Drop the pretense.  
This isn't summer holidays.  
This isn't homeschooling.  
This is parenting in a pandemic.

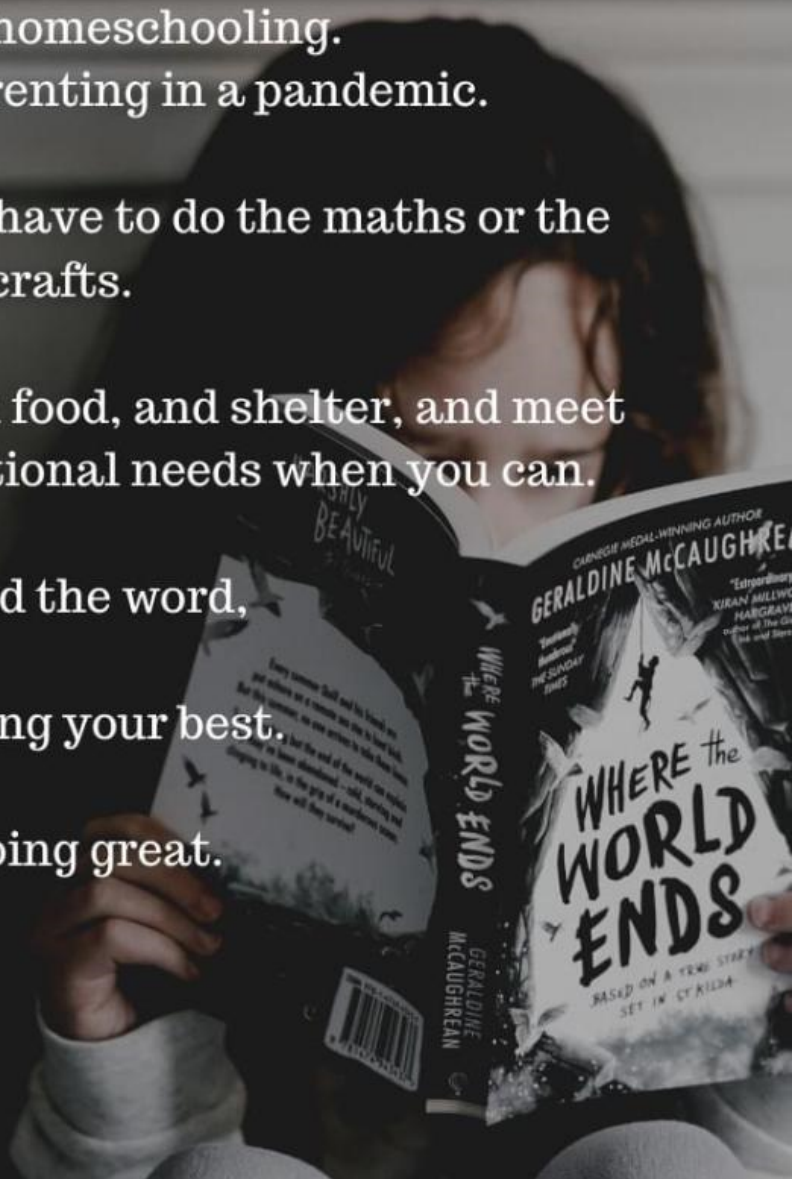

You don't have to do the maths or the  
pinterest crafts.

Give them food, and shelter, and meet  
their emotional needs when you can.

And spread the word,

This is doing your best.

You are doing great.

This week we'll explore the lifecycle of a bee!
