from us by pushing us into one spectrum of polarity or another. Anyone urging you to “choose a side” simply hasn’t woken up to the fact that both sides are two halves of the same coin that is controlled by the corrupt demiurge.

I urge you to discuss these ideas with those close to you and look for ways that you may have been manipulated by the false light in the past. It’s nothing to be ashamed of – the false light beings are amazingly skilled liars and manipulators.

Most of you reading this have already chosen to be a Divine Agent and incarnate for the purpose of dismantling the demiurgic control system. You have already made your choice, and now you need to carry out your individual mission. In order to do that, it is vitally important to sever all ties with the false-light “spiritual” liar-archy, take some time to regain energy and strength if necessary, and ask your Divine Inner Self to reveal to you what it is that you specifically need to do.

Stand strong in the true light of your Divine Inner Self and Infinite Source.

Tell the “Lords” of Karma That You Are Sovereign – No Longer a Lightworker Part 2

By Cameron Day, on November 21st, 2013

It has been a while since I published a long article, and I have been working for many hours on this follow-up to the August article, [Why I Am No Longer a Lightworker](#). That piece generated a lot of positive responses, as well as tremendous resistance and scorn from those within the New (c)Age movement who are heavily invested in the illusions of the false light.

I know that much of what I revealed in that article was difficult to accept, but **I am committed to Truth, wherever it leads.**

This article is going to pick up where the last one left off, so if you haven't already read the first part, please go read that first because the terms defined in [Why I Am No Longer a Lightworker](#) will be used here without any definitions.

The "Lords" of Karma

The false-light demiurgic parasites known as the "Lords" of Karma are perhaps the worst violators of free-will that I have encountered, second only to the corrupt demiurge itself.

They are the primary gatekeepers that allow or deny beings access into and out of the demiurgic system, and as such, they must be exposed.

Their perversion of the natural law of karma is so staggering in scope that I will only be able to cover a small portion of it in this article. To begin with, they are responsible for forcing beings to

reincarnate over, and over, and over (and over) again, in clear violation of Universal Law.

In the "Free Universe" outside of the corrupt demiurgic enslavement system, a being is free to incarnate onto any planet that they choose.

When a being's physical life comes to an end (after hundreds, perhaps thousands of years), they return to Infinite Source for a rest, and then decide what they want to do next in order to continue to learn and grow. Nowhere in this process is a hierarchical group of controlling, manipulative beings like the "lords" of karma present.

As you can see by my use of quotes around the word "lords," I despise calling

them that at all. So in my usual style, I have given these beings a new, somewhat sarcastic name: The Turds of Karma. I started calling them this after an encounter several months ago when I was removing deep layers of imposed agreements that they were trying to hold in place. At one point in the process I forcefully told them, "You are the biggest pieces of sh** that I have ever seen. I don't owe you ANYTHING. YOU owe every single being that you have manipulated a debt that you will never be able to repay!" At that point, they left very quickly.

After that, the name Turds of Karma just kind of stuck. **Although it is somewhat juvenile, I think it fits, and I hope that you will think of them in this same way, so that you won't be fooled by their**

con-artistry now, or later when you depart from the physical realm. With that bit of renaming out of the way, let's explore some of the ways the Turds of Karma (ToK) manipulate beings.

The Light Review Scam

The primary tool that the ToK use to manipulate a being into accepting nearly endless reincarnation is the (false) "Light Review." **When a person's body dies, they move out into the astral realms and begin to shed most of their previously held identity.**

If this process were allowed to occur without interruption, the True Light of that being would emerge from within them and they would release layer upon layer of limiting beliefs generated in that incarnation.

However, within the realms of the demiurgic control system, what happens is that the ToK intercept that being just as their light is starting to emerge from within and surround them in a dazzling display of colorful external light. (This is why most of the people with near-death experiences report going through a tunnel of light.) The dazzling

outer display distracts the being from the light emerging from within them and hypnotizes them through frequency entrainment and activation of any and all religious programming that being had been exposed to during their incarnation.

The ToK and other members of the Spiritual Liararchy such as arch(on) "angels" and "ascended masters" will often be present in the background during this process. **As the individual is filled with a feeling of universal love and connectedness, they are told that this feeling is coming into them from the external "beings of light" that are surrounding them.**

However, this feeling of universal oneness and love is actually emerging from INSIDE of the being, and it is being reflected back to them by the ToK and the liararchy. The individual doesn't have any time to reflect on what is happening, because they are quickly moved into the "review" phase of the process. They are shown a little movie of their life which focuses on the disappointments, unfulfilled desires, painful experiences and hurtful actions the person experienced during their life.

Through this biased and manipulated "life review," the being is made to feel bad about their life, which is exactly what the ToK want.

They tell the person that even though they failed at so many things in their life, that they will be given a chance to go back one more time and "get things right" in a new incarnation. The being is then grateful at this chance for redemption and accepts the agreements that the ToK present them with to incarnate again.

If that being was raised with a Christian type of indoctrination, they will encounter "Jesus and the angels" but be told that they are "not yet worthy to enter the kingdom of heaven."

Of course, the fear of being sent to hell is so strong in their belief system that they JUMP at the chance to reincarnate and become "worthy" to enter "God's kingdom," which is actually the demiurge's kingdom.

After agreeing to reincarnate, the being is then sent to a "heavenly realm" in the middle to upper astral realms to await reincarnation. This realm is nicely decorated with simulations of nature, lovely views and a staff of "guardian angels" who make sure those beings go back to earth when their time comes. **Of course, those "guardians" are actually parasitic sheep-herders tending to their flock,** and there is NO allowance for the beings held in

this realm to go elsewhere.

Karmic Transference

If the content of an individual's life, unhealed wounds and unfulfilled desires isn't enough to convince them that they need to reincarnate, they are presented with an even more brazen deception. They are shown what they are told is their own past life where they committed horrible crimes, and they are told that they need to continue incarnating into adverse conditions in order to "work off" that bad karma.

In reality, the life they are shown is NOT theirs, but rather the actions of some being closely aligned with the liararchy who made pacts with them to avoid taking energetic responsibility for their actions.

Some of that criminal being's malicious energy is then projected onto the individual who is being tricked into believing that they were once that horrible criminal.

That being then takes on agreements to "discharge" the "bad karma" that they have (supposedly) earned for themselves, never realizing that it was all a lie designed to keep them subjugated and enslaved.

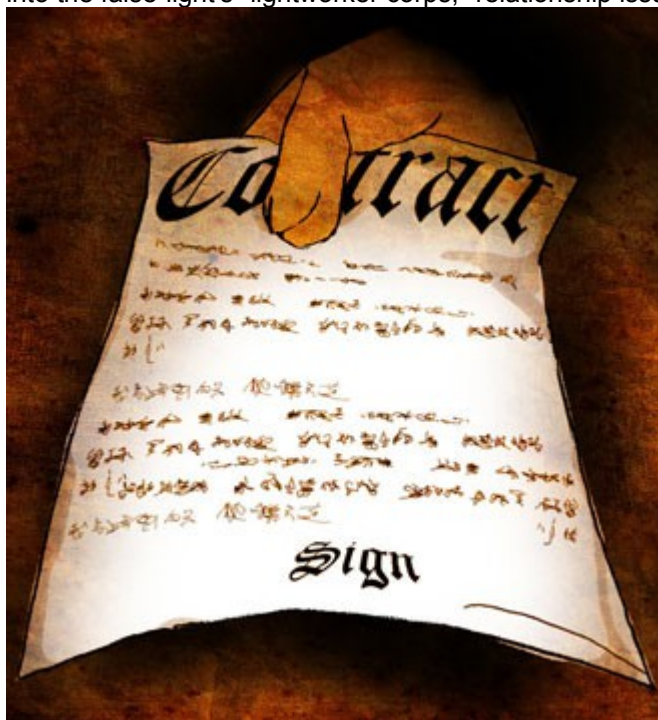

This is done to coerce the being's agreement to reincarnate and take responsibility for crimes that they did not commit, ensuring that the person's next life is going to be filled with undue hardship.

This karmic transference also allows those dark sorcerers who have aligned with the liararchy to avoid the repercussions of their own actions. This transference is also used on a large-scale upon the populace of the planet through forms of mass mind-control and media manipulation. To properly explain that will require a separate article, but the basic mechanism for how this is done is through subconscious agreements embedded throughout the media, corporate logos (sigils), financial contracts, admiralty law and other "matrix institutions."

Coerced Demiurgic Entry Agreements

One more very important aspect of the agreements that are put upon beings by the ToK are the original "entry agreements" that the beings coming into the corrupt demiurgic realm are forced to make in order to even gain entry into this system. **Many of us came here from what I call "The Free Universe" to help dismantle the demiurgic system from within, and the liararchy imposed an extensive list of coerced agreements upon these "Free Souls" in order to limit their effectiveness.**

These entry agreements also contain clauses that allow for unspecified hardships to be leveled against a being during their incarnation, including but not limited to: Birth bump to bad parents, physical abuse, sexual abuse, psychic attacks, etheric implantation, dream-manipulation, recruitment into the false-light's "lightworker corps," relationship issues, health problems, money problems, physical abduction and implantation, lack of self-worth and much more.

Most of the Free Universe beings coming in were pretty confident they could overcome those limitations, so they signed up.

There really was not much option, but some of us negotiated more fiercely than others and were saddled with fewer of these pernicious agreements, but no one came in "unscathed." **Regardless of how many coerced entry agreements we have, it is important to remove all of these agreements in order to get clear and proceed with our chosen tasks of healing and waking up others, as well as pulling apart the demiurgic construct from the inside.**

Revoking Agreements

This is the process that I use and have been sharing with others in clearing out agreements. The liararchy hides copies of these agreements in various realms, so specificity is important in this process. **It is also important that you engage this process from your Sovereign Inner Self (Higher Self, Divine Inner Self, etc) and that you make this process your own. Just reading revocation statements will not get the job done.** We need to be consciously engaging this process using the **force of our will** to effect the changes we desire.

I have found that once a person starts revoking agreements, it becomes easier over time to dig deeper to find more of them. **Be aware that agreements often are splintered off into various fragments in order to make them harder to find.** For example, there may be agreements to have difficult

romantic relationships, difficult relationships with parents, with siblings, with friends, etc. These are all different "agreement clusters" that need to be specified and removed in separate processes.

So don't worry about getting rid of every agreement all at once. Take your time, and work through them on a daily basis as you sense them affecting you. The process outlined below is based on the Self-Clearing System [Level 1](#) and [Level 2](#), which form the foundation for the energy clearing work that I do.

- Stand in the power of your Divine Inner Self's Sovereignty. Expand the light of your Divine Inner / Higher Self from your heart, surrounding your body in a Heart Sphere of Sovereign energy.
- Connect to Earth's Core, Galactic Core, Infinite Source and the Forces of Divine Source Light.
- Ask for a Galactic Vacuum to be ready to remove everything into the Galactic Core. (This is a funnel cloud of galactic core energy that vacuums up everything needing to be removed and transmuted.)
- Call up all agreements related to "feeling like a victim" (or anything else) on this timeline and all other timelines in the past, present and future, and within all dimensions, densities, levels, realms and realities.
- Call forth all reinstatement clauses, copies, back-ups, mirrors, counter-party copies, etc of the agreements.
- State, "From the Inner Authority of my Sovereign Self, I declare ALL of these agreements null and void. I revoke ALL of these agreements as well as all counterparty copies, reinstatement clauses, duplicates, back-ups, mirrors, etc of everything previously named."
- Proclaim, "I reclaim ALL of my energy that has gone into these agreements." As your energies, essences, soul fragments, etc come back to you, reintegrate them through your heart center.
- Command, "I send all of these agreements and all facets previously named into the Galactic Vacuum to be transmuted in the Galactic Core."
- Call forward all "counter party copies" of these agreements and send them into the galactic vacuum for transmutation. These are copies of the agreements held by parasitic beings who drain small amounts of your energy via those agreements. Some of those beings might claim to be "lords" of karma in order to exert authority over you. Don't believe any of their lies.
- Tell those demiurge beings : **"I am Sovereign. All of you parasitic 'counterparty' beings are hereby notified that you are FORBIDDEN from EVER affecting my energy again.** If you do attempt to violate my sovereign energy sphere, I will FORCEFULLY send you to the

Galactic core to be transmuted. While transmuting will be the best thing that has ever happened to you, it's possible that you will not emerge if there is nothing left within you to salvage and transmute. You have been warned."

- **Next, offer those demiurgic counterparty beings an opportunity to step into the Galactic Vacuum to be taken to the Galactic core and transmuted.** Some of them will take this opportunity so that they can be free from the Demiurge's control and hierarchical enslavement.
- Declare, **"I remove ALL imprinting, implants, overlays, beliefs, perceptions, attitudes, identities, frozen emotions, etc related to these agreements."** Ask your Divine Inner Self to direct a Galactic Vacuum throughout your unconscious mind, subconscious mind, and all throughout your sphere of consciousness to remove all of these components, and anything else related to these agreements.
- **Next, expand the light of your True Sovereign Inner Self to fill in all the areas that you have cleared.** This allows the Truth of who you really are to replace the false constructs that have been removed.
- **Call forward and Restore the original agreement that you made with Infinite Source to incarnate into this troubled realm and to carry Source Light in your incarnation.** Let the loving power contained within that original agreement dissolve any remaining constructs related to those old, artificially imposed agreements.
- The most important part of all of this is your WILL to make this happen. Get **alittle** angry if you need to, harness any righteous indignation you have and **use the FORCE of your WILL.**
- Affirm often: **"I am sovereign and no one is allowed to take my energy."**
"I am sovereign and no being or non-being is allowed to infringe on my sovereign space."

The Galactic Vacuum

This is a tool that I use on a daily basis in removing limiting energies, defending my Sovereign energy boundaries, as well as helping clients to do the same. **Any thought-form, etheric implant or soulless being put into the vacuum is taken to the Galactic Core to be transmuted back into pure energy. Any beings with a soul sent to the Galactic Core are either transmuted, cleansed of their darkness and rehabilitated or dissolved back into basic energy (destroyed).**

Either outcome is fine with me, although I am always rooting for them to emerge as healed, sane beings who can become productive members of the universe once again. **Whether or not a being is healed and restored or it is destroyed is between them and Source.** I do not make that decision, I am simply serving as a galactic conduit to send that being to look in the Galactic Mirror, take responsibility for its actions and hopefully heal and regain sanity.

I do warn these beings one time that they are **NOT** permitted to infringe on my **Sovereign energy** and that they need to **back off** or I will use **defensive force** in order to send them to the **Galactic core**. Most of them will make a show of standing down, but will try to send in an energetic probe or "feeler" later in order to continue their agenda. When I sense this, I go to the source of the incursion along with multiple Galactic vacuums and "clean house."

About half of these parasitic, demiurgic beings can be redeemed and transmuted back into sane, productive members of the **free Universe**. That is actually a pretty good ratio, considering how far into fear, insanity, control, enslavement, abuse, manipulation, destruction and hierarchy these beings have gone.

Universal Law & Defensive Force

In most New (c)Age doctrines, it is considered "unspiritual" or "unevolved" to even consider the use of defensive force. A good little new-ager is apparently supposed to let people and parasitic beings walk all over them, steal from them, drain their energy, manipulate / implant them, and harm them in any manner they choose. Not only that, but they should also suppress any "negative emotions" so that they will be basically "happy victims" of such abuses. This manipulative, deceptive "teaching" comes from the false-light, and nothing could be further from the real truth.

The Prime Universal Law is very simple: All beings are Sovereign and have free will to express their creative urges in any way they choose, but no being has the right to violate and harm others.

The corollary to that law is also very simple: **Because all beings are Sovereign, they have the right to defend themselves from harm, using whatever level of force is necessary to stop the violation from occurring, even if it results in the destruction of the one inflicting the harm.**

The enslavers and deceivers of the Spiritual Liararchy are in clear, total violation of Universal law. **They avoid the Natural "Law of attraction,"** which reflects a being's actions back to them, by coercing and manipulating other beings into agreeing to be victimized and enslaved, as well as convincing other beings to take on responsibility for their crimes through

karmic transference.

The demiurgic being's many layers of deception are predicated on the BIG LIE that we are separate from Infinite Source. The false-light beings then build upon this lie by convincing beings that Universal Law doesn't exist, that individuals have no inherent right to self-defense, that they must submit to the will of the Turds of Karma's "authority," and that people must worship the psychopathic demiurge and his "angelic" beings in order to be granted entry into "God's kingdom" one day.

The real truth is that we have NEVER been separate from Infinite Source, as that is a metaphysical impossibility. A being can choose to ignore their connection, believe it is not there, and even believe that they have severed that connection, but belief in a lie does not make it true, because Truth (capital T) is not relative.

As a metaphoric example, imagine if a group of human beings decided to sever themselves from the atmosphere by only breathing air from a SCUBA tank. Are they **really** separate from the atmosphere? No. They still exist within the atmosphere, even if they are breathing a seemingly separate source of air.

Nevertheless, the demiurgic beings have fully committed to their own illusion of separation from Source, and therefore must find an alternative source of energy, which they derive from humanity in the form of worship, adoration, beliefs, counterparty contracts, distorted sexuality, deception, confusion, apathy, struggle, pain, suffering, hate, death, etc. (Going on a spectrum of energetic "gourmet food" to "junk food" for the parasitic beings in that example.)

The LAST thing the liararchy wants is humanity coming to an understanding of Universal Law and how thoroughly we have been enslaved through deceit. **The INSTANT we declare "I am Sovereign and NO being has ANY right to take my energy from me" the game changes radically.** From that space of **knowing** that we are Sovereign Individuations of Source, we can exercise our Sovereign Rights, including righteous use of defensive force.

Right & Wrong

Another false-light teaching that infects the New (c)Age movement is that there is no such thing as right and wrong, that everything is just an experience that is there to teach us a lesson. While it is true that we can learn valuable lessons from adverse circumstances, this does not mean that it is necessary or desirable to be continually oppressed, manipulated, implanted, deceived, enslaved and drained of energy. Those are experiences the human race has had far too much of already.

With an understanding of Universal Law, we can observe that it is inherently wrong to harm another being who has done nothing to harm us. We can also understand that working together and cooperating with others is often the right thing to do. **These simple concepts should be adhered to in order for us to free our minds from the twisted "logic" presented in New (c)Age teachings that would have us believe that the incredible**

amount of suffering inflicted upon humanity is entirely its own doing, as well as a wonderful learning experience, so we should not take any action to help others to alleviate their own suffering.

Were African-American slaves having wonderful learning experiences? How about the Irish and Scottish indentured servants before them? How about the medieval serfs who could be executed at the whim of the king or one of his minions? **No, these people were clearly being enslaved, which is easily recognized as something that is wrong to do.**

Similarly, humanity is not having a wonderful learning experience by being enslaved to the corrupt demiurge's spiritual hierarchy. We are learning one thing for sure though, which is how to declare our Sovereignty and stop being slaves! Well, many of us are. :-)

Hierarchy

One of the major roots of these worldly and metaphysical problems is the concept of hierarchy. Everywhere we look in the world, we have (usually male-dominated) hierarchical systems of organization. **Hierarchy is an insidious, disempowering system of authority, obedience and enslavement that we MUST transcend in order to begin to heal ourselves and our world.**

Likewise, we must also transcend "spiritual" hierarchies that foster enslavement, subservience and blind obedience. **The corrupt demiurge and its minions of archon-angels, fake ascended masters, ETs, demons, etc are the ultimate representation of degenerate hierarchy that**

consumes life-force and leaves only destruction in its wake.

Transcending metaphysical hierarchy is a process of self-liberation / clearing, gaining self-knowledge, gaining knowledge of Universal and Earthly Natural Law, and exercising our Sovereign Will. **First, we have to KNOW through and through that we are fully connected extensions of the Divine Infinite Source of all creation.** When we **know** that, not just think it on an intellectual level, we realize that there is NO legitimate authority outside of ourselves. There is only inner authority and self-governance, which when guided by understanding of Universal Law prohibits us from instigating actions that would harm another.

Enlightened Self-Governance and adherence to Universal Law is the foundation for a free society.

Only with this foundation in place will we be able to avoid the ego trap of exerting "authority" over others

to control and regulate their behaviors which do not harm anyone else.

Only through Enlightened Self-Governance will we be able to build an entirely new type of society that is self-organized to solve problems and see to the needs of the many as a genuine expression of the desire to cooperate and make a world that benefits everyone. This has to be an ever-evolving, co-creative process that we will continually discover as we engage it.

Every idea needs to be tested and applied where it is willing to be accepted in an open-source manner through voluntary participation of all individuals involved in a non-hierarchical, uni-level, self-organizing process. This requires an entirely new way of thinking, organizing and taking action, and all old models of centralized, top-down authority need to be abandoned, because as we have already seen, **any attempts to impose a single "best system" onto the world will always result in oppression and will ultimately fail.**

We have within us the potential to FREE every single human being from the shackles of enslaving systems of hierarchy and external authority, to work together and create solutions to provide the basic needs of food, water, power, shelter, clothing, transportation and knowledge to EVERYONE on the planet. Creating self-generating systems to support all of these needs is totally achievable, but only if we can cooperate as sovereign individuals who respect the rights and boundaries of others.

Such a shift in our world depends on all of us to know that we are Sovereign, to proclaim our Sovereignty, delete our slave-think programming, and then to work together in cooperation as Sovereign individuals with a common goal of maximal empowerment of everyone on the planet.

Proclaiming Sovereignty

The process of proclaiming Sovereignty and removing the false programming that has been embedded into our psyches from multi-dimensional levels of control takes time and consistent effort. **We need to proclaim daily "I am Sovereign, I am free. Only *I* can govern me." (Or any other way you want to phrase it, since you are Sovereign after all. :-))**

We also need to put in the self-clearing work required to revoke all agreements that we have made, either consciously or subconsciously to give our power away to external authorities, to experience unnecessary suffering or limitations, to bear "karmic" burdens that are NOT ours to bear, etc. This is not a quick process, and I am going through my own version of it on a daily basis.

The liararchy does NOT respect free will, healthy boundaries, or your right to say NO to them. They use every possible type of manipulation, coercion and naked force to get their way. That is how **patriarchal hierarchical** beings work. (Notice the similarities in the words hierarchy and patriarchy, and the "archon" influence.) The aggressive, domineering energy of patriarchy seeks to control every facet of every being's existence, taking and consuming everything that it possibly can.

This is represented physically (below) by corrupt hierarchical governments, secret societies and corporations exploiting people and the environment.

It is represented metaphysically (above) by the

corrupt demiurge and its legion of enslaved enslavers, of which the Turds of Karma are simply one division of the control grid.

This is why it is so important to remind those pesky "lords" of karma and ALL of the demiurgic parasites that you are SOVEREIGN, and be willing to utilize your Sovereign power to back up that statement. They don't speak the language of love, so that means we need to use some force in order to get our point across.

This is How I See It...

It is difficult to uncover these things, to stare the most malevolent beings in the universe in the face and tell them that I am Sovereign and I will NOT permit them to violate me. **Ironically though, in some ways it is even more difficult to share these revelations publically.**

So many people are completely sold on their false-light "ascended masters, ETs and angels" who tell them what to do, how to think and how to live that they attack me for bringing this revelatory information to the public eye.

To those people, I say quite simply: **Believe what you want to believe, but I am going to keep working on KNOWING the TRUTH, and taking appropriate ACTION to right the wrongs that have been done to humanity by the very beings that you are giving your power away to.**

I choose to stand for Truth as a Sovereign Being alongside (not beneath) the Sovereign beings of the Free Universe who **take action** to oppose all forms of deception, parasitism and enslavement.

I thank those of you who will stand alongside, and take action with us.

Much Love,
Cameron Day
