

**ILUMA™**  
BY IMAGE SKINCARE

**\* Vectorize-Technology™**

- Innovative multi-layer sphere delivery system, layers “peel off” as sphere travels into the skin releasing active ingredients
- Proprietary encapsulated complex includes, peptide, plant stem cell, plant extract and lightening agent
- Time-released active ingredients for up to 48 hours for long lasting effects
- Better skin penetration
- Enhanced ingredient efficacy
- Enhanced cosmetic application and feel

**\* Innovative Lighteners**

- **SulforaWhite:** effectively inhibits melanin production, provides brightening benefits and fades the appearance of dark spots and discolorations
- **DermaPep™ (Dipeptide-16):** effective whitening agent blocks alpha-MSH, crucial for melanin production, anti-inflammatory against stimulation such as UV radiation
- **Botanicals - Daisy Flower:** polyphenols with strong melanogenesis effect, twice as active as arbutin

**\* Innovative Anti-agers**

- **Revinage:** retinoid-like without the inflammatory side effects, improves radiance and texture

- **Senestem™:** reinforces skin density, firmness and increases dermal and epidermal thickness
- **Synovea®:** anti-glycation effect, brightening effect compares to 2% hydroquinone
