

April Showers

"Singing in the rain, just singing in the rain." I wish that I was that happy when it was raining! Although, I admit that walking in the rain with a canine companion helps to put a smile on my face. Some of my doggy friends don't mind the rain. I put on my rain gear, walk, run and play through the puddles and mud. A little RAIN never hurt anybody, right? Some dogs would rather do their business and hurry back into the cozy house. Sounds good to me! We play inside and spend quality time together bonding over bon-bons and Pupperonies. A little LOVE never hurt anybody?

Bring May Flowers

...

Flowers are one of the most beautiful pieces of nature's art. The Spring brings us gorgeous colors which uplifts our spirits after long grey Winters.

Those of us who live with animals have to be cautious of the plants that are brought inside the house. Some of the prettiest flowers we start to see bloom in April are poisonous to animals.

Lilies are extremely poisonous to cats. Even small amounts can result in severe kidney damage.

The bulb portions of **tulips** have toxins that can cause many dangerous reactions in animals.

For more information regarding plants that are poisonous to animals, check out the ASPCA's article online of the 17 Poisonous Plants.

Improvements

Once Upon a Dog Tail has been evaluating different systems to schedule, confirm appointments, message, send pictures and invoice clients efficiently. The current systems that are being utilized are working effectively in certain areas of the business. We will continue assessing procedures in order to improve time management and customer satisfaction. If there is a change in the way you are receiving messages and/or invoicing and you have questions or concerns, please contact us and we will be happy to discuss this with you.

This Kennel is
Sponsored by:
**Once Upon a
Dog Tail**

Thank you to those who booked services during Professional Pet Sitters week. Proceeds were used to sponsor a kennel at the Lancaster County SPCA.

National Kids and Pets Day 2015

Mark your calendars for April 26th, 2015. Celebrate your animals and children! What could be a better combination? Growing up in a family with many dogs I learned responsibility of pet ownership (although, I have a feeling I had less responsibility for them then I had promised). I also learned boundaries that animals have (the hard way- after I was warned not to pest dogs when they eat- OUCH that hurt!) Most importantly, I learned about the unconditional love of animals (and of course how snuggly, warm and funny they can be). I am grateful that my boys, also, have the opportunity to share their lives with pets in our house (2 dogs and 2 cats). They have learned a lot about responsibility when they assist me on pet sitting jobs.

Referrals, Recommendations, Suggestions

What do you like about Once Upon a Dog Tail's service? Please find us on Google, Yahoo or Bing and write a review. We build our business by word of mouth and positive reviews by our special clients! Please let us know if something isn't working for you or any services you would like us to offer. You can email concerns or suggestions to onceupnadogtail@yahoo.com or anonymously on website onceuponadogtail.com under Contact Us (use email anonymous@yahoo.com).
