

# Spring Newsletter

Dear Friends;

Spring has arrived in all its' glory and our first year as a Society will come to a close on June 30th. It has been an interesting year and we are so pleased with all that has been accomplished:

- initiate and review architects report regarding restoration feasibility
- Society formed and registered with Registry of Joint Stocks
- Canada Customs Agency Registered Charity Number obtained
- Title to St. James U.C. Heritage Site obtained
- 1st Annual Yard Sale held on August 27th, 2005
- Society membership drive launched
- Successful initiatives such as selling pewter ornaments, notepaper and hosting a number of yard sales contribute to the successful realization of enough funding to begin restoration efforts.
- Financial support received in the form of donations toward the restoration cost.
- Contract issued for restoration of roof /bell tower
- Merchandise Auction held on April 22nd netting approximately forty-five hundred dollars

Thank you so very much to all who have supported the Society, you have been instrumental in making all of this possible - without you this would not have happened. Together we are certainly making a difference.
