

Sharing my Story – Wisdom

In a previous commentary, I talked about a book my dad left the family called “Wisdom Commentary Vol 1, by Mike Murdock. I should have read this book a long time ago; it would have prevented me from making some asinine choices in life. “God watches over fools and babies” and you know, I am not a baby.

As I read the chapter titled “Wisdom”, Mr. Murdock provides “101 Wisdom Keys”. I wanted to provide all of the keys; however, here are my top 17.

- **Never complain about what your permit**
- **The problem that infuriates you the most is the problem GOD has assigned you to solve**
- **When you want something you have never had, you have got to do something you have never done**
- **Patience is the weapon that forces deception to reveal Itself**
- **Stop looking at where you have been and start looking at where you can be**
- **Loneliness is not the absence of affection, but the absence of direction**
- **Your seed is a photograph of your FAITH**
- **What you repeatedly hear, you will eventually believe**
- **GOD never consults your past, to determine your future**
- **Anything that does not change you is Unnecessary in your Life**
- **You cannot correct what you are unwilling to confront**
- **If time heals, GOD is Unnecessary**
- **GOD will never advance your instructions beyond your last act of Disobedience**

- **Those who do not respect your time will not respect your wisdom either**
- **Silence cannot be Misquoted**
- **When you change your FOCUS, you will change your FEELINGS**
- **What you make happen for others, GOD will make happen for you**

You see, Wisdom is the scriptural solution to any problem you are facing.

The book of Proverb richly talks about wisdom and understanding. It is highly contagious, once you start to read this chapter and the entire Bible.

Sometimes, we try to use common sense logic or lack of it when we make decisions. Asking GOD for wisdom is a great starting and ending point.

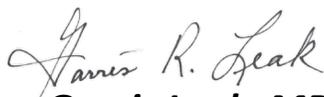

Since, we are in the COVID-19 pandemic and our elected officials are making decisions on restarting the economy back to normal.

You have to be mindful (using caution/wisdom) on deciding on what is best for you and the family.

Please continue to pray for wisdom, world and each other.

Yes, we are all in this together (the human race)!

Enjoy the commentary and please disseminate.
