

# Draumr Hesta Knabstrappers & Frozen Import Services

## INSEMINATION CERTIFICATE

Must be completed and returned when mare is bred to fulfill contract requirements.

<b>Mare Owner's Name:</b>	
<b>Mare's Registered and Barn Name:</b>	
<b>Stallion's Name:</b>	

I, the undersigned Veterinarian or authorized Breeding Manager, certify the following:

- That at the following times and on the following days, I artificially inseminated the mare identified above with the semen of the stallion identified above.
- No other mare was inseminated with the semen designated for the above mare.
- Any excess cooled semen was promptly and properly destroyed.

<b>Insemination Record</b>	
List of all insemination dates	
Insemination Date	Veterinarian Signature

<b>Pregnancy Record</b>			
Required: 14-16 days and 55-60 days post-ovulation			
Recommended: 28 days & 35-40 days post ovulation			
Date	In Foal (Y/N)	Not in Foal (Y/N)	Veterinarian Signature

hereby examined the mare to which this passport pertains and found her to be *In Foal / Not in Foal* (circle one) on this \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_\_\_\_.

\_\_\_\_\_  
Veterinarian's Signature

A Breeding Certificate will not be issued or rebreed rights will not be permitted until Draumr Hesta receives this certification confirming the mare's pregnancy status.
