**NFTS Production Sound Graduate  
 UK Driver's Licence (With Own Car)**

Having graduated from the National Film & Television School's Production Sound course in February 2016, I am currently at the beginning of what I hope to be a long and fruitful career in production sound. I pride myself on being adaptable, easy to work with and I am always eager to learn from others. In my spare time, I regularly attend AMPS and IPS events, produce music in my own Pro Tools-based studio, visit areas of outstanding natural beauty and I am currently learning to make (and PAT test) lamps from recycled materials.

***Professional Credits (in date order):***
