On May 22, 2015, the annual ballots were mailed to the membership. This month I would like to focus on the bylaw change that proposes an increase of \$200.00 for our annual dues. That increase amounts to only about \$16.50 per month. Our membership has not voted for an increase in our operating funds since 2010. Over the last five years, household expenses have gone up, so have the park's operating expenses. Our 2015-2016 budget is balanced but is a "bare bones budget". If an operating emergency occurs that cannot be classified as a capital improvement expense, there is no allocation in the budget for the money to cover that emergency. The Board is forced dip into the park's savings account. We need to make sure that our park is managed with a fiscally sound policy that creates enough revenue to pay for the proper operational requirements of our park as well as provide money to cover the unexpected needs of our park. Please consider voting for this proposed dues increase.

The Town Hall Meeting on May 16th was well attended. Members had the opportunity to learn about the ballot proposals as well as voice their support or non-support of the items. The meeting ended with an open mike session where members asked questions of the Board or made comments to the Board.

Summer is here. Please remember the basic golf cart rules found in our Rules and Procedures, Section 2.08. "The PPMC Member is responsible to assure that any golf cart associated with the Member's allotment is operated in a safe and responsible manner. All golf carts must be equipped with headlights that must be on when driving (a) through the covered bridge, (b) on the one way portion of the Entrance Road and/or (c) at night as defined by California Vehicle Code. All golf carts must have an audible horn. Golf carts shall not exceed the posted speed limits. Only licensed drivers may operate a golf cart. Only electric powered golf carts are allowed. Golf carts are not allowed on Washington pathway. The allotment number must be posted on the front and rear of all golf carts in reflective letters that are clearly readable. All golf carts must be covered by liability insurance. All passengers on the golf cart must be seated. Standing on the back is not allowed. Golf carts are not allowed to tow skateboards or bicycles with ropes or by holding onto the vehicle. (6/13)"

Our Annual Meeting will be held in the Picnic Grounds at 2 PM on Saturday, June 27th. The Annual Picnic will be on Sunday, June 28th. Lunch will be served around 1 PM. The Board hopes that everyone will attend both events.

The Board strongly disapproves of anonymous, negative letters about candidates for the Board of Directors. Please use positive comments to support your candidate and not negative ones to tear down another. Negative campaigning does not belong in our Masonic Park.

Park Manager Report

by Park Manager, Steve Polizzi

I'm happy to tell you that I was offered, and accepted, the position of PPMC Park Manager! I'm excited to start this adventure with all of you. I'd like to thank the Board for putting their faith and trust in me, and truly appreciate the support and words of encouragement I've received from the Membership.

The Annual Memorial Day Weekend PPMC Clean-Up Days were a huge success! The Park looks amazing, thanks to the hard work of all the volunteers that came out on Saturday and Sunday. We purchased new sand toys for the beaches, as well as basketballs, volleyballs, tether balls, and tennis equipment. These items have been placed at the beaches, tennis courts and the parks in black/yellow bins – please make sure to return whatever you use when you're done so others can enjoy the use of the new equipment and/or beach toys as well.

With the summer season upon us, we're already noticing many more people and cars in the Park. I just want to remind everyone to observe the speed limits and watch out for kids playing and pedestrians strolling through our community. Also, parents, please make sure to reinforce the rules of the roads when sending the kids out to play – wear helmets, watch for cars, stop at intersections, and NEVER ride bikes or skateboards down Cardiac Hill.

Green waste sites are currently open until June 7th. Please remember to fill your green waste bins before using the sites, so we can reduce our dump fees as much as we can. If you need additional bins, the Park has 10 of them available for use – feel free to pick one up at the Office or Picnic Grounds, just be sure to return it once the garbage company has made their rounds.

If you're planning on doing any building or remodeling, your packet must be complete – drawings (if applicable), Contractor information (i.e., name, license number, etc.), and a certificate of liability are required. Failure to include your Contractor's information will delay approval of your packet.

WATER COSTS

In 2014 our monthly water allotment, per dwelling, was **142 gal/day**. This year we get **124/gal/day**. May 2014 we used **99gal/day**; May 2015 we used **146 gal/day**. We were 21% over our allotment. If we had received the penalties that the SC Muni Water Department has announced, we would have been fined \$25,200. Annualized, this is >\$300,000 for penalties + \$164,400 for water.= \$464,000. Our total PPMC income for 2014-15 was \$686,745. We haven't been notified when the penalties will start but

WE MUST CONSERVE.

We must remember our Masonic values and think of those who have more than one person per dwelling. Without water meters, we will all have to pay equally. We will be putting out information on water conservation in e-blasts and future bulletins.

President's Report: Lois Keithley

Today is Armed Forces Day. I would like to have those Members in attendance today who served in our Armed Forces to please stand. I know I speak for our Membership when I thank you for your service to our country. Sandy has reported that we have only 29 Members who have not turned a copy of their 2015-16 dues card into the office.

I would like to announce the members of our Election Committee that will oversee our 2015 election: Dick Lovelace, Chairperson; Winston Chavoor, Member; Carol Taylor, Member; Donna Sorenson, Alternate; Darlene Stumpf, Alternate.

Speeding is still a serious problem for PPMC. All Members need to remind their family members and guests to obey ALL stop signs and speed limits. Summer will soon be here along with children vacationing in the Park. Please drive safely.

Our annual meeting will be held in the Picnic Grounds at 2:00pm on Saturday, June 27th. The Annual Picnic will be held on Sunday, June 28th. I hope you all will attend both events.

I am pleased to announce that Steve Polizzi was offered, and has accepted, the Park Manager position.

Park Manager Report: Steve Polizzi

Our main water backflow valve receives annual testing. This was done on Wednesday, May 13th. Unfortunately, it failed the first test. Repairs were made to valve #2 still failed, valve #1 needs to be opened and serviced so water will need to be turned off one more time next week to open valve #1 and retest.

Green Waste damaged a high voltage power pole by backing into it and breaking it nearly in half. Green Waste Corp will be billed to reimburse the park for man hours and supplies used.

Memorial Day Park Clean-up registration sheets are available in the office. We NEED members to sign up and volunteer.

The Green Waste sites will be open from May 23rd through June 6th.

Thank you to Brian Ramos for helping and to Andrew Almanza for his continued hard work.

Vice President's / Treasurer's Report: Lee Heathorn

Lee Heathorn presented the financial trend information and reported on her continuing efforts with the water district to determine why the Park is being charged a much higher amount on each CCF than residences in downtown Santa Cruz. She will continue to update when information is received. Lee also wanted to recognize the Citizens of the Month: Brian Ramos, Mable Coleman, the Bylaw Committee, and the member who diligently maintains the Shrine Way dog poo. Lee stated that we will be more aggressive on collections (for those members seriously in arrears) going forward. - - REPORT CONTINUES ON NEXT PAGE - -

Gary Brandenburg added that the trial for Sal Talamo has been postponed until June 8, 2015. He reported that the District Attorney does not particularly want to go to jury trial and will likely offer a deal (which would still result in 3 - 5 years in prison).

Secretary's Report: Michelle Green

Michelle shared a copy of the certificate of commendation received from MAH (the Santa Cruz Museum of Art & History) that congratulates the Park for "Significant and sustained contributions to local history and preservation" naming the California Powder Works Bridge, National Historical Landmark. She reported that plans for a party celebrating the designation are in process and will be announced at a later date.

REPORTS FROM COMMITTEES:

TREE: Joanne Nelson: Written

The BOD received a written report from the tree committee, however no committee member was in attendance to present the information to the members.

One tree request was voted upon by the board, a request for removal at 368 Eastern Star; Lee Heathorn made the motion, Gary Brandenburg seconded and the request was approved unanimously.

BYLAWS: Dick Lovelace: Verbal

Dick requested/recommended that the current BOD instruct future BOD members that the bylaw committee be assigned tasks in a timely and efficient manner.

ERT: Dick Lovelace: Written

Dick stated that activity is increasing and emphasized that members call 911 immediately when emergency situations happen.

Vehicle registration is going well with approximately 52 allotments only remaining unregistered. Of those, many are improvements in transition or owned by frequent visitors. The Park Office will continue to reach out to those with no information provided and has included the vehicle registration form as an additional requirement for members at orientation.

A discussion ensued about the need for posting visible house numbers at each and every allotment. Steve Polizzi will work in conjunction with CalFire to set a standard design.

Ballot Proposal Number 4

PROPOSED ADDITION TO RULES & PROCEDURES - MANDATORY MEDIATION

Add: Addendum E - Mandatory Mediation Prior to a lawsuit (NEW In Its Entirety)

To read as follows:

Section 1: Purpose

The purpose of Mandatory Mediation is to establish a process that attempts to solve disputes, prior to a lawsuit being filed. This process is intended for disputes between PPMC and a Collective Member. Member to Member mediation will continue to be voluntary.

Section 2: Meet and Confer

The first step in the effort to resolve a dispute is a face-to-face meeting called the meet and confer. Either the Board or a Member may request a meet and confer; the request must be in writing. Neither side may have an attorney present during the meet and confer. In order to allow each party to feel comfortable in speaking candidly, any statements made by either side are confidential and cannot be admitted in a court of law should the matter not be resolved and litigation follows. The meet and confer shall be at a mutually convenient time and place, within 45 days of the initial request. This deadline may be extended by mutual consent.

The Board will designate no more than two (2) Directors who are empowered to speak for the Board and will have parameters set by the whole board in advance. If the negotiation needs to recess for further concurrence by the entire Board, that recess must not be more than four days. This will allow sufficient time to call a Special Board Meeting to get full Board concurrence. Should any agreement be reached, the participating Directors will have twenty-four (24) hours to present the agreement to the full Board of Directors for its ratification. The

agreement must be memorialized in writing and signed by both parties. Everyone in the process must keep the agreement confidential unless mutual agreement otherwise.

Section 3 Formal Mandatory Mediation

In the event that the meet and confer does not resolve the dispute, the two parties will enter into a formal mediation. By mutual agreement, that mediation could utilize the PPMC Mediation service or an outside mediation service. Any cost of the mediation will be shared equally by PPMC and the Member. Either side may have an attorney present during the mediation but only after ten (10) day notice to the other party. Each party will pay for his/her own attorney. The rules of the mediation service will prevail. As in the meet and confer, those Directors empowered to speak for the Board will have parameters set by the whole Board in advance. If the negotiation needs to recess for further concurrence by the entire Board, that recess must not be more than four days. This will allow sufficient time to call a Special Board Meeting to get full Board concurrence. Should any agreement be reached, the participating Directors will have twenty-four (24) hours to present the agreement to the full Board of Directors for its ratification. The agreement must be memorialized in writing and signed by both parties . Everyone in the process must keep the agreement confidential unless mutual agreement otherwise.

WHY I WANT TO BE A BOARD MEMBER

Paradise Park has been an important part of my life since I was born. Being raised in the park, summer after summer, I grew to call this community home. I have many great memories of and emotional ties to Paradise Park and I want to see Paradise Park run at its fullest potential. I want to help Paradise Park once again be a place that is respected within the Masonic community and a community that fosters families, both young and old. I am grateful to be able to now raise my own family in such a unique and caring community and I am committed to helping my fellow Masons create their own family memories of Paradise Park.

WHY I AM A GOOD CANDIDATE FOR THE BOARD

I am honest, fair, and hard working. I work well with others and will be happy to contribute to the board in every way I can. I will strive to be approachable and will listen to everyone. I am a full-time resident and I will be easily accessible and available to attend all board meetings. I understand the many challenging issues Paradise Park faces and I will take my responsibility as a board member seriously – I will be committed to evaluating all sides of each issue and forming logical, long-term solutions. I understand that times are changing and, as a community, we need to grow and adapt, while maintaining and honoring our strong Masonic beliefs and traditions.

Fraternally Yours,

Steve Brown

Park Address: 445 York Avenue

Permanent Residence: Menlo Park, CA

Family: Lynn (wife); Erin, Devon, Lauren & Ryan (lovely children (I may be biased), ages 19-12)

Masonic Affiliation: Palo Alto Lodge #346

Paradise Park Membership: Since 2005

Education: BS-U.C. Davis-Major: Environmental/City Planning

MBA-San Diego State University-Emphasis: Finance & Accounting

Licensed California Real Estate Broker

Career: Accounting and management positions within the real estate industry for over twenty-five years. Employed by Shapell Homes for 15 years, through 2009, where I held various executive level accounting and financial positions. Since 2009, I have worked as a sole proprietor purchasing, renovating and reselling single family residential properties, in addition to performing some multi-family residential property management.

Additional Property Management Experience: I was employed as a Resident Adviser while an undergraduate student at UC Davis and have lived and worked as an on-site property manager for a residential apartment complex in Palo Alto.

Spare Time Endeavors: Spending time with my family. I love to travel and participate in various sporting and outdoor activities with them. Oh yeah...playing bocce ball at the beautiful picnic ground courts, and elsewhere.

My View of PPMC Board Responsibilities: To equitably, and in transparent fashion, maintain, update and enforce the rules, policies and bylaws of PPMC. To make sure that the park is properly managed and maintained, and that committees have the proper guidance and oversight.

Reasons for Running for PPMC Board: I love Paradise Park. I enjoy the beauty and idyllic setting of the park, and the camaraderie, friendliness and respect displayed among the majority of its members. It is a wonderful place to spend time with family and friends, and I feel truly blessed to be a member. Shortly after joining the park, I was discussing my appreciation for PPMC with a long-time member. The response was something to the effect of, "yes, it is a great place, but just stay out of the politics". I have done quite a good job of avoiding the park politics, thus far. Although, now, I feel that it is time for me to give back to the park. I am running for the board at this time with no specific agenda, besides trying to maintain the park as we know it.

Thank you for your consideration,

Ken Cox

 Family history in PPMC since 1955

I am a candidate for the PPMC Board of Directors to bring my strong financial background and leadership skills to the table. I have served on non-profit boards for the last 20 years, in many positions from Treasurer to President, from local to national. I have done the financial books, have overseen the doing of financial books and have done consulting to correct and improve financial procedures and processes.

Paradise Park is an intentional community wherein we state that we will live our common philosophical and Masonic tenets, but that continues to not happen. I believe in treating everyone with respect and insisting on ethical behavior and that all decisions have to be fact-based, not based on WHO it affects.

A vote for Pat McDonald is a vote for fiduciary responsibility, financial direction and ethical behavior.

Candidate synopsis:

Having been in a leadership position on several non-profit associations (501c3, 501c6, 501c7, 509a3,) I know how a Board needs to properly function. I understand how to deal with conflict and can actively work to bring consensus. I have given Leadership presentations all over the United States to women in the construction industry and am now bringing those skills to Eastern Star as a line officer.

Additionally, as a business owner in a non-traditional industry for women, I can manage finances of a multi-million dollar business from estimating a job to preparing for annual taxes as well as the day-to-day operations. Working for years in the Paradise Park office makes me extremely knowledgeable in what our books should look like and allows me to be a strong, knowledgeable, supporter of fiscal responsibility.

I stand for open and honest communication – for fiscal transparency and responsibility – for fair and equitable treatment of every member. There is a huge need in our community to be kind and loving while running an efficient business. I will not tolerate improper behavior – bullying, vandalism, disrespect – all violate our Masonic principals. *My passion* for this amazing bit of Paradise in which we live and visit pushes me to volunteer to be on the Board and work for our future success.

Please consider Pat McDonald your first choice for the 2015-17 Board of Directors.

CANDIDATE FOR BOARD OF DIRECTORS JUNE, 2015

PROFESSIONAL QUALIFICATIONS:

- Middle School Teacher, Middle School Principal, and then Director of Purchasing for the Alameda Unified School District
- As a school principal I was the administrator of 60 to 70 employees and was in charge of their evaluations.
- As Director of Purchasing I was in charge of monitoring and approving all purchases, all contracts and helping other administrators work within their budgets.
- Construction Contracts were for many millions of dollars and required my close supervision to protect my school district.
- More recently I have been the President of my Homeowners Association.
- As President I have helped to reduce our monthly dues twice and increased our Long Term Reserve Fund from \$32,000 to over \$81,000. (I realize that we are not a Homeowners Association and should never be one. We are a Private Recreation Club formed exclusively for Masonic and Eastern Star members.)

Education:

- BS: Elementary Education and lifetime Credentials, California State University Hayward
- MA: Administration, San Francisco State University
- MS: Math Education, Holy Names University, Oakland California

Professional Experience:

- Currently: I am enjoying retirement and would like to become a member of the PPMC Board of Directors.
- Previously: Director of Purchasing with Alameda Unified School District (15 years)
- Previously: Middle School Principal with Alameda Unified School District (20 years)
- Previously: Middle School Teacher with Alameda Unified School District (4 years)

Organizations:

- Member: Paradise Park Masonic Club, Inc.
- Member: *King of Shagbated Masters of California*, Bay Cities Lodge No. 337
- Member: PPMC Long Range Planning Committee
- President: Daybreak Home Owners Association
- Member: San Ramon Senior Center Tutors
- Member: San Ramon Senior Center Pinochle Club

Reasons for running for Paradise Park Board of Directors:

I was a frequent guest to Paradise Park Masonic Club since 1960. I became an Associate Member in 1976 and a full member in 1990. I was very pleased to be able to serve a two-year term recently on the PPMC Board of Directors. Having been a teacher and a school principal for many years, I was able to bring my children to Paradise Park for their summer vacations. Now I have the pleasure of bringing my grandchildren to Paradise Park so they can also enjoy the beauty and the recreation available. My main reason for running for the Board of Directors is to refocus the vast energy and the many strengths found in the members of this Park toward building a more harmonious organization truly built on the values we hold as Master Masons and members of Eastern Star. Somehow over the last eight years or so, our community has lost its focus and is being troubled by dissension, disharmony and a lack of trust of each other. I and a number of other members find this situation very hard to understand since we are all, "Brothers and Sisters in the Masonic Family". We all know that a "family divided" will not succeed. We as members of Paradise Park Masonic Club approaching our Parks 100th birthday do not want to be a "dysfunctional family". I hope you will support my candidacy, and that of Ken Cox who is also running for the Board. I also hope all Members will join with me and Ken to work together for the good of our Park in the coming years.

- JCPenney, Teamster Local #70, Supervisor - Safety and Grievance Processes
- United States Army Reserve
- Active Member of the PPMC Men's Club
- Presently serving on the Paradise Park Staking Committee

Why I am running for the PPMC:

I am a retired, full-time resident who has taken the time to learn and understand the issues that must be dealt with. I am ready to roll up my sleeves and get to work. Paradise Park is facing major challenges: rising costs, staking issues, eroding public trust and need for more transparency, to mention just a few. While this is a challenging time, it has never been a more exciting time to live in Paradise Park. We have unprecedented opportunities to improve our quality of life. It would be my honor to help guide the course; to help advance improvements in deliberate, fair and thoughtful ways.

Vote for me - if you believe in the Masonic Core Principles and Ideals:

Brotherly Love, Relief and Truth - these three main principles are meant for everyone - not just a few people. Too often I see these principles ignored. PPMC needs board members who are going to actively work the ideals and principles of Freemasonry laid down by our forefathers. I am very proud to be a Mason. I believe deeply, strongly, that I am obligated to strive for truth, high moral standards and to care, not only for my own, but also for our community and *everyone* who lives here. This is a promise.

Vote for me - I know what is necessary to create and maintain a good community.

A good community is at peace with itself. We need to have a board that is confident and able to work together. A good community will have the interest of everyone at heart; where neighbors respect and support one another. I will work hard to achieve this level of community. My years of experience in working with human resources and management has prepared me to deal with diverse individuals, tough hard-hitting problems and unusual situations. Because boards deal with extremely difficult and vexing issues — from budgets to grievances and everything in between — it's common for emotions to sometimes run high. I am in this for the long haul, and the best way to succeed is to be part of a strong team.

Vote for me - if you are ready for someone to really work on the tough problems.

As a board member, I understand the most important duty is a fiduciary responsibility to the members. Good business judgment and making sound decisions is the most critical part of the job. When difficult problems arise, it is all too easy to jump to a hasty conclusion. I understand the need to take the time to understand the problem and establish the facts. I believe in asking questions, listening carefully, acting professionally, negotiating and aiming for a win-win solution.

Thank you for considering me for the opportunity to serve you and Paradise Park. Leadership, experience and values means something. I am focused on what counts, the people. It would be an honor to serve you.

A Visit with John Kregel - by Ron Rundell

I finished my work around the cabin around 4 PM Sunday, it was a balmy 65 degrees with the sun starting to break through. I thought good day to visit John Kregel, so I hopped in the car and drove south. John resides 12 minutes and 12 miles past 41st Avenue, going south at the Blue Hammock Care Center in Freedom. The turnoff is Airport Boulevard in Watsonville, he is about one mile east of the Watsonville airport.

As I arrived, John was about to have a light dinner, soup and sandwich. I asked him if he would rather join me for dinner and a ice cream after. He was eager to venture out. There is a shopping center near by so I wheeled him about a hundred yards in his chair. He likes to walk his feet as I push him..it's very tricky I have to go very slow as not to injure him...I offered him a choice of Chinese, California Cafe or Straw Hat pizza , he wanted pizza. After we ate , he opted to skip the ice cream.

I got him back about a hour an a half later. I said our good bye, and said I would return again soon, John nodded in agreement.

MAY 2015 EMERGENCY CARD / CENSUS UPDATE

Rules & Procedures 19.01 states "*A Census will be taken every five years to establish usage of each allotment.*"

The reasons for the Census are many:

- The ERT/Safety group relies on this information in order to appropriately handle any emergency calls. If there were a fire in a home, they need to know how many individuals could be inside.
- The Park must keep the County informed on full-time and part-time residents.
- The long-range planning of our community should keep track of the changing demographics of our Membership. Roads and infrastructure updates, water use and other vital decisions are made based upon this data.

Each membership will need to complete the form (the last page of this bulletin). Take time to complete all the questions, as this information is vital to the current operation and future planning of our Park. Should the form not be received by the end of June, there will be a personal follow-up to obtain the Census.
