INTRODUCTION

Since its founding in 1851 by Republican Henry Jarvis Raymond, *The NY Times* has been a big player in shaping public opinion. But it was not until 1896 that the *Times* took a turn to the internationalist Left when it was purchased by a German-Jew named Adolph Ochs. In 1897, Ochs himself would coin the paper's now famous self-serving slogan, printed on its masthead every day ever since: "*All the News That's Fit to Print*".

Adolph Ochs

Ochs' daughter married Arthur Hays Sulzberger, who became publisher when Adolph died. Ochs' great grandson Arthur Ochs Sulzberger, Jr. is the publisher of the NY Times today. So, for 1.2 centuries, America's most influential propaganda sheet has been in the hands of the same Zionist-Marxist family. Count on *The Times* to promote big government, Globalism, phony environmentalism, Israel, the Fed, and endless wars.

Just how powerful is what your fighting author likes to refer to "Sulzberger's Slimes"? The erudite writer Gore Vidal may have been a morally degenerate sodomite who was wrong about many things, but his reference to the Slimes as "*the Typhoid Mary of American journalism*" was as spot-on as it was witty. One need only glance at the morning headlines of "the paper of record", and then take note of how the superficial infomercials known as "the Nightly News" will so often pick up on whatever front page fairy-tale that the Manhattan Mendacity Machine spun that very same morning.

Like some journalistic plague; the virus of lies, half-truths and cherry-picked data then infects the unguarded minds of the whole country, and indeed, the world. Such is the indisputable power and undeserved "prestige" of this dreadful "Orwellian" institution.

The Anti-New York Times was originally established as, and still is, a pay-to-view daily sub-page of **TomatoBubble.com**. Beginning in 2015, the collected rebuttals to the Slimes' Spin were published in Quarterly book format – which you

now hold in your hands. To best understand the bare-knuckled and often humorous rebuttals, it is recommended that readers also purchase and study, ***Planet Rothschild: The Forbidden History of the New World Order.*** That will give you a firm grounding in REAL history while **The Anti-New York Times** informs you of the contemporary world which had grown out of that tragic history.

When gathered in one place, the rebuttals expose The Slimes as a deceitful naked Emperor. If the Slimes is the disease of deception, let **The Anti-New York Times** be your antidote of truth.

NY Times: Fire Engulfs Luxury Dubai Hotel, Forcing Evacuation of New Year's Crowd

By HALA DROUBI

A 63-story luxury hotel in Dubai, United Arab Emirates, burst into flames on Thursday evening. Over a dozen people were reported to have been injured.

REBUTTAL BY

The Anti-New York Times

Throughout a very windy New Year's Eve, a gigantic fire raged throughout the middle and upper floors of this 63-story luxury hotel in Dubai. The images of the skyscraper torch are truly stunning. But unlike the 110 stories-tall World Trade Center # 1 (*said by the government's "experts" to have been pancaked and pulverized due to "fire melting/buckling steel"*) -- and unlike the 110 stories-tall World Trade Center # 2 (*said by the government's "experts" to have been pancaked and pulverized due to "fire melting/buckling steel"*) -- and unlike the 47 stories-tall World Trade Center # 7 (*said by the government's "experts" to have been pancaked and pulverized due to "fire melting/buckling steel"*) -- the basic structure of the 'Address Downtown Dubai' Hotel remained intact.

It's a miracle!

The Big **THREE** skyscrapers of 9/11 (including Building 7 which was NOT struck by any plane) all collapsed into instant rubble and dust -- due to "fire" (rolling eyes).

But the Dubai Hotel, although suffering a much bigger (*and we do mean MUCH bigger*) fire than *any* of the three World Trade Center Buildings, remained standing as strong as ever and ready for restoration. If the 9/11 Omission Report is to be believed, this was *not* supposed to happen. As **Dr. Albert D. Pastore** sarcastically observed in his 2003 epic, '**Stranger Than Fiction: An Independent Investigation of 9/11 and the War on Terrorism**':

"Now that we know that all one has to do to bring a skyscraper straight down is set a fuel fire in it, the well trained experts who work for demolition companies should all be out of a job by now."

Dubai -- the fire and the day after

The Dubai disaster is not the first case of a post 9/11/2001 skyscraper surviving a massive fire without collapsing. In 2005, the Windsor Building in Madrid, Spain burned to a red-hot crisp from top-bottom, yet remained mostly intact - with its inner core still strong enough to support a heavy crane on the roof.

In China, 2009, the Beijing Television Cultural Center fire lit up the night sky for hours. Again, no collapse.

Shanghai China, 2010, high-rise apartment building -- toasted to a crisp, but no collapse.

Madrid -- the fire and the day after

Beijing -- the fire and the day after

Shanghai-- the fire and weeks after

How is it possible that *Boobus Americanus* and *Boobus Europithicus*, even after seeing these images on the nightly news, have not paused to ask themselves: "*If fire brought down the Twin Towers of New York, then why didn't the Dubai Tower collapse after a much more intense and longer fire?*" Is it that bloody complicated to see the inconsistency here? Are they so lazy, brain-dead, and sports / entertainment addicted that they can't figure out $2 + 2$ when the equation is placed right in front of their bewildered faces? WTF!!!

The official story of 9/11 is a children's Fairy Tale that even a retarded child should be able to see right through -- and yet -- the boobs go along worshipping the anniversary day with cheesy remembrances and admonitions to "Never Forget". The esteemed blogger John Kaminski was spot-on when he recently referred to 9/11 as *"the chicken bone stuck in America's throat"*. Indeed, as is the case with World War 2, unless and until the world wakes up to 9/11 truth, there will never be a true understanding of the ongoing horror show in the Middle East and the related drive for World War 3 and a New World Order.

A few more: Brazil (1972) / Los Angeles (1988) / Russia (2013)

Boobus Americanus 1: That was some fire in Dubai, eh?

Boobus Americanus 2: It sure was. Lucky for them the building didn't collapse like the Twin Towers did.

"It wassn't luck -- it was physicss! Issraeli bombss and U.S. energy weaponss took down the towerss on 9/11-- you sstupid %\$@#&"*

(Oh well. Your cult followers will be happy to see that your New Year's resolution to refrain from foul language didn't last long.)

NY Times: Xinjiang Seethes Under Chinese Crackdown

By ANDREW JACOBS

The Chinese government has introduced unprecedented measures aimed at shaping the behavior and beliefs of China's 10 million Uighurs

REBUTTAL BY

The Anti-New York Times

The author of this putrid piece of anti-China propaganda, **Andrew Jacobs** (*cough cough*), is the Slimes correspondent based in the Beijing bureau of the New York Times. In 2002, Jacobs was part of a team of reporters that won the notorious Pulitzer Prize for Public Service for coverage of the September 11 attacks in Manhattan. Just those facts alone, dear reader, tells us all we need to know about the Globalist agenda and anti-China bias of Mr. Jacobs.

In case you need any more convincing as to what this seditious scribbler is really all about, have a look at his twitter page linked below (*do that later*). It's nothing

but a 24/7 anti-China operation -- pure 'Yellow Journalism' that would have made Spanish-American War instigator Joseph Pulitzer (*cough cough*) very proud.

<https://twitter.com/andrewjacobsnyt>

If the big bad Chinese are as indeed brutal as Jacobs claims, then why do Chinese authorities allow him to stay there and export anti-Chinese attacks? China has indeed banned the subversive New York Slimes from circulating within China's newsstands and cyberspace; but Jacobs himself has not been booted out -- though he ought to be!

This front-page attack ad, *based solely on Jacobs' claims and unverifiable sources*, marks a clear escalation of the war against China (*Russia's buddy*). Let us rebut some of the most damaging excerpts. Hazmat suits on -- into Jacobs' cesspool we go!

1- Andrew Jacobs (*right*) speaks with the Director of the US-Asia Law Institute, Jerome A. Cohen (*cough cough*) about "the challenges facing journalists in China".

2- Sulzberger's mouthpiece in "oppressive" China never stops trashing the Chinese government -- while being comfortably based in China!

JACOBS: Families sundered by a wave of detentions. Mosques barred from broadcasting the call to prayer. Restrictions on the movements of laborers that have wreaked havoc on local agriculture. And a battery of ever more intrusive ways to monitor the communications of citizens for possible threats to public security.

ANALYSIS: That sounds pretty damn bad -- but nowhere in the body of this piece does Jacobs present any real evidence of these allegations. And nor does he even attempt to present the Chinese government's version of events (*except cosmetically*). The bewildered boobs who worship the Slimes are expected to blindly take Jacobs' word for it -- and they will!

JACOBS: A recent 10-day journey across the Xinjiang region in the far west of China...

ANALYSIS: A "10-day journey" - undertaken by who? Answer: By Jacobs!

JACOBS: ... revealed a society seething with anger and trepidation

ANALYSIS: "Revealed" to who? Answer: To Jacobs!

JACOBS: as the government, alarmed by a slow-boil insurgency that has claimed hundreds of lives, has introduced unprecedented measures ...

TRANSLATION: The CIA's mercenary terrorists are wreaking havoc and inciting China's Muslims (*Think ISIS, Al Qaeda et al*)

JACOBS: ... aimed at shaping the behavior and beliefs of China's 10 million Uighurs, a Turkic-speaking Muslim minority that considers this region its homeland.

ANALYSIS: Bull-Shine! Islam, (*as well as Buddhism and Christianity*) is, **with the government's blessing**, flourishing in China. It is only the western-backed terrorist elements that the Chinese are cracking down upon. Here -- from "mainstream media" sources:

- **Huffington Post: Islamic Revival in China**
- **Time Mag: If China Is Anti-Islam, Why Are Chinese Muslims Enjoying a Revival?**
- **Wikipedia: In modern-day China, Islam is undergoing a revival**

Contrary to Jacobs' lies, thriving mosques, both old and new, can be found throughout an increasingly religious China. Stay away from CIA / MI6 / Mossad terror groups and the Chinese authorities won't bother you!

JACOBS: Driving these policies is the government's view that tougher security and tighter restraints on the practice of Islam are the best way to stem a wave of violence that included a knife attack at a coal mine that killed dozens of people in September.

ANALYSIS: Jacobs seems to "forget" the long and sordid history of the CIA in recruiting and funding these types of mercenaries and terrorists (*Afghan Mujahadeen, Al Qaeda, ISIS*).

JACOBS: The tough security measures are on full view for travelers as they stop at the ubiquitous highway checkpoints that slow movement across this rugged expanse of deserts and snowy peaks.

ANALYSIS: "Ubiquitous highway checkpoints", eh Andy? So say you. Been to an American airport lately, ass-wipe? The lovely and gracious Mrs. King II can tell you how she recently, prior to boarding a plane for a recent work-related trip, was ordered to remove the "suspicious" plastic boot-cast on her left foot and limp around in order to "prove" that she really was recovering from a broken foot! Thank God your protective reporter here wasn't there to witness the spectacle; or I'd probably be in a FEMA camp by now.

JACOBS: As heavily armed soldiers rummage through car trunks and examine ID cards, ethnic Uighur motorists and their passengers are sometimes asked to hand over their cell phones so that the police can search them for content or software deemed a threat to public security.

ANALYSIS: So say you, Jacobs. Very well -- even *if* true -- it is the CIA's dirty war that is killing Chinese civilians that has prompted such precautions.

JACOBS: In addition to jihadist videos, the police are on the lookout for Skype and WhatsApp, apps popular with those who communicate with friends and relatives outside China, and for software that allows users to access blocked websites.

ANALYSIS: Again, even *if* true (*with a piece of lying filth such as Jacobs, one should **never** concede anything*), the "crackdown" on social media and various apps must be viewed through the prism of the CIA's known use of social media to attack and incite gullible college students.

JACOBS: "All of us have become terror suspects," said a 23-year-old Uighur engineering student....

ANALYSIS: There it is! Right on cue. A nameless "student" -- historically the favorite target of the western clandestine services.

JACOBS: ... who said he was detained overnight in November after the police found messages he had exchanged **with a friend in Turkey**. *"These days, even receiving phone calls from overseas is enough to warrant a visit from state security."*

ANALYSIS: Turkey, eh? The Eurasian tip of NATO's spear, headed-up by that double-dealing scumbag Erdogan. Play it Church Lady:

Erdogan's dirty game of dealing with Russia and China while taking orders from the U.S. / Israel Axis is now plain for all those with eyes to see.

JACOBS: Here in Kashgar, the fabled Silk Road outpost near China's border with Pakistan and Afghanistan, officials have banned mosques from broadcasting the call to prayer...

ANALYSIS: So say you, Jacobs. Care to provide any evidence of this "prayer ban"? Or how about China's rebuttal to this allegation?

JACOBS: Southeast of Kashgar, shopkeepers in the city of Hotan seethed over a government decision to outlaw two dozen names considered too Muslim, forcing parents to rename their children or be unable to register them for school, according to local residents and the police.

ANALYSIS: So say you, Jacobs. But can anybody confirm these conversations you had with *"local residents and the police."*

By the way, from whence comes this sudden love and empathy for Muslims, eh Jacobs? Any other time, you and your Tribesmen are bashing them as terrorists and Jew-haters.

JACOBS: And farther north in Ghulja, ...a pair of unemployed college graduates fumed about a crackdown prohibiting young men from wearing beards and women from veiling their faces. Those who ignore the rules are sometimes jailed, resident said.

ANALYSIS: Recent "college graduates", eh? (*rolling eyes*) Do these "unemployed college graduates" have names?

The "local residents" and "policemen" and "unemployed college graduates" of Jacobs' warped imagination.

JACOBS: *"The state's ability to penetrate Uighur society has become increasingly sophisticated and intrusive,"* said James Leibold, an expert on China's ethnic politics at La Trobe University in Melbourne, Australia.

ANALYSIS: Liebold, eh? As in LIE-BOLDLY. Is it just our imagination, or does the list of "experts" on China, Russia, Iran and Syria seem to read like the guest list for a Bar Mitzvah?

JACOBS: (*Quoting Lie-Boldly*) "But while these new measures allow the party to nip a lot of problems in the bud, they also foster new forms of alienation and violence that ultimately weaken the party's legitimacy and rule."

ANALYSIS: Lie-Boldly reveals the game here. The CIA's agents in China want to provoke a government reaction -- which in turn will be propagandized to rile up the simple-minded locals with tales of "oppression".

JACOBS: After 43 people were killed in a pair of attacks in the regional capital, Urumqi, in 2014, Beijing began a "strike hard special operation" that it says has dismantled nearly 200 terrorist groups and resulted in the execution of at least 49 people. The state news media describes those caught in the crackdown as terrorism suspects or separatists seeking an independent Xinjiang, and blames recurring violence in the region on **jihadists influenced or directed by agents overseas**.

ANALYSIS: China is under a very serious and deadly form of unconventional attack from the West.

JACOBS: Foreign journalists seeking to examine such claims face a gantlet of challenges. Officials in Xinjiang seldom respond to interview requests.

ANALYSIS: That's because officials know that foreign journalists (CIA) are part of the problem!

JACOBS: Last week, Beijing expelled a French reporter for an article that criticized its harsh policies in the region.

ANALYSIS: Good on China. Too bad they haven't expelled you, Jacobs.

JACOBS: Nervously rearranging the painted tambourines and traditional carved knives in her family's tiny gift shop, a young woman in Urumqi wept as she described families torn apart by the recent detentions. .

ANALYSIS: Does this "nervous" young woman have a name?

Anti-China Professor LIE-BOLD and the invisible Chinese Muslim woman (with the "painted tambourines and traditional carved knives" -- rolling eyes --) also contributed to Jacobs' front page attack ad.

JACOBS: Experts outside China, however, say much of the bloodshed here is fueled by local grievances, among them job discrimination against Uighurs, endemic poverty and a widespread belief that the flood of Han migrants to the region is part of a government plan to dilute Uighur identity.

ANALYSIS: "Experts *outside* China"? How did they become such "experts" if they are "outside China"?

JACOBS: *"What we're seeing in Xinjiang is homegrown self-radicalization that is made worse by repressive policies and an attempt to hollow out Uighur culture and religious practices,"* said Nicholas Bequelin, East Asia director for Amnesty International.

ANALYSIS: Amnesty International, eh? In spite of its occasional soft shots at the CIA (*for 'sheep-dipping' purposes*) Amnesty International actually works with the CIA and the British MI6.

JACOBS: Most Uighurs, especially the educated and the middle class, have little interest in pushing back against Beijing, and not just because they are afraid. Abdul, 30, a home furnishing salesman who frequently travels across China for work, said:

"Here in China, we are 56 minorities living together in peace," he said, echoing the propaganda that blankets billboards across the region.

ANALYSIS: "We are 56 minorities living together in peace." -- A wee little priceless diamond of truth buried beneath a pile of filth.

JACOBS: But later, over a meal of lamb and fragrant rice ...

ANALYSIS: "Lamb and fragrant rice?" --- "tambourines and carved knives?" This is starting to read like cheesy literary fiction (*because it is!*).

JACOBS: he angrily described how the police, alerted by hotel clerks, almost always visited his room when he was on business s trips.

ANALYSIS: Did you catch that? After inoculating us with a small bit of "the other side of the story", Jacobs instantly neutralizes it with a hard smear -- a *classic* journalistic trick.

JACOBS: Then he paused, glanced behind his shoulder, and leaned forward. ...

ANALYSIS: Oh the bloody drama! What a page-turner!

JACOBS: (*quoting "Abdul"*) "To be honest, these days, the government's policies make me so sick in the heart that I sometimes wish I wasn't Chinese." he said.

ANALYSIS: Sure he did Jacobs. *Suuuure* he did.

*Jacobs' **entire** story is based on faceless experts, CIA professors based "outside of China", and unverifiable conversations with unverifiable people: "Psst. Mr. Jabobs -- I sometimes wish I wasn't Chinese.....this lamb is really tasty, by the way"*

Boobus Americanus 1: I read an article in *The New York Times* today by Pulitzer Prize winner, Andrew Jacobs. He travelled across one of China's provinces and recounts a shocking tale about the government's brutal crackdown on its Muslim minority.

Boobus Americanus 2: China's human rights record is utterly shameful. The Dalai Lama can't even return to Tibet.

"You frickin' ssimpletonss! The Dalai Lama iss CIA sscum, and Jacobs probably is too."

(Indeed, Sugar. That phony Dalia Lama is about as "holy" as the Commie Pinko Pope.)

NY Times: Armed Militia Vows to Continue Occupation at Oregon Refuge

By KIRK JOHNSON and JACK HEALY

The occupiers are protesting the government's treatment of two ranchers ordered to report again to prison for arsons in 2001 and 2006.

REBUTTAL BY

The Anti-New York Times

This article actually merits an 'A-' for content; but an 'F' for the all-important but manipulative headline. First of all, there isn't really the type of "occupation" of Federal Buildings that you may have imagined after hearing the breathless talking heads of the Electronic Idiot Box; or after having glanced at the sensationalist headlines of any of America's major Newspapers.

Don't believe the hype.

From the body of the article itself:

*"The armed anti-government group seized **empty** administrative buildings on a federal refuge for wildlife."*

Yes, technically they are "Federal Buildings" -- but until actually reading this article in full, even your ever-skeptical reporter here was under the impression that a gang of militiamen had stormed an important office building in Portland or

something. That's not the case. During working hours, these very secluded buildings near Burns, Oregon are very lightly staffed.

Regarding the sub-headline, the two ranchers (*whose arrests triggered the protests*) did not exactly commit "arson". Again, the body of the text sheds light on this matter:

"Three years ago, Dwight and Steven were convicted of lighting fires, in 2001 and 2006, that they said were efforts to protect their property from wildfires and invasive plant species.

The fire in 2001 accidentally spread to about 140 acres of government land, documents show. In 2006, a burn ban was in effect while firefighters battled blazes started by a lightning storm on a hot day in August. Steven Hammond had started a “back burn” to prevent the blaze from destroying the family’s winter feed for its cattle.

The Hammonds each served sentences for the arson charges."

Again, technically the Hammonds had been charged with arson, but by using that word in the sub-headline (*without the context that we later find buried in the body*), a misleading picture of the "arson" in question was painted by Slimes' editors.

- 1- *The persecuted Hammonds are good all-American ranchers -- not "arsonists".*
- 2- *The real criminals are the land-grabbing Fed thugs of the Communist BLM (Bureau of Land Management.*

In the days before the Hammond brothers were due to report to prison again, hundreds of supporters who believe their **5-year prison sentences** are unjust and harsh, traveled to the area to attend a rally on their behalf. An small armed subgroup of protesters then split off to commandeer a U.S. Fish and Wildlife Service building on an isolated preserve 30 miles from Burns.

As for this armed protest, we here at **The Anti-New York Times** are taking a 'wait-n-see' approach. The fact that the unwelcome and armed militiamen have arrived *from the outside* is cause for a bit of suspicion. The Hammond Family, as well as many of the town locals, have stated that they don't know who these militiamen are and that they are not supportive of their armed demonstration. Could some of these outside "anti-government activists" be part of a controlled government op? Or are these men truly dedicated patriots who have had enough and are willing to take a stand?

Time will tell -- but keep your eye on this thing.

1- From Nevada to Oregon: Ammon Bundy, who is leading a cadre of armed men in seizing a U.S. Fish and Wildlife facility in Oregon, pictured speaking to reporters in Nevada in 2014

2- The Bundy Family led a highly publicized armed standoff against the Feds in 2014 -- A heroic stand by brave patriot leaders? -- The planned 'sheep-dipping' of bought-off provocateurs to be used later on? -- Or sincere dupes be used to pick a fight with Obongo's Feds?

***Boobus Americanus 1:** What do think about those White Supremacist wacko militiamen out in Oregon?*

Boobus Americanus 2: They must be neo-Nazis.

**NY Times: Tearful Obama, Announcing Gun Control Steps,
Condemns Shootings**

By MICHAEL D. SHEAR

Shedding tears over the 2012 deaths of children in a Newtown, Conn., elementary school, the president announced executive actions he will take on gun laws.

REBUTTAL BY

The Anti-New York Times

Just when we thought that the degenerate Communist pervert with the tranny husband / wife couldn't stoop any lower, that sub-bestial piece of demonic feces ensconced in the White House set a new standard for vomit-inducing demagoguery. The 3-year old memory of the fake deaths of the fake children of the fake Sandy Hook 'massacre' so moved the heartless butcher of Libya and Syria that he had to dramatically pause and wipe away fake tears at the mere mention of the fake event.

For those of you who still haven't come around to Sandy Hooker trutherism, *please* have a close look at Professor James Fetzer's 'Nobody Died at Sandy Hook' -- an excellent book which Amazon.com recently *banned* -- but has since been made available as a free pdf file.

Nice job, Professor Fetzer

Even more shocking than the bad acting are the actual new policies which the felonious faggot put into place by the brazen abuse of his limited powers to issue 'Executive Orders'. In a rambling speech in which the Nutty Narcissist referred to himself 76 times, Obongo the UnAmerican declared the following "camel's-nose-under-the-tent" initiatives:

- Doctors may report any sign of "mental illness" to the FBI
- Arms ban for some Social Security recipients
- Beginning of a limited National Registry
- Private sale of a single gun constitutes 'dealing' -- hence, can be regulated

Just as disturbing as the draconian decrees of this vile vermin is the lily-liver response of the Republican'ts who control Congress. Forget about initiating impeachment proceedings, or publicly ridiculing Obongo's staged weeping, or at least screaming from the Capitol roof-top that Obongo is a lying tyrant -- House Speaker Paul Ryan couldn't even muster enough testosterone to hold a combative counter press conference. All the Boy-Wonder could do was release a pulled-punch statement on his website and an equally weak tweet -- yes, *a tweet!*

No matter what President Obama says, his word does not trump the Second Amendment. <http://spkrryan.us/1Sxzn1k> **#2a**

Yeah, that 'tweet' ought to make Homo-Obongo pee in his pink panties, eh Paulie-Girl? Good God! What juicy nuggets of private dirt must Obongo and his henchmen have on GOP "leaders" like Ryan and McConnell? We now know, for example, that former GOP House Speaker Dennis Hastert (*term: 1999-2007*) got a kick out of sexually abusing High School boys; and then funneled cash to them to keep them quiet. What's Speaker Ryan's skeleton? Or is he simply just a pathetic p-word? Or, is he a conscious and dedicated agent of the same Globo Mafia that Obongo works for?

It really doesn't matter what Ryan's deal is -- because if Mr. and Mr. Obongo can get away with this (*and they will*), it's yet another indicator of just how brain-dead and lazy the sheeple have become. Once the guns are gone, the lambs will get what's coming to them. It's just a damn pity that the ever-diminishing number of brave and good Americans will have to suffer along with the degenerate and stupid hordes of Obongo's Soviet America.

Just like his ever-bawling predecessor - the drunken sop John Boehner - the de-balled Boy-Wonder Ryan also fears Obongo.

Boobus Americanus 1: Did you see that press conference yesterday? President Obama was actually moved to tears at the memory of the Sandy Hook massacre.

Boobus Americanus 2: That was very powerful to see an American President cry like that. If only the NRA would care about our children as much.

"You \$#@^& credulous cretins! Obongo's tears are as fake as his husbands tits!"

(Dadgummit Sugar!!! That's it! You're fired -- and I mean it this time!)

NY Times: Cologne Mayor's 'Arm's Length' Advice on Sexual Attacks Stirs Outcry

By MELISSA EDDY

The mayor of Cologne has inflamed a debate in Germany about migrants and sexual harassment by suggesting that women can protect themselves from men on the streets by keeping them more than an arm's length away.

REBUTTAL BY

The Anti-New York Times

After the police in Cologne, Germany received nearly 100 complaints of robbery and sexual assault, including two accounts of rape, by groups of migrant savages who targeted young women in the city's train station on New Year's Eve -- the invasionist female mayor of Cologne suggested that women can protect themselves by keeping the vermin more than an arm's length away.

Since making that outrageous comment, the self-hating libtard Mayor, Henriette Reker, has been widely ridiculed by commentators and all across social media for.

1- Mayor Henriette Reker: "It is always possible to keep a certain distance that is longer than an arm's length."

2- Just one day before her October 2015 election, candidate Reker was "stabbed in the neck" by a "xenophobic" German man who opposed her

*extreme open-borders stance. The event propelled her to victory. **Could the "assassination attempt" have been staged to gain pre-election sympathy?***

The police, *who have yet to make any arrests*, said the assaults had been carried out by hundreds of young “North African or Arabic” men. The scale of the assaults has shocked Germany and finally opened the eyes of many bleeding-heart idiots who had previously supported Manly Merkel's open borders policy. Germans are indeed beginning to wake up -- but when a peoples' womenfolk become open game, simply waking up is not enough.

Oh ye de-balled men of Marxified Germany! Since you are all 'dead men walking' anyway, the time has come to get physical. Take that childish red-hot passion you showed for your World Cup Champion Football team in 2014, and channel into the final defense of the Fatherland. Organize yourselves, and physically beat the snot out of every last one of these sub-human invaders until they scamper back to the foreign slums from whence they had slithered away from -- *(after having been aided and abetted by Soros-financed human traffickers)*.

You pathetic brainwashed little boys! Put away the games. Defend her and impregnate her while you are still the majority.

The time has come for a Queen Isabella moment (*the Spanish Monarch who, 1492, expelled both the North African Moors and their Sephardic Jewish cousins in 1492*). Is there enough testosterone that can be squeezed out of Marxified Merkelian Germany and the Eunuched European Union for another revival? Your Germanophile reporter here and his fraulein feline side-kick here are not at all optimistic. But maybe, just maybe, a few thousand rapes coupled with the recent legalization of Hitler's Mein Kampf (*which, even when penned in 1924, forewarned of this madness*) could serve as a catalyst for the reawakening of the dormant Goth and Alemanni fighting spirit. Doubtful --- but maybe.

An epidemic of refugee rapes may be necessary to wake brainwashed Germans from their guilt-induced post World War II trance.

Boobus Americanus 1: *I read in The New York Times today that recent migrants sexually assaulted German women on New Year's Eve. Germans are really pissed off about it.*

Boobus Americanus 2: *That's horrible. That type of behavior could trigger the rise of another Hitler.*

NY Times: A Shameful Round-Up of Refugees

By ~~ANDREW ROSENTHAL~~ THE EDITORIAL BOARD

REBUTTAL BY

The Anti-New York Times

Andrew Rosenthal (*cough cough*), that puffed-up propagandizing pig posing as the high and mighty "Editorial Board" of the Jew York Slimes has a bone to pick with his boy Obongo. Whines Rosenthal:

"... a new year has dawned upon an appalling campaign of home raids by the Department of Homeland Security to find and deport hundreds of would-be refugees back to Guatemala, Honduras and El Salvador. The targets are those who arrived in a recent surge of people fleeing shockingly high levels of gang and drug violence, hunger and poverty and who offered themselves at the border to the mercy of the United States, but ultimately lost their cases in immigration court."

Be neither afraid nor impressed by all the smoke and noise. It's only a pathetic little word-smith typing out lies from behind his high-rise curtain.

The highly informed readers of **The Anti-New York Times** - (including those who have yet to renew their subscription for Jan-June 2016 -- wink, wink) do not need to be told why the likes of Rosenfeces are so obsessed with flooding America with the indigent riff-raff of the Turd World. The real mystery here is Open-Borders-Obongo's sudden "get tough" and "round em up" policy towards some illegal immigrants. Rosen-sewage continues his sanctimonious whine over the "shameful" deportations:

"The Homeland Security secretary, Jeh Johnson, said in a statement: "Our borders are not open to illegal migration. If you come here illegally, we will send you back consistent with our laws and values." He added: "This should come as no surprise. I have said publicly for months that individuals who constitute enforcement priorities, including families and unaccompanied children, will be removed.

"It's no wonder that Donald Trump is applauding the policy, and taking credit for it. But Mr. Johnson is wrong to suggest that frightened Central Americans are a border-security threat."

Adios amigos! Can it actually be that Obongo is doing something right for America?--- Nah!

Rosenrectum is probably right about Donald Trump's rhetoric serving as the catalyst for Obongo's sudden "xenophobic" round-ups. **To the extent that it makes Obongo and the Demo-rats seem "tough on immigration", it somewhat neutralizes Trump.** But the inside joke being played on *Boobus Americanus* by the cunning Mr. & Mr. Obongo and their co-conspirators at Sulzberger's Slimes will not be detected by the great mass of sheepledom.

From the Washigton Compost of two weeks ago (*read carefully and see if you can catch the scam*):

"The Department of Homeland Security has begun preparing for a series of raids that would target for deportation hundreds of families who have flocked to the United States since the start of last year.....

..... More than 100,000 families with both adults and children have made the journey across the southwest border since last year....

Did you catch it? *"More than 100,000"* invader families arrived in 2015 (**yikes!**) -- but only *"hundreds of families"* are actually being *"targeted for deportation."* That's the mathematical equivalent of an already-obese man, who gained 100 additional pounds of fat during 2015, declaring that he intends to shed *less than 1 pound* --- as Rosendung whines about the dangers of a starvation diet! What's worse, the cosmetic "hundreds" will probably be let back in anyway, assuming that those "round ups" and "deportations" even take place as advertised in the first place.

Obongo and Rosenscum have played this one beautifully. Obongo continues the invasion as "The Editorial Board" purposely scolds him to give protective cover.

Even Donald Trump, who tweeted, "*About time!*" while taking full credit for the pseudo-deportations, appears to have been fooled. Or was he?

Wow, because of the pressure put on by me, ICE TO LAUNCH LARGE SCALE DEPORTATION RAIDS. It's about time! @realDonaldTrump

Sorry, Donald. Mr. & Mr. Obongo, and Andrew Rosenstool are laughing at you.

Boobus Americanus 1: *The New York Times really ripped into President Obama over his deportation of illegals.*

Boobus Americanus 2: *I have to disagree with The Times on this. We have to have some set of rules governing immigration. I applaud the President's crack-down.*

Boobus Americanus 1: *Agreed.*

"Imbeciles! It'ss all fake! Jusst like hiss tearss for Sandy Hook!"

(But it *looks* like Obama is actually doing something. Boobs like appearances.)

**NY Times: Egypt's President Turns to Religion to Bolster
His Authority**

By DECLAN WALSH

The Anti-New York Times

Sulzberger's Atheistic scribblers are troubled by the use of the 'G-word' by certain Egyptian enthusiasts of President General Abdel Fattah al-Sisi -- referred to by one preacher as "God's shadow on earth". If a man can be judged by the enemies he makes, then al-Sisi certainly appears to be one of the good guys. The Globalists' scorn of the "tyrant" Sisi - popular leader of 82 million people of an oil-rich and strategically vital nation - is his badge of honor.

The General is enormously popular among normal Egyptians --- not so much among Communists, Libtards, Putin-haters, Arab puppets and CIA-controlled "jihadists."

In addition to this Slimes' piece, here are some other recent headlines / sub-headlines from well-known NWO mouthpieces:

Foreign Policy Magazine: The Death of Politics in Sisi's Egypt

Egyptians are going to the polls to elect their first parliament in over three years — but whichever party wins, the country's strongman-in-chief looks poised to come out on top.

Financial Times (UK): Abdel Fattah al-Sisi's autocracy is no way forward for Egypt

Cameron should deliver a tough message on president's London visit

Aljazeera (CIA front): Is Egypt's Sisi facing growing isolation?

The regime of Egyptian President Abdel Fattah el-Sisi is facing its most severe crisis to date.

The Guardian (UK): Sisi comes to London

Why is David Cameron welcoming Egypt's autocrat to the UK?

The Atlantic: Is Egypt on the Verge of Another Uprising

Assessing the country's revolution, four years later

Yahoo.com: Turkey's Erdogan Slams Egypt's Sisi as 'Illegitimate Tyrant'

Turkish Prime Minister Recep Tayyip Erdogan on Friday slammed Egypt's President Abdel Fattah al-Sisi as an illegitimate tyrant.

The putrid propaganda sprayed at Sisi by Globalist-Communist Obongo-loving sewage pipes such as 'Foreign Policy' (FP) Magazine, 'The Atlantic' and the Slimes are a good sign for the people of Egypt and their popular leader.

And on and on and on the anti-Sisi propaganda parade rolls. Why all the hatred directed at Sisi? There are many reasons -- some known, and some not-so-well-known. They are as follows:

- Sisi stepped up to save Egypt from the Globalist-controlled "Muslim Brotherhood" of the phony "Arab Spring".
- As President, Sisi has moved closer to Putin.
- Sisi has repaired Egypt's relations with Assad of Syria
- Sisi has made two trips to China to close huge business deals.
- Sisi is killing ISIS / ISIL rats.
- Sisi is threatening to intervene in chaotic Libya.
- Sisi is cracking down on Soros-Globalist NGO's and "college students"
- Tensions are growing between Egypt and U.S. partner Saudi Arabia

1 & 2 - After Soros and friends failed to throw Egypt into chaos, Sisi took control and snuggled up to Putin.

3 - Egyptians walk past posters celebrating the arrival in Cairo of Putin for an official visit.

Boobus Americanus 1: *I read an article in The New York Times today about how the dictator of Egypt is using religion to control people.*

Boobus Americanus 2: *That's a very scary development.*

NY Times: Swedish Police, Accused of Cover-Up, Look Into Reports of Sex Assault at Festival

By DAN BILEFSKY

The police in Sweden, responding to accusations of a cover-up, said on Monday that they were investigating why the public had not been informed about sexual assaults by men reported to be migrants.

REBUTTAL BY

The Anti-New York Times

The Turd World specimens of human filth that the Frumpy Frau has pumped into Germany and Europe have been raping and robbing the domesticated liberal lambs of the de-balled kosher continent for the past 10 years or so. As of 2015, the situation has gotten worse as the level of "migration" has intensified while becoming more organized. But make no mistake, the rapes and robberies have been going on all along -- long before that phony photo of the "drowned" Syrian boy was used to manipulate the teary-eyed morons of Marxified Europe.

The rape of Europe didn't start on New Year's Eve, 2016!

The question now for suspicious minds is: ***Why are Sulzberger's Slimes and the rest of the Piranha Press in Europe and America suddenly publicizing the very migrant criminal activity that they had so thoroughly buried for years?*** Granted, the situation has obviously become worse now -- but there has got to be a deeper reason for the recent and growing "mainstream media" disclosures of rapes, gropes, robberies and killings taking place from Germany to Finland to Norway to Sweden and beyond.

"I think there is a resurgence of anti-Semitism because at this point in time Europe has not yet learned how to be multicultural. And I think we are going to be part of the throes of that transformation, which must take place. Europe is not going to be the monolithic societies they once were in the last century. Jews are going to be at the centre of that. It's a huge transformation for Europe to make. They are now going into a multicultural mode and Jews will be resented because of our leading role."

-- Barbara Lerner Spectre, Sweden, Founder of Paideia, European Jewish Fund in Sweden

Might the usual suspects who control the media (*cough cough*) now be using the rapes and gropes to stoke social unrest and even open conflict between the mostly male migrants and the remaining few MEN of Europe? We here at **The Anti-New York Times** are also hoping for a broad-based European smash-skulls uprising, but for different reasons than the Slimes may be. Whereas European patriots seek a

good cleansing of the Motherland, Globalist ghouls such as Soros and Sulzberger seek a destabilization and crisis scenario. To that diabolical end, the widespread publicizing of these horrible "Muslim" crimes committed against European women (*as if these filthy Godless animals actually attend mosque -- rolling eyes*) may serve as the spark that ignites something that the Globalists feel can be managed to their interests.

One thing is for damn sure -- the press wouldn't suddenly be reporting on all of this anti-White crime unless there was something in it for the controllers. That's our still-developing "conspiracy theory" for now. We'll keep an eye on Europe, hoping against all odds that there is still enough Aryan testosterone left in football / soccer - addicted Europe to save the day.

Below: Elin Krantz was raped and murdered in de-balled feminized Sweden (2013)-- where the pussified young men dress up as girls, for fun, while invader scum like Ephrem Tadele Yohanne run wild.

Because the "good guys" saved Europe from the evil "Nazis" in World War II.

Seriously. 😏

Boobus Americanus 1: *I read an article in The New York Times today about the police in Sweden covering up migrant sex assaults.*

Boobus Americanus 2: *The police ought to be ashamed of themselves.*

NY Times: Father of Koch Brothers Helped Build Nazi Oil Refinery, Book Says

By NICHOLAS CONFESSORE

The father of the billionaires Charles G. and David H. Koch helped construct a major oil refinery in Nazi Germany that was personally approved by Adolf Hitler.

REBUTTAL BY

The Anti-New York Times

The milk-toast, moderately "conservative" Koch Brothers have long been among the favorite whipping boys of Sulzberger's Slimes and their libtard legions of activists. The hatred of the politically active Koch boys has nothing to do with them posing any kind of *direct* threat to the Jewish ownership of America. But *indirectly*, what the Kochs represent is the possibility, remote as it is, that the Anglo billionaires of America could *theoretically* cooperate and take back America from the alien interlopers of Zion-Khazaria.

That's pretty much what happened back in 1920 when very wealthy and very well-connected 'goy' White men like **Henry Ford**, **Thomas Edison**, **Harvey Firestone**, and **Andrew Mellon** united behind the Presidential campaign of Ohio Senator **Warren Harding**. The Harding landslide over the Democrats' Cox-Roosevelt ticket marked the repudiation and reversal of much of the damage that had been inflicted upon America during the 8-year reign of the Jewish-owned Woodrow Wilson. Remember that the next time you read about some survey in which egg-headed historians *universally* rank Harding as "*the worst President in U.S. history*". Though there has not been such a blow struck against the NWO gang in America since (*not even close*), the paranoid chosenites aren't taking any chances. Hence, the latest bashing of the big bad Koch Brothers.

1- Henry Ford, Thomas Edison, President Warren Harding and Harvey Firestone together on a camping outing (1921)

2- Henry Ford (who was greatly admired by Adolf Hitler) receiving the Grand Cross of the German Eagle in 1938

The book being promoted in this Slimes piece is titled '**Dark Money: The Hidden History of the Billionaires Behind the Rise of the Radical Right**' (oooooh, sounds so scaaaary) by one **Jane Mayer** (cough cough). Brace yourself -- here is a scary excerpt from the Slimes book review:

"The book traces the rise of the modern conservative movement through the activism and money of a handful of rich donors: among them Richard Mellon Scaife, an heir to the Mellon banking fortune, and Harry and Lynde Bradley, brothers who became wealthy in part from military contracts but poured millions into anti-government philanthropy.

But the book is largely focused on the Koch family, stretching back to its involvement in the far-right John Birch Society and the political and business activities of the father, Fred C. Koch, who found some of his earliest business success overseas in the years leading up to World War II. One venture was a partnership with the American Nazi sympathizer William Rhodes Davis, who, according to Ms. Mayer, hired Mr. Koch to help build the third-largest oil refinery in the Third Reich, a critical industrial cog in Hitler's war machine."

Rich donors! Military contractors! John Birchers! Nazi sympathizers! Oh my! -- and -- (gulp & gasp) **HITLER!** It's enough to make a New York City libtard pee in his pink panties.

CAN YOU SAY -- "HYPOCRISY?"

*Speaking of Billionaire King-Makers, Jane Mayer's paternal great-great-grandfather was Emanuel Lehman, one of the founders of Lehman Brothers. Mayer's great grand uncle, **Herbert Lehman** (on Time cover, above) parlayed his inherited Wall Street wealth into the Governorship of New York (1933-1942), and then a U.S. Senate seat (1950-1957)*

There's more. The article quotes from Mayer's book itself:

"The Kochs, the Scaifes, the Bradleys and the DeVos family of Michigan "were among a small, rarefied group of hugely wealthy, archconservative families that for decades poured money, often with little public disclosure, into influencing how the Americans thought and voted."

Hugely wealthy! Archconservatives! Influencing how Americans think and vote! All of them Nordic-White too! Oh my! -- Of course, the poverty-stricken Warburgs, the Baruchs, the Schiffs, the Sarnoffs, **the Lehmans**, the Sulzbergers, the Newhouses, the Adelsons, AIPAC / Israel Lobby, the Weinstains, the Spielbergs, the Bramans, the Soros's, et al *ad infinitum* have never "poured money into influencing over how Americans thought and voted." - eh Ms. Mayer? -- You hate-filled Communist she-devil.

Jewish Billionaire Bernard Baruch with FDR -- Jewish Billionaire George Soros controls Obongo -- Jewish Billionaire Sheldon Adelson with Ted Cruz. None of this Jewish financing of political campaigns seems to bother Ms. Mayer (Lehman).

Boobus Americanus 1: *I read an interesting book review in The New York Times today. Apparently, a handful of Billionaires not only fund the far right, but their parents funded Hitler.*

Boobus Americanus 2: *Fascinating. I understand that the Bush Family helped Hitler too.*

**NY Times: Hillary Clinton Races to Close Enthusiasm Gap
With Bernie Sanders in Iowa**

By PATRICK HEALY and YAMICHE ALCINDOR

**With voters mobbing Mr. Sanders at events in the state, exposing a disparity
in passion for the two Democrats, Mrs. Clinton has gone on the attack and
tried to energize supporters.**

REBUTTAL BY

The Anti-New York Times

Until recently, we here at the Editorial Board at **The Anti-New York Times** had been convinced that Bolshevik **Bernie Sanders** (*cough cough*) was knowingly playing the role of Communist Democrap in order to make Killary seem like a more "moderate" Democrap. We wrote, this past July:

"With that record in mind, it could very well be that the true purpose of his campaign is to attack his Marxist sister Killary from the Radical Left, thus catapulting her into the General Election looking like a "moderate"."

Now, we're not so sure! It is beginning to look more and more as though the constant attacks on Killary *from the Big Left* are neither about inoculation nor positioning to the center. With scum like **George Soros** (*cough cough*) and **The Huffington Compost** lining up behind Bernie; and with Sulzberger's Slimes front-page puffing him up just weeks before the 2016 Primaries, could it be that the kosher controllers now feel so secure that they no longer feel the need to hide their power behind goy puppets?

*With Soros and Sulzberger behind him, and **Obongo's FBI harassing Killary**, the Communist Jew Sanders could actually become the Democrat nominee.*

From the article:

Iowa Democrats are displaying far less passion for Hillary Clinton than for Senator Bernie Sanders of Vermont three weeks before the presidential caucuses, creating anxiety inside the Clinton campaign as she scrambles to energize supporters and to court wavering voters.

The enthusiasm gap spilled abundantly into view in recent days, from the cheering crowds and emotional outpourings that greeted Mr. Sanders, and in interviews with more than 50 Iowans at campaign stops for both candidates.

From The Huffington Compost's H.A. Goodman (*cough cough*) -- **Headline: Bernie Sanders Will Win the Democratic Nomination and Presidency in a Landslide**

From Moveon.org / George Soros -- **Headline: The Top 5 Reasons MoveOn Members Voted to Endorse Bernie (with the Most Votes and Widest Margin in Our History)**

This is real, folks! A full-blown, out-of-the-closet Communist Tribesman now has a legitimate shot at being the next President of the Disunited States. It is amusing to still see some in the alternative news community falling hook, hammer and sickle for Bolshevik Bernie's "outsider" populist act - a cynical scam sold to the sheeple by the seditious scribblers of Sulzberger's Slimes. Far from being an "outsider", Sanders is a dyed-in-the-wool pro-Fed and pro-Israel Marxist from Ben & Jerry's commie-pinko-hippie Vermont. Sander's fake "populism" is that of the Jewish rabble-rouser on a soap box, *a la* Leon Trotsky (*Russia*), Emma Goldman (*United States*), Rosa Luxemburg (*Germany*) and Bela Kun (*Hungary*).

"Blah - blah - blah...I'm for the the working man... blah, blah, blah.....40 acres and a mule...blah - blah - blah."

Trotsky - Luxemburg - Goldman - Kun --- Jewish verbal masters of rabble-rousing Red "populism"--just like Sanders!

For those desperate fools hopeful over the fact that Bernie Sanders sponsored the Senate's companion version of Ron Paul's "Audit the Fed Act"; understand that then-Congressman Paul himself exposed Sanders' betrayal. Paul wrote:

"Bernie Sanders has sold out and sided with [Sen.] Chris Dodd to gut Audit the Fed in the Senate. His 'compromise' is what the administration and banking interests want."

Paul was upset because Sanders watered down 'Audit the Fed' in a way that would have prevented any real oversight of the Fed's actual and ongoing monetary policy. The "Man of the People" Sanders also suggested a Federal Reserve bailout of Greece!

Bernie Sanders is NOT Ron Paul!

On the foreign policy front, Sanders is quick to rightfully condemn the GOP and Bibi Satanyahu as warmongers; but he has also supported sanctions against Iran while repeating the dirty Zionist lie that Iran is a potential nuclear threat. He supported the **brutal** war on Kosovo, the invasion of Afghanistan, funding for the endless disaster in Iraq and the never-ending "War on Terror".

As for Israel; Bernie may pay lip service to peace, yet he faithfully supports billions of dollars in foreign aid to Tel Aviv and has backed Bibi Satanyahu's murderous bombing of Gaza, both in 2014 and 2009. Several former members of Bernie's staff have even worked for AIPAC.

Kosovo and Gaza - Both horror shows were blessed by Bernie.

Sanders, like almost every other Big Jew in America, is also a rabid Russia basher:

“The entire world has got to stand up to Putin. We’ve got to deal with sanctions.”, Sanders declared.

Stand up to Russia? For what, Bernie? You and your DC gang are the ones who needlessly expanded bloody NATO right up to Russia's border, incited a violent coup in Ukraine, installed a ruthless gang of puppet criminals in Kiev, and continue to deploy heavy military assets to the region! This is how the sneaky subversive Sanders operates. He passes himself off as anti-Establishment, then he goes along with the Establishment on every major issue.

Frankly, a Sanders Presidency would be preferable to that of another Bush or another Clinton. With an actual full blown pure-blooded Tribesman in the White House, it could serve to wake some people up as to who the real bosses are. But then again, *Boobus Americanus* still might not ever wake up.

Boobus Americanus 1: *I read an article in The New York Times today about Bernie Sanders. He might actually have a shot at beating Hillary.*

Boobus Americanus 2: *Well, they say that this is the year of the outsider. Bernie's populism is very appealing to those who are fed up with politics as usual.*

"Outsider my ass! He'ss been a DC Communisst for 25 frickin' yearss!"

**NY Times: Jakarta Attack Raises Fears of ISIS' Spread in
Southeast Asia**

By JOE COCHRANE and THOMAS FULLER

**The Islamic State claimed responsibility for a terrorist attack in the
Indonesian capital on Thursday, raising the specter of an expanded presence
by the group in Southeast Asia.**

REBUTTAL BY

The Anti-New York Times

Spreading its tentacles across all corners of the Globe, the unstoppable bogeymen of ISIS have now struck a blow inside of the heart of Indonesia - a populous and developing nation that has long been targeted by *both* the Globalist George Soros faction and the Zionist Bibi Satanyahoo faction of the global PRC (*Predatory Ruling Class*). Making matters worse for the Globalists, majority Muslim Indonesia is another one of those South Asian states that has lately been inking *lots* of business deals with the big bad Russians and the equally big bad Chinese. Preach it, Church Lady!

*

Now, the inquiring reader may be asking himself: *"How do they know that this shooting and bombing attack in Jakarta was truly the work of Islamic terrorists affiliated with ISIS?"* -- Silly reader. ISIS admitted it!

From the article:

"The Islamic State took responsibility for the attack in a statement released on its official Telegram channel, an encrypted phone app."

See? An "official Telegram channel" -- so well "encrypted" that neither the CIA nor the NSA can detect its origin -- says so. These masked marauders are indeed a clever bunch. There hasn't been an international terror group as formidable as ISIS since "Al Qaeda" -- which evidently must have declared bankruptcy and gone out of business.

Seriously though, are *Boobus Americanus* and *Boobus Europithicus* not the least bit curious as to how and why the once-invisible and invincible "Al Qaeda" bogeyman was so seamlessly replaced by the now equally invisible and invincible "ISIS" bogeyman? The instant switch from one bogeyman-of-the-decade to a new bogeyman-of-the-decade is positively Orwellian!

The 'Glory Days' of the 'Al Qaeda' Bogeyman

Replaced by a new and even scarier TV series --- ISIS

If we don't laugh at this corny comedy -- we'll cry.

This particular affiliate ISIS group in Indonesia goes by the moniker of **Katibah Nusantara**. Breathless terrorism "experts" assure us that KN is an up and coming group to watch for 2016. From the article:

“The growing reach of Katibah Nusantara could lead to its expanding influence in Islamic State’s decision-making process, in turn leading I.S. giving greater priority to Southeast Asia as its war zone,” the researchers said.

Globalist Translation: Southeast Asia is getting too uppity, and too cozy with the Russia-China bloc. Time to teach these disobedient vassals a lesson!

Indeed, do keep your eye on 'Katibah Nusantara' -- a wholly owned regional subsidiary of ~~CIA-Mossad~~, er, "ISIS". (rolling eyes)

Legendary Globalist strategist Zbigniew Brzezinski wrote of the "truly massive external threat" to come -- just weeks before 'Al Qaeda' was introduced to the world with the false-flag U.S. embassy bombings in Africa. (1998 / The Grand Chessboard)

Boobus Americanus 1: *I read an article in The New York Times today about a new terrorist group in Indonesia. It's an affiliate of ISIS.*

NY Times: Donald Trump Gets Personal in Attacks on Ted Cruz at Tea Party Convention

By ALAN RAPPEPORT

REBUTTAL BY

The Anti-New York Times

The old proverb that says, *"even a broken clock is right twice a day"*, is just as applicable in reverse. For even fine-tuned Rolex watches may skip a second every now and then. We here at the 99.9% spot-on **Anti-New York Times**, puzzled by the cozy and cordial relationship between Donald Trump and Ted Cruz, recently hypothesised that "The Donald" was rigging the game and throwing the match to the odious Ted Cruz. Just two weeks ago, we wrote:

"In the key early voting states of Iowa, New Hampshire and South Carolina; Trump has "less than robust" ground games. Why is that Donald? ... Our hypothesis? After systematically wrecking every Republican't in the field - the first and foremost being Rand Paul - Trump is going to sit back and allow the superior ground game of the odious Ted Cruz to get out Iowa's Christian Zionist vote in such force as to defeat Trump in the Iowa Caucus."

Oh well -- looks like we got that one wrong (*It was actually Sugar the Conspiracy Cat's idea!*). The attacks that Trump has been leveling at Cruz have now become so vicious, and so damaging to Cruz, that they can no longer be dismissed as "let-me-hit-you-a-bit-just-to-make-it-look-good."

We made a wrong call. The Trump-Cruz honeymoon is over!

Some examples of the much-publicized Twitter beat-down that Trump dropped on the sleazy Cruz:

- *"Say whatever you want. Cruz has got bank loans from Goldman Sachs, he's got bank loans from Citibank, and then he acts like Robin Hood."*
- *"He's a nasty guy. Nobody likes him."*
- *"He was a Canadian citizen until 15 months ago."*
- *"Ted is the ultimate hypocrite. Says one thing for money, does another for votes."*
- *"The Ted Cruz wise-guy apology to the people of New York is a disgrace. Remember, his wife's employer, and his lender, is located there!"*

Trump's TV-interview attacks have been just as brutal. Of course, none of this means that there are no other *potential* ulterior motives for the Trump campaign -- perhaps even one that Trump himself isn't fully aware of? With the rapid fall of lesbian Killary and her rapist husband; and the equally rapid rise of the kosher Communist Bernie Sanders; and now, talk of Billionaire Tribesman Mike Bloomberg (*cough cough*) throwing his yarmulke into the three-ring circus by running Third Party -- might the object of the game be to split the Republican't vote in two and propel the kosher Communist into the White House? That's *exactly* how Jewish Bosses Baruch, Schiff and Warburg got their wholly-owned 'progressive' puppet Woodrow Wilson elected in 1912.

1- Wilson, Roosevelt, Taft

2- A 1912 cartoon illustrates how the 'Bull Moose' vote (Teddy Roosevelt) , when subtracted from the Elephant vote (GOP's Taft), results in the Donkey (Democrat Wilson) winning the election -- with just 42% of the vote!

The QFS (*Quadrennial Freak Show*) all makes for such interesting theater; like an NFL Stupor Bowl game for politicians. Go Red Team! Go Blue Team! Rah-rah-rah! But at the end of that November day, that's all it will be -- one big puppet theater that, in the larger scheme of things, will not have really mattered. Until there is a moral and spiritual revival, America will continue to circle around the bottom of the toilet bowl of history. Trump, even if elected, *may* be able to buy us some time; but he cannot reverse the mental and moral cancer of Marxism. Only the Supreme Creative Intelligence that animates the Universe (*God*) and the return to His self-evident Natural Laws (*easily derived through Socratic reasoning and logic*) can pull us out of this communist quagmire.

Trump, though probably preferable to the pathetic pack of putrid pygmies pleading for the Presidency, cannot and will not "*make America great again*" because he does not understand what it was that once made America so great in the first place. Nineteenth Century French philosopher **Alexis de Tocqueville** summed-up America's greatness very accurately, and very concisely, when he wrote:

Monsieur de Tocqueville was right. It really *is* that simple. You see, it isn't just about the money! Morals matter. Culture matters. Traditions matter. Family and community matter. Goodness matters. Sadly, Zionist-occupied godless degenerate America, "ceased to be good" at least 50 years ago -- and it is getting nastier and more vulgar by the day.

Sorry Donald. Though your heart may - or may not be - in the right place, only a return to divine, natural, immutable, and absolute moral truths will ever "make America great again" ---and NOBODY is even talking about that in today's anti-God America.

Boobus Americanus 1: Donald Trump is really destroying Ted Cruz on Twitter.

Boobus Americanus 2: I don't see how anybody can withstand Trump's aggressive style. He might actually win in November!

"Not if Bloomturd ssplits the vote! ---- And by the way, it was my dumb dad who sspun the consspiracy theory of Trump and Cruz working together."

(No. That was YOUR theory -- you fibbing feline freeloader!)

NY Times: Heidi Nelson Cruz: A Political Spouse Making Sacrifices and Courting Donors

By STEVE EDER and MATT FLEGENHEIMER

REBUTTAL BY

The Anti-New York Times

If that pompous Zionist-loving ghoul Ted Cruz isn't enough to make your skin crawl, wait until you meet his busy-body "high-powered" Globalist wife, **Heidi Nelson Cruz**. We say "Globalist" because not only was Mrs. Cruz a member of the notorious **Council on Foreign Relations**, but she also served as one of its 31 task force members assigned to produce the infamous "Building a North American Community" report.

Heidi Cruz conveniently resigned (*"did not renew membership"*) from the subversive CFR in 2011, just in time for Ted's Senate campaign in which he once publicly denounced the CFR as *"a pernicious nest of snakes that is working to undermine our sovereignty."* Evidently, Harvard Heidi must not have known that it was a snake nest when she originally joined the CFR. (*rolling eyes*)

Lady MacBeth Goldman-Sachs-Cruz likes to pass herself off as the loyal Christian American girl next door. The Anti-New York Times ain't buying it, sweetie.

In the 2007 bestselling book **“The Late Great USA: The Coming Merger with Mexico and Canada,”** Robert Pastor (CFR), who served as co-chairman of the committee which Heidi served on, was dubbed “the father of the North American Union” for the influence the CFR report had on the summit meeting between the heads of state of the U.S., Mexico and Canada. That meeting culminated in President George W. Bush declaring the formation of the **Security and Prosperity Partnership of North America.**

The CFR website further reveals that Heidi served in the Bush White House, under the monster **Condoleezza Rice**, as economic director for the Western Hemisphere at the National Security Council. She had previously served as the director of the Latin America office at the U.S. Treasury Department and as an assistant to Ambassador **Robert B. Zoellick**, U.S. trade representative.

1 & 2- Ted Cruz may rail against Donald Trump's "New York City values"; but his wife Heidi served the New York-based CFR -- an organization that openly promotes the merger of North America into a regional bloc leading to eventual world government.

3- Admiral Chester Ward (r): "The main purpose of the Council on Foreign Relations is promoting the disarmament of U.S. sovereignty and national independence and submergence into an all powerful one world government."

Business degree completed in Belgium (*EU Capital*), Harvard MBA, stints at Merrill Lynch, J.P. Morgan and Goldman Sachs, member of Bush-Cheney gang, CFR member -- this globo-gal's resume is as Establishmentarian as you can get. So, how did this insidious insider end up marrying the "anti-Establishment" Ted Cruz -- the man whose campaign she, according to this puff-piece, is "sacrificing" to raise money for? Answer: Because Ted Cruz's "outsiderness" is a sham that is

every bit as fake as his plastic smile and Heidi's plastic face! (*Sorry FOX News-tards and Limbaugh-tards*)

As if Heidi's resume wasn't bad enough, the article reveals that she was raised in a 7th Day Adventist family. That means that she, like Dr. Ben Carson, is most likely an Israel-worshipping Armageddonite loon. Good people of Iowa, for whatever it may be worth, hold your nose and vote for the enigma Trump, because the name of Cruz surely spells bad news -- both of them!

1 & 2: *As if the Cruz Family's Globalism wasn't bad enough, they are also hard-core Christian (or pretend to be Christian) Zionists.*

3: *Check out Slick Ted from Harvard all dressed up as a "country boy" while out on the campaign trail. The funny part is, he's the only one in the room that's actually wearing a "red neck" costume!*

Boobus Americanus 1: *I read in The New York Times today about Ted Cruz's wife, Heidi. She really has some high powered connections, it seems.*

Boobus Americanus 2: *Cruz and his wife are very intelligent people. But he is too conservative.*

"Conservative my ass! Cruz is a Globalisist Zionisist cut from the ssame cloth as George W Bussh!"

(Back to the salty language, I see.)

**NY Times: David Oyelowo, 'Selma' Actor, Says
Academy Fails to Reflect Diversity**

By KATIE ROGERS

After Spike Lee and Jada Pinkett Smith said they would boycott the Academy Awards in response to an all-white slate of acting nominations, another prominent actor spoke out on Monday against the lack of diversity in Hollywood.

REBUTTAL BY

The Anti-New York Times

The entitlement crowd is at it again -- pissing and whining about the "lack of diversity" (*too many White people*) among nominees for degenerate Hollywood's Academy Awards. Waaaa! Waaaa! Waaaa! Poor babies -- overlooked and under-appreciated with nothing to console them but their multi-million dollar contracts, gaudy mansions, swimming pools, vacation homes, private jets, Italian sports cars, yachts, diamonds, cocaine, servants, chauffeurs, Botox and undeserved fame.

With western civilization now approaching its death throes, we here at **The Anti-New York Times** couldn't possibly care less about this year's "best picture" or "best actor". But there is a broader philosophical dynamic and subversive movement at work here that merits an angry rebuttal from Mike and the Mad Cat.

1- Multi-millionaire and friend of Al Charlatan and Barack Obongo, Spike Lee, is mad at "White people" for "snubbing" Blacks at the Academy Awards.

2- Multi-millionairess and friend of Michael, er, Michelle Obongo, Jaded Pinko Smith, is also hissy-fitting about "White" Hollywood's oppression of Blacks.

Regular readers do not need to be told who controls Hollywood (*cough cough -- cough cough -- and still more cough cough*). What we have here is yet another textbook example of the usual suspects committing a wrong, or rather, a perceived and invented "wrong", and then leaving the big bad White Man holding the bag of blame. Brilliant! Evil as all hell, but brilliant.

You see, while all of this trash talk about too many White people monopolizing the Academy Awards stirs up the "people of color" -- the fact that chosenites **OWN** Hollywood lock, stock and barrel can NEVER be discussed. Just ask Marlon Brando and Oliver Stone.

Hollywood legends Oliver Stone and Marlon Brando were both severely reprimanded, and forced to apologize, when they said that Jews control Hollywood.

Brando: *"Hollywood is run by Jews; it is owned by Jews, and they should have a greater sensitivity about the issue of—of people who are suffering. Because they've exploited—we have seen the—we have seen the Nigger and Greaseball, we've seen the Chink, we've seen the slit-eyed dangerous Jap, we've seen everything but we never saw the Kike. Because they knew perfectly well, that that is where you draw the wagons around."*

Stone: *"Jews dominate the media" ---- and ---- (the US-Israel Lobby) "has fucked up U.S. foreign policy for years."*

This clever Jewish-Marxist-Zionist tactic of shifting the blame that should be hung around their necks onto "the White Man" has precedents in other areas as well. Examples include:

- Jewish titans rig Wall Street and the Federal Reserve against the interests of the average working man --- wealthy White "1%-ers" with Anglo-Saxon names like Winthrop and Gordon are blamed for robbing everybody else.
- Zionist 'neo-conservatives' push America into the disastrous Iraq War --- White men Bush, Cheney and Rumsfeld are blamed for lying us into an unpopular war.
- Jewish media and Jewish Hollywood vilify and false-flag-frame innocent Arabs and Muslims --- angry misguided Whites take the bait and get blamed for their open bigotry.

It's quite a trick. As for as these "courageous" Black activist-actors boycotting the Academy Awards are concerned; we can declare with 100% certainty that, unlike

Brando and Stone, they will not be reprimanded by the chosenites who own Tinseltown. In fact, it could very well be that certain Hebrew handlers put these well-kept 'house negroes' up to this stunt in the first place!

"Nobody here but us 'White' guys".

A parting thought: How many White artists were nominated for the **BET** Awards (*Black Entertainment Television*)?

"White man" Sumner Redstone (fka Murray Rothstein: cough cough, phlegm phlegm) owns BET.

Boobus Americanus 1: *I read in The New York Times today that prominent Black artists are boycotting the Oscars for not being diverse enough.*

Boobus Americanus 2: *America still has a way to go before we can truly say we have overcome.*

"In their eyess, America will never 'overcome' until every lasst White cat is dead or breded into a tuxedo cat."

(Relax, Sugar. I don't think they care about the cats.)

NY Times: Alarmed Clinton Supporters Begin Focusing on Sanders's Socialist Edge

By JONATHAN MARTIN

REBUTTAL BY

The Anti-New York Times

The mind-numbing 18-month drama of the 2016 Presidential race, what we here at **The Anti-New York Times** like to refer to as the **QFS** (*Quadrennial Freak Show*), provides us with a bit of comic relief today. Are you ready for this? Are you sitting down? No food or drink in mouth? Not at a quiet library or work cubicle? Good. Here it is:

Killary's henchmen are planning to attack Bolshevik Bernie Sanders as a "socialist." (*cue laugh tracks*)

*

From the Slimes' article:

*"Democrats backing Hillary Clinton, nervously eyeing Senator Bernie Sanders's growing strength in the early nominating states, are turning to a new strategy to raise doubts about his candidacy, **highlighting his socialist beliefs** to warn that he would be an electoral disaster who would frighten swing voters and send Democrats in tight congressional and governor's races to defeat."*

Killary's surrogate and Obongo-lover, Governor Jay Nixon of Missouri, adds:

"Here in the heartland, we like our politicians in the mainstream, and he is not — he's a socialist."

*

Killary tearing Bernie down for being a 'socialist' is like Lady Gaga calling Miley Cyrus a no-talent skank-whore. It's like Crispy Creme Chris Cristie telling Santa Claus that he's too fat. It's like --- well, you get the point.

Just to clarify our position here, the 'socialism' of Clinscum and Sanders is not to be confused with the 'socialism' of The Great One. Whereas Hitler's 'National Socialism' was about a single people united by blood and culture eliminating class consciousness and forging a united body in which both the State and a system of free enterprise coexisted for the benefit of all; the 'socialism' of the Demoncrap Party, on the other hand, is purely about buying votes by keeping parasites and the elderly perpetually dependent upon welfare schemes.

Make no mistake -- Killary is every bit the degenerate communist piece of filth that the "outsider" Sanders is. Seriously, this loony lesbian actually wrote her 90-page college senior thesis, titled: ***"There Is Only One Fight: An Analysis of the Alinsky Model"***, about **Saul Alinsky** (*cough cough*). Alinsky was the legendary Marxist guru who urged the communist hippies of the 1960's to drop the radical pose, cut their hair, put on suits, and infiltrate the systems and hallowed institutions of American society by appearing "mainstream" -- which is *exactly* what Bill and Killary (*and many 1000's of others*) have done!

Saul Alinsky, understanding that open radicalism would frighten away the American middle class, urged his cult to pose as "mainstream" and infiltrate the institutions. And thus it came to pass that degenerate communist Atheist hippies like Bill & Killary later transformed into "Christians" and political "moderates".

It will be interesting to see how Killary's coming attacks against "socialist" Sanders will play out. If Sanders is smart - and of intelligence and cunning the Tribe has no lack - he will boldly counter-attack and 'check-mate' Killary by declaring that she supports almost every major policy initiative that he does -- but doesn't have the guts and honesty to admit to actually being a "democratic socialist" like he so proudly proclaims. That would be so funny -- and so true!

The **ONLY** difference between Sanders and Clinton is that Sanders (young and current versions shown above) ignored the advice of Alinsky when it came to stealth tactics -- such as toning down his voice and grooming himself.

Lest we forget at least an over-the-shoulder acknowledgment to the very first radical: from all our legends, mythology, and history (and who is to know where mythology leaves off and history begins—or which is which), the first radical known to man who rebelled against the establishment and did it so effectively that he at least won his own kingdom—Lucifer.

—SAUL ALINSKY

Killary's guru dedicated Rules for Radicals to Lucifer -- the Devil.

Boobus Americanus 1: *I read in The New York Times today that Hillary Clinton is planning to attack Bernie Sanders for being a socialist.*

Boobus Americanus 2: *I like Bernie. But he is a bit too far to the left for my taste. I'll stick with Hillary.*

"Hey \$@#% - for brains! At leasst that old unwashed Communisst Jew doessn't hide who he iss -- which iss more than I can ssay for that hagged-out, nasty-asss, Alinskyite bitch Killary!"

(palm to face -- deep sigh.... Apologies to our readers.)

**NY Times: ISIS Has Destroyed One of Iraq's Oldest
Christian Sites**

By STEVEN LEE MYERS

The Islamic State destroyed one of the oldest Christian sites in Iraq as part of its campaign against ancient sites in the country, according to satellite photographs published by The Associated Press on Wednesday and confirmed by Iraqi officials and historians.

REBUTTAL BY

The Anti-New York Times

Radical Zionists *still* hate their ancient enemies of millenniums past (*Assyrians, Babylonians, Persians et al*) -- even though those civilizations no longer exist.

-- ISIS destroys the historic sites of those ancient civilizations.

Radical Zionists hate Aryans (*Whites*).

-- ISIS kidnaps, rapes, and murders the Aryan remnants of Syria and Iraq (*the Yazidis*).

Radical Zionists hate Syrian President Bashar al Assad.

-- ISIS has ripped Syria apart in its attempt to overthrow Assad.

Radical Zionists hate the Hezbollah freedom fighters of Lebanon.

-- ISIS fights against Hezbollah (*in Syria*)

Radical Zionists hate Christianity.

-- ISIS persecutes Christians and destroys ancient Christian sites.

Do you see a pattern here? Preach it Church Lady, preach it!

ISIS has singled out Aryans and Christians for abuse... Hmmmm.

One group that ISIS does *not* bother is the Israeli people, even though they are just a few miles away - south of Syria. And a group that they seem to not care about, at all, is the mostly Muslim Palestinian people that Israel is oppressing. How bloody *conveeenient* indeed! We have already covered this topic of the ISIS-Israeli Axis in depth. For those of you new to **TomatoBubble.com** and **The Anti-New York Times**, you may want to bookmark the following ISIS index page - "The ISIS Is Fake Homepage" as we call it, and get up to speed.

This latest act of cultural vandalism by the ISIS-Israel Asis is heartbreaking. From the article:

"The monastery of St. Elijah, or Dair Mar Elia, stood for more than 1,400 years above a riverbed south of the city of Mosul, which the Islamic State seized from Iraqi forces in June 2014. The satellite photographs — taken by DigitalGlobe, a company with headquarters in Westminster, Colo. — showed that the monastery was razed in late August or September 2014, including the site's square complex of partly ruined rooms and a largely intact sanctuary that dated from the 11th century.

Yonadam Kanna, a Christian member of Parliament, said the destruction was further evidence of the Islamic State's goal of destroying Iraq's Christian identity, calling the site "one of the most historical" in the country. 'Nothing can compensate the loss of such heritage,' he said."

Interestingly enough, this wasn't the first such act of barbarianism that the forces of Zion and its wholly-owned "exceptional nation" on the other side of the earth had inflicted upon the ancient monastery. Later on in the piece, we learn:

"The outer wall of the monastery complex was damaged during the American invasion in 2003, and the site was briefly turned into a garrison of the 101st Airborne Division, commanded at the time by Maj. Gen. David H. Petraeus."

They turned it into a bloody barracks after damaging it?! May God have mercy on this "Christian nation".

Senatorial Scum McCain, Lieberman and Graham were big backers of Zionist-owned General Petraeus. These war criminals care as much about the protection of culture and history as they do for innocent human lives.

The hidden hand of genocidal Zionism that props up the mercenary scum known as ISIS couldn't possibly be any more obvious. This reality is accurately portrayed than in the propaganda leaflets that the Russians have been air-dropping all over the duped ISIS fighters in Syria. (See leaflets below) -- Another reason why the neo-cons hate Putin so much.

Russia jets and Syrian helicopters have been dropping "anti-Semitic" leaflets over ISIS and rebel-controlled areas, advising them to give up.

Boobus Americanus 1: *I read in The New York Times today that ISIS destroyed an 11th Century monastery.*

Boobus Americanus 2: *Damn barbarians! Israel is the only civilized country in that part of the world.*

"It iss Issrael that controlss the barbarianss of ISSISS - you frickin' cretins!"

(Sugar, try to use 'Islamic State'. ISIS is not compatible with your hissing speech impediment.)

NY Times: Migrants March Into Serbia

Photo By: Darko Vojinovic/Associated Press

Migrants entered Serbia from Macedonia on Saturday, near the Serbian village of Miratovac. The country is letting in people from Syria, Iraq and Afghanistan, the only ones it considers refugees. It is rejecting all others as economic migrants.

REBUTTAL BY

The Anti-New York Times

The above front-page image of invaders marching into Serbia is intended to tug at our heart-strings -- thus neutralizing our "xenophobia" over the unscreened and indigent hordes endlessly pouring into Europe and the United States. The women and children seen in the powerful photo distort the reality of what is actually an invading force consisting mainly of young males, and sex-crazed ones at that.

These manipulative images of marching migrants also give another false impression and raise a question that most have missed, and fewer still will dare to answer. You see, even healthy young males, let alone women carrying children in their arms, couldn't possibly just march into Europe from places such as Iraq, Syria and Afghanistan.

Syria to Serbia: 1200 miles -- Iraq to Serbia: 1500 miles -- Afghanistan to Serbia 2560 miles

Not only is the distance too far; but the weather and terrain are too harsh. And let's not even ask how the sub-Saharan African element of this insidious invasion has been getting across the 1000 mile death-trap known as the Sahara Desert. Yet, how many times have we seen these stage-managed scenes of marching migrants? Are the teary-eyed morons of Europe so enthralled by their endless soccer games that they cannot discern what should be the obvious questions that these very weird images raise:

1. Who transports the migrants to a place where they can realistically begin walking?
2. Who is paying these human traffickers?
3. To what end?

"Water....water...please, some water" --- oh the bloody drama!

Let's tackle the three questions just posed:

1. Who is transporting these migrants?

A Google-Search of the term 'Israeli human trafficking' turns up an eye-popping **1.2 MILLION** results (*surprise surprise*). Though they may not be the only ones engaging in this dirty business, the Israelis are certainly the most well-organized and dominant players. Let's face it, they are good at this kind of stuff.

Jewish traffickers dominated the slave trade -- and the "migrant" trade of today.

2. Who is paying these human traffickers?

Hungarian Prime Minister and whipping boy of the N.W.O., Victor Orban, just recently answered this question for us:

*“This invasion is driven, on the one hand, by people smugglers, and on the other by those (human rights) activists who support everything that weakens the nation-state. This Western mindset and this activist network is perhaps best represented by **George Soros**.”*

Hungarian Prime Minister Orban (right) has accused Jewish-Globalist Soros (left) of orchestrating the invasion.

3. To what end?

Simple! To forever wipe out national boundaries and physically replace the White race of Europe.

England / France

Anti-White brutality will only get worse as migrant numbers grow!

The answers are as simple as they are "under your nose" and "in your face". All one has to do is take a few moments to ponder over the strange photos relating to the migrant invasion and ask: "Why?" But the sheeple aren't capable. The Great One was indeed correct when he, in condemning the political situation of post World War I Europe, wrote:

"What good fortune for politicians that men do not think."

Right on chief, right on.

*Who transported these Asian and African armies all the way to Europe?
Why the staged marches for the final leg of the journey? --- Orban knows,
and so does TomatoBubble! (cough cough)*

Boobus Americanus 1: I saw a deeply moving photo in *The New York Times* today. It depicted families of walking migrants from Syria, Iraq and Afghanistan arriving in Europe.

Boobus Americanus 2: Wow! Amazing what people will endure to have a better life for themselves and their children.

(Sugar is still being held hostage by ISIS. Please donate to her ransom fund so we can get her back.)

NY Times: China Deepens Its Footprint in Iran After Lifting of Sanctions

By THOMAS ERDBRINK

REBUTTAL BY

The Anti-New York Times

Without intending to do so, this interesting and informative article illustrates, without saying it, just how much business American and European firms have lost out on due to the Israeli and neo-conservative fixation with sanctioning Iran for the fictitious development of nuclear weapons technology. Throughout the sanctioning decades, and even now in the post-sanctions era, Chinese companies have picked up all the business forbidden to western firms. Thanks Zionists!

Their big money and their hateful big mouths handed huge Iranian and Middle Eastern markets, projects and privileges to China.

From the article:

"Sanctions against Iran failed to halt the construction of the complex, a steel mill that went into operation in September and now churns out ingots and billets. The sanctions also did not stop Sheng Kuan Li, a Chinese businessman, from pouring \$200 million into the project.

Mr. Li is one of many Chinese investors who in recent years worked around the sanctions imposed on Iran by the United States and other world powers over Tehran's nuclear program.

His steel mill and other similar endeavors are the result of a strategic pact that gives China a much-needed western gateway to Middle Eastern markets and beyond, and that has saved Iran from international isolation and economic ruin.

On Saturday, both countries agreed to increase trade to \$600 billion in the coming decade."

1- "The Americans may not want to do business with you, but we do!"

2- A steel plant owned by Sheng Kuan Li, a wealthy Chinese businessman who has brought Chinese laborers to the site.

More testimony:

"Where we had to stand on the sidelines, the Chinese have been filling the void," said a European diplomat who spoke on the condition of anonymity to discuss strategic considerations. "They are way ahead of all of us."

Chinese ever-expanding footprint in Iran manifests itself in the many thousands of Chinese-made cars on the streets of Tehran. Investors and Chinese companies are active all over the country -- building highways, digging mines and melting steel.

In Tehran, the Chinese have been involved in the construction of an elevated expressway and the building of a tunnel, which at three and a half miles will be one of the longest urban tunnels in the world. The city's metro system was built with Chinese capital and Chinese engineers. The trains that run on it are also Chinese.

More:

"Westerners visiting the capital often wonder how we managed to pull off such ambitious projects during the heaviest sanction regime in history," said Mohammad Reza Sabzalipour, Iran's World Trade Center representative. "Well, we did it with the help of our Chinese friends."

In an open letter to the Iranian people, Chinese President Xi Jinping wrote:

"We are Iran's biggest trading partner for six years in a row. China has considerable strength in capital, technologies, equipment and other areas. Iran has rich resources, ample labor force and huge market potential, and it is in the crucial stage of industrialization and modernization."

Iran's other big petroleum customers, puppet South Korea and semi-puppet Japan, were persuaded by Zio-America to cut their purchases of Iranian light crude in half. China did not play along with America's bull-shine -- and will now reap the benefits. Thanks Zionists!

Russia's President Vladimir Putin China's President Xi Jinping and Iran's President Hassan have thwarted Bibi Satanyahu; but American and European firms have already lost out.

A final revealing excerpt:

"On Saturday, the Chinese president sat down with Iran's supreme leader, Ayatollah Ali Khamenei, who told him that "Iranians had never trusted the West." That was why Iran was seeking more cooperation with independent countries, Ayatollah Khamenei said, clearly indicating China."

Mr. Asgaroladi said Mr. Li had received financing through the Chinese government but did not say how that money made it to Iran. "We do a lot of bartering," he said. ... If all goes well, we will have a yearly output of 600,000 tons of steel," an assistant to Mr. Li said. In August, the plant — which has a private train, 700 mostly Chinese employees and a huge exhaust tower — was officially opened in the presence of Iranian and Chinese officials."

Good for Iran. Good for China. Bad for the West. Like Confucius say: "Country owned by Jews make dumb moves."

Thanks Zionists.

Have the cunning Zionists met their strategic match?

Boobus Americanus 1: *I read an article in The New York Times today about how China captured Iranian markets during the days of sanctions.*

Boobus Americanus 2: *We should have been having dialogue and doing business with Iran all along. Why didn't we?*

"Because the \$%#@^ #@# wouldn't let uss!!! That's why!!!"*

NY Times: China to Expel Peter Dahlin, Swedish Human Rights Advocate

By CHRIS BUCKLEY

REBUTTAL BY

The Anti-New York Times

From Venezuela to Russia to China to India to Thailand to Malaysia -- more and more states around the world have gotten wise to the **NGO (Non-Governmental Organization)** scam of sending agents to foreign countries to cause trouble under the guise of protecting "human rights", or promoting "democracy", or providing "aid", or "covering the news", or carrying our "missionary work", or whatever other clever phony cover the N.W.O. ghouls in Langley, Virginia can concoct. Whole NGO's and numerous individual trouble-makers are being bounced out of rebellious nations left and right. We here at the **Anti-New York Times** would prefer to see these specimens of vermin publicly hanged, but that wouldn't be prudent from a geo-political public relations standpoint.

Behind the mask of the high-sounding names and mushy mission statements, Satanic scum such as George Soros lurks behind the "humanitarian" NGO's.

The latest case to set the seditious scribblers of Sulzberger's Slimes to sobbing surrounds a sissified-looking Swedish "human rights activist" named Peter Dahlin. Being a Swedish "male", it's not surprising that Dahlin cracked so easily and sang like a bird under questioning by Chinese authorities. Especially sweet about this case is that the Chinese humiliated both pinko Petey and his western handlers by airing his confession on television!

From the article:

"Mr. Dahlin's abrupt expulsion from China followed rising concern from Western governments after he was shown on Chinese television confessing to misdeeds. He was detained the first week of January while trying to leave China for Thailand."

For the experienced decipherers here at **The Anti-New York Times**, a thorough 'reading-between-the-lines' of this piece tells us all we need to know -- and pass on to our readers. Unfortunately, the various libtarded loons, men-on-the-street, and geo-political novices who hear of these expulsions will believe that the governments of China (*and India, and Russia, and Thailand etc.*) are just brutal anti-Western tyrannies who oppose "human rights." Similar sob stories about journalists expelled from Germany, Italy, and even Latvia etc. appeared in the Piranha Press during the 1930's build-up to World War II.

HISTORY REPEATS

"Lies and slander of positively hair-raising perversity are being launched about Germany. Horror stories of dismembered Jewish corpses, gouged-out eyes, and hacked-off hands are circulated for the purpose of defaming the German Volk in the world for a second time, just as they had succeeded in doing once before in 1914. The animosity of millions of innocent human beings, peoples with whom the German Volk wishes only to live in peace, is being stirred up by these unscrupulous criminals. They want German goods and German labor to fall victim to the international boycott. It seems they think the misery in Germany is not bad enough as it is; they have to make it worse!"

"They lie about Jewish females who have supposedly been killed; about Jewish girls allegedly being raped before the eyes of their parents; about cemeteries being ravaged! The whole thing is one big lie invented for the sole purpose of provoking a new world-war agitation!"

- Adolf Hitler, March 28, 1933

At least this article does briefly present China's reasoning behind the expulsion of Ms. Dahlin -- albeit in an understated way and in a lower paragraph (*typical*). Quoting the Slimes, quoting a Chinese news agency:

"Western anti-China forces had planted Dahlin and some other people in China to gather negative information for anti-China purposes, such as smear campaigns," Xinhua, China's official news agency, said last week."

The world has truly turned upside down when the "Communist" Chinese, Russian and Iranian news services consistently make more sense and now hold more credibility than "the mainstream media" of America and Europe. Good on peaceful

and market-oriented "Communist" China for smoking out this little Swedish rat, humiliating him, and expelling him.

Go home and start protecting the "human rights" of the beautiful women of Sweden from Soros' Turd World "migrants" -- you half-a-faggot commie sneak!

Boobus Americanus 1: *I read an article in The New York Times today about how China humiliated and expelled a Swedish human rights worker.*

Boobus Americanus 2: *China's record on human rights is disgraceful. One has to admire the courage of these human rights activists.*

"You sstupid \$#@^!!! It's not 'courage' that motivates them. It's Ssoross's cassh!"

NY Times: A Woman on the \$10 Bill, and Everyone Has 2 Cents to Put In

By JACKIE CALMES

Hamilton to be replaced by Ms. ???

REBUTTAL BY

The Anti-New York Times

The total P-word-ification of America may not have reached Swedenesque proportions; but rest assured, it's getting there. The feminization process marches

on with plans for a Year 2020 roll-out of new \$10 bills with the mug of a yet-to-be-determined female on the front. The lovely cast of nefarious nominees for this honor of replacing the "dead White Guy" **Alexander Hamilton** (*no loss there!*) are: Yankee Civil War spy **Harriet Tubman**, early Feminist **Susan B. Anthony**, Communist lesbian First Lady **Eleanor Roosevelt**, and Communist agitator of "back of the bus" fame, Red **Rosa Parks**.

Yikes! That ghastly group of growling gals is enough to make us miss Central Bankster Alexander Hamilton! --- I'll take two fives, please.

The man behind this silly scheme and the one who will make the final choice is Treasury Secretary **Jacob Lew** (*cough cough*). It is strange that Lew has chosen to dump Bankster Golden Boy Hamilton from the \$10, instead of the legendary killer of the Central Bank, **Andrew Jackson**, from the \$20. But the article *may be* hinting that the Jackson \$20 will be altered instead (*or, one day, in addition to*). Excerpts from the article:

- *"The comments showed Jackson to be as reviled as Hamilton is revered, reviving an argument that the \$20 bill should be redesigned before the \$10 note."*
- *"The \$20 bill is more numerous by far than the \$10 note, and the common currency of the ubiquitous A.T.M. For a woman to be put on the \$10 note instead suggests women are of lesser worth, some people complained."*
- *"The bigger issue, however, turned out to be Hamilton versus Jackson. Many respondents asked: 'Why displace Hamilton, the first Treasury secretary and the architect of the American financial system, rather than eject Jackson from the \$20 bill given his opposition to national banking?'"*
- *"A group called the Alexander Hamilton Awareness Society began a social media campaign to #SaveHamilton on the \$10 note. Rand Scholet, the group's founder, said in an interview that while Treasury's initiative "is very laudable," the reaction among Hamiltonians is, 'How can a current secretary of Treasury displace or diminish the first secretary of Treasury?'"*

- *"The Treasury Department could not have anticipated that in the face of this dispute the musical "Hamilton" would become a Broadway smash, further elevating its subject. Mr. Lew took his wife to the show in August ... and met the cast backstage."*
- *"A woman's portrait could replace Jackson's the next time the \$20 note is redesigned."*

Dumping Andrew Jackson and replacing him with a woman would be a double-score for the cultural Marxists -- triple score if the "White Man" Jacob Lew chooses a Black woman (*Tubman or Parks*). We shall see if, as the result of ginned-up "pressure", Hamilton is eventually spared while Andrew the Great gets chopped. Lew's attendance at the Broadway play 'Hamilton' may, *or may not be*, a sign of things to come.

Popular plays showing on Jewish Broadway tell us how The Tribe feels about Hamilton and Jackson. Indeed, Hamilton whose step-father was Jewish, was educated at a Jewish school in the British West Indies and also spoke Yiddish.

To the uninitiated, Lew's stunt may seem like a trivial case of libtarded "Political Correctness" run amok. But it is neither trivial, nor the result of "insanity". Putting aside the fact that the intriguer Hamilton was a tool of London -- planners like Lew know *exactly* what they are doing by tearing down the accomplishments of White men, and artificially puffing up the stature of Communist non-Whites and females. The War on 'The White Man', which includes P-whipping and subordinating him to women, is very real and very dangerous to the survival of civilization -- and this is just the latest manifestation of that war.

Marilyn Monroe, Raquel Welch, Farah Fawcett, Cindy Crawford

*The **Anti-New York Times** would like to propose a sensible compromise -- ditch the wretched-looking neurotic Communist hags and put one of the above ladies on the \$10 bill.*

***Boobus Americanus 1:** I read an article in *The New York Times* today about the new \$10 bills coming out in 2020. They are going to put a woman on it.*

***Boobus Americanus 2:** I think that's wonderful.*

"And I think you're a ssubmissive girly man -- and a frickin' soon-to-be-extinct idiot to boot!"

NY Times: Pardon Plea by Adolf Eichmann, Nazi War Criminal, Is Made Public

By ISABEL KERSHNER

Israel released the handwritten letter by Mr. Eichmann in which he denies guilt, saying Nazi officials like him were “mere instruments in the hands of leaders.”

REBUTTAL BY

The Anti-New York Times

Play it Lamb Chop:

This is the song that never ends

It just goes on and on my friends

Some people started singing it not knowing what it was

And they'll continue singing it forever just because...

This is the song that never ends (repeat to infinity)

Yes, the annoying Holohoax jingle is not only "the song that never ends" -- it actually seems to be getting even *more* playing time as the years pass. Might this massive front-page manure spread across Sulzberger's toilet sheet be a sign of desperation -- a reaction to an institutionalized lie that is beginning to crumble? Let's hope so!

The story of "Nazi War Criminal" Adolf Eichmann is a particularly sad one. Fifteen years had passed since the end of the war when SS Colonel Eichmann of Auschwitz fame was kidnapped in Argentina by Mossad agents. The charlatan "Nazi Hunter" Simon Wiesenthal played an important role in the kidnapping. Wiesenthal had learned that Eichmann had been seen in Buenos Aires and he passed along that information to the Israeli government. When Eichmann's father died in 1960, Wiesenthal made arrangements for private detectives to secretly photograph members of the family at the funeral, as Eichmann's brother Otto was said to bear a very strong resemblance and there were no current photos of Adolf.

Sorry, kid. Mr. Wiesenthal wants your daddy dead!

Wiesenthal then provided the photographs to the Mossad. After being stalked for weeks, Israeli agents finally grabbed Eichmann on his way home from work one day. We can only imagine how upsetting his disappearance must have been for Mrs. Eichmann and the four Eichmann children (*mostly grown, but the youngest being just five*). The innocent Eichmann (*we say innocent because we know the Auschwitz story is 100% bull-shine*) was sedated, dressed-up as a flight attendant, and smuggled out of Argentina on the same plane that had just recently carried Israel's delegation to the official 150th anniversary celebration of Argentina's independence from Spain. Sneaky bastards!

The Israeli kangaroo court found him guilty. Eichmann's understandably groveling letter of "apology", claims of just being a "low level functionary", and pleas to spare his life from his soon-to-be-widowed wife all fell on deaf ears. In 1962, Eichmann was hanged.

Dead man walking --- Sulzberger's Slimes gloating.

The article explains that to commemorate the 71st anniversary of the liberation of Auschwitz by the Soviet Red Army, the "recently discovered" (*as in just two weeks ago!*) letter was just released. Eichmann's alleged letter seems contrived in such a way as to prop up the diminishing credibility of the Holohoax Fairy Tale. From the article:

"In the letter requesting a presidential pardon, Eichmann wrote, "It is not true that I was personally of such a high rank as to be able to persecute, or that I myself was a persecutor in the pursuit of Jews."

*He continued, "I declare once again, as I did in the presence of the court: **I detest as the greatest of crimes the horrors which were perpetrated against the Jews** and think it right that the initiators of these terrible deeds will stand trial before the law now and in the future."*

Whether or not the Eichmann letter was recently faked or not is of secondary importance. There is already more than enough evidence to debunk the Holohoax. What matters is that seekers and tellers of truth must continue to chip away at this Monster Lie, and all the other lies about the grand history-altering event known as World War II -- The Bad War.

- 1- Eichmann's "victims" seemed clean and well-fed at time of liberation.
- 2- Yakov Tzur testimony, March 2009: "I played soccer games at Auschwitz in 1944"
- 3- Cinemas, orchestras, plays, a swimming pool --- That's what they hanged Colonel Eichmann for?

Boobus Americanus 1: *I read an article in The New York Times today about a recently discovered letter written by Adolf Eichmann. The monster had the nerve to beg the court to spare his life.*

Boobus Americanus 2: *The nerve! Six million jews gassed to death and he expected mercy?*

**NY Times: Indian Women Seeking Jobs Confront Taboos
and Threats**

By ELLEN BARRY

The Indian Constitution guarantees equality under the law. But for women facing a patriarchal social order, strict caste rules and centuries of traditions, that guarantee means little.

AND...

**NY Times: We Will Not Apologize: Chronicling the Defiant
Women of India**

By ELLEN BARRY

REBUTTAL BY

The Anti-New York Times

In this issue, Sulzberger's Slimes unleashes a double-barrel assault on India with a pair of propaganda blasts penned by Pulitzer Prize winner (*red flag!*) **Ellen Barry** (*cough cough*). Ms. Barry has been Sulzberger's South Asia Bureau Chief in New Delhi, India, since August 2013. Previously she served as head troublemaker for the Slimes' Moscow Bureau, (*from March 2011 to August 2013*).

***The manly-looking CIA bitch (or is it bastard?) dumped on Putin for years.
She / He / It now spews anti-Indian journalistic filth from New Delhi.***

The latest rant against India (*the 'I' in Putin's BRICS trade bloc*) centers around its attitude towards women in the workplace. From one of the articles:

"Women in India are struggling to enter the work force, despite a prolonged economic expansion, rising education and declining fertility."

Those poor Indian gals. They are really missing out on the pleasures of hours of long commuting, cubicle confinement, office politics, stress-filled days, deadlines, sexual advances by creepy male co-workers, and coming home late to an empty apartment and a microwave dinner. Whatever the social or work situations regarding women may be in India, the fact is, India is still a much more traditional society than the West -- one in which stay-at-home motherhood is not looked down upon by hideous hags like Ms. Barry. To feminists, women are disposable economic units to be herded into the "workforce" and exploited for taxes and "consumption".

We will not dig any deeper into the women's work situation in India for three reasons: 1. We don't care, 2. We are not experts on Indian social life, and 3. That's not what Barry's attacks are about, anyway. But before we get into the real reasons for the India-bashing, let us say that it appears as though Ms. Barry is 'cherry-picking' specific cases because India is a country that not only has many women working in all sorts of capacities, including highly professional positions, but has also had a woman Prime Minister. India ain't Saudi Arabia! (*our "ally"*).

1- Female Indian doctors perform surgery

2- Prime Minister Indira Gandhi

3- Many millions of women hold jobs in India. What's Ellen Barry talking about?

India's enormous potential, developing economy, nuclear arsenal, and close ties with China and Russia are all factors that have emboldened its independent-minded

leaders. Western NGO's are now being monitored and, in some case, expelled. The Ford Foundation, for example, recently became the subject of an investigation by the Ministry of Home Affairs after the state of Gujarat accused it of “abetting communal disharmony” (*color revolutions*). Restrictions have been placed on foundation bank accounts and, get this -- the Indian government will have to approve any new grants. (*ha ha!*)

Like Putin of Russia and Jinping of China, Modi's strong hand in dealing with subversive western NGO's has provoked the ire of the Globalists. India's excellent relations with Iran, membership in BRICS and SCO, and unwillingness to cut "carbon emissions" are other examples of a worldwide breaking down of the "unipolar world". And THAT is why Sulzberger's nasty little Yellow Journalist Ellen Barry now spews venom from the India bureau of the New York Slimes.

1 & 2 - Sending a message: Indian military units were invited by Putin to march in Moscow's Victory Day parade.

3 - Even during the dog days of heavy Globalist sanctions against Iran, India never abandoned its controversial trading partner.

Boobus Americanus 1: *I read an article in The New York Times today about how women in India face a difficult time getting into the workforce.*

Boobus Americanus 2: *It's amazing how in this day and age women still face a glass ceiling in what purport to be democratic countries.*

"Hey %\$#@ for brainss! How many women Presidentss has America had?"

(Well, many observers believe that Moochelle Obongo rules the White House -- but does a mutilated trannie in the shadows qualify as a woman President?)

REBUTTAL BY

The Anti-New York Times

Zika - Zika - Zika - Zika. It's a replay of Ebola Mania - this time, in Brazil, and just as the build-up to the 2016 Rio Olympics gets under way. Hmmmmmm.

Since the days of the anti-Hitler propaganda surrounding the 1936 Berlin Olympic Games, geo-politics has often been injected into the quadrennial spectacles that are the Summer Olympic Games, the Winter Olympic Games, and the World Cup of Football (*Soccer*). With such a massive global audience glued to their TV's and radios, attempts to play politics are inevitable.

Examples:

1936: Berlin Summer Olympics: The hyped-up **myth** of Hitler "snubbing" Black American champion, Jesse Owens.

1968: Mexico City Summer Olympics: American Black Sprinters Tommie Smith and Juan Carlos raise their fists in a Black Power salute as the National Anthem plays.

1972: Munich Summer Olympics: False flag attack said to have been carried out by Palestinian terrorists kills 11 Israeli athletes.

1936 - 1968 - 1972

1980: Moscow Summer Olympics: U.S. leads a boycott to protest the Soviet Union's invasion of Afghanistan (*provoked by Brzezinski and the CIA*).

1984: Los Angeles Summer Olympics: The Soviet Union retaliates for the 1980 boycott by boycotting America's hosted games.

2006: Football World Cup / Germany: Before each game, European footballers are made to hold banners reading "Say No to Racism"

1980 - 1984 - 2006

2008: Beijing Summer Olympics: With George W. Bush in attendance, the U.S. puppet state of Georgia attacks Russian territories just as the Opening Ceremonies begin. Putin is forced to return home and order a counter-offensive.

2014: Sochi, Russia Winter Olympics: American sports-caster Bob Costas delivers a prime time rant against Russia's "human rights" record; the German national team attends ceremony wearing rainbow themed outfits, and the Ukrainian President is overthrown by a CIA-engineered coup just as the game are wrapping up.

2014: Football World Cup / Brazil: Pre-tournament "accidents" and "spontaneous" protests already frame the event in a negative light. The host nation of football-crazy Brazil is humiliated by a unprecedented score of 7-1 in the final match against Germany -- a debacle that was clearly rigged in advance.

2018: Football World Cup / Russia: Pressure builds on FIFA to remove the 2018 games from host Russia / a "scandal" takes down FIFA President.

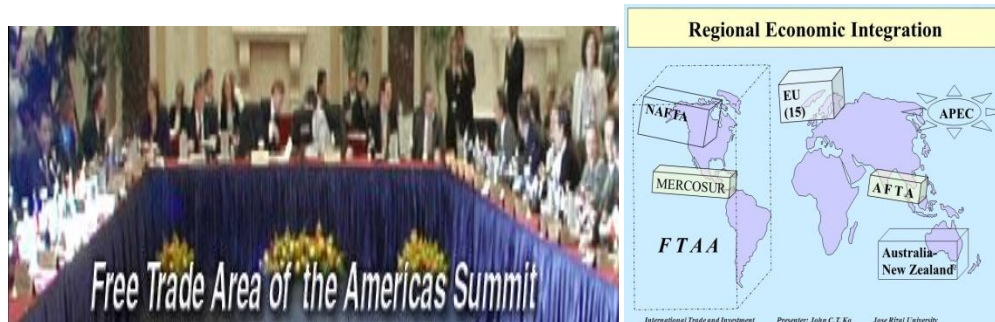

2008 - 2014 - 2014 - 2018

The next big event will be the 2016 Summer Olympics, set to take place in August, in Rio de Janeiro, Brazil -- the "B" in Putin's BRICS and, as such, a frequent whipping boy of Sulzberger's Slimes. Host nations invest a lot of money and pride in these showcase events - which is why Sulzberger's Slimes started sniping at the Rio Olympics as early as two years ago. Why has Brazil become a problem for "the usual suspects", you ask?

THE 'SINS' OF BRAZIL

By combining with the since-departed (*poisoned?*) **Hugo Chavez** of Venezuela, and also with Argentinian President **Cristina Fernandez de Kirchner**, to *kill* the Globalists' dream of establishing the **FTAA (Free Trade Area of the Americas)**; Brazilian President **Lula DaSilva** and his hand-picked successor, **Dilma Rousseff**, defied the New World Order in a big way.

Big Brazil (along with Venezuela and Argentina) killed the FTAA - a cherished Globalist project that was intended to grow into the Western Hemisphere's version of the European Union.

Adding insult to injury, the South American giant then joined **Vladimir Putin's** trade bloc, BRIC (*now BRICS, Brazil, Russia, India, China, South Africa*). And to top it all off, Brazil's condemnation of Israel's treatment of Palestinians and **its**

steadfast refusal to impose trade sanctions on Iran, with which Brazil does a lot of business, really 'pisses off' the Zionist wing of the Globalist PRC (*Predatory Ruling Class*).

Let there be no doubt, and even the Western 'mainstream media' confirms this, relations between the U.S./Israel Axis and Brazil are not good! Indeed, many Brazilians were offended when President Rousseff was treated coldly during her 2012 visit to the White House. Obongo didn't even give her the customary State Dinner!

President Dilma Rousseff's involvement with Putin's BRICS trade bloc has incurred the wrath of the Globalists. During a White House visit, she was deliberately disrespected by Puppet-Boy Obongo. This did not go unnoticed in Brazil.

Brazil's excellent relations with Iran, in open defiance of U.S. & Israeli demands, is another reason why "the powers that be" want "regime change" in Brazil.

Brazil is really beginning to 'feel its oats' -- and the Globo-Zionist Axis of Tyranny doesn't like it. Recent pieces published by the International Russian News Service 'Sputnik' carry some very telling headlines:

- **New Israeli Ambassador is Not Welcome in Brazil**
- **Looking 'Beyond South America': Brazil Hopes to Become True Global Power**
- **Russia Maintains Good Relations With All Political Forces in Brazil**

And now, with a major showcase event approaching this summer, a deadly (*so they say*) mosquito-born disease emerges *out of nowhere*. Cue Church Lady of 1990's Saturday Night Live fame in 3...2...1...

How conveeeneint that a new mosquito-born disease should suddenly pop-up to "threaten Brazil" and its upcoming Olympics.

The case for conspiracy is not just based upon the odd timing and sudden appearance of Zika. Now comes word from "mainstream media" that the disease was created in a laboratory! From 'The Daily Mirror' (*London*):

"Was Zika outbreak caused by release of genetically modified mosquitoes in Brazil?"

"The Zika virus outbreak currently gripping the Americas could have been sparked by the release of genetically modified mosquitoes in 2012, critics say.

The insects were engineered by biotechnology experts to combat the spread of dengue fever and other diseases and released into the general population of Brazil in 2012.

But with the World Health Organisation (WHO) now meeting in Geneva to desperately discuss cures for the Zika virus, speculation has mounted as to the cause of this sudden outbreak.

The Zika virus was first discovered in the 1950s but the recent outbreak has escalated alarmingly, causing birth defects and a range of health problems in South and Central America.

The first cases were reported in Brazil last May with up to 1.5 million people now thought to be affected by the virus which is spread by mosquitoes endemic to Latin America."

Do not doubt, even for one minute, that these psychopathic Globo-Zionists would not be capable of pulling off a stunt like this. Their advanced technology is known to exist as is their demonic spirit. World War III has actually been raging against the BRICS nations for years now, and it is not just a "Cold War". Actual physical casualties continue to mount in the form of attacks on Chinese citizens (*knife-wielding CIA-Uighur terrorists and mysterious chemical plant explosions*); attacks on Russian citizens (*Chechen terrorists, downed airliners; and "meteor strikes"*); and now, mosquito-born bio-warfare against uppity Brazil.

If history is any indicator, the run-up to Brazil's Olympics promises to be full of more surprises -- and some of them may be deadly.

Whether Zika turns out to be another Ebola-type exaggeration, or a truly deadly virus, remains to be seen. But we can say with absolute certainty is that Zika will be used to destabilize Brazil and damage its Olympic Party.

Boobus Americanus 1: I read an article in *The New York Times* today about that Zika virus. Brazil might have real problems with this.

Boobus Americanus 2: And they invested so much money into this year's Summer Olympics. What rotten timing for something like this.

"Actually, the timing iss purrrrrfect when you conssider the geo-political ssituation."

(That was funny, Sugar. And clean too!)

NY Times: U.S. Fortifying Europe's East to Deter Putin

By MARK LANDLER and HELENE COOPER

President Obama plans to increase the deployment of heavy weapons and other equipment to NATO countries in Central and Eastern Europe.

REBUTTAL BY

The Anti-New York Times

The monstrously mendacious manure that Sulzberger's Slimes smears across its the front page each day isn't always their own home brew. Often time, as in this particular article, the big lie originates elsewhere and the Slimes simply allows it to go unchallenged.

That is how the 2002 lie of Saddam Hussein's "Weapons of Mass Destruction", and the resulting war, was sold. Slimes scribblers such as the odious Judith Miller (*cough cough*) seldom made the ridiculous allegation themselves. Instead, they just prominently featured the false claims of Bush-Cheney-Rumsfeld-Rice-Wolfowitz-Powell and other "experts" and sources "speaking on condition of anonymity" et al. -- without counter-balancing them with the ample evidence that existed to the total contrary.

While Colon Bowel peddled his deadly lies at the U.N., the top brass at The Slimes "heard no evil, saw no evil, and spoke no evil."

Regarding this latest provocation of Russia, well, you see, it isn't actually The Slimes providing the phony rationale. Technically speaking, it's Obongo and his henchmen. Therein lies the clever journalistic trick of allowing someone else's lies to pass unchallenged, and washing your hands of it when you know damn well it is all a pack of damn lies.

The crooked keyboard crunchers at The Slimes won't challenge Obongo's lies -- but we here at **The Anti-New York Times** will. From the article:

*

Slimes: President Obama plans to substantially increase the deployment of heavy weapons, armored vehicles and other equipment to NATO countries in Central and Eastern Europe, **a move that administration officials said was aimed at deterring Russia from further aggression in the region.**

Rebuttal: "Further aggression?" In order for there to be "further aggression", there had to have been a past aggression. Russia has neither invaded anyone, nor bombed anyone, nor threatened anyone, nor armed any puppet states to threaten Western Europe. To the contrary, it was the illegal U.S. puppet regime installed in Kiev that cracked down hard on the pro-Russian eastern Ukrainians.

McCain the Insane triggered violence in Ukraine. Rather than explain, The Slimes chose to refrain.

Slimes: Administration officials said the additional NATO forces were calculated to send a signal to President Vladimir V. Putin that the West remained deeply suspicious of his motives in the region.

Rebuttal: Putin's "motives" involve protecting Russia from further NATO encroachment. The only "signal" being sent by Obongo-NATO says: *"Come on, Putin. Hit me! I dare ya!"*

Slimes: This is not a response to something that happened last Tuesday,” a senior administration official said. “This is a longer-term response to a changed security environment in Europe. This reflects a new situation, where Russia has become a more difficult actor.”

Rebuttal: The U.S. expanded NATO right up to Russia's border, overthrew the duly elected President of Ukraine and replaced him with a warmongering puppet; waged war on Donbass, imposed sanctions on Russia, cut off Crimea's power, funded subversive NGO groups within Russia, armed Chechen terrorists, baited Russia into Syria -- and this "senior administration official" tells the accommodating Slimes that *Russia* is the "difficult actor" --- wow!

Slimes: But outside analysts were surprised by the magnitude of the increase in military funding for Europe, “*This is a really big deal, and the Russians are going to have a cow,*” said Evelyn N. Farkas, who until October was the Pentagon’s top policy official on Russia and Ukraine.

Rebuttal: A very telling comment! Obongo is arming his East European puppets to the point where “*the Russians are going to have a cow*” , eh? Who's the *real* aggressor?

*

The unquestioning article goes on and on quoting Pentagon officials and "analysts" about the need to deter Putin's "ambitions" and his desire to "expand Russia's influence outside its borders" --- blah-blah-blah. It may be a horrible bit of journalism, but again, technically speaking, reporters Landler and Cooper didn't lie. Like "interviewers" for a late-night TV "infomercial", the devious duo simply played the role of the 'straight man' while the "officials" spewed the actual lies.

HOW TO LIE WITHOUT ACTUALLY TELLING A LIE:

1- "So, you're saying that your plan will free us from debt, cure breast cancer, make us millionaires overnight, make us prettier, and add 50 years to our lives? Interesting."

2- "So, you're saying that Putin is threatening to bring back the Soviet Union, invade Europe, and nuke America? Interesting."

Boobus Americanus 1: *I read an article in The New York Times today about how the Obama administration is deterring Putin by building up the military might of our allies.*

Boobus Americanus 2: *It's the smart move. If only Hitler had been stopped at Munich -- World War II could have been avoided.*

"And if only your bar-hopping mother had been sstopped after one beer -- you could have been avoided."

(Sugar, you are an absolute embarrassment to this organization.)

**NY Times: Marco Rubio Campaign Dispatches Its Army
and New Lines of Attack**

By JEREMY W. PETERS

Senator Marco Rubio's campaign appears to be leaving little to chance in New Hampshire, aware that a lackluster result would greatly diminish him as he hopes to consolidate Republican support.

REBUTTAL BY

The Anti-New York Times

The traveling QFS (*Quadrennial Freak Show*) rolls on into New Hampshire. With Jeb Bush reeling and the creepy and odious Ted Cruz correctly deemed to be unelectable, the Establishment powers-that-be of the Republican't Party are now placing their chips behind Boy Wonder Marco Rubio as the anti-Trump. From the article:

"Wall Street financiers (cough cough) are increasingly moving to support Rubio, as disclosures this week by a "super PAC" backing him made clear."

Fearful of attacking 'The Donald', slick Marco is turning his guns against two lesser rivals who have expended considerable time and resources in New Hampshire -- Gov. John R. Kasich of Ohio and 9/11 cover-up specialist after-the-fact (*as a US Attorney*), Gov. Crispy Creme Christie of New Jersey. The post-Iowa / pre-New Hampshire primary election counter-attack that Rubio lobbed at Mr. Christie poked fun at his poor showing in Iowa:

"I think Chris has had a tough couple of days. He did very poorly (in Iowa) "

Boy Marco had better be careful in tangling with an Irish-Italian from 'Joisey'. We do like to hit back! New Jersey's 'The Record' newspaper, and many others, have quoted Crispy Creme's oddly repetitive rant, which started the tit-for-tat, against little Markie Mark:

*"I'm not **the boy in the bubble**. We know who **the boy in the bubble** is up here. So when Senator Rubio gets here, when **the boy in the bubble** gets here.....Let's get **the boy in the bubble** out of the bubble.... and again, "This is the election for the President of the United States. "Let's get the **boy in his bubble** out of his **bubble**."*

By using the phrase "boy in the bubble" *five* times, and the word "bubble" six times, in a single brief rant, Crispy Creme spawned a wave of headlines. Here are just a *few* of them.

- **Washington Post: Christie Belittles Rubio as 'the Boy in the Bubble'**
- **CNN:Christie Attacks Rubio as a 'Boy in the Bubble'**
- **CBS: Chris Christie: Marco Rubio is Like 'Boy in the Bubble.'**
- **Newsweek: Why Did Chris Christie Call Marco Rubio 'The Boy in the Bubble?'**
- **Mediaite: Chris Christie Literally Can't Stop Calling Marco Rubio 'Boy in the Bubble'**

Was the brash-talking bully from Jersey cryptically alluding to something Rubio first mentioned in his own book, 'An American Son'?

'Huffington Post: Rubio once ruined shoes at a foam party.'

*"Rubio writes that one night, his now-wife, Jeanette, told him that if he went out to a nightclub that evening, their relationship would be over. He went anyway to a **"foam party,"** where he writes that he "watched the foam descend from the ceiling ... a sight to behold."*

As a pair of Joisey 'wise-guys' ourselves, Sugar the Cat and your Editor-in-Chief here at **The Anti-New York Times** are convinced that Crispy Creme knew *exactly* what he was doing when he linked Markie Boy to "bubbles". Tip of the hat to fine investigative journalist Wayne Madsen, whose recent piece we now borrow from:

(Note: Rubio also admitted, on late night TV, that he attended "foam parties".)

Madsen:

"Republican insiders have reported to WMR that Florida Senator and presidential candidate Marco Rubio was, as a high school and college student, known to be a very extroverted homosexual in both South Beach in Miami, a popular gay area, and at college in Gainesville, Florida."

"In 1989, a year before Rubio was arrested with his friend Angel Barrios and another unidentified male friend in Alice Wainwright Park in south Miami, ostensibly for drinking beer in a car after closing time in a park known as a pickup locale for gays, Rubio sang and danced in a South Miami High School troupe. The song and dance troupe was based on the Chippendales but with a very gay theme: half Chippendales and half Village People. Rubio omitted his participation in the dance troupe in his biography, 'American Son.'"

"After flunking out of Tarkeo College in Missouri, Rubio returned to Miami where he hung around with his old high school friend Barrios. Barrios started an on-line gay porn business called Flava Works, which is still in business today live streaming sexual acts between black and Latino men."

"After graduating from the University of Florida, Rubio attended the University of Miami Law School. In 1995, Rubio claims he met his wife, Miami Dolphins cheerleader Jeanette Dousdebbs at a "foam party" in South Beach. There is one thing wrong with Rubio's story: foam parties in South Beach were almost exclusively gay events held at gay clubs like "Warsaw Ballroom" and "Amnesia," the latter name befitting some of Rubio's memories of his time in Miami.

1- Marco Rubio, 1989, dancing and singing in a South Miami troupe that combined the Chippendales with The Village People.

2- Miami homosexual foam party --- Madsen believes that young Rubio is in the photo.

Madsen (continued):

"The following is a description of foam parties in a Miami New Times article by reporter Steven Almond, titled "Foam Sex," published in the June 8, 1995 issue:

"The scene generally features several hundred scantily clad bodies packed onto a dance floor and writhing to bone-rattling music under strobes and colored lights. Nothing new, right? Until suds come gushing out of a machine suspended over the dance floor. As if on cue, various forms of passionate embrace begin. Kissing. Petting. Rubbing. Because the foam froths up waist high, it acts both as a lubricant and camouflage. Mutual masturbation is an occasional component, generally beneath the cover of foam. As the evening wears on, a few men pair off and sit together in the foam that builds up outside the partitioned-off area.

At 'Amnesia,' emcee Kitty Meow, a drag queen, would officiate over the foam parties, directing participants what to do. Some foam party participants only wore jock straps."

Bubble Boy indeed! Ha ha ha ha --- touche fatboy, touche!

The **Protocols of the Learned Elders of Zion** (*circa 1900*) ominously spoke of how the Jewish controllers should groom puppets with a dark black-mailable stain in their past. Given that we already *know* that chosenite billionaires Norman Braman, Paul Singer and the aforementioned Wall Street financiers own Rubio; a homosexual skeleton in Markie Mark's closet fits in with the puppet-program just perfectly. The Jersey Fatboy knows this, but don't expect him to push the bubble jokes *too* far. He has his own dark secrets.

When young Florida State Representative Rubio was broke and in debt, Zionist billionaire Norman Braman (shown giving 'thumbs-up' to Rubio) set up a part-time college teaching job for Rubio and also gave Rubio's wife a no-show job. Bubble Boy was quickly fast-tracked to Speaker-of-the House, and then U.S. Senator.

Boobus Americanus 1: *I read an article in The New York Times today about how Marco Rubio is attacking Chris Christie.*

Boobus Americanus 2: *I saw that. Christie then called him "Bubble Boy".*

"It would take a tanker full of Tide detergent to make enough foam to cover Chriss Christie's fat ass."

(I don't think Crispy Creme swings that way. But I could easily envision Obongo and Markie Mark gettin' nasty beneath the bubbles.)

NY Times: Everyone Loses if Britain Exits the E.U.

THE EDITORIAL BOARD

REBUTTAL BY

The Anti-New York Times

Andrew Rosenthal, that shadowy little Wicked Weasel of Oz who poses as "The Editorial Board", directs his megalomaniacal megaphone eastward today to lecture Britain about the importance of remaining in the European Union. Of course, as was the case with the rumored "Grexit" (*Greece-Exit*) which never materialized, there really isn't any chance of Rothschild's Island ever escaping the oppressive yoke of the E.U..

The recent verbal peas shot at Brussels (*EU Capital*) by the likes of committed Globalists such as the Frumpy Frau of Germany, big-mouth Renzi of Italy, and commie Cameron of Britain are nothing more than cosmetic attempts to pacify the growing public anger toward the E.U.'s policy on "migrants". It's the same trick that career U.S. politicians play when they rail against Washington DC. The scam plays just as well with *Boobus Europithicus* as it does with *Boobus Americanus*.

Of course, Rosenfeces knows it is all just a sick game. The Editorial just adds to the illusion. **The Anti-New York Times** dissects, translates and rebuts the latest bit of Globalist propaganda from "The Editorial Board":

*

Be neither afraid nor impressed by all the smoke and noise. It's only a pathetic little word-smith typing out lies from behind the curtain.

Rosenthal, Editorial Board: The prospect of a British exit from the European Union has been around for a long time.

Rebuttal: Correction! The carefully-crafted *illusion* of a potential British exit from the European Union has been around for a long time.

Rosenthal, Editorial Board: Britain never fully warmed to the idea of the European Union... and the “euroskeptics” clamoring to get out give the impression that nothing the union could offer would sway them.

Rebuttal: False. As headquarters of the Rothschild Crime Syndicate, it was from *London* that the drive to create a European Union *originated*. That's why Globalist elements in Britain started two wars against nationalist Germany. Evidently, Rosenslime expects us to believe that Belgium established the EU.

The Globalists of the London-based Royal Institute of International Affairs, aka Chatham House, and its sister 'think-tank, the Council on Foreign Relations (New York), were the ones who created the European Union. The lying snake Rosenthal (a CFR member!) expects us to believe that Britain "never fully warmed to the idea of the European Union".

Rosenthal, Editorial Board:... and the “euroskeptics” clamoring to get out give the impression that nothing the union could offer would sway them.

Rebuttal: The term “euroskeptics” is a childish term of propaganda. One could just as easily refer to the Unionists as "sovereigntyskeptics" of "freedomskkeptics."

Rosenthal, Editorial Board: A referendum on British membership has been promised by Prime Minister David Cameron and will go before British voters as early as June. A vote to withdraw, or a “Brexit,” would deal a serious blow to a European Union already battered by an economic crisis and an immigration crisis.

Rebuttal: The Globalists would never allow such a referendum to take place unless they knew that a majority of dumbed-down Brits and pro-E.U. immigrants could be kept in the unification camp. The referendum will serve to let off some steam and actually *solidify* the E.U. when the “euroskeptics” lose.

Rosenthal, Editorial Board: With all that in mind, the European Council president, Donald Tusk, released a proposal on Tuesday to modify Britain’s obligations to the bloc that he says goes “really far in addressing all the concerns raised by Prime Minister Cameron.”

Rebuttal: See the trick here? E.U. big shot Tusk will make it look like tough guy Cameron strong-armed the E.U. into making "concessions" to Britain. The “euroskeptics” will then come off looking like bitter whiners for still opposing the E.U. even after Tusk "addressed their concerns".

1 - UK's leading "Euroskeptic" Nigel Farage was nearly killed in a plane crash in 2010, and then again in a car crash in January, 2016.

2 & 3 - Austrian "Euroskeptic" Jorg Haider, killed in a 2008 car crash, was not as fortunate.

The recent car crash and the "concessions" to Cameron should be enough to keep Farage at bay.

Rosenthal, Editorial Board: Mr. Tusk's plan would create a special mechanism to protect non-euro members — Britain never adopted the euro and proudly uses its own currency — from any unfair advantage eurozone countries may have. It would allow Britain to reduce welfare payments to non-British European citizens living in Britain. It would formally recognize the “opt-out” clause that allows Britain to reject some European Union measures, such as taking in a set quota of refugees. And it would acknowledge Britain's right to sovereignty.

Rebuttal: Empty resolutions. The fact that Tusk's plan will allow Britain to take certain actions doesn't stop the left-wing British government from doing those things on their own, anyway. For example, say the E.U. demands that "sovereign" Britain take in 500,000 migrant marauders in 2017. Cameron can then make a public show of citing the "concessions" that he won for Britain and say "*Hell no!*" - and then take in "only" 300,000 after the Dog & Pony Show has played out.

Likewise, the E.U. could demand that Britain increase its welfare payouts by 8%. Cameron: "Screw you!" -- and then bump the gravy train up by 6.5% on the 'down-low'. That's how these dirty manipulative M-fers operate; and Tusk and Rosenvomit bloody well know it!

Rosenthal, Editorial Board: Britain benefits enormously from membership in the union's common market and, as a member, it is also able to influence European policies. It would lose on both counts if it were to withdraw, and that would affect Britain's ties to NATO and to the United States.

Rebuttal: Oh yeah. Britain has really benefited "enormously" from EU membership and stronger ties to NATO (*rolling eyes*). Benefits such as: increased welfare rolls, increased murder rates, increased rapes, increased debt, increased taxes, debased and multi-culturalized society, dead troops in Iraq, dead troops in Afghanistan, and an ongoing migrant invasion that will soon multiply all of the economic and social ills just listed.

The "Benefits" of being in the European Union.

*Demographic, social and economic trends of Britain are horrifyingly ominous
--- all made worse since the rise of the E.U.*

Rosenthal, Editorial Board: The Tusk proposal gives Britain leeway to distance itself from policies it finds onerous. As Mr. Cameron accurately argues, Britain would then have the “best of both worlds.”

Rebuttal: As previously stated, it's just an illusion.

Rosenthal, Editorial Board: Now he must make that case to Britain's skeptics, which will not be easy in a nation worried about the sanctity and safety of its borders.

Rebuttal: Cameron won't be able to dupe the "skeptics". But with the help of the Globo Press hyping-up the "concessions" won from Tusk, he should be able to win over a majority of the "middle-of-the-roaders". That plus the low-life and libtard vote should secure the referendum's final outcome. But even if the Globalists were to come up a bit short, computers and/or missing ballots can always cover the spread.

Rosenthal, Editorial Board: Mr. Tusk's job now is to persuade the other 27 members of the union to accept the concessions to Britain; his proposal is being debated in the European Parliament ahead of the European Summit meeting in Brussels on Feb. 18 and 19.

Rebuttal: Another Dog & Pony Show. Some will make passionate arguments condemning Britain's selfish "demands" -- which will all add to the invented illusion of tough-guy Cameron fighting for Britannia.

*

It's all so bloody damn disgusting! If only these degenerate criminals would invest as much time, creativity and effort into figuring out ways to serve the people of Europe as they do into devising these strategic schemes! But then again, if scum like Commie Cameron, Horrible Hollande, Rancid Renzi and Manly Merkel did care about the peoples' interests, their Globalist-Zionist masters would never have installed them in their positions to begin with.

L-R: Renzi, Merkel, Hollande, Cameron -- The Big Four traitors of the European people are just highly placed puppets. Pay no mind to their sudden "attacks" on Brussels.

Boobus Americanus 1: *I read in The New York Times that Britain might exit the European Union.*

Boobus Americanus 2: *That wouldn't surprise me. It's well known that Britain was never really enthusiastic about the EU.*

*Well known? Perhaps to credulous cretins like you two boobss. But not to those of us who study real history and examine events with a critical eye. ---
You @#%& (\$ & ^%\$!"*

(That was such an excellent rebuttal. But you simply couldn't keep your kitty-litter mouth in check in the end, could you?)

**NY Times: Emboldened by Protests, Black Lives Matter
Activists Move From Street to Ballot**

By JOHN ELIGON

Campaigns around the nation are betting on — and in some ways measuring — the strength of a young, energized electorate that is active in the movement for racial justice.

REBUTTAL BY

The Anti-New York Times

Contrary to the false reality expressed in the headline to this puff-piece about the domestic terrorist movement known as 'Black Lives Matter' (BLM) -- it is not the "protests" that have "emboldened" BLMers into entering politics. No, it is the deep

pockets of George Soros, the political protection of Homo-Obongo and Loretta Lynch-Mob, and the artificial media hype afforded to this violent vermin that have "emboldened" them into running for office. This latest bit of Sulzbergian slime is a perfect example of what is fueling the "emboldenment."

Let us don our HazMat suits and dive into the Marxist filth of Black radical reporter, **John Eligon**, for a closer examination of a few of his most dishonest excerpts. But before we do, just so you know what type of repugnant reporter we are dealing with here, a re-run of our August 24, 2014 rebuttal to Mr. E-LIE-gon's tribute to the felon St. Michael Brown of Ferguson, MO is in order.

FLASHBACK: NY Times (8/24/16): Michael Brown Spent Last Weeks Grappling With Problems and Promise

By JOHN ELIGON

In the weeks before being fatally shot, Michael Brown, 18, due to be buried on Monday, showed signs of change and began to speak seriously about religion and the bible, family members said.

REBUTTAL BY

The Anti-New York Times

Your frustrated reporter here at **The Anti-New York Times** made a commitment yesterday to no longer rebut the endless flow of St. Michael Brown propaganda poop-pies emanating from that open sewer pipe on 8th Avenue in Manhattan. But today's comedy is simply too good to pass up as we now learn that St. Michael *"showed signs of change and began to speak seriously about religion and the bible"*.

Thank the good Lord for the "change" in Michael! Were it not for the Holy Spirit and the Good Book, the 'gentle giant' might have beaten up that poor store clerk really bad. It was God who spoke to Michael's soul, *"Steal the cigars and push him around, but don't hurt him."*

But then that Devil came back (*in the form of a police officer*), striking the budding prophet in the fist with his eye socket, and then tempting poor Michael to double-back and charge when this 'devil-with-the-blue-uniform-on' drew his weapon on him. Satan only goes after the good ones!

The article itself offers further evidence that St. Michael the Bible Thumper was indeed a prophet, for, "according to family members" (*cough-cough*), the sainted child foresaw his own death and arrival in heaven, in the form of a dream. Just like Jesus! Get you boots on. Here it comes:

*"It was 1 a.m. and Michael Brown Jr. called his father, **his voice trembling**. He had seen something overpowering. In the thick gray clouds that lingered from a passing storm this past June, he made out an angel. And he saw Satan chasing the angel and the angel running into the face of God."*

Excuse me dear readersI'll be right back.....

OK. I'm back.

The tear jerking eulogy goes on to quote other "family members" and "friends" (*accomplices*) white-washing Brown's known history of problems in school and violent behavior. A suspension from school for stealing an I-Pod was explained

away by his mother's claim to actually "having the receipt" for the item (*Sure you do honey. Sure you do*).

Outbursts of anger are explained away by his "friend" as a trick that St. Michael the Giant used to use in order to *avoid* confrontation and fights.....Excuse me again....

Sorry. I'm back again.

And on and on the gushing eulogy for this promising "child" goes. The funniest part of this comedy is that the guilt-ridden White libtards who kneel in Sulzberger's slime each day will eat this mushy garbage up like a bowl of Frosted Flakes and then ask for some more. Thanks for the comic relief Sulzberger!

The Gospel according to Michael Brown: "I'm a kill yo Pakistani ass if you dont g'out my way Mother F&%\$#"*&%\$#"*

OK -- that was a fun trip down memory lane! Now that we have established what Mr. E-LIE-gon is all about, and from where he is coming from, we can better address today's love-letter for 'Black Lives Matter'.

John Eligon / New York Slimes: Within days of the fatal police shooting of Michael Brown in Ferguson, Mo., in August 2014, Maria Chappelle-Nadal huffed

amid a crush of protesters, waving a cardboard cutout of the white governor's face above her head.

"Black community!" she shouted. "This is your governor! This is your governor that can't care less about the black community!"

Rebuttal: Lie of omission! Yes, the shooting of St. Michael Brown of Ferguson, MO was "fatal", but Mr. E-LIE-gon conveniently "forgets" to mention that the marauding 6' 5" 300 lb. beast was only put down *after* beating up a cop, and during a subsequent rhino-style charge at the much smaller cop. Oops, John!

E-LIE-gon: In the weeks and months that followed, DeRay Mckesson, a public school administrator turned activist, frequently provided blunt Twitter critiques of the police response in Ferguson.

"SWAT vehicle pulls up. Officer emerges. Points gun at us. America," he wrote in one post.

Rebuttal: More lies of omission! SWAT units were called in due to the presence of the violent outside communists and other assorted Black agitators who instigated riots and arson attacks. Oops again, John.

E-LIE-gon: Now Ms. Chappelle-Nadal and Mr. Mckesson are among a number of activists nationwide attempting to turn their raw activism into political muscle.

Rebuttal: The incendiary operatives of BLM are not "activists" -- they are bloody terrorists! Scores of White people have been attacked by BLMers or their controlled loose-nuts; with at least one case resulting in the murder of a White motorist as his fiancé looked on.

"Yo! We just be activists -- and shit."

E-LIE-gon: Ms. Chappelle-Nadal, currently a state senator in Missouri, is looking to unseat Representative William Lacy Clay Jr., an eight-term incumbent whose father was a founder of the Congressional Black Caucus.

Rebuttal: Evidently, the existing Black communists holding office aren't radical enough for the likes of Ms. Chappelle-Nada.

E-LIE-gon: Mr. Mckesson has thrown his hat into the crowded Baltimore mayoral race, his first run for office.

Their campaigns are betting on — and in some ways measuring — the strength of a young, energized electorate that has grown out of the protest movement over the past year and a half.

Rebuttal: God help us if these violent communists start getting elected to office. They'll make the old guard Black Marxists seem moderate by comparison.

DeRay Mckesson -- a professional agitator pumped-up by the Marxist Media.

E-LIE-gon: It is an evolution that started with outrage over the death of Mr. Brown, a black, unarmed teenager

Rebuttal: St. Michael Brown was not "unarmed". He was carrying two *massive* arms attached to fists the size of cantaloupes -- fists with which he could easily have beaten Officer Darren Wilson to death.

E-LIE-gon: ...who scuffled with a white police officer

Rebuttal: The use of the word "scuffled" is intended to obscure the fact that St. Michael Brown was pounding the officer with his giant fists and reaching for his gun.

E-LIE-gon: ... who eventually shot him.

Rebuttal: In self-defense as the beast turned back (*after the initial "scuffle"*) and charged the cop. Omissions, omissions, omissions.

E-LIE-gon: And it grew into a movement for racial justice as similar police shootings raised ire around the country.

Rebuttal: The "ire" was raised by the Judenpress and Homo-Obongo, not the shootings.

E-LIE-gon: A Black Lives Matter leader, Rashad Turner of St. Paul, is running for the Minnesota House on the Green Party ticket and said he would press for criminal justice and education reforms without kowtowing to any particular party. In Philadelphia, Movita Johnson-Harrell, a community organizer who lost a son to gun violence, said being elected to the State House would be an extension of the work she already does to help marginalized people through things like volunteering at soup kitchens.

Rebuttal: These people belong in prison, not in State Assemblies.

Even by the low standards of The Slimes, Mr. E-LIE-gon's propaganda is shocking. Most of Sulzberger's scribblers generally tend to be a bit more subtle in the way in which they twist reality to conform to the Marxist agenda. Not this Yellow Journalist! It's very clear to even the most dim-witted worshipper of Sulzberger's mendacity machine that John E-LIE-gon is in league with the anti-White radicals of BLM. The dreadlocks say it all!

The Eligon Family was featured on 'The Family Fued' TV game-show -- hosted by Steve Harvey, (moustache, brown suit) that grossly over-rated Obongo-lover who recently botched the announcement of the winner of Ms. Universe.

There is another class of colored people who make a business of keeping the troubles, the wrongs, and the hardships of the Negro race before the public. Having learned that they are able to make a living out of their troubles, they have grown into the settled habit of advertising their wrongs-partly because they want sympathy and partly because it pays. Some of these people do not want the Negro to lose his grievances, because they do not want to lose their jobs.

(Booker T. Washington)

izquotes.com

No wonder Booker T. Washington has been erased from American history books!

Boobus Americanus 1: *I read in The New York Times today that some of the activists from Black Lives Matter are running for office.*

Boobus Americanus 2: *That's good to know that they are channeling their anger into more constructive forms of political participation.*

"Not more CONsstructive, Boobuss -- more DESstructive!"

(You got that right, Sugar. Imagine one one these demons as Mayor of an American city? I fully expect these terrorists to disrupt the elections if Trump wins the GOP nomination.)

**NY Times: Gloria Steinem and Madeleine Albright Rebuke
Young Women Backing Bernie Sanders**

By ALAN RAPPEPORT

Ms. Steinem and Ms. Albright called on young women who favor Mr. Sanders over Hillary Clinton to essentially grow up and get with the program.

REBUTTAL BY

The Anti-New York Times

Locked in a tight struggle with Bolshevik Bernie Sanders, Killary Clinscum is enlisting high-powered communist-feminist gal pals to help win back younger female voters who have been defecting to Sanders. While introducing Killary at a rally in New Hampshire this weekend past, former Secretary of State **Madeline Half-Bright** (*cough cough*) talked about the importance of electing a woman to the country's highest office. The warmongering old hag said the first female President would be a true revolution and shamelessly scolded any woman who felt otherwise.

Half-Bright:

"We can tell our story of how we climbed the ladder, and a lot of you younger women think it's done. It's not done. There's a special place in hell for women who don't help each other!"

Wrong, Ms. Half-Bright! That spot in hell is reserved for murderous scum such as yourself for the crime of having advocated tirelessly for the both war on Serbia and the final War in Iraq -- the latter finally coming about when Bush became President.

As Bill Clinton's Secretary-of-State, Madwoman Half-Bright has the blood of many Serbians on her hands.

Also coming to Killary's defense is the despicable feminist icon of the degenerate 1960's era, **Gloria Steinem** (*cough cough*). As a guest on the Bill Maher (*cough cough*) show, Steinem insulted the younger sisters "in the movement" by dismissing their support of Sanders as having to do with meeting boys. Said the man-hating founder of Ms. Magazine

"When you're young, you're thinking: 'Where are the boys?' The boys are with Bernie."

Ironically, Killary's hopes that women would flock to her campaign have been undermined by the very "woman's movement" that her hippie generation built. Though many of the "sisters" over 40 remain strong Vagina First voters, the younger crowd is not so easily moved by this "we must elect a first woman President nonsense". You see, the whole scam of "feminism" centered around convincing housewives and mothers that the old social order was "oppressing" them. Now that most younger women have been "liberated" from their marriage vows, forced into college, and then thrown into the oh-so-wonderful corporate world of work-work-work; many of them don't have Steinem's 'chip-on-the-shoulder'.

1- Heavily promoted by the media, the hippie-era Marxist Feminist and her pals ruined a whole generation of women.

2 & 3- Steinum flashes the Illuminati Pyramid hand sign -- Beyonce too, more recently

Many young women now make just as much or even more money than their male counterparts. Furthermore, due to potential lawsuits, it is much harder to fire a woman. The junior ladies of today are still screwed up in the head in many other ways, but man-hatred over "patriarchal oppression" is no longer a concern for them. If Bernie can make these silly females feel good about socialism, then Killary's common gender won't lure them away. To the contrary, many younger women are offended at the suggestion that they *have to* vote for a woman just because they are women!

Madames Killary, Half-Bright and Gloria -- it looks as though you hideous hags have been hoisted upon your own petard! (*blown up by your own bomb*)

Now that the numbers of young women at college or in the work force have equaled the numbers of young men, the "oppression" argument has lost its effectiveness.

Boobus Americanus 1: *I read in The New York Times today that many younger women are supporting Bernie Sanders over Hillary Clinton.*

Boobus Americanus 2: *That shows a remarkable level of intellectual maturity on their part.*

"Oh yeah. These college chickss are sssso sssmart and sssso mature. They reject a communisst hag in favor of a communisst old man. Such dissernment! ----You \$#@(&% retards!"

(I wish all women were as wise as you, Sugar -- but with a gentler demeanor.)

NY Times: (Op-Ed) America's Syrian Shame

By ROGER COHEN

REBUTTAL BY

The Anti-New York Times

How do we at **The Anti-New York Slimes** know that **Roger Cohen** (*cough cough*), the putrid propagandist who penned this Slimes editorial, is a Globalist? Well, apart from the obvious fact that he works for Sulzberger, he is also member of the notorious **Council on Foreign Relations (CFR)** -- that shadowy New York "think tank" which semi-openly promotes One World Government and chooses most, if not all, of the Presidential finalists for the QFS (*Quadreannual Freak Show*).

Furthermore, Cohen is a periodic guest on PBS's **CIARlie Rose** Dog & Pony Show -- an hour of slick sophistry in which only committed one-worlders are allowed on as guests to chat with the glorified Bildeberger mouthpiece.

And finally, if you still need more convincing of Cohen's commie credentials -- Cohen writes a weekly column called '**Globalist**', which is published in **The International New York Times**. So you see, we know, *with absolute certainty*, where this ass-clown is coming from.

1- Cohen chats with that over-rated greasy ghoul, CIARlie Rose.

2- Cohen speaks before the Chicago **Council on Foreign Relations** -- since renamed to the Chicago Council on Global Affairs.

As a destination for ambitious QFS contestants, the Globalist CFR is almost as popular as Jerusalem's Wailing Wall (and run by the same crowd too!) -- Pictured above: Crispy Creme Christie, Kike Bloomberg, Bubbles Rubio, Killary, Jeb Bush, John Kasich ----- where's Trump???

Now that we know what self-professed 'Globalist' Cohen is all about, let's dive into this piece about Syria and decipher its true meaning:

Cohen: The Putin policy in Syria is clear enough as the encirclement of rebel-held Aleppo proceeds ...

Rebuttal: They are not "rebels". They are CIA-backed mercenary terrorists.

Cohen: ... It is to entrench the brutal government of Bashar al-Assad

Rebuttal: If Assad is so "brutal", then why does he retain so much support? What would you call the "rebels" -- *gentle*?

Cohen: ... by controlling the useful part of Syrian territory, bomb the moderate opposition into submission,

Rebuttal: Ah yes, the "moderate" opposition that has torn-up Aleppo -- not to be confused with the *immoderate* opposition.

Cohen: ...block any possibility of Western-instigated regime change,

Rebuttal: Thanks for *admitting* that the West "instigated" this bloody effort at "regime change", and that Putin ain't havin' it!

Never forget that it was CFR scum like John McCain that instigated the attempt at "regime change" in Syria.

Cohen: ...and use diplomatic blah-blah in Geneva as cover for changing the facts on the ground...

Rebuttal: "Diplomatic blah-blah" = Putin trying to avert a wider war and keeping Syria sovereign.

Cohen: ... The troubling thing is that the Putin policy on Syria has become hard to distinguish from the Obama policy. Sure, the Obama administration still pays lip service to the notion that Assad is part of the problem and not the solution, and that if the Syrian leader survives through some political transition period he cannot remain beyond that. But these are words. It is President Vladimir Putin and Russia who are "making the weather" in Syria.

Rebuttal: Cohen is right. Putin is "making the weather" and there is not a damn thing Obongo can do to stop him -- short of kicking-off World War III which, evidently, a clearly exasperated Cohen wants him to do.

Cohen: Aleppo, Syria's largest city, is now virtually encircled by the Syrian Army. A war that has already produced a quarter of a million dead, more than 4.5 million refugees, some 6.5 million internally displaced individuals and the destabilization of Europe through a massive influx of terrorized people is about to see further abominations as Aleppo agonizes.

Rebuttal: Cohen accurately describes the depths of the humanitarian disaster, but fails to mention that it was the Globalists at the CFR who engineered the Arab Spring "uprisings" in the first place.

Cohen: Aleppo may prove to be the Sarajevo of Syria. It is already the Munich. By which I mean that the city's plight today — its exposure to Putin's whims and a revived Assad's pitiless designs — is a result of the fecklessness and purposelessness over almost five years of the Obama administration.

Rebuttal: In *exactly* the same way that Cohen's tribal ancestors condemned the 1938 Munich agreement which averted war (*the Neville Chamberlain "appeasement"*) Cohen is today condemning lame-duck Obongo for blinking at the prospect of World War III.

Cohen: Obama's Syrian agonizing, his constant what-ifs and recurrent "what then?" have also lead to the slaughter in Paris and San Bernardino.

Rebuttal: Cohen's reference to the false-flag hoaxes of Paris and San Bernardino adds further weight to the opinion that both incidents were engineered for the purpose of getting Obongo to "do something" in the Middle East. Obongo's reluctance to confront Russia directly is not the result of his desire for peace, of course, but simply due to the fact that a slightly less deranged faction of the PRC (*Predatory Ruling Class*) is not suicidal.

The silly stunts in Paris and San Bernardino failed to move Obongo to action.

Cohen: “The Syrian crisis is now a European crisis,” a senior European diplomat told me. “But the president is not interested in Europe.” That is a fair assessment of the first postwar American leader for whom the core trans-Atlantic alliance was something to be dutifully upheld rather than emotionally embraced.

Syria is now the Obama administration’s shame, a debacle of such dimensions that it may overshadow the president’s domestic achievements.

Rebuttal: The warmongers are really upset with Obongo over this.

Cohen: Obama’s decision in 2013, at a time when ISIS scarcely existed, not to uphold the American “red line” on Assad’s use of chemical weapons was a pivotal moment in which he undermined America’s word.

Rebuttal: Cohen is insane! Had Obongo not blinked in 2013, The U.S. would have been at war with Russia, Syria, Iran and China -- all of whom were war-gaming in the Persian Gulf at that time.

Cohen: Syria has been the bloody graveyard of American conviction. It is too late, as well as pure illusion, to expect significant change in Obama’s Syria policy. Aleppo’s agony will be drawn out.

Rebuttal: As if this lying sack of shit actually gives a damn about "Aleppo's agony!"

Cohen: But the president should at least do everything in his power, as suggested in a report prepared by Michael Ignatieff at the Harvard Kennedy School, to “surge” the number of Syrian refugees taken in this year to 65,000 from his proposed 10,000.

Rebuttal: Oh you won't have to worry about that one, Mr. Cohen. When it comes to flooding America with the indigent riff-raff of the Turd World, Obongo will *always* be in full agreement with the likes of you!

Cohen: If we allow fear to dictate policy, terrorists win. Putin already has.

Rebuttal: Yes. Putin has won, in Syria. But do be careful, Mr. Putin. These Globalists are a patient bunch; and Russia's troubles with them are far from over.

Russia and China blocked Obongo in Syria. Unfortunately, no one will stop the mass migration flowing into the U.S. and Mother Europe.

NY Times (World Briefing): Putin Opponent Is Attacked After Veiled Threat

By ANDREW KRAMER

REBUTTAL BY **The Anti-New York Times**

The human rights situation continues to spiral out-of-control in Putin's Russia. Not since the assassination of President John F. Kennedy has the world witnessed such a brazen and brutal "attack" upon a public official. From the 'World Briefing', as breathlessly penned by full-time Russia-basher Andrew Kramer (*cough cough*):

*"Mikhail M. Kasyanov, a leading figure in the political opposition whose image the leader of Chechnya, Ramzan A. Kadyrov, menacingly posted online in the cross hairs of a sniper rifle this month, was attacked late Tuesday in Moscow by a dozen or so men **who placed a cake on his head** at a restaurant."*

Sulzberger's Slimes has become a satire of itself.

The American agent, a nobody with minimal public support, was brutally caked while dining in a restaurant -- "on his head", no less! Putin, you animal you! Fess up Vlad -- we know you ordered this hit!

Fortunately for the peace and freedom-lovers of the world, news of the atrocity reached the ears of Slimes correspondent Andrew Kramer; who dutifully passed it

along for publication. Just imagine what Putin would do to his adversaries if the sanctimonious scribblers of Sulzberger's Slimes were not monitoring him. A courageous "dissident" like Kasyanov might have gotten hit with an egg were it not for Kramer's vigilance and whistle-blowing.

Seriously now, just consider the madness of this report -- which has already been picked up by the rest of the Piranha Press. While the U.S. Government murders ranchers in Oregon and children in Syria, Sulzberger's Slimes is more concerned about a caking incident in Moscow. Oh, and by the way, a video of the incident surfaced *after* the Kramer piece claimed that "*a dozen or so men*" carried out the caking. As it turns out, there was only one terrorist caker -- *maybe two* -- seen in the choppy video. Get your facts straight, Kramer!

As for this Kasyanov character, a former Prime Minister who was fired by Putin, it's a damn shame that the cake wasn't packed with plastic explosives with a dynamite stick on top, because he is a traitor through and through. When Kasyanov made a bid for the Presidency in 2008, his doomed campaign was supported by gangster billionaires **Leonid Nevzlin** (*cough cough*) and **Boris Berezovsky** (*cough cough*) -- both in exile after corruption indictments against them in Russia --, and also by former chess world champion and Rothschild agent **Garry Kasparov** (*cough cough*).

1- Jacob Rothschild handles Kasparov

2- Kasparov handles Kasyanov

The highly placed traitors and Western-Globalist sympathizers in Russian government, media and central banking will eventually have to be surgically removed. The projected purge will begin to take on more and more of a sense of urgency as the Turkey-NATO-Baltic squeeze against Russia intensifies. The cancer of treason is no joke! Let's hope this caking attack upon Kasyanov will mark

the start of a much more aggressive cancer treatment. Tip of the hat to the cake-activists in Moscow.

1- A screen-shot taken from Chechen leader, and Putin ally, Ramzan Kadyrov's Instagram video of traitor Kasyanov in the cross-hairs of a sniper's rifle.

2- Ramzan with his buddy Putin.

Boobus Americanus 1: *I read in The New York Times today that a Russian opposition leader was attacked with a cake in a Moscow restaurant.*

Boobus Americanus 2: *Probably one of Putin's thugs. At least the poor man wasn't killed.*

"What'ss cake gonna do? They ssshould have basshed his %\$#@% sskull in with a %\$#@*% tire-iron!"*

(Be patient, Sugar. Their time will come.)

NY Times (Page 18): 1-Year-Old Girl Fatally Shot in Her Crib in Compton

By DANIEL VICTOR

REBUTTAL BY

The Anti-New York Times

This story, tucked away on page 18, tells of a Black baby being killed by a stray bullet in Los Angeles. It is newsworthy for us not so much for what happened, but rather for the national silent treatment that it has been given. You see, only page 1 stories from Sulzberger's Slimes get picked up on by the rest of the Piranha Press.

From the article:

"A 1-year-old girl was resting in her crib, surrounded by family members inside a converted garage in Compton, Calif., when a bullet came through the garage door and struck her in the head, leaving her mortally wounded.

The authorities said they were investigating the shooting on Tuesday night as possibly gang-related, and the police were hunting Wednesday for two men who witnesses said had sped off in a dark-colored four-door sedan after the shooting."

Paging Mr. & Mr. Obongo. Hello? Can we get some crocodile tears for baby girl out of Compton? (sound of crickets).

The bad actor who shed imaginary tears for the imaginary White kids of the imaginary Sandy Hook "massacre" is silent and dry over the REAL deaths of many Black kids killed by stray bullets fired by inner city thugs.

*

Likewise, the First Tranny - who made such a public pet-cause over Nigerian girls said to have been kidnapped in 2014 - remains deaf, dumb and blind to the young Blacks boys and girls killed in cross-fire incidents.

Hello? Jesse JackAss? Louis Farakhan? Al Charlatan? Loretta Lynch Mob? Skank-Degenerate Beyonce? Fat Oprah? Steve Harvey? Stevie Wonder? Will Smith? Harry Belafonte? Jaded Pinko Smith? Chris Rock-Head? Spike Lee? Lebron James? Kobe Bryant? Gwen Ifill? Tavis Smiley? Cornell West? Congressional Black Caucus? BET Channel? Ebony Magazine? Thugs of Black Lives Matter? NAACP? Black Panthers? Sugar Daddy George Soros? Governor Jerry Brown? Bernie Sanders? Mike Bloomberg? Diane Feinstein? --- Hello? --- Any of you anti-White cop-hating communists care to eulogize Baby X? --- (*sound of crickets*).

Black Pantherette Beyonce, who is married to a gun-toting ex-drug dealer, wears a jacket decorated with "bullets" as she performs her disgusting anti-White racist act during the half-time show of the Stupor Bowl.

By now, only the most thick-headed suburban libtard and simple-minded urban negro still believe that the Left actually gives a rat's rear-end about murder victims, of *any* race. This bull-shine they refer to as "gun control" ain't about saving lives, folks. No sir! To the Left, Black lives *do not* matter, at all!

You see, inner-city gun violence poses no threat whatsoever to the totalitarian agenda. The *real* objectives of the inter-related "gun control" and "police brutality" movements are to strip White Middle America of its self-defense arsenal while bringing local police departments under the Federal boot. All power to the Soviets! Get it?

The usual suspects dream of the day when they can do whatever the hell they bloody want without having to worry about millions of rifle-toting 'good ole boys' and sympathetic local Sheriffs pushing back. America is to be de-armed and de-balled *a la Europa* as Turd World hordes and the ghetto crowd have their way with 'dem White bitches.' That's the truth, and that's why stories of Black babies and toddlers catching stray bullets to the head always get back-paged, if even published at all, by the seditious scum that scribble for Sulzberger's Slimes.

1- The well-armed baby-killing "gentlemen" of the urban gangs have nothing to worry about.

2- The law-abiding, and aging, White gun owners of America are the ultimate target.

Boobus Americanus 1: I read in The New York Times today about a 1-year old girl that was killed in her crib by a stray bullet.

Boobus Americanus 2: That's weird. I read The Times this morning and I didn't see that story.

Boobus Americanus 1: It was on page 18.

Boobus Americanus 2: Oh. That explains it. I just read the front page headlines and the sports.

"White power!"

**NY Times: Antonin Scalia, Justice on the Supreme Court,
Dies at 79**

By ADAM LIPTAK

Justice Antonin Scalia, a champion of interpreting the Constitution as it was understood at the time of its adoption, was found dead on Saturday.

REBUTTAL BY

The Anti-New York Times

With the *conveeenient* passing of strict constitutionalist conservative Supreme Court Justice **Antonin Scalia**, one of the last remaining threads holding together the remnants of true America has been severed. A closely contested court that had been ruling 5-4 or 4-5 on very important matters will most certainly shift to 4-5 and 3-6 with the Marxist usurpers winning every single time. Unless, of course, we are to believe that the Republican't Senate will suddenly 'grow a pair' and block the path of the inevitable ultra-libtard replacement nominee -- sure to be another

"minority" and sure to be sold to us by the Slimes as a "moderate" -- until the new President is sworn in next January.

Devout Catholic Scalia received his ashes just three days before his death. Looks 'OK' to us.

Away on a quail-hunting trip in Texas, Scalia had left a private party of 40 people at a secluded ranch and retired to his cabin. When he failed to show up for breakfast, a person involved with the ranch went to his room and discovered his body. A federal official, who asked not to be named (*hmmmm*), said there was no evidence of foul play (*how would he know that without an autopsy?*) and that Scalia died of "natural causes".

Is it possible that a 79 year old man, even one who was seemingly healthy and remained active, simply died in his sleep of "natural causes?" Of course it is.

Is it also possible that an evil murdering homosexual communist President with only 10 months left in office could have ordered a hit so that he could drive that final nail into America's coffin? Why not?

Scalia's disdain for liberalism and politicians in general was evident in his acerbic written and spoken opinions as well as his decision to not show-up to the annual State of Union Address on 12 different occasions. Said Scalia of the annual Freak Show:

"The State of the Union is a childish spectacle. And we [the justices] are trucked in just to give some dignity to the occasion. I mean, there are all these punch lines, and one side jumps up—Hooray! And they all cheer, and then another punch line,

and the others stand up, Hooray! It is juvenile! And we have to sit there like bumps on a log. We can clap if somebody says, 'The United States is the greatest country in the world.' Yay! But anything else, we have to look to the chief justice. Gee, is the chief gonna clap?"

1- The Marxist Jews and mushy moderates of the Supreme Court are always present at the State of the Union Freak Show. Justices Scalia and Thomas often boycott the stupid event --- while Marxist Injustice Ruth Bader Ginsburg (cough cough) sleeps through the affair.

2- Vile liberals like activist, author, commentator Julianne Malveaux have been openly wishing early death on conservative Supreme Court Justices such as Clarence Thomas.

The window of opportunity for Obongo to name a new Supreme Court justice was actually smaller than the 11 months he has remaining in office. With a new President to be elected this coming November, there is no way that a Republican Senate, even a weak one, would have allowed Obongo to appoint a replacement for Scalia anytime after April. This left the deadline (*no pun intended*) for Scalia's death to be no later May 1st-ish. A *conveeenient* death indeed!

An autopsy would settle this mystery -- maybe. But that will not happen, so all we can do is speculate. It is very interesting to note how quickly the Piranha Press is to blame Vladimir Putin for any sudden death of a journalistic or political opponent. But when we raise the possibility of an American President killing his hated adversaries, charges of "conspiracy theory" are leveled at suspicious minds.

From one traditionalist Jersey Boy to another -- rest-in-peace, Justice Scalia -- and give my mom a hug from me. She was also murdered by Obongo, whose "health care" system, as of 2015, literally *rewards* hospitals for pushing patients into "end of life" palliative care via the morphine needle. But I digress.

1- Not long after publicly boasting about having come into possession of damaging videos of a young Obongo, Journalist Andrew Breitbart dropped dead at age 43 of a sudden heart attack.

2- The demon Obongo is 100% pure evil. Did he (or handlers above him) murder Justice Scalia?

Three Chicago sodomites linked to Homo-Obongo's communist "church" all died during a 6-week period in late 2007. They were Nate Spencer ("natural causes"), Larry Bland (shot execution-style) and Donald Young (shot execution-style).

Boobus Americanus 1: *How about Justice Scalia dying all of a sudden? This will give Obama a chance to really put his stamp on the Supreme Court.*

Boobus Americanus 2: *Yes. Had it happened a few months later, Obama would not have been able to pick a replacement just months before an election. Politically speaking, the timing of Justice Scalia's death is 'lucky' for Obama.*

"Luck my ass! Sscalia wass frickin' murdered!!!"

(Slow down there Conspiracy Cat! I was only theorizing. --- though your animal instincts do tend to be spooky accurate.)

NY Times: After Antonin Scalia's Death, Fierce Battle Lines Emerge

By CARL HULSE and MARK LANDLER

REBUTTAL BY

The Anti-New York Times

In examining the post-Scalia-death mania which continues to dominate the front pages of Sulzberger's Slimes, we can't help but notice the conspicuous absence of two elements that should be part of this wall-to-wall coverage:

1- There is not a trace, neither in the featured stories nor in the Editorial pages, of the sympathetic coverage that the Slimes always affords to the memory of recently-deceased libtards, Marxists and other assorted degenerates of every stripe. The entire tone of the superficial stories these past two days has been like: *"Hey! Scalia died. Who is gonna replace him? What does this mean for liberals? For conservatives? Will the Republicans block the new nominee? How will this impact the election? Blah blah blah."*

Cold-hearted bastards! Couldn't they at least *fake* a few moderately respectful words about Scalia the man, the father of nine and grandfather of twenty-eight?

2- More importantly, there has not appeared a single sentence in the Slimes about neither the strange circumstances and inconsistencies regarding the official story,

nor the explosive comments made by **William O. Ritchie**, a former head of criminal investigations in Washington DC.

Ritchie wrote on his Facebook page:

"My gut tells me there is something fishy going on in Texas. As a former homicide commander, I am stunned that no autopsy was ordered for Justice Scalia. You have a Supreme Court Justice who died, not in attendance of a physician. You have a non-homicide trained US Marshal tell the justice of peace that no foul play was observed. You have a justice of the peace pronounce death while not being on the scene and without any medical training opining that the justice died of a heart attack. What medical proof exists of a myocardial Infarction? Why not a cerebral hemorrhage?"

Ritchie also questioned the marshals' actions:

"How can the Marshal say, without a thorough post mortem, that he was not injected with an illegal substance that would simulate a heart attack... Did the US Marshal check for petechial hemorrhage in his eyes or under his lips that would have suggested suffocation? Did the US Marshal smell his breath for any unusual odor that might suggest poisoning?"

1- The isolated Texas resort spans **30,000 acres**. Scalia was alone without protection.

2- Scalia was killed in the appropriately-named "El Presidente" Suite. Obongo's -- or his handler's -- idea of a sick joke, perhaps?

We at **The Anti-New York Times** share Mr. Ritchie's suspicions and frustrations. Let us review some damning data surrounding a few of the shady characters involved in this fishy drama -- characters that the Slimes, the "conservative" media, and the gutless Republican'ts will not question.

1- John Poindexter, a multi-millionaire Obongo-supporter with past high level Wall Street ties, owns the secluded West Texas resort where Scalia died. In 2009, Poindexter actually received a Vietnam War medal from Obongo -- 40 years after the fact. **It was Poindexter who invited Scalia to his ranch** for a private party, and who later "discovered" the body.

2- Cinderella Guevara is the Justice of the Peace who refused to order an autopsy and pronounced Scalia's cause of death as a "heart attack" (*since changed to "natural causes"*) -- **over the phone**. Guevara is a liberal Mexican-American Democrat with a chip-on-her-shoulders against what she refers to as "Anglos". Like Obongo in 2008, Guevara's 2014 campaign slogan was "*Si, se puede*" -- Spanish for "*Yes We Can!*" Like Poindexter, she is also also an Army veteran.

3- Danny Dominguez is the Sherriff of Presidio County who, along with Obama's U.S. Marshals, initiated the official inquest by calling Judge Guevara and telling her that there "were no signs of foul play". He is also a liberal Mexican-American Democrat **whose virtually crime-free county has been receiving big bucks from Obongo in recent years.**

• From the Lubbock-Avalanche Journal, January 24, 2009

*EL PASO - Presidio County has never seen the kind of fictional carnage that was filmed there for the movie, "No Country for Old Men." But if it ever does, Sheriff Danny Dominguez now has the gear to fight it, thanks to **millions of dollars in state and federal grants for his virtually crime-free turf** and that of other sleepy Texas border counties.*

The first batch of the \$16.2 million awarded, more than \$5 million, was given in 2005 to a loose coalition of sheriffs who split the take evenly, regardless of crime rates. The rest was given out in grants to several counties. And several million dollars more are in the pipeline.

*Presidio County, whose sheriff and four deputies cover 3,856 square miles of West Texas and protect about 1,000 people, received \$336,875 to fight the **one crime**, an aggravated assault, that occurred in the county in 2006.*

But in the Rio Grande Valley's urban Hidalgo County, across the river from the sites of several deadly Mexican shootouts, got about the same amount, spread over three years, for its more than 250 deputies to fight 7,160 violent crimes.

"I expressed my displeasure at the time," Sheriff Lupe Trevino said. "But that's the way it goes. We used the money the best way we could and you do what you have to."

1- Big Shot Poindexter, a big money Democrat decorated by Obongo, lured Scalia to his secluded ranch.

2- Sheriff Dominguez -- his crime-free jurisdiction was strangely showered with crime-fighting cash by the Obongo Administration.

3- Democrat Judge Guevara slogan: "Si se puede!" ---We don't need no stinkin' autopsy!

Now that we have sniffed them out, these fishy morsel pieces are too easy to put together. Let my own previous caution be damned -- Sugar the Cat was right again! Antonin Scalia, the man so hated by the open-borders crowd and other assorted Marxists, was (*in our opinion*) deliberately lured to, murdered on, and oh-so-quickly embalmed in a funeral home on enemy political turf -- located just miles from the Mexican border.

This is bad, really bad. America -- we've got problems!

Step into my parlor said Spider Poindexter to the fly. --- Dear Justice Scalia! What were you thinking man? You may just as well have driven down to Mexico City all by yourself.

"Daddy. I frickin' told you Sscalia was murdered the moment I heard about it! Don't ever hessitate to believe me again!"

(Sorry Sugar. Human reason works a little slower than animal instincts.)

NY Times (Op-ED): The Roosevelt Approach

By DAVID BROOKS

REBUTTAL BY

The Anti-New York Times

Concerned over the rising popularity of both the "outrageous" Bernie Sanders (*because he is unelectable in a general election*), and especially concerned about

the "outrageous" Donald Trump (*because he actually is electable*), the Slimes and PBS resident "conservative" (*lol!*) David Brooks (*cough cough*) offers advice for his beloved Killary and the Republicans running against Trump. His recommendation? *"Be like Roosevelt!"* (*he also mentions Eisenhower*).

What exactly does Brooks means by that? In other words, instead of getting down and dirty with the "angry" Trump, Brooks suggests that the Establishment puppets be "warm" and "neighborly" -- like FDR was!

FDR's golden-voiced "warmth" was all an act. In reality, he was perhaps the most vicious, cruel, petty, amoral, blood-thirsty, vindictive, demagogic, conspiratorial and evil son-of-a-bitch to ever occupy the White House.

A few excerpts from Brooks' putrid propaganda piece:

*

"Dear Hillary, Jeb, Marco and John,"

"A great nation doesn't divide in times of natural disaster. It doesn't choose leaders who angrily tear it apart. Instead, it chooses leaders like Franklin Roosevelt and Dwight Eisenhower, leaders who radiate sunny confidence, joy and neighborliness.

"You may think of neighborliness as a sentimental, soft virtue. And I suppose in times of peace, prosperity and ease it is a sweet and tender thing."

"Let Trump and Sanders shout, harangue and lecture. You respond to difficulty with warmth, confidence and optimism. Let them deliver long, repetitive and uninterrupted lectures. You converse, interact, chat and listen."

"That is what F.D.R. and Ike were able to do with their leadership styles. With fireside chats and golf jokes, they were neighborly even in times of great difficulty and stress. But they were also able to set an emotional tone that brought people together and changed the nature of Americans' relationships with one another."

*

Contrary to Brook's pseudo-historic tommy-rot, it was *not* the "Roosevelt Approach" that "brought people together" during "a time of disaster". It was World War II (*engineered by Roosevelt and his handlers*) that did that. Prior to the justifiable attack on Pearl Harbor (*hate to say such a thing but it's true!*), Americans were deeply divided over the grinning con man -- with about 1/3 of the country loving him, 1/3 despising him, and the mushy middle 1/3 blowing with the wind.

FDR's secret for "uniting Americans" lie in his deliberate and relentless provocation of Japan, his equally deliberate set-up of Pearl Harbor, and his deceitful post-attack "infamy" speech.

Far from *"conversing, interacting, chatting and listening"* to his political opposition, FDR attacked them, ridiculed them, jailed them and, in the case of Huey Long, murdered them. Let's review the "warmth" and "neighborliness" of the great "uniter", Franklin D. Roosevelt.

Even the liberal-Communist propagandists who write our history books will, if asked, openly concede the fact that their beloved hero, **Franklin Delano Roosevelt**, misused the I.R.S. to harass and intimidate his political opponents. Heck, even FDR's son Elliot admitted it:

"My father may have been the originator of the concept of employing the I.R.S. as a weapon of political retribution."

Victims of such abuse included Sen. **Huey Long** (D) of Louisiana, United Mine Workers leader **John Lewis**, Rep. **Hamilton Fish** (R) of New York, Chicago Tribune publisher **Robert "Colonel" McCormick**, Olympic Gold Medalist **Jesse Owens** (*probable*), Philadelphia Inquirer publisher **Moses Annenberg** , and, most notably, former Republican Treasury Secretary **Andrew Mellon**.

At the urging of his donkey-faced lesbian Communist wife, Eleanor, FDR also, ordered the FBI to “investigate” the widely read journalist **Westbrook Pegler** for “sedition” – after a series of scathing articles in which Pegler had ridiculed Eleanor as “La Boca Grande” (*The Big Mouth*).

Ask these men about "The Roosevelt Approach"

Huey Long, Andrew Mellon, Robert McCormick -- just a few of the men that FDR punished by siccing the I.R.S. on them.

1- Alf Landon ran against FDR

2- 1936: Republican Jesse Owens with Landon

*3- Owens delivering paid pitches for the Alf Landon Presidential campaign.
This led to him being audited by the I.R.S.*

*Eleanor Roosevelt (the one on the left in the first image) used the FBI to
harass Pegler -- who was clean.*

Roosevelt's "neighborliness" extended to the helpless civilians of Germany and Japan as well -- as evidenced by his and Churchill's genocidal firebombing of the crowded cities of Hamburg, Dresden, and Tokyo to name just a few.

The "angry" Trump wants to get along with Russia and China. But Brooks, whose son serves in the Israeli Defense Forces, prefers "The Roosevelt Approach" to foreign policy (above: Dresden & Tokyo).

Whatever Donald Trump's flaws and shortcomings may be, the fact that he has got so many chosenites from both the Marxist "Left" and the Neo-Con "Right" foaming at the mouth like rabid and retarded pit-bulls is a welcome and rare thing to behold. For that reason *alone*, we here at **The Anti-New York Times**, though still holding our noses and remaining cautious, strongly support Trump 2016.

THEY ARE COMING UNHINGED!

1- National Review = J J Goldberg (cough cough)

2- The Weekly Standard = Bill Kristol (cough cough)

3- The New York Daily News = Mort Zuckerman (cough cough)

Boobus Americanus 1: *I read an article in the New York Times today in which David Brooks advises the Presidential candidates to be nice and cordial like FDR was.*

Boobus Americanus 2: *Brooks' columns are always insightful. FDR was like a gentle grandfatherly figure who united the country.*

"How do you frickin' know that? You weren't even born yet, you %\$#@^!"

(He saw it on the History Channel.)

**NY Times: President Obama Criticizes G.O.P. Field,
Particularly Donald Trump**

By MICHAEL D. SHEAR

REBUTTAL BY
The Anti-New York Times

Feeling his oats after getting away with the poisoning of Supreme Court Justice Scalia, the Murderer-in-Chief took the unprecedented step of interjecting himself into the State Primary race of the opposing political party -- for a November General Election that he won't even be part of. Though Homo-Obongo critiqued all of the Republicans running to replace him, he *only* singled out front-runner Donald Trump as someone who would not be a "serious" president.

Let's listen to and rebut some of what this Marxist monster had to say:

*

The Murderer-in-Chief: "There is not a single candidate in the Republican primary that thinks we should do anything about climate change that thinks it's serious."

Rebuttal: Not only is "Climate Change" (*formerly known as "Global Warming"*) not serious, it is *non-existent* at this time -- as evidenced by the past 20 years of satellite temperature-measuring data. When the next warming period or ice-age does inevitably arrive, it will be due to solar cycles beyond man's control.

The Sodomite-in-Chief: "Well that's a problem. The rest of the world looks at that and says, 'Well, how can that be?'"

Rebuttal: When Obongo speaks of "rest of the world", he means America's Western European puppet leaders and libtarded pseudo-intellectuals. In Obongo's insular worldview, Russia, China, India, Brazil and many other African, Latin

American and Central Asian states which do not take "climate change" seriously are not part of the "world."

- **Brazil Puts Denier in Charge of Climate Change**
- **Putin Believes Climate Change is a Fraud**
- **China's CO2 charade**
- **India Arrogant to Deny Global Warming Melting Glaciers**
- **South Africa Compares World Climate Plan to Apartheid**
- **Argentina still has no strategy for climate change summit**

1- Obongo would have us believe that the Globalist dwarfs of the G-7 constitute "the world".

2- Russia 2015: A joint conference of the "climate denying" BRICS & SCO actually represented the majority of the world's population! -- Gee, I thought Putin had been "isolated".

Obongo said that Trump was unprepared for the "serious" responsibilities of the Presidency.

The Communist-in-Chief: "Being president is a serious job."

Rebuttal: And you are *sooo* serious and dignified in going about your "job", eh little Barry?

Obongo the Serious putting his feet up on the White House's historic 'Resolute Desk' --- dancing with goof-ball lesbian TV Show Host Ellen Degeneres --- sitting like a sissy-boy while doing late night comedy with ass-clown Jimmy Fallon.

The Race Agitator-in-Chief: "It's not hosting a talk show or a reality show. It's not promotion. It's not marketing."

Rebuttal: This is an obvious dig at Trump. Obongo the Serious fails to mention that, in addition to doing "TV Shows, promotion and marketing", Trump has a few other accomplishments to his credit -- you know, minor stuff -- such as building a multi-billion dollar business, employing 22,000 people while creating secondary "multiplier-effect jobs" for 10,000 more, and bringing truly talented people together to get vast complex projects done on all continents.

Like him or not, Trump's resume is a tad bit more impressive than that of the useless "community organizer" turned teleprompter reader who never held a real job in his life.

The Liar-in-Chief: "It's hard. And a lot of people count on us getting it right. And it's not a matter of pandering and doing whatever will get you in the news on a given day."

Rebuttal: Barry's life is anything but "hard." His handlers craft the destructive policies while he just reads the teleprompter before heading out for his next round of golf or vacation.

You're such a P-word.

The Scumbag-in-Chief: "A President must work with leaders around the world in a way that reflects the importance of the office, and gives people confidence that you know the facts and you know their names, and you know where they are on a map and you know something about their history."

Rebuttal: Is Obongo actually suggesting that Trump, who has been negotiating and executing complex business deals all over the world for almost 40 years now, cannot find countries on a map? With investments all over the world, **The Trump Organization** spans a variety of industries including real estate, construction, hospitality, entertainment, publishing, media, retail, financial services, business education, airlines, helicopter services and beauty pageants. How's *that* for "seriousness" and "hard work", eh Barry?

As for Obongo's extensive knowledge of "history", this is the same ~~man~~ boy: that referred to the language of German-speaking Austria as "Austrian"; that stated that Auschwitz was liberated by the Americans, instead of the Soviets; whose ~~wife~~ husband ignorantly violated protocol by patting the Queen of England on the back -- and many other embarrassing bloopers and blunders which clearly contradict his undeserved reputation as an "intellectual."

While Obongo the Useless was dropping out of community college, smoking crack and playing around in the anal cavities of other males, the "not serious" Trump built-up a worldwide empire. Above: Indonesia, Dubai, Panama.

Boobus Americanus 1: *I read in the New York Times today that Obama dismissed Trump as not being a serious candidate.*

Boobus Americanus 2: *He's right. The Presidency is a very hard job -- not a TV Show.*

"You frickin' imbeciles! That drugged-up ssissy-boy couldn't run a flea-infested 8-room motel."

(Yet he thinks he is more accomplished than Trump.)

NY Times: Pope Francis Suggests Donald Trump Is 'Not Christian'

By JIM YARDLEY

REBUTTAL BY

The Anti-New York Times

Just one day after Satan's President took a calculated cheap shot at Donald Trump, Satan's Pope stuck his nose into America's QFS (*Quadrennial Freak Show*) by declaring that Donald Trump was "not Christian". Wow!

During an airplane news conference - in answer to a question about Trump's allegation that the Pope is being used as a "political pawn"- here is what the

attention-whoring Pinko Pope had to say about the man who has clearly joined Putin and Assad on the Globalists' Most Hated List:

"Thank God that he (Trump) said that I am a political man because Aristotle defines a human being as a political animal; at least I am a human being. And am I a pawn? Well maybe, I don't know. I'll leave that to your judgment. And a person who thinks only about building walls, wherever they may be, and not building bridges, is not Christian."

***Hat tip to Aunt Maria for confirming that the Italian translation from the video is indeed accurate.**

The Angry Pope

1- Frankie the Fake caught on video gesturing and shouting at an over-exuberant Mexican fan for almost making him fall. How un-Christian!

2- More passive-aggressive behavior -- Poofter Pope uses sarcasm and condemnation to pass judgment on Trump. How un-Christian!

What a fraud! This Communist Cardinal will not label activists for the unGodly abomination of same-sex marriage as "not Christian." This Viper of the Vatican will not label the surgical mutilation of boys wishing to become girls as "not Christian." This Pontiff of Poofterism will not label the practitioners of nine month abortions as "not Christian."

But dare to oppose the New World Order Mafia's pet objectives of raising taxes to fight non-existent "Global Warming" **TM** - or dare to protect your borders from the raping and robbing migrant hordes of the Turd World, and see how pissed-off, judgemental and sarcastic Felonious Frankie gets!

Dear Lord ---- please strike this piece of Satanic filth down with a lightning bolt! Hours after Benedict, Frankie's Papal predecessor unexpectedly "resigned", your first two rods of righteous wrath sent a 'Sicilian Message', but it appears that only a direct hit on this insidious impostor will shut his big Marxist mouth once and for all.

Check this out! ---

The Daily Mirror: Lightning Bolt Hit Vatican Not Once But TWICE Hours After Pope's Shock Resignation

"The spooky moment, believed by some, to be a sign from God, was caught on camera by AFP photographer Filippo Monteforte.

Today he described how he took the incredible image which has been beamed all over the world.

He said: "I took the picture from St. Peter's Square while sheltered by the columns. It was icy cold and raining sheets. When the storm started, I thought that lightning might strike the rod, so I decided it was worth seeing whether – if it DID strike – I could get the shot at exactly the right moment."

Filippo, armed with a 50mm lens, waited for more than two hours and was rewarded for his patience with not one but two bolts.

He added: "The first bolt was huge and lit up the sky, but unfortunately I missed it. I had better luck the second time, and was able to snap a couple of images of the dome illuminated by the bolt."

The lightning touched the dome of St. Peter's Basilica, one of the holiest Catholic churches, after the Pope's shock admission he lacks strength to do the job."

Come on God -- one more bolt for Bolshevik Bergoglio, right up his busted-out keester!

We have said it before and we shall say it again and again and again -- Donald Trump is *far* from perfect. But the undeniable reality is that Trump has got both the Zionist and Globalist overlapping wings of the PRC (*Predatory Ruling Class*) worried -- and for good reasons. Consider some of the very "politically incorrect" things that Trump has said. He has:

- Hinted at a deeper investigation of 9/11
- Responded respectfully to Architects & Engineers for 911 Truth
- Told a Jewish gathering that they can't buy him.
- Stated that he would be neutral on Israelis and Palestinians
- Ridiculed Global Warming **TM**
- Promised to build a border wall and make Mexico pay for it
- Accused unnamed "allies", even hinting at Israel, of funding ISIS
- Praised Vladimir Putin
- Appeared on the radio show of "conspiracy theorist" Alex Jones
- Defended Assad of Syria
- Ridiculed the untouchable Angela Merkel

For better or for worse, Trump is his own man, with his own money, and with his own HUGE base of support across the American political spectrum. If... repeat... *if* Trump is indeed for real (*and its looking better every day*), then a President Trump making common cause with Presidents Putin and Jinping (*China*), would present the Globalists with their biggest challenge since The Great One put the fear of God in them back in the 1930's & 40's. And *that* is why that putrid rodent in the Vatican has been tapped to join the international anti-Trump lynch mob.

Godspeed Mr. Trump! And *pleeeeee*, no quail-hunting trips at isolated Democrat-owned resorts, in Mexican Democrat-run counties, in the middle of a desert, just 15 miles from the Mexican border!

Trump is being mocked for his coziness with "911 conspiracy theorist" and rabid anti-Globalist Alex Jones; and also for his open admiration for Vladimir Putin. With allies like those and stated enemies like Sulzberger, Soros, Kristol, Obongo and the Pinko Pope, Trump is looking better and better.

Boobus Americanus 1: *I read in the New York Times today that the Pope denounced Trump's border wall as unChristian.*

Boobus Americanus 2: *Trump is extremely unChristian. Jesus, Joesph and Mary were immigrants.*

"Hey Boobuss! Why don't you adopt a handful of these invaders and put them up in your frickin' home. Your unssatisfissied wife might like the action."

**NY Times: Harper Lee Is Memorialized as She Lived:
Quietly and Privately**

**By JENNIFER CROSSLEY HOWARD, KATHERINE WEBB and SERGE F.
KOVALESKI**

REBUTTAL BY

The Anti-New York Times

In February 2015, **The Anti-New York Times**, in rebutting a puff-piece about **Harper Lee**, the undeservedly immortalized author of *To Kill a Mockingbird*, wrote:

"Harper Lee is still alive? That's too damn bad. Hopefully not for much longer. Though it may sound harsh to wish a death-of-old-age on an 88 year old woman, Lee's 1960 "classic" novel, To Kill A Mockingbird, has, in the sincerely-held

opinion of *The Anti-New York Times*, helped to incite the murder of many innocent White people."

Now that she has actually descended down Satan's hot water slide, speaking ill of the dead may seem to be a bit in bad taste. But for the self-hating White libtard Harper Lee, we here at **The Anti-New York Times**, in keeping with our policy of zero tolerance for race-baiters, would now like to add: "*Good riddance!*"

Scores of millions of impressionable Middle School and High School students have been forced, and *continue* to be forced, to read Lee's anti-southerner garbage. Compounding the tragedy, scores of millions more have been "moved" by the Hollywood rendition of her book, starring the notorious commie-pinko subversive, Gregory Peck.

Summary: "*Once upon a time, in the backwards, Christian, racist, evil, redneck southern state of Alabama, there lived an innocent African-American man who was wrongly accused...*"

How many of Harper Lee's captive White readers or viewers then grew up with a pathetic and suicidal guilt complex? How many of those Black readers or viewers then grew up with a reinforced hatred of "the White Man"? To the extent that books and films such as *To Kill a Mockingbird* contributed toward a climate of general hatred against Whites, particularly Southerners, can it not be said that Harper Lee, much like Al Charlantan; much like Jesse JackAss; much like Beyonce, much like Mr. & Mr. Obongo et al, was actually responsible for the injury or death of many innocent White people?

Incitement, no matter how subtle, equals death; and *To Kill A Mockingbird* always was, and still is, an incendiary piece of literature and cinema -- as well as a piece of something else we will not mention. And speaking of that pair of putrid poofers in

the White House, it is interesting to note the difference between their shocking public indifference towards the ~~death~~ murder of Supreme Court Justice Scalia as compared to the love letter they issued to honor Harper Lee.

An excerpt:

"When Harper Lee sat down to write To Kill a Mockingbird, she wasn't seeking awards or fame. She was a country girl who just wanted to tell an honest story about life as she saw it. But what that one story did, more powerfully than 100 speeches possibly could, was change the way we saw each other, and then the way we saw ourselves. Through the uncorrupted eyes of a child, she showed us the beautiful complexity of our common humanity, and the importance of striving for justice in our own lives, our communities, and our country."

"There is no higher tribute we can offer her than to keep telling this timeless American story — to our students, to our neighbors, and to our children — and to constantly try, in our own lives, to finally see each other."

Thanks Ms. Lee, and thank you Jewish Supremacists who control book publishing, Hollywood, and the New York Slimes.

The propaganda plot of *To Kill a Mockingbird* centers around Tom Robinson, a falsely-accused and wrongly-prosecuted southern Black man; and Atticus Finch, a noble crusading White lawyer who oh-so-valiantly defends Robinson's innocence in an environment steeped in "racism" **TM**. Break out the violins and pass the tissues! You know the procedure. Variations of this goof-ball scenario have been run and re-run a million times -- so that's really all you need to know.

The most troubling element of the *To Kill A Mockingbird* **phenomenon** is how the book became *required* reading in almost every school district; and the Hollywood film adaptation is still being re-run on cable TV. With the propping up and full

blessing of 'The Tribe', this nasty amateurish hag accumulated a massive fortune peddling her stereotypical, anti-White, anti-southerner commie crap. In many respects, Libtard Lee, though probably just a stupid tool, can truly be regarded as one of the founding mothers of the terrorist movement known as 'Black Lives Matter'.

And that is why we are proud to say, "Good Riddance!" --- with no apologies.

Evidently, the previously-unknown liberal wench never fully understood what dark and mighty forces were truly behind the immense and unexpected success of her book.

Boobus Americanus 1: Harper Lee's courageous work was a searing social commentary on race that will be remembered and talked about long after her passing.

Boobus Americanus 2: Indeed. We were all deeply moved and enlightened by reading *To Kill a Mockingbird* in High School.

"You deluded doltss do undersstand that the sstory was fictional -- right?"

(The sub-conscious mind does not distinguish between emotions stimulated by reality versus emotions induced by illusion. That's why people experience joy, sorrow or anger while watching movie scenes.)

**NY Times: U.S. Scrambles to Contain Growing ISIS Threat
in Libya**

By ERIC SCHMITT

REBUTTAL BY

The Anti-New York Times

Without intending to do so, this article explains why the name, ISIS (*Islamic State in Iraq & Syria*), is interchangeably used with the name ISIL (*Islamic State in the Levant -- which refers to all of Middle East and sometimes to Northeast Africa*). You see, the scam worked so well in Iraq and Syria that the planners then decided to roll out the mercenary armies across other areas of the "Levant", which includes

Lebanon, Turkey, Egypt and, in modern usage, Libya. How is it that the credulous sheeple who kneel in Sulzberger's Slimes or worship at the altar of the EIB (*Electronic Idiot Box*) never stop to ask why an Arabic terror group that despises all things western would use English acronyms such as ISIS and ISIL, or words of French origin such as "Levant?"

The ISIS - ISIL - IS - Daesh scam is still going strong -- and "spreading" to Africa.

From the article:

"The Islamic State's branch in Libya is deepening its reach across a wide area of Africa, attracting new recruits from countries like Senegal that had been largely immune to the jihadist propaganda — and forcing the African authorities and their Western allies to increase efforts to combat the fast-moving threat."

Senegal too? Chad, Nigeria, Niger, Mauritania, Mali and Sudan are also mentioned. Soon the boys at Langley and Tel Aviv will need a new marketing acronym -- ISIP (*Islamic State in the Planet*). If there were people on Mars, the cancer of ISIM would be sure to "spontaneously" appear there as well. See how the game works? Well, of course the astute readers of **The Anti-New York Times** see the game, but *Boobus Americanus*, *Boobus Europiticus*, and now, *Boobus Africanus* remain clueless to the great game that threatens to engulf them.

Never forget that it was the deliberate destabilization of Libya and Secretary of State Killary Clinsum's MURDER of Muammar Qaddafi that provided ISIS with its master mother-base in the massive geographical area of Libya. Chaotic Libya also now serves as the departure point for many of the beastly invaders destined for Mother Europe.

Libya's size and strategic location allows the Globalist-Zionist beast to menace Northern Africa and Europe. That is why happy Killary cackled "We came. We Saw. He Died." - just after Qaddafi was tortured and murdered.

Other ingredients of this disastrous Libyan recipe included:

- the WikiLeaks triggered "Arab Spring"
- the WikiLeaks take-down of Italian President Silvio Berlusconi (*an ally of both Putin & Qaddafi*)
- the decision of the pro-western Russian traitor or dupe Dmitry Medvedev's to abstain from the U.N. vote which established a NATO "no-fly zone" over Libya. It was NATO that ultimately helped the mercenary scum on the ground to murder Qaddafi.

It's a riveting drama -- a year-in-year-out geo-political soap-opera that is far more interesting than any TV drama, Hollywood film or sporting event; and infinitely more important for the fate of humanity as well. If only the bewildered sheeple of the world knew what suspense they were all missing out on!

1 & 2- Julian Assange of the CIA/Mossad 'WikiLeaks' admits that his "leaks" to the the foreign press triggered both the bloody Arab Spring and the "scandal" which took down the "dangerous" Italian President Berlusconi.

3- Qaddafi gives a rifle to Berlusconi. The two of them blocked human traffickers from shipping sub-Saharan invaders to Italy / Europe from Libya. That barrier is gone now!

4- Killary played Russian President Medvedev for a fool in securing a "no fly zone" over Libya. It was NATO jets that eventually blew up Qaddafi's motorcade, allowing mercenaries on the ground to finish him off.

Boobus Americanus 1: I read an article in the New York Times today about how ISIS is spreading to other African nations from its base in Libya.

Boobus Americanus 2: I hate to say it, but perhaps it would have better had Qaddafi remained in charge of Libya.

"You're just figuring that out now?! Oh well, better late than never I guesss --- But you're sstill a dumbassss!"

(Positive critique, Sugar. Keep it positive.)

**NY Times: Getting Rid of Big Currency Notes Could Help
Fight Crime**

By **ANDREW ROSENTHAL**, er "THE EDITORIAL BOARD"

REBUTTAL BY

The Anti-New York Times

As part of his oh-so-high-minded effort to "fight crime", **Andrew Rosenthal** (*cough cough*), that shadowy little Wicked Weasel of Oz who styles himself as "The Editorial Board", has come out swinging in favor of former Treasury Secretary **Larry Summers** (*cough cough*) recent call to ban the \$100 dollar bill. Gotta stop them drug-dealers, eh Andy? (*rolling eyes, sarcastically*).

Be neither afraid nor impressed by all the smoke and noise. It's only a pathetic little word-smith typing out lies from behind the curtain.

This all-of-a-sudden push to ban big bills is a harbinger of the dark days ahead. Its significance is *huge* -- all the more so now that Rosenfilth of the New York Slimes is pushing it (*just days after the Washington Compost came out in favor of the ban as well*). Lets have a whiff and rebut some of his mendacious manure. Hazmat suits on -- into the Slimes seditious cesspool we go:

Rosenthal, er, "The Editorial Board": Few Europeans use the 500-euro note, and most Americans rarely encounter the \$100 bill. Yet hundreds of millions of these notes are in circulation around the world... officials in Europe and elsewhere are proposing to end the printing of high-denomination bills.

Rebuttal: Right out of the box, Rosenvermin makes a false equivalence by failing (*deliberately so*) to report the value of a 500-euro note -- leaving the casual reader to assume that a 500-euro note is roughly equal to a \$100 bill. It is not even close! You see, **500 euros = 557 dollars**. There is a huge difference between taking a \$550 note out of circulation versus removing a \$100 note.

Rosenthal, er, "The Editorial Board": "Getting rid of big bills will make it harder for criminals to do business ...

Rebuttal: Organized crime has plagued American cities since the early 20th Century days of the Jewish and Italian Mafias. The so-called "War on Drugs" was first declared by President Richard Nixon 45 years ago. Only now, with banks in crisis and negative interest rates looming, have Summers and Rosenfeces suddenly discovered this new tactic for "fighting crime." How convenient!

Rosenthal, er, "The Editorial Board": ... and make it easier for law enforcement to detect illicit activity.

Rebuttal: "Illicit activity" is commie-pinko-speak for heinous crimes such as "tax evasion", saving cash "under the mattress", or buying and selling precious metals with big bills.

Thank God for great men such as Rubin (cough cough), Greenspan (cough cough), and Summers (cough cough). The brilliant plan to ban big bills is going to save the world's children from the drug dealers. (rolling eyes)

*

Rosenthal, er, "The Editorial Board": The president of the European Central Bank, **Mario Draghi**, recently said the bank is considering getting rid of the 500-euro note (\$557)... though the central bank plans to keep the 200-euro and 100-euro bills.

Rebuttal: Although Rosenvomit does mention the euro-to-dollar exchange rate here, slipping it into paragraph three (*parenthetically*) ensures that most reader will not reflect upon the ridiculousness of equating a \$557 note to a \$100 note.

Rosenthal, er, "The Editorial Board": ... though the central bank plans to keep the 200-euro and 100-euro bills.

Rebuttal: Again, the not-so-astute reader will miss this (*assuming he has even read this far into the article*) but the European Central Bank is **NOT** getting rid of its 200-euro and 100-euro bills -- which both carry a U.S. value greater than the \$100 bill that Summers and Rosenfungus wish to kill (\$220 & \$110 respectively).

So, if we want to do like Europe, shouldn't we be *keeping* the \$100 bill, right?

(Of course, Globalist Draghi of Europe will surely come after the \$200 euro-note, in due time.)

1- EU Central Bank boss Draghi and the Frumpy Frau of Germany -- high ranking Bildeberger frontmen for the powers-that-be.

2- The 500-euro is about to die. Expect the 200 & 100's to be killed later on.

*

Rosenthal, er, "The Editorial Board": Other big bills, like the 1,000 Swiss franc note, which is worth about \$1,010, and the 1,000 Singapore dollar bill, the equivalent of \$712, are also favored by criminal enterprises and tax evaders.

Rebuttal: Again, Rosenstool is counting on his readers sleep-reading through his piece without reflecting. A bill worth \$1,010 and another worth \$712 are far greater than one worth \$100.

Rosenthal, er, "The Editorial Board": Critics who oppose such changes say the big bills make it easier for people to keep their savings in cash, especially in countries with negative interest rates.

Rebuttal: Rosenscum is about to utilize the age old rhetorical trick of briefly stating your adversary's point-of-view and then authoritatively dismissing it with some empty blah blah. Sheeple fall for this technique every time.

Rosenthal, er, "The Editorial Board": But these are relatively minor burdens compared with the potential benefits of reducing criminal activity and tax evasion.

Rebuttal: There it is! The empty blah blah which pretends to kill the legitimate objection. Rosenrectum will now move to his closing blah blah.

Rosenthal, er, "The Editorial Board": There are now so many ways to pay for things, and eliminating big bills should create few problems.

Rebuttal: Killing paper money may not create many problems for the suckers who keep 100% of their wealth in bank accounts, Treasury Bills, and stocks. But for the rapidly growing numbers of cash-in-the-safe savers and holders of precious metals who wish to buy and sell "under the radar", it will pose a *huge* inconvenience as well as a disincentive to take money out of the Zionist-run pyramid system with its soon-to-be *negative* interest rate theft and eventual depositor "hair cuts" and "bank holidays."

But that's *exactly* the whole point of the sordid scheme -- isn't it Rosenshit?

PayPal ran a TV commercial during the Stupor Bowl ---the above images from which speak for themselves.

Boobus Americanus 1: *The New York Times is calling for a ban on \$100 bills.*

Boobus Americanus 2: *It's the smart move. It will make it much more difficult for drug dealers to conduct their dirty business. I wonder why they didn't of this years ago?*

"Becausse, you stupid @\$& \$5# -- negative interesst rate theft was only announced a few weekss ago!"

(Amazing how the Boobuses can't put 2 and 2 together. But Sugar dear, try not to cuss in front of the Church Lady.)

**NY Times (Op-Ed): Effective Firearms Regulation Is
Constitutional**

By ABNER J. MIKVA and LAWRENCE ROSENTHAL

REBUTTAL BY

The Anti-New York Times

The ink on Justice Scalia's death certificate isn't even even dry yet; and already this putrid pair of guest editorialists, **Abner Mikva** (*cough cough*) and **Lawrence Rosenthal** (*cough cough*) are salivating at the prospect of a less constitutionalist Supreme Court reviving the "gun control" agenda. Mikva was a member of Congress, federal judge and counsel to President Bill Clinscum; and Rosenthal is a professor of law from California. The barely-concealed glee over the murdered judge's departure is evident right in the opening line:

"The sudden death of Justice Antonin Scalia of the Supreme Court brought renewed attention to one of his more heralded — and criticized — decisions: District of Columbia v. Heller, in which the court, by a 5-4 vote, held that the Second Amendment conferred an individual right "to keep and bear arms."

To the awake reader, this "renewed attention" - so soon after his murder - is utterly classless, but not at all surprising.

1- Chicago Tribesman Mikva receives the ironically named 'Medal of Freedom' from killer Obongo.

2- Professor Rosenthal was also a part of the infamous Chicago connection that spawned aspiring Marxist filth like Obongo. He is now a professor at Chapman University in Orange, California.

Also not surprising, and actually oh-so-damn-predictable, is the feigned concern about "crime" -- a phony pretext designed to mask the true totalitarian agenda. In calling for total gun registration, our kosher crime-fighters tell us:

"Registration records would create a comprehensive database of all guns and their owners. During a criminal investigation, when a gun was recovered from a person who was not its registered owner, that person would face serious penalties. But so, too, would the registered owner if he had failed to report that the weapon was no longer in his possession.

Under this system, anyone selling or possessing unregistered firearms would face huge legal risks. Overnight, gunrunning and other illegal arms trafficking would become easier to prosecute."

Translation: First, we register the guns and log the identities of every rifle-toting goy redneck in America. When the moment is right, we then unleash Homeland Security to systematically collect them.

After the non-shooting at Sandy Hook School in Newtown, CT, that state passed a registration law. So far, in spite of his fake crying acts, Homo Obongo has been unsuccessful in rolling out such a program nationwide. The "sudden death" due to "natural causes" of Judge Scalia will revive the gun-grabbing push.

The wretched writers then go on to engage in quintessentially Jewish intellectual contortionism by trying to redefine the term "well-regulated" -- which is part of the 2nd Amendment. From the article:

*"The Second Amendment is the only provision in the Bill of Rights with a preamble, which announces its purpose: **"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed."** The Heller decision, in turn, described the "militia" not as a formal military organization, but as everyone qualified to keep and bear arms.*

The Second Amendment therefore means that all who exercise firearms rights should be "well regulated." A "well regulated militia," of course, is subject to rules that ensure firearms are used safely and appropriately."

Nice try gentlemen, but your devious bullshit won't fly here at **The Anti-New York Times**. You see, dear reader, the term "well-regulated" was in common use long before the Bill of Rights was penned, and remained so for many years after. A "well-regulated" militia does **not** mean *governmentally* regulated, that is to say, controlled. Quite the contrary is true. The term only referred to something being in proper working order. Something that is "well-regulated" is fine-tuned to function as expected -- as in well-trained, or well-prepared. Establishing Federal oversight of the people's arms was not only *not* the intent of the 2nd amendment; but the amendment was designed *precisely* to render the government powerless to do so!

And make no mistake, "legal scholars" Mikva and Rosenthal already know this.

Then --- and now. The meaning of "well-regulated militia" hasn't changed.

Boobus Americanus 1: *I read an op-ed in The New York Times today. Two eminent legal scholars make a compelling case for gun registration.*

Boobus Americanus 2: *That's a good first step. Eventually, all assault rifles will have to be confiscated.*

"I'll give you my frickin' gun when you pry it from my cold, dead pawss!"

(Sugar, the very thought of you with a gun would make even James Madison want to repeal the 2nd Amendment.)

NY Times: South Africa: Student Protesters Force Their University to Close

World Briefing

Student protesters across South Africa are calling for lower tuition, more student housing and efforts to erase remnants of South Africa's racist past.

REBUTTAL BY

The Anti-New York Times

"Wah wah wah! Racism racism racism. Wah wah wah!" Will the envious whining of the anti-White brigades of every color and shade ever cease?

Sorry kids -- but this bullshit is getting' old --- real old.

Nearly a quarter of a century has passed since the protective social arrangement known as "Apartheid" was dismantled in White-founded, White-built, White-governed South Africa. Ruling with an iron fist, the Black Marxist super-majority has transformed the formerly First-World nation into a classic Turd World hell-hole in which the elite class and shrinking middle class still live well, while the growing masses of impoverished Whites *and* Blacks are left to struggle for scraps.

Mirroring the economic meltdown is the decline of culture and morality; and an explosion in crime and hate-crime abuse towards the White minority. Throw in an AIDS epidemic, a drug epidemic, elephant and rhino poaching at levels not seen anywhere in Africa, and you get Obamunism on steroids!

And who are these student protesters blaming for the failure of South Africa to build the Heaven-on-Earth that Marxist Mandela and his filthy gang were supposed to usher in? You guessed it --- the big bad "racist" White Man! Never mind the fact that Whites hold as much political power in "the new South Africa" as the Apaches hold in the United States -- it's the *"remnants of South Africa's racist past"*, which the Black government has yet to fully dismantle, that is the cause of South Africa's woes. Of course!

Elephants slaughtered for ivory --- blame it on "racism" TM / Blacks living in squatter camps -- - blame it on "racism" TM / Whites living in squatter camps -- blame it on "racism" TM

The latest protests in South Africa come in the wake of violent student demands for tuition to be abolished -- not lowered, *abolished* late last year across all universities in the country. Protesting students burned buildings, forcing administrators to close one campus. The Black students now demand the removal of the Afrikaans language from their studies, while White students of Afrikaaner descent (*Dutch and Huguenot-French lineage*) are claiming that this is a direct attack on their culture.

At the University of Free State, White Afrikaaner students confronted the Black trouble-makers who ran on to the field during a rugby match. The Blacks were agitating against what they call *"the culture of racism still haunts South Africa."* Similar incidents have taken place at the University of Cape Town where students threw human feces inside campus buildings and set fire to buildings at North-West University's Mahikeng campus.

1- Evidently, not all South African White Boys have been de-balled yet.
Stay strong boys! Weakness invites evil aggression.

2- Sign reads "Stop Racism!" -- Yo homeboy, this ain't 1980! Your folks
have been the undisputed mass-majority masters of South Africa for 23
years now!

True to their weak libtard form, the mostly White administrators at South Africa's Stellenbosch University now aim to replace Afrikaans with English. Activists with the student group Open Stellenbosch had complained that Afrikaans was the language of "oppression" and that using it put some Black students at a disadvantage. When Afrikaans is banned, you just watch and see how many additional rocket scientists, engineers and neurosurgeons start pouring out of Stellenbosch University! (*rolling eyes sarcastically*)

In addition to the usual anti-White Marxism flavor of the protests, there does seem to be another agenda at work. You see, as corrupt and as incompetent as the government of South African President Jacob Zuma is, much like the lefties of Brazil and Venezuela, Zuma's gang is a semi-independent bunch that has been bucking the New World Order on issues ranging from "Climate Change TM to relations with Iran to support of the Palestinians to international trade. Though still somewhat protected due to leftist love for "the new South Africa" -- as the 'S' in Putin's BRICS trade bloc, South Africa's relations with the U.S. have been bumpy in recent years.

In condemning the violence, Zuma has stopped short of fingering foreign elements as the hidden hand behind these protests; but he has hinted that there are fringe elements behind the students working to create a climate of instability in the country. South Africa has also come into conflict with some of the NGO's (*Non-Governmental Organizations*) which the CIA uses as tools of destabilization.

If there was a sliver of hope of South African Whites ever getting a fair deal under its Black Marxist rulers (*purely hypothetical*), one can be sure that the anti-White Globalist hand would never allow it, anyway. The New World Order thrives on the internal instability of target nations. South Africa's racial situation and its libtarded "students" (*including a few stupid White ones!*) are easy buttons for their agents to push whenever they need to. And with the rise of Putin's BRICS, they evidently feel the need to do so.

1- South Africa has always maintained good relations with Iran.

2- Putin and Zuma have struck many business deals, including BRICS and an agreement for the Russians to help build nuclear energy plants in South Africa.

3- Zuma pays lip service to 'Climate Change' TM, while being critical over how the "solution" will damage South Africa's economy.

Boobus Americanus 1: I read an op-ed in *The New York Times* today about the student protests in South Africa. The Afrikaaners want to impose their language on the Blacks.

Boobus Americanus 2: Although Apartheid is gone, it will take many, many years before the tragic legacy of racism can be totally rectified.

"You %\$@#& mentally diseased ssself-hating libtardss!! The only 'racistss' are the Black Marxisst mobs who would kill every lasst White cat and persson if they could."*

(They will figure it out one day -- when they are too old to do anything about it.)

**NY Times: Chris Christie Endorses Donald Trump and
Calls Marco Rubio ‘Desperate’**

By MICHAEL BARBARO, MAGGIE HABERMAN and ASHLEY PARKER

The endorsement from Gov. Chris Christie of New Jersey, who bowed out of the presidential race on Feb. 10 after a disappointing sixth-place finish in New Hampshire, comes a day after Donald J. Trump came under withering attacks from his rivals at the latest Republican debate.

REBUTTAL BY

The Anti-New York Times

In the final dramatic scene of the 2000 blockbuster film, *Gladiator*, the character Quintus, faithful head of Caesar Commodus's feared Praetorian Guards, finally defies the orders of his cruel master by allowing the hero, Maximus (*played by Russell Crowe*), to finish off the tyrannical Emperor in a death match that Commodus had tried to rig in his own favor.

Evidently, after years of killing at the behest of his ungrateful psycho of a boss, Quintus had built-up resentment towards Commodus. When the moment came in which the tyrant could actually be killed by Maximus, Quintus's loyalty to Commodus turned out to be paper-thin. As the injured and suddenly disarmed Commodus pleaded for a replacement sword, Quintus ordered his men to deny the Emperor. Maximus then finishes off the tyrant -- before dying of his own wounds.

Commodus: "Quintus -- sword. Give me your sword!"

Quintus (to his men): "Sheath your swords! Sheath your swords!"

When the tyrant Commodus finally became vulnerable, it turned out that Quintus (Images 1 & 2, in purple) wasn't so loyal to his boss after all! Maximus was then able to kill the evil Emperor.

What is the lesson of the closing scene of *Gladiator*? Simple -- when a hero starts to rise, the tyrant's throne rests on a shaky foundation!

Now don't misunderstand our position here. 'The Donald' has a long way to go before we here at **The Anti-New York Times** will be 100% sold on the sincerity, as well as the viability, of his repeated pledge to *"Make America Great Again"*. But in all fairness, Trump's bold defiance of the Government-Media complex - even in the face of not-so-cryptic death threats now coming from the Establishment - is approaching heroic proportions.

The Jewish-Supremacists have inspired a red-hot hatred of Trump that puts him in very real danger.

Headline: The Times of Israel:

Trump's America is bad, very bad, for the Jews

And what exactly is the parallel between the Quintas-Maximus-Commodus dynamic and Crispy Creme's shocking endorsement of Donald Trump, you ask? It's obvious.

Like the ambitious Quintus, the Jersey Fatboy faithfully served his master ZOG (*Zionist Occupied Government*). As a U.S. Attorney, he helped them to cover up the 9/11 false-flag attack after the fact (*by threatening to prosecute a New Jersey Sheriff who was onto something that he wasn't supposed to be*). After propelling him into the Governorship of New Jersey in 2009, ZOG media then built him up to superstar status by hyping-up "the great job" he did in "rebuilding New Jersey" after Hurricane Sandy in 2012.

Christie further boosted his 'stock price' with the PRC (*Predatory Ruling Class*) by hugging Obongo just days before his 2012 re-election (*which the PRC, including GOP nominee Mitt Romney, had already determined to gift to Obongo*); debasing himself on late night TV shows; donning the beanie at Jerusalem's Wailing Wall; banning 'gay conversion therapy'; kissing the proverbial ring of Zionist billionaire Sheldon Adelson; and even promising to go to war with Russia.

And after two years of teasing the odds-on-favorite candidate for the 2016 GOP nomination with the prospect of the Presidency, what did the PRC do? They dumped his lying lard-ass like a greasy-hot-potato-stuffed-with-bacon-and-drowning-in-sour-cream and put their money and media behind a little homosexual boy from Florida. Crispy Creme can barely contain his contempt for Marco Rubio -- that Floridian faggot whom he unaffectionately and *repeatedly* referred to as "The Bubble Boy" for his admitted history of attending "foam parties".

*Believing that he would be the GOP nominee in 2016, the Jersey Fatboy happily degraded and debased himself at every opportunity. He did everything he was supposed to do -- but the PRC anointed a boyish little Cuban queer instead. **A scorned Crispy Creme belongs to Trump now.***

Crispy Creme's unexpected endorsement of Trump represents payback against the PRC, which he feels has wronged him, and it is a hopeful sign. As much as we detest the likes of Crispy Creme and Sarah Palin (*also "cheated" out of her higher ambitions*), this is the type of 'Quintus Effect' that could serve as the catalyst for weakening the PRC. Surely, there must be many other fear-filled big names with pent-up resentment, or even some with a secret desire to do right, that would relish the opportunity to finally defy their cruel alien masters by jumping aboard the Trump bandwagon.

Let us hope and pray that more and more 'Quintuses' begin to emerge from beneath the rocks they have been covering under for so long, and take to heart the inspiring words of Maximus: *"What we do in life, echoes in eternity."*

For daring to endorse Trump, Cristie's name was linked to the "suddenly revived" Ku Klux Klan by the New York Daily News, a Marxist rag owned by Mort Zuckerman (cough cough).

Meet the "new" KKK --- libtards in White robes.

Boobus Americanus 1: *I read in The New York Times today that the Republican Establishment is really angry with Chris Christie for endorsing Trump.*

Boobus Americanus 2: *Coming on the heels of former KKK leader David Duke's endorsement of Trump, this makes Christie look really bad.*

"The KKK have really cool uniformss."

**NY Times: Oscars 2016: Chris Rock Scores and 'Spotlight'
Takes Center Stage**

By MICHAEL CIEPLY and BROOKS BARNES

The newspaper drama about the Catholic Church cover-up of sexual abuse by priests snatched top honors over "The Revenant," considered the favorite by many.

REBUTTAL BY

The Anti-New York Times

The 2016 Academy Awards was a great event for the anti-White / anti-Christian cultural Marxists who own Hollywood. On a night when the very unfunny, vile, vulgar, hate-filled sub-human-piece-of-filth "comedian" Chris Rock mocked Hollywood for being so "White" (*cough cough*), 'Spotlight', a film about Catholic

priests and child molestation, won top honors. We now anxiously await a movie about the well-documented *epidemic* of child sexual abuses committed by Jewish Rabbis. Maybe next year? (*rolling eyes*)

And perhaps the year after that, we can have another movie about the well-documented *epidemic* of child sexual abuses committed by Jewish Hollywood producers and agents. We can't wait! (*rolling eyes*)

Hollywood and the Piranha Press are obsessed with pedophile priests -- but remain silent about pedophile rabbis and pedophile producers.

1 & 2- The cast of 'Spotlight' celebrates being named for 'Best Picture.'

3- Rabbi Menachem Tewel of Brooklyn -- one of many Rabbis arrested for child sex abuse.

As for the "oppressed" multi-millionaire lawn jockey Chris Rockhead, the article approvingly lists some of the derogatory wisecracks aimed at Whites, and laughingly approved of by the audience of mostly White self-hating libtards:

"If they nominated hosts, I wouldn't even get the job." (because he is Black)

Speaking of the 'In Memoriam' tribute, Rock added that it should also honor black people who were:

".. shot by the cops on their way to the movies."

Moving on to the awards, he said:

"You want diversity? We got diversity. Please welcome Emily Blunt and somebody whiter, Charlize Theron."

And:

“It’s easier to be president of the United States as a black person than be head of a studio.”

The Academy's President, **Cheryl Boone Isaacs** (a Black woman married to a Jewish big-shot), later addressed the "diversity" issue raised by Rockhead with great sympathy:

“It’s not enough to just listen and agree. We must take action.”

In response to the idiotic minstrel's incitement against the "Whites" who run Hollywood, the BLACK PRESIDENT of the "racist" Academy (shown above with Jewish husband Stanley Isaacs) intends to "take action" to ensure that more Blacks win awards!

The good news is that TV ratings for the Oscars dropped to their lowest point in eight years -- and third lowest viewership ever. Evidently, more and more White sheeple are getting fed up with all the anti-White and 'politically correct' filth being thrown in their faces.

The bad news is that 34 million people, presumably a majority of them White, still watched the degenerate spectacle and laughed, even as Rockhead, under orders of his Zionist masters, spit, pissed and puked in their dumbed-down faces -- right through their flat-screens. Of course, apart altogether from the hateful anti-White bigotry, why anyone would care so passionately about which degenerate mediocrity wins which acting award is beyond comprehension.

Excessive TV-watching and celebrity-worship are mental disorders.

Boobus Americanus 1: Chris Rock's brilliant use of comedy to make statements about racial discrimination made a powerful impact at this year's Academy Awards.

Boobus Americanus 2: Indeed. The utter dominance of Hollywood by rich White executives is evident by the lack of Black award winners.

#@%^& (&^%.)

NY Times: The Party of Trump

By ~~ANDREW ROSENTHAL~~, ER, "THE EDITORIAL BOARD"

REBUTTAL BY

The Anti-New York Times

The first thing to catch our eye about this latest bit of disgusting and deceitful hate-journalism from that miserable little-man-behind-the-curtain **Andrew Rosenthal**, aka "The Editorial Board", was the graphic of a gray check-mark that appears to look like falling Twin Towers. These psychos have a long history of throwing concealed messages - as well as some not-so-concealed messages, in our faces. They evidently must derive some perverse sort of psycho-sexual thrill from doing so. Note the similarity between the image and the towers.

Coincidence? Or Sulzberger's seditious Slimes teasing us again?

As for Rosenscum's nasty editorial, it adds further evidence to the already indisputable truth that the Globo-Zionist **PRC (Predatory Ruling Class)** is in full

panic mode over the rising popularity of the imperfect (*from our view*) **Donald Trump**. Let us review the libelous litany of hateful adjectives and outright lies:

Paragraph 2: "shady, bombastic liar" -- "symbol of intolerance and division"

Paragraph 3: "the likes of him" -- "targeting religious and racial minorities" -- "flirts with white supremacists and the Ku Klux Klan" -- "ridicules and slanders"

Paragraph 4: "anger-filled message"

Paragraph 5: "months of games" (*played by Trump*)

Paragraph 6: "darker elements within the Republican Party"

Paragraph 7: "exclusion, bigotry and character assassination" -- "his tactics" (*negative sense*)

Paragraph 8: "record of falsehoods and business failures" -- "scam that is Trump University"

Paragraph 9: "the worst of political impulses"

Paragraph 10: "foul statements" -- "shallow ideas"

Paragraph 11: "politics of rage"

Wow! "*Anger-filled message?*" -- Projecting again, Mr. Rosenfeces? "*Record of business failures?*" Really Rosenstink? The 121st richest man*, in the richest country in the world, is a "failure" at business?

*** Trump maintains that he ranks in the top 50.**

A classic psycho-narcissist -- the little man behind the curtain is full of the red-hot hatred which he accuses Trump of having.

Sulzberger and Rosenstool's unhinged hatred for Trump, and the people who are supporting him, is every bit as deep as that of their cross-town competitor / co-conspirator -- **The New York Daily News** of **Mort Zuckerman** (*cough cough*). The only difference between the two newspapers is their respective target audiences -- with the broadsheet-format *Slimes* being written for the "educated" (*ha ha!*) and the tabloid-format *Daily News* for the "uneducated". The *Daily News* just acts crazier, but make no mistake -- the Yellow Journalists at *The Slimes* are just as vile and just as radical -- albeit much more reserved in their presentation.

The "serious" Jew York Slimes and the "outrageous" Jew York Daily News work in tandem -- spreading the very same lies to different classes of readers.

Boobus Americanus 1: The New York Times Editorial Page really ripped Donald Trump to shreds today. And they did it with tact and gravitas.

Boobus Americanus 2: I have always appreciated the respectable manner in which The Times makes its points -- unlike the low-brow New York Daily News with its sensationalist front page headlines.

"Idiot! It'ss the exact ssame bull-#^@ brought to you by memberss of the ssame tribe, but wrapped up in a different package -- that'ss all!"

(The sophist Boobuses are too superficial to understand the complementing dynamic between the two papers.)

NY Times: A Fiery Debate on the K.K.K. in 2016. Who Figured?

By JAMES PONIEWOZIK

Jeffrey Lord, a former Reagan staffer, and Van Jones, a former Obama staffer, butt heads live over Donald Trump's handling of the K.K.K.

REBUTTAL BY

The Anti-New York Times

On 'Super Tuesday', two TV talking heads argued about the Ku Klux Klan on CNN. The "conservative", Jeffrey Lord, argued correctly that this recent resurrection of the KKK bogeyman has to do with race-baiting to stop Donald Trump -- while the Black "liberal", Van Jones, an actual **admitted communist**, insisted that there are still "racists" **TM** hiding under every rock.

Although Lord, a typical milk-toast "conservative", made some valid points and did so with spirit; he missed the golden opportunity to crush his evil adversary by not saying what should have been said -- something like: *"Who the hell are you, as an admitted communist who helped to incite the deadly Los Angeles race riot of 1992, to denounce the dangers of the virtually non-existent KKK of 2016? Do you denounce communism?"*

A strong comeback like that would have dealt a knockout blow. Unfortunately, milk-toast "conservatives" don't like to fight. And of course, this Slimes article also neglects to mention Jones' communism.

Van Jones is a communist who openly supported the deadly 1992 Los Angeles race riots!

Jones: *"I met all these young radical people of color - I mean really radical, communists and anarchists. And it was, like, 'This is what I need to be a part of.'...I spent the next ten years of my life working with a lot of those people I met in jail, trying to be a revolutionary.... I was a rowdy nationalist on April 28th, and then the verdicts came down on April 29th. By August, I was a communist."*

Let's dive into to Mr. Poniewozik's propaganda piece, extract a few excerpts, and rebut them. Hazmat suits on -- into Sulzberger's cesspool we go!

*

Poniewozik: Until this week, the KKK's loathsomeness had seemed to be a settled issue.

Rebuttal: A national meeting of today's KKK probably couldn't fill up a library conference room. The issue of "the KKK's loathsomeness" is therefore almost as irrelevant as talking about the excesses of ancient Rome's Praetorian Guards. What a joke!

But just to set the record straight, the KKK was originally established in 1865, not long after the War Between the States had ended in total defeat for the South. The Klan was a necessary **self-defense force** formed to protect southern women from the Black rapists who were running wild, and also to resist the brutal political oppression of the Northern "carpetbaggers" who had poured into the defeated and Yankee-occupied South for the purpose of legally looting it.

1- Respected Confederate General Nathan Bedford Forrest was an early member of the KKK.

2- The 1915 classic silent film, 'Birth of a Nation', presented the KKK as the heroic defenders of southern women.

3- After a private White House viewing, former Princeton professor and liberal hero, President Woodrow Wilson praised the film and declared: "It is like writing history with lightning, and my only regret is that it is all so terribly true."

Poniewozik: The conversation moved, perhaps inevitably, to Mr. Trump's interview on Sunday with CNN's Jake Tapper, in which he did not immediately denounce David Duke, the former Klan leader who supports him.

Rebuttal: Again, just to set the record straight, it should be noted that "former-Klan-leader-David-Duke" was also a former State Legislator; and "former-Klan-leader-David-Duke" is also an accomplished author; and "former-Klan-leader-David-Duke" is also a Phd. historian. Let's give "former-Klan-leader-David-Duke" (as in 40 years ago!) a break!

Poniewozik: Jeffrey Lord, a former Reagan staffer, defended Mr. Trump — arguing that the Republicans criticizing him were patronizing African-Americans. "I hate to say this about the Republican establishment," Mr. Lord said, "but their view of civil rights is to tip the black waiter five bucks at the country club."

Rebuttal: That coming from a "conservative" who is supposedly condemning race-baiting!

Poniewozik: Here's where things got real. Van Jones, a former Obama staffer (and an African-American), turned to Mr. Lord and argued that Mr. Trump was "playing funny with the Klan" by not deploring them with the same passion he directs at other terrorist organizations.

Rebuttal: The difference in Trump's response is due to the fact that terrorist organizations (*though controlled by CIA-Mossad*) are real, are growing, and are killing real people (*as well as fake people*). The KKK, on the other hand, is today as tiny as it is toothless. Understood, Poniewozik?

We know that the ISIS "beheadings" are fake and that the ISIS fighters are controlled. But let us pretend, for argument's sake, that ISIS really is what the media presents it to be. How could one possibly draw an equivalence between the two groups depicted above?

Poniewozik: Mr. Lord responded that Mr. Trump had said enough, that Democrats were "dividing people by race" and besides, the Klan was a "leftist" terror group.

Rebuttal: Good Lord, Mr. Lord! The anti-communist Christian Klan was "leftist"??? Really? That's the best you can come up with? Communist filth like Jones needs his head bashed in, and all milk-toast "conservative" Lord can muster is to make the ridiculous claim that the Klan was "leftist" -- a softball which a skilled polemicist like Jones will hit out of the park every time.

Poniewozik: Again: This is 2016. And here was a white panelist suggesting that his African-American peer should really go back and learn his history before criticizing someone about the Klan. Mr. Jones, calmly but with clear emotion, dressed Mr. Lord down: "We're not going to play that game," he said.

Rebuttal: The only thing that would have stopped a communist like Jones would have been to quote his admission to being a communist and *demanding* that he renounce the communist genocides of the 20th century. By refusing to counter-attack the vulnerable red demon with truth and manly firmness, the de-balled Lord put himself at a disadvantage. Jones devoured him.

Poniewozik: It was five minutes or so of the most stunning TV of the year. Even the body language was fascinating: Mr. Jones rested a hand on Mr. Lord's shoulder at times, seemingly less as a dominating gesture than to keep the situation from spiraling out of control.

Rebuttal: Bull-Shine! Resting a hand on someone's shoulder during a heated debate is a pure attempt at domination and intimidation. Milk toast Lord should have grabbed his hand, removed it, and said something like, "Get your hand off me, you communist!"

"Get your frickin' finger out of my face before I bite it, you damn dirty, race-baiting, self-admitted communissst jail-bird!"

That's how Sugar would have handled Jones.

Poniewozik: "I know you," Mr. Jones said at one point. "I trust you." It was as if he were simultaneously battling Mr. Lord and trying to defuse a highly unstable bomb.

Rebuttal: Milk toast Lord not only allowed communist Jones to assert physical dominance over him, but actually allowed Jones to make himself seem reasonable as he was doing so.

Poniewozik: Cable debates typically end up with two parties yelling over trivia. The Jones-Lord argument was arresting precisely the opposite way: Two men were arguing, furiously but in control, over something dead serious.

Rebuttal: Lord held his own at times, but arguing with communist demons without calling them out as such, is exactly why communists keep winning. Being "in control" doesn't mean one has to hold back on the truth.

Poniewozik: The 2016 election has dug up ghastly things in American politics that many of us thought were long buried. But once the Klan robe is out of mothballs, it needs to be confronted under bright lights.

Rebuttal: Even if all the horror stories about the KKK were true, the group would still pale in comparison to "the ghastly things" that communists, both foreign and domestic, have done over the past 150 years. Why are those dirty deeds never confronted under bright lights", eh Poniewozik?

Poniewozik: In a way, the argument was the 2016 election in miniature. It defied the political alignments we've become used to. Mr. Jones, after all, was a progressive supporting an argument begun by a conservative fellow panelist.

Rebuttal: Jones is not a "progressive". Well meaning libtards may be described with that stupid term; but not full-blown, self-admitted communist subversives.

Poniewozik: It unearthed ancient, ugly things in our collective history. It was arresting, in part because it seemed it could all go terribly wrong.

Rebuttal: Any "debate" about the "threat" of the KKK is already "terribly wrong", and terribly stupid.

Poniewozik: This probably won't be the last time this election that the limits of cable discussion — like the limits of our political system — get tested.

Rebuttal: Yes Poniewozik, it won't be the last time. That's because communists like CNN's Jones and the Yellow Journalistic scum at Sulzberger's Slimes will never stop with the damn race-baiting. The sad fact that White milk-toast "conservatives" are too afraid to fight fire with fire compounds the problem.

*

Boobus Americanus 1: *Did you see that debate on CNN between Van Jones and Jeffrey Lord? It was really intense.*

Boobus Americanus 2: *Yes. Intense, yet respectful. It's important for society to have open conversations about race.*

*

*"I got your frickin' 'converssation about race' right here Boobus! --- **White Cat Power!**
Hee hee hee hee."*

NY Times: An All-American Family Portrait, in White

By LAWRENCE DOWNES

REBUTTAL BY
The Anti-New York Times

The Ku Klux Klan continues its oh-so-sudden and stunning 21st Century rebirth by garnering yet *another* mention in Sulzberger's Slimes, aka "The Paper of Record". This time, an actual image of the white-hooded phantoms is paired along with the heart-wrenching article.

The propaganda piece features a Mexican-Texan artist named Vincent Valdez. Lawrence Downes, the pink-pantied libtard editorialist who inked this crap, describes the horrible specter he witnessed in San Antonio:

"In a renovated firehouse near downtown San Antonio, the other day. I stopped dead, my eyes widened, my mouth made a silent O.

I was looking at his latest painting, an unfinished oil on canvas that has already reached a monumental scale: over 6 feet high and 30 feet long, in four panels along two walls. But it wasn't the painting's size that made me stare and stare. It was the people in it, staring back."

We still haven't stopped the "beheaders" of ISIS yet; now we have to worry about the KKK?

Be afraid, sista. Be very afraid!

More vomit:

There are about 10 of them, wearing white, clustered as if for a group photo, which it seems you have just interrupted. They might be a family, but there is no way to tell. All you can see are their hands, and their eyes through the holes in their hoods."

Oh the bloody flippin' drama! It's a *painting* for goodness sake!

He continues:

"One holds a beer, one holds a baby, one checks his iPhone. One, with a woman's hands, whispers to another. It is after dark. Dust swirls in the glowing headlights of a Chevy pickup, the main source of light other than a pinhole moon and the nighttime grid of a city in the distance.

This painting — "The City" — places us on a bluff, somewhere in the present-day United States, in the company of the Klan."

Oh horrors! It gets even goofier.

*"Mr. Valdez was not planning to be prophetic when he began the painting last November. ... He could not have known how much **the Ku Klux Klan, and white supremacy, would overtake the 2016 presidential campaign.**"*

*

Were it not for the deadly seriousness of the imaginary KKK's recent "revival", this would all be quite humorous. But the deliberate incitement of the Black and Hispanic elements of America is no laughing matter. The domestic terror group 'Black Lives Matter' and its sympathizers have already burned and looted businesses; and assaulted and murdered random White people. This latest incarnation of the KKK (*Kosher Kabbalah Klan*) - if it continues to "grow" - will only make matters worse as we approach the summer political season of the 2016 QFS (*Quadrennial Freak Show*).

Stirred up by the Zionist-Marxist media and Team Obongo, Black radicals showed up to abuse Whites at St. Louis Rams football games and Baltimore Orioles baseball games.

And still, this article gets worse:

"Since the night I first saw it, the image has haunted me, along with the thought that Mr. Valdez has captured, in a single composition, a selfie for 21st-century

*America. The grisaille painting is poetic realism, a fiction that tells the truth about the country today. It's **a country obsessed with borders and boundaries**, full of people who are comfortable but uneasy, clannish but frightened. People who are unaware, even in their robes, how ridiculous and **terrifying** they appear. Or who do not care. ----*

--- The painting leaves a lot of room for interpretation, he (Valdez) said. "You get to decide what they're plotting."

In resurrecting the KKK for the 21st Century, the Jew York Slimes is following the play-book of Marxist strategist and trickster **Saul Alinsky** (*cough cough*). Indeed, the trouble-making Chicago Red, whose twisted ideas influenced both Killary Clinton and the White House firm of Mr. & Mr. Obongo, once planned a 'KKK' demonstration which consisted of Marxist activists dressed up as Klansmen in "support" of a politician that they were actually *opposed to*!

That's what is going now, and the seditious scribblers at Sulzberger's Slimes bloody damn well know it. Unfortunately, we expect this "resurgent" Klan problem to only get worse, and possibly more violent, in months to come -- especially if the Donald Trump Express continues to roll.

Trump rallies are getting more and more dangerous. As the media brings the fake KKK back from the graveyard of history, the filthy and ignorant rabble of America's underclass will become even more prone to violence.

Boobus Americanus 1: A Mexican-American artist was featured in today's New York Times. His haunting painting of a group of Ku Klux Klan members is utterly chilling.

Boobus Americanus 2: It is tragic that the KKK has been able to make such a comeback in 2016. I suspect that the Trump campaign re-energized them out of their dormant state.

*

"Hey idiot boy! It wass not Trump who brought thiss fake KKK back from the dead! It wass the @#\$(& *%\$#! at Ssulzberger'ss shitty Sslimess"*

(Perhaps not the most eloquent way of putting it -- yet true nonetheless.)

NY Times: Philippines Will Impound Ship Linked to North Korea

By FLOYD WHALEY

The MV Jin Teng after its arrival at Subic Bay in the Philippines. Philippine officials, believing the ship to be North Korean, took steps to impound it.

REBUTTAL BY

The Anti-New York Times

Though billed by the warmongers and the Yellow Press as a moral crusade to liberate the almost-neighboring island of Cuba; the true objective of the lop-sided 1898 War with Spain (*which had to be imposed upon a reluctant President McKinley*) was for the United States to steal the Philippines and Guam from Spain. This marked the beginning of a powerful U.S. (*Globalist*) presence in the Asian Pacific. Thanks to President Teddy Roosevelt's subsequent crushing of the rebels and forced conversion of the islands to English speakers, the Philippines has remained a wholly owned U.S. vassal state ever since. That is why today's Filipinos have Spanish surnames but speak the English language.

- 1- Neither the Pope, nor the innocent Spaniards, nor the U.S. President was able to beat back the insane war mania and press propaganda which followed the **false-flag** destruction in the U.S.S. Maine in 1898.
- 2- President McKinley was forced to go along with the warmongers of the U.S. Congress.
- 3- On the opening day of the war to "liberate Cuba", Commodore Dewey's Hong Kong-based fleet, on orders from then Navy Secretary Teddy Roosevelt, crushed the Spaniards at Manila. The theft of the strategically vital Philippines - not the 'liberation' of Cuba' - was intended to be the real prize all along.

With that mini history lesson out of the way, let us now proceed to decipher the true meaning of this latest anti-North Korean move by the suddenly belligerent Filipinos. We dissect a few excerpts of this "lie of omission" propaganda piece:

*

The Slimes: The Philippines will become the first country to enforce tough new United Nations sanctions on North Korea when it begins formal procedures to impound a cargo vessel ...

Translation: The United States / Israel Axis ordered the Philippines to start messing with North Korea. *"Don't worry. We got your back."*

The Slimes: linked to the reclusive nation...

Translation: "reclusive" = "fiercely independent and totally sovereign"

The Slimes: The vessel is registered and flagged under multiple countries, but it is one of 31 listed as being owned by North Korea, Philippine officials said, and therefore subject to seizure under the new sanctions.

Translation: Piracy is legal as long as the U.N. signs off on it.

Secretary of State Frankenberry and Secretary of Offense Ass Carter meet with their Filipino puppet counterparts. The U.S. has been building up the Philippines' military in recent years. The Philippines in orange, North Korea in green.

The Slimes: The sanctions are a result of a United Nations Security Council resolution that was passed Wednesday

Translation: As was the case with Libya, Council members Russia and China are still so afraid of the U.S. that they went along with the sanctions -- in the hopes the Globalists will leave them alone. On its face, this is disappointing. However, the good news is that there is concern over whether or not China (*North Korea's main trading partner*) will actually enforce the sanctions, given that member state compliance is only voluntary.

The Slimes: ... after a North Korean nuclear test on Jan. 6 and a long-range rocket test on Feb. 7.

Analysis: You see, the U.S. and Israel can test missiles and bomb civilians at will. But when North Korea, which is under constant threat by the U.S. and its South Korean vassal, decides to test its systems, it's a big no-no.

Israeli white phosphorous bombing of Palestinian civilians -- No problem.

*North Korean missile fired at nothing and no one -- **SANCTIONS!***

The Slimes: One component of the new sanctions requires countries to inspect all cargo passing through their territory en route to or from North Korea. Inspections previously had been required only if there was reasonable suspicion of contraband aboard.

Analysis: This outrageous baiting is an act of war against North Korea, plain and simple. The Globalists *want* North Korea to use force to protect their shipping.

The Slimes: “The world is concerned over North Korea’s nuclear weapons program, and as a member of the U.N., the Philippines has to do its part to enforce the sanctions,” Manuel L. Quezon III, a member of the president’s communications team, said on a government-run radio station on Saturday.

Translation: "The U.S. wants us to pick a fight with North Korea. As long as Uncle Sam keeps paying us, we will do as he says."

The Slimes: In 2008, the police seized about 1,500 pounds of crystal methamphetamine, with an estimated value of more than \$100 million, in Subic Bay that drug enforcement officials at the time said had been produced in North Korea.

Rebuttal: Kim Jong Un is dealing crystal meth now????!!

"Yo Dennis. I got some good stuff -- Korean style! We need your basketball connections to move crystal meth for us in Detroit and Chicago. We can split the profits 50-50, yo."

*

"Crystal meth --- that's a good one!"

*

Like Poland to Germany in 1939; and Kuwait to Iraq in 1991; and Ukraine to Russia in 2014-2016; and Vietnam to China in 2015-2016, the Philippines is playing a very dangerous game of get-paid-to-provoke on behalf of its western paymasters. That's what this vessel impounding nonsense is truly all about. And of course, as always, the seditious scribblers at Sulzberger's Slimes bloody damn well *know* it.

Boobus Americanus 1: *I read in today's New York Times that the Philippines impounded a North Korean owned vessel. Apparently that Kim fellow is smuggling crystal meth now.*

Boobus Americanus 2: *Good for our Filipino allies! That chubby lunatic in North Korea has got to be dealt with sooner or later. My understanding is that he wants to nuke Los Angeles.*

*

"Yeah, right --- and fifteen yearss ago "your undersstanding" wass that Ssaddan Hussssein was linked to the attackss of 9/11! -- You frickin newsspaper-worssshipping TV-addicted cretin!"

(Sugar, you better add Hussein to your no-say list, along with Soros, ISIS, and General Sisi of Egypt. All those S's just doesn't work for you.)

Never Turn Her Back on Her Homeland**

Get the picture now?

1- Carrying the Olympic Torch at the Opening Ceremonies for the 2014 Winter Olympics in Sochi -- her home town and second residence.

2- Love of country and folk is a big no-no in the eyes of the Globalists.

Sharapova maintains that she was unaware of the change before receiving notification of her positive test. This seems very believable because the obscure drug was buried in an updated list of banned substances sent to tennis players in the form of an E-mail! Sharapova said her family doctor began prescribing the then-legal drug *ten years ago*, in 2006, after several health problems arose, such as frequent cases of the flu.

"I was getting sick very often," she said. "I had a deficiency in magnesium. I had irregular EKG results, and I had a family history of diabetes and there were signs of diabetes."

Sharapova's lawyer said after the news conference that meldonium brought these ailments under control. But the anti-White, anti-Blond, anti-Russian Piranha Press is now in feeding frenzy with the gutless corporate response being equally out of proportion. From the article:

"The commercial fallout was swift. Nike, one of Sharapova's longtime sponsors, announced in a statement that it was suspending its relationship with her "while the investigation continues." Sharapova has her own clothing line with Nike, with whom she signed an eight-year extension in 2010 that could reportedly be worth up to \$70 million."

Typical corporate cowardice: Nike, TAG Heuer, Porsche --- all running for cover in fear.

The authors of the article that appeared in The Slimes' Sports section, Clarey and Tierney, ought to be commended for presenting the facts of this case in a fair and objective manner which almost portrays Sharapova an unfortunate victim of bureaucratic bungling and innocent ignorance. Sharapova's lawyer is again quoted:

"But Haggerty said enhancing performance was never Sharapova's intent.

"Maria was completely unaware there were any performance-enhancing capabilities to it whatsoever," Haggerty said. "All the things, the medical conditions she was being treated for with this drug, had nothing to do with enhancing her performance. It had to do with her getting her health to a normal baseline."

Evidently, the Sports reporters of Sulzberger's Slimes are not filled with the same red-hot hatred for Russia manifested by the felonious fiends who ink the News and Editorial stuff. This sympathetic portrayal was not the case with the other featured article by Sidney Ember (*cough cough*), the headline for which gloats: ***Maria Sharapova's Admission Sends Her Sponsors Fleeing.***

Embers breathlessly lists the sponsors who immediately "suspended relations" with Sharapova -- including Nike, Porsche, TAG Heuer and Evian. At age 29 (*getting old for a tennis player*), the two-year suspension being contemplated could effectively end both Sharapova's stellar tennis career and lucrative marketing career in disgrace.

One has to ~~wonder~~ if deduce that the sudden banning of meldonium, announced by adding the drug's name to a long list sent out by E-mail, was an elaborate trap intended to ruin the patriotic Russian. Meanwhile, American tennis star **Serena**

Gorilliams, who will turn an ancient (*in tennis terms*) 35 years of age in a few months, just keeps getting bigger and stronger and faster (*though injuries do appear to be finally catching up with her*) as the politically correct Tennis World, fearful of being accused of "racism" **TM**, just 'looks the other way' at her oh-so-bloody-damn-obvious use of steroids.

Serena at age 20 vs Serena at the "old age" of 34 -- bigger, faster, bulkier, stronger and better than ever. But let's pick on Maria Sharapova for meldonium - a substance just added to the ban list a few weeks ago!

Will the injustices and double-standards ever cease? Maria Sharapova may not exactly die of starvation now, but where does this lovely and classy Russian lady go to get her good name back -- now that the denizens of the Piranha Press have dirtied it with their deceptive diarrhea? Good Lord! The under-handed nastiness of the **PRC** (*Predatory Ruling Class*) is as clever as it is evil.

Boobus Americanus 1: *I read in today's New York Times that Maria Sharapova's sponsors are all dumping her over this doping scandal.*

Boobus Americanus 2: *It serves her right. Performance enhancing substances have no place in tennis.*

NY Times: Argentina: Navy Sinks Chinese Boat Fishing Illegally

By THE ASSOCIATED PRESS

REBUTTAL BY

The Anti-New York Times

What's up with the Argentinian Coast Guard shelling and sinking a Chinese fishing boat? Fortunately, all 20 + crewmen were saved; but what would have happened if some of them had been killed? China is already demanding a full investigation of the matter. Could it be that the recently-forged Argentinian-Chinese love boat may be "sinking" soon? (*pun intended*)

Seriously, what the hell is going on with all these cheap shots on China lately? Whether the boat was fishing "illegally" or not, such an over-reaction against an unarmed civilian vessel, *coming from a very friendly trading partner*, doesn't seem to make any sense -- *or does it?*

Argentinian Coast Guard vs the Lu Yan Yuan, a harmless fishing boat -- a bit of a mismatch, yes?

During the 12-year run of the back-to-back presidencies of the since-deceased **Nestor de Kirchner** (2003-2007) and his wife, **Cristina Fernandez de Kirchner** (2007-2015), the **Front for Victory** faction of the Justicialist Party had cultivated close trade relations with China (*and Russia*). During a 3-day 2014 visit to the Latin American giant, Chinese boss man **Xi Jinping** stated:

"Our two countries find themselves at a historic crossroads. We have just marked 10 years in the strategic association between Argentina and China and the time has come to open new horizons."

Xi and Cristina signed more than 20 trade deals in hydro-power, marine and rail industries worth \$7 billion. The countries also announced Chinese plans to help Argentina build its fourth nuclear plant. Among the agreements was a "strategic partnership" similar to one inked with nations such as Brazil.

Xi added:

"I want to emphasize that we have signed an agreement to raise the level of our relations in order to turn them into a strategic partnership, along with investments in oil, mining, the nuclear field, agriculture and plant diseases,"

Less than one year later Ms. de Kirchner visited China. More love --- and more deals! Combine this romance with China with Cristina's love for Russia, and Cristina's support for the oppressed Palestinians, and Cristina's support for Assad, and Cristina's support for Iran, and - let us never forget - her hubby's role in helping to kill the **FTAA (Free Trade Area of the Americas)**; and the celebration of Sulzberger's Slimes over the defeat of Cristina Kirchner's hand-picked successor in Argentina's recent December election becomes easy to solve.

Xi in Argentina / Cristina in China

In spite of being much closer to the left-wing de Kirchner and her Party in terms of economic idiocy, Obongo wasted no time in telephoning and congratulating Argentina's new "conservative" President, **Mauricio Macri**. Obongo and Sulzberger aren't the only ones puffing-up Macri. The new 'pro-American' President, who graduated from Columbia Business School in New York, has also been portrayed positively in the pages of *Foreign Affairs* -- the mouthpiece of the world-government-promoting **CFR (Council on Foreign Relations)**.

It is still too early to judge if this aggressive over-reaction, just 3 months into Macri's reign, was engineered by the very same geo-political forces that have been prompting puppet Vietnam and puppet Philippines to recklessly poke the Chinese Dragon in the eye. Let's see what further details and consequences emerge in the coming days. But our hunch here is that if the Kirchner group had still been running the show, this event would never have occurred.

1- Biden and Macri make eyes.

2- New York's Colombia University Business School generally churns out budding one-worlders.

Boobus Americanus 1: *I read in today's New York Times that Argentina just sank a Chinese fishing boat.*

Boobus Americanus 2: *That sounds like a bit of an over-reaction. Let's hope that the new President of Argentina can smooth this out with China.*

*

"Don't count on it Boobuss. Macri is CIA!"

(Your instincts are probably right -- again.)

NY Times: Obama Chooses Merrick Garland for Supreme Court

By MICHAEL D. SHEAR and GARDINER HARRIS

REBUTTAL BY

The Anti-New York Times

What's this? Homo-Obongo actually chose a White male to replace the evidently murdered and oh-so-quickly embalmed Antonin Scalia? Even more shocking is the fact that it's an Anglo-Saxon White male named **Merrick Garland**. A surname doesn't get anymore Old English than that!

"White Anglo-Ssaxon my ass! Google this character and I bet he turnss out to be a Tribessman."

You know, Sugar, your hastiness to label everything a conspiracy and everyone a Tribesman risks undermining the credibility of our important work here at **The Anti-New York Times**. But just to shut your little potty-mouth up, let's play your game of Google.

Search: Merrick Garland Jewish

Result: The Forward

Title: Merrick Garland Offers Poignant Story About Anti-Semitism

"My grandparents left the Pale of Settlement...in the early 1900's, fleeing anti-Semitism and hoping to make a better life for their children in America," Garland told reporters in the Rose Garden, flanked by President Obama and Vice President Joe Biden."

That damn cat is always right!

Garland will join Breyer and Hebrew hotties Kagan, Ginsburg, and Sotomayor (Jewish Marrano ancestry, "of Mayer", on what will be a 5-4 majority kosher court!

Clearly, the Left's high-minded talk of "diversity" does not apply to White non-Jewish males, and *especially* not to those of Anglo-Saxon, Dutch, Scandinavian or German ancestry -- pure Aryan sub-groups which still constitute a majority, though shrinking fast, of the American demographic. A review of Obongo's appointments to the Supreme Court, the Federal Reserve, and the most important Cabinet and advisory positions confirms that race-based discrimination against White males is in fact official policy.

- Senior Advisor (Handler) to the President: Valerie Jarret (Part Black / Part Jewish female)
- Secretary of State: John Kerry (part White / part Jewish (Cohn))
- Under Secretary of State for European & Eurasian Affairs: Victoria Nuland-Kagan (Jewish)
- Ambassador to the United Nations: Samantha Power (White female)
- National Security Advisor: Susan Rice (Black female)
- Chairman of Council of Economic Advisors: Jason Furman (Jewish)
- Secretary of Treasury: Jack Lew (Jewish)
- Secretary of Defense: Ashton Carter (White male)
- Secretary of Health & Human Services: Sylvia Matthews Burwell (White female)
- Secretary of Housing and Urban Development: Julian Castro (Hispanic)
- Secretary of Education: John King Jr. (Black)
- Secretary of Labor: Thomas Perez (Hispanic)
- Secretary of Homeland Security: Jeh Johnson (Black)
- Attorney General: Loretta Lynch-Mob (Black) / preceded by Eric Holder (Black)
- Fed Chairwoman: Janet Yellen (Jewish)
- Supreme Court: Elena Kagan (Jewish)
- Supreme Court: Sonia Sotomayor (Hispanic / Jewish heritage)
- Supreme Court: Merrick Garland (Jewish)

Warmonger and Israel-boot-licker Ashton Carter is the *only* true White male among the top tier of key appointees (*we exclude Biden because the first Black candidate for President had to choose a White running mate*). Even if we were to accept, for arguments sake, this dubious doctrine of handing down appointments proportional to the race and sex composition of society at large -- about one third of the aforementioned positions still should have been filled by White men.

In legal parlance, such a contradiction of the laws of probability constitutes what is known as 'prima facie' (*first face*) evidence of anti-White male discrimination -- orchestrated, of course, by the usual suspects. This blatant discrimination is as illegal, as it is undeniable, as it is 'in-your-face'. But dare to point it out and all the fury of hell will be unleashed upon you!

Yes indeed, you've come a long way, America.

The total dispossession of a great nation: The Anglo Supremes 1910 vs. The Judaic Supremes of 2015

"If you say in your heart, 'These nations are greater than I. How can I dispossess them?' But do not be afraid of them; remember well what the LORD your God did to Pharaoh and to all Egypt." -- The Torah Book of Deuteronomy, Chapter 7: Verses 18-19

Boobus Americanus 1: *I read in today's New York Times that Obama just nominated a moderate for the Supreme Court.*

Boobus Americanus 2: *I probably shouldn't say this (glancing over shoulder, hunching forward, and then whispering) -- but it's nice to see a White male get thrown a bone from time to time.*

"White my ass. He'ss of the Assiatic Tribe that hass disspossessed the ssleeping sonss of Europa."

**NY Times (Column): ‘Big Government’ Looks Great When
There Is None**

By NICHOLAS KRISTOFF

REBUTTAL BY

The Anti-New York Times

Reductio ad absurdum (*Latin: "reduction to absurdity"*), also known as **argumentum ad absurdum** (*Latin: "argument to absurdity"*), is a form of logically fallacious argument which is often used to demonstrate that a given statement is false by claiming that an absurd result follows from its acceptance. Here is how 'reductio / argumentum ad absurdum' might play out between a married couple:

Mrs. Smith: Honey, I test drove a beautiful brand new Lexus IS convertible today -- only \$59,000.

Mr. Smith: That's a bit much for us to be paying for a car, don't you think?

(here it comes)

Mrs. Smith: Well, I am absolutely not going to buy some \$500 broken-down, rusted out '89 Chevy with 300,000 miles on it -- if that's what you're thinking!

(Yikes! Reminds me of --- never mind --- I better not say!)

1- *The Greek and Roman philosophers of antiquity had a term for every form of logical fallacy and rhetorical trick there was --- which is exactly why the classics are no longer taught in public government schools!*

2- *'Argumentum ad absurdum' can cause a civil discourse to deteriorate into an ugly argument. That's because the target of the illogic finds it disrespectful and infuriating.*

The seditious scum at Sulzberger's Slimes are as notorious as they are skilled at utilizing this manipulative form of argument. This column by **Nicholas Kristoff** (*cough cough*) is as outrageous of an example of this logical fallacy as you will ever find. The point that Kristoff wishes to "disprove" is the opinion expressed by "Republican candidates" that the Federal government is too big and too intrusive. To make his case, Crazy Kristoff cites South Sudan! Just get a load of this juvenile 'reductio / argumentum ad absurdum':

"After hearing Republican presidential candidates denounce big government and burdensome regulation, I'd like to invite them to spend the night here in the midst of the civil war in South Sudan.

You hear gunfire, competing with yowls of hyenas, and you don't curse taxes. Rather, you yearn for a government that might install telephones, hire a 911 operator and dispatch the police.

From afar, one sees the United States differently. Donald Trump and Ted Cruz seem to think that America's Achilles heels are immigration and an activist government. But from the perspective of a war zone, these look more like national strengths.

Indeed, take what Trump is clamoring for: weaker government, less regulation, a more homogeneous society. In some sense, you find the ultimate extension of all that right here."

So, you see, if we try to mildly scale back the ever-growing cost of our \$4 Trillion per year Federal Government (*about \$40,000 in tax extortion per household!*), not only might the sounds of "gunfire and hyenas" terrorize us, but there won't even be any 911 dispatchers and police to come to our assistance! Those damn Republicans!

"Hyenas and gunfire, oh my! Please don't cut my taxes! Oh please, please don't cut my taxes!"

Jerkoff Kristoff continues with the manipulative horror story:

"No regulation! No long lines at the D.M.V., because there is no D.M.V. in the conflict areas. In practice, no taxes or gun restrictions. No Obamacare. No minimum wage. No welfare state to breed dependency. No sticky rules about eminent domain. And certainly no immigration problem."

Dear Lord, please restrain me from taking that 30 minute bus ride into Marxist Manhattan and stomping this evil little putrid punk like the filthy cockroach that he is! Even by the low-down and deviously dirty standards of Sulzberger's Slimes, this extreme form of '*reductio / argumentum ad absurdum*' is surprising to behold because the Yellow Journalists are generally more subtle in their application of logical / rhetorical fallacies. Jerkoff Kristoff's nonsense is so transparent that it doesn't even warrant rebuttal. It is a caricature of itself. But we must point out that the legitimate government functions mentioned in this idiotic piece (*police and emergency dispatching*) are performed at the local city / town government level, not the Federal!

Tragically, many a libtard will repeat the cunning cockroach's convoluted argument without even pausing to consider that maybe, just maybe, there exists a reasonable 'middle-ground' between South Sudanese lawlessness and societal breakdown on the one hand, and an ever-expanding Federal government - that is racking up \$1 Trillion dollar deficits, year after year after year - on the other.

Oh, by the way -- Sulzberger's Slimes were big cheerleaders for the artificial Globalist creation of the new state of South Sudan and hence, the "paper of record" is partially responsible for the civil / proxy war. And *that*, dear reader, is the real reason why the region is such a chaotic disaster. But we digress.

1-Jerkoff, Kristoff is the one on the left.

2-"Hey, I resent the comparison! At least I don't lie to millions of people!"

Boobus Americanus 1: I read an op-ed piece by Nick Kristoff in today's New York Times. Kristoff cites the chaos in South Sudan as an example of what a society without governance deteriorates into. Conservatives ought to take note.

Boobus Americanus 2: That's an excellent rebuttal to right-wing whining about government being too big.

NY Times: European Union Reaches Deal With Turkey to Return New Asylum Seekers

By JAMES KANTER

The move to send migrants who arrive in Greece back to Turkey was a significant step amid a crisis that has left tens of thousands of people in squalid conditions.

REBUTTAL BY

The Anti-New York Times

Constricting snakes instinctively 'know' that the secret to killing their prey before eating them is to tighten the death grip each time the rodent exhales. Each new exhalation (*emptying of the lungs*) provides the snake that much more space to constrict the poor exhausted creature further and further.

As it is with snakes, a clever Globalist-Marxist knows when to pause the pressure on his squirming victims (*us!*) and when to start squeezing again. That's exactly what the European Union is doing here. After a 15 month period in which as many as 1.5 million Turd World invaders broke into Europe, the Globalists feel it necessary to lighten up a bit on their death grip. In doing so, the growing outrage and passionate political activism of the native European people will soon yield to an "exhalation" -- followed by an even tighter constriction.

Squeeze - relax. Squeeze - relax. The EU snakes know better than to try and kill their victims too quickly.

This much-publicized announcement, which decrees that new migrants passing from Turkey though Greece are to be returned, will pause some of the pressure. But the mostly male roaches who have already scurried into the house of Europa are there to stay; and the ones arriving in Italy by way of post-Qaddafi Libya will keep on arriving as well. In due time, we can expect the Turkey-Greece return policy to go unenforced, if it ever gets enforced at all. A ton of media hype about the new "crackdown", combined with a few diversionary football (*soccer*) games, and *Boobus Europiticus* will soon be able to "exhale" again -- rendering him primed and ready for the next level of strangulation.

Until *Boobus Europiticus* (and *Americanus*) comes to understand that the great game is not meant to end until the very last non-Jewish White Man has been genetically blended out, or died out due to old age -- the snake will resume his death grip again and again and again. It won't stop until Europa is too tightly squeezed and exhausted to offer any resistance at all. That is the basis of the "Kalergi Plan".

Richard Coudenhove Kalergi

Kalergi was the son of an Austrian diplomat named **Heinrich von Coudenhove-Kalergi** and a Japanese woman named Mitsu Aoyama. With his movement financially backed by Zionist billionaires such as **Rothschild, Baruch** and **Warburg**, Kalergi, thanks to his close contacts European aristocrats and politicians, managed to attract the most important heads of state to his project for European integration -- what Winston Churchill openly referred to, in 1945, as the "United States of Europe."

Very few people know that Kalergi, one of the main "founding fathers" of the process of European integration also designed the genocide for the peoples of

Europe. As far back as 1922, Kalergi founded the "Pan-European" movement in Austria, which aimed to create a federation of nations led by the United States. European integration would be the first step in creating a future world government.

With the rise of Mussolini in Italy, The Great One in Germany and Franco in Spain, Kalergi's 'One Europe' project was put on hold. But after the defeat of Germany, Kalergi's New World Order, thanks to the support of Winston Churchill, the Jewish B'nai B'rith and major newspapers like the New York Times, began to take its first visible steps toward fruition.

In order for Kalergi's openly-described New Europe to rise, European Fascism had to fall.

In his book *'Praktischer Idealismus'*, Kalergi boldly declares that the citizens of the future "United States of Europe" will **not** be White people anymore. In his own words:

"The man of the future will be of mixed race. The races and classes of today will gradually disappear due to the elimination of space, time, and prejudice. The Eurasian-negroid race of the future, similar in appearance to the Ancient Egyptians, will replace the diversity of peoples with the diversity of individuals.

Of course, Kalergi's chosenite paymasters will not be replaced by this "Eurasian-negroid race of the future". Writes the hired hack of his paymasters:

"Instead of destroying European Judaism, Europe, against her will, refined and educated this people, driving them to their future status as a leading nation through this artificial evolutionary process. It's not surprising that the people that escaped from the Ghetto-Prison, became the spiritual nobility of Europe. Thus, the compassionate care given by Europe created a new breed of aristocrats. This

happened when the European feudal aristocracy crashed because of the emancipation of the Jews."

The Kalergi plan is the New World Order plan, and it's not just for Europe. White genocide is very real and is playing out exactly as Kalergi and his handlers envisioned it. That is the real reason why World War II was imposed upon Hitler and Mussolini; and it is also the real reason why the Marshall Plan contained hidden provisions for unifying Europe; and it is also the reason why the Frumpy Frau of Germany is acting as "stupidly" as she is. Speaking of manly Marxist Merkel; for her slavish devotion to European Unionism, the wicked wench received the "prestigious" **Charlemagne Prize** in 2010 --- mistakenly referred to by some as the Kalergi Prize because Kalergi was its very first recipient.

1- Merkel shows off her 'Kalergi Prize' in 2010

2- What's being sold as "tolerance" among the races is really a fiendishly cunning Jewish Supremacist plot to genocide all Europeans out of existence.

Boobus Americanus 1: *I read in today's New York Times that the European Union is cracking down on the mass migrations passing through Turkey.*

Boobus Americanus 2: *They have taken in more than enough. It's a good call.*

NY Times: Donald Trump Courts Wary Jewish Voters

By JONATHAN MAHLER

Donald J. Trump, whose disregard for the sensitivities of various religious and ethnic groups has hit a nerve among Jewish organizations, faces a difficult sell Monday.

REBUTTAL BY

The Anti-New York Times

The annual freak show of AIPAC (*the Israel Lobby*) convenes today with a 'Who's Who' of America's political big shots bowed, broken and ready to pledge their undying allegiance to Zion. Killary Clinscum will speak; Ted Cruz will speak; John Kasich will speak; and, unfortunately, Donald Trump will also speak.

In fairness to Trump, the dirty game of reality politics requires that due respect be paid to these people. At that level of the game, a direct frontal assault against the Beast and its many millions of deluded Christian-Zionist cheerleaders would amount to a political suicide mission. The way to work around these mighty maniacs is to bow before them as you plot against them. Rent 'Godfather II' and observe how masterfully Michael Corleone (*Al Pacino*) plays the Jewish mobster Hyman Roth (*Lee Strasberg*) -- who also plays against Michael at the same time.

Godfather II - Michael Corleone and Hyman Roth -- Master chess players who duel to the death as they smile and praise each other. Michael wins in the end as Roth is arrested and assassinated.

This is not to suggest that Trump, whose own daughter is married to an Orthodox Jew, is a secret enemy of Israel and the Jewish elite. But as even this article confirms, Trump's independence and stated willingness to pursue a "neutral" Middle East policy has got more than a few "wary" chosenites up in arms. His 'America Firstism' certainly isn't endearing him to the notoriously cosmopolitan Jewish One-Worlders either.

From the article:

"They cringed at his trafficking in Jewish stereotypes and recoiled when he hesitated before denouncing David Duke, the Ku Klux Klan figure."

"Mr. Trump also stumbled when he waded into one of America's most charged foreign policy issues, promising to remain a "neutral" broker between Israelis and Palestinians.

For the many Jews who side with Israel in its dealings with Palestinians — a number of whom are AIPAC members — "that was like fingernails across the chalkboard," said Ari Fleischer, the former spokesman for President George W. Bush. Mr. Trump later modified his position to be more pro-Israel, but his wavering left many unconvinced."

If Bush mouthpiece Ari Fleischer is "wary" about Trump, then that's a definite plus. The notorious 9/11 PNAC plotter William Kristol is also "wary" of Trump:

“Israel benefits from a strong, consistent, reliable America,” said William Kristol, the editor of The Weekly Standard, who has been one of Mr. Trump’s most vocal conservative critics. “I don’t think that would be Trump’s America.”

And the Harvard Marxist and noted "anti-racist" Alan Dershowitz is equally "wary":

“The way he dillydallied with David Duke basically sent a message that was perceived by many in the Jewish community as he’s looking for any votes he can get from the hard right,” said Alan M. Dershowitz, the defense lawyer.

To Mr. Dershowitz, the problem is not simply Mr. Trump; it is the white supremacists who have rallied around his candidacy. “It’s quite frightening to see who supports him,” he said.

With enemies like Fleischer, Kristol and Dershowitz, Trump's decision to speak at AIPAC isn't as disturbing as a patriot might believe at first glance.

Fleischer -- Kristol -- Dershowitz: three wretched monsters who are "wary" of Trump's speech before AIPAC.

Though not mentioned in this article, Trump's respectful words for Vladimir Putin and his stated desire to "get along with Russia" have also ruffled the feathers of the 'Greater Israel' crowd that had hoped to topple Assad of Syria -- only to see those hopes dashed by Russia's military rescue of the Assad government. Speaking of Putin, those who have read *'The War Against Putin'* will recall how Bad Vlad initially courted and negotiated with the Jewish Oligarchs who had raped Russia during the Yeltsin years. Once Putin had consolidated his power, the gangsters who weren't thrown in jail ended up exiled in Israel or the UK. As Don Corleone would say, *"Keep your friends close. Keep your enemies closer."*

Might 'The Donald', a man that *no one* - in light of the fact that his own daughter is now a Jew - can accuse of being "anti-Semitic" **TM**, be plotting to carry out some

lesser variation of a 'Corleone-Putin' scenario? We cannot say for certain at this time. But neither can the Zionist Mafia -- which is why they are so "wary" of Don Trumpeone.

1- When Zionist mobster Khodorkovsky was all-powerful in Russia, the new President Putin played nice-nice with him.

2- After Putin established himself, the tables were turned. Khodorkovsky was arrested in 2003 and spent the next decade in jail.

Putin: "I have eaten enough dirt from that man (Khodorkovsky)."

*

Boobus Americanus 1: I read in today's New York Times that many Jews are wary of Trump's intentions.

Boobus Americanus 2: I don't blame them. Trump said he wants to be a neutral broker -- as if there is actually an equivalence between Palestinians and the Israelis!

*

"You're right Boobus! There iss no equivalence. Bibi Ssatanyahu resspondss to the alleged killing of 1 Issraeli by killing 1000 Palestinians in retaliation!"

NY Times: Donald Trump Calls Himself ‘Lifelong Supporter’ of Israel

By ALAN RAPPEPORT

Donald J. Trump expressed his solidarity with Israel in passionate terms on Monday, promising a gathering of the American Israel Public Affairs Committee that as president he would always stand up for it against its enemies in the Middle East.

REBUTTAL BY

The Anti-New York Times

The enigma continues. Donald Trump's speech before the kosher kings of AIPAC was disgusting at times, and music to our human and feline ears at others. As we said in yesterday's rebuttal, how much of the 'tuckus'-kissing is for political show versus how much of it is real cannot be known until he actually becomes President.

The bullet-points of Trump's speech:

The Bad

- Vowed to dismantle the "disastrous" nuclear agreement with Iran.
- Referred to a mythical "Iranian terrorist network"
- Backed-off on his controversial pledge of "neutrality" regarding Palestinian and Israeli negotiations.
- Condemned the "anti-Semitism" **TM** of the Palestinian culture.
- Supported Jerusalem as "the eternal capital of the Jewish people."

It was observed that Trump's raw red-meat pleased the Judaic jackals that "warmed" to the bellicose rhetoric with cheers and applause.

The Good

- Called for the U.S. to diminish its role in NATO
- Said he would work closer with President Putin of Russia
- Called upon South Korea to take charge of its own defense

The North Atlantic Terrorist Organization has got to go!

Though having to tightly hold our noses through the obligatory rah-rah-we-love-Israel-always-and-forever crap, Trump's non-interventionism and unprecedented questioning of America's role in funding NATO compensated nicely. Parts of the speech could have been written by Ron Paul! Let just hope that the anti-Iran and anti-Palestinian garbage were just hollow bones that Trump had to throw to these kosher carnivores to keep them at bay.

Trump's jabs at NATO prompted House Speaker and Globalist butt-boy Paulie Ryan to come to NATO's defense during his own subsequent speech before the kosher council of kookdom. We can only imagine what the scum in Brussels, Berlin, Paris, London and Rome will soon have to say about Trump's "isolationism" - **TM**.

On another positive note, Trump just reaffirmed, during a meeting with the Editorial Board of the Washington Compost, that he is indeed serious about non-interventionism. He told the Compost:

"I do think it's a different world today, and I don't think we should be nation-building anymore. I think it's proven not to work, and we have a different country than we did then. We have \$19 trillion in debt. We're sitting, probably, on a bubble. And it's a bubble that if it breaks, it's going to be very nasty. I just think we have to rebuild our country."

He added:

"I watched as we built schools in Iraq and they're blown up. We build another one, we get blown up. We rebuild it three times and yet we can't build a school in Brooklyn. We have no money for education because we can't build in our own country. At what point do you say, 'Hey, we have to take care of ourselves?' So, I

know the outer world exists and I'll be very cognizant of that. But at the same time, our country is disintegrating, large sections of it, especially the inner cities."

1- Trumps non-interventionism sounds much like that of Ron Paul.

2- Trump-basher Paulie Ryan leaped to NATO's defense.

Trump also listed members of a team chaired by **Sen. Jeff Sessions (R-AL)** that is counseling him on foreign affairs and helping to shape his policies: Keith Kellogg, Carter Page, George Papadopoulos, Walid Phares and Joseph E. Schmitz.

Proclaims the Globalist-Communist 'Daily Beast' in its headline about Trump's advisers:

Donald Trump's New Foreign Policy Advisers Are as Rotten as His Steaks

By Shane Harris / March 21, 2016

Harris especially hates Carter Page for his position on Russian relations. He writes of Mr. Page:

"Page has criticized the Obama administration's policy towards Russia, going so far as to accuse Victoria Nuland, an assistant secretary of state, of "misguided and provocative actions" and "fomenting" the revolution that ousted Ukrainian president and Putin ally Viktor Yanukovich from power in 2014."

Another positive point in favor of Trump!

In the grand scheme of things, Trump's undeniable desire to work with Putin and weaken NATO "trumps" (*pun intended*) the mushy manure he had to spread thick before the AIPAC tribunal. Surely, a man as intelligent as Donald Trump knows that Russia and China will allow no harm to come to Iran. Therefore, Trump's

tough talk won't mean much. Even if some level of sanctions is reinstated to appease the chosenites, fast-developing Iran can make up the business elsewhere, as Russia has.

As for the Palestinians, a President Trump, like his predecessors, will probably have no choice but to keep his mouth shut as Bibi Satanyahu continues to torment these poor people -- weak little lambs who may have to be sacrificed if Trump is to retain enough first-term political clout to defuse the Globalist drive for World War III.

Putin and Trump can save the world from Killary and World War III

*

Boobus Americanus 1: *I read in today's New York Times that Trump came out really strong in favor of Israel during his AIPAC speech.*

NY Times: Brussels Airport and Subway Explosions Kill 34

By ALISSA J. RUBIN, AURELIEN BREEDEN and ANITA RAGHAVAN

REBUTTAL BY

The Anti-New York Times

Your cautious editor here at **The Anti-New York Times** generally prefers to restrain his fanatical feline sidekick and wait a day or two before upgrading a false-

flag hypothesis to a confident statement of fact. But these 'crisis-actor' false flag attacks have by now become so frequent, so predictable and so transparent that we're going to have to let Sugar out of her straight-jacket to fully rip on these bombing events that just went down in Belgium. Go ahead, sweetie.

"Fake! Fake! Frickin' fake! As fake as the Sandy Hook non-shooting! As fake as the Boston Smoke-Bomb! As fake as the Charleston Church non-shooting! As fake as the San Bernadino non-shooting. As fake as Moochele Obongo's womanhood! As fake as ..."

OK Sugar. We get the point! Let's at least be grateful for the fact that the clandestine services appear to have stopped killing innocent people and are using invented identities, 'crisis actors' and red paint instead. How merciful of them!

Let's review a few of the soon-to-be "iconic" photos of these two fake false-flag attacks (*Brussels airport and Brussels Metro*).

1- Bloodied man on floor -- looking directly at the camera as person just casually walks by him, not even noticing. Say "Cheese" buddy!

2- Same man -- with side of face covered in theatrical dirt. Red paint all over the floor around him -- but none on his pants? Notice the lack of any grimace and no evident concern for his "leg wound".

*

1- No 'crisis actor' scheme is complete without the distressed woman on her cell phone. Fake blood on her hand. Fake dust all throughout her friend's hair and face as she looks into the camera.

2- The usual fake scene at the sidewalk -- just like the Boston Smoke Bomb Hoax.

*

1- Debris pattern resembles stage props more so than the chaotic aftermath of a massive explosion.

2- Cop or security official of some sort looks at "victim" as he just walks right on by? Nice multi-cultural touch by having the Black guy carry an injured little blonde boy to ...to....to where?

*

1- Fake blood stain on her left knee and one on her right ankle as she looks for a camera. A few stains on her son's jeans too. Why does he seem so bored by the whole affair, and not even concerned with his own injury?

2- This is NOT how to transport injured people! Soldiers and security officials would know that. Where's the stretcher? Where are they bringing him to? Are there no ambulances in Brussels?

*

Too much wrong with this photo: Face splattered with fake blood in an impossible pattern and not even being wiped -- being given oxygen but not being treated for lacerations-- still holding her cell phone as if nothing happened -- as the hero shows us his best drama look, straight into the camera.

*

As the stupid story goes, an unnamed Iraqi intelligence official is claiming that an unnamed source in Syria told his agency that ISIS is behind the terrorist attacks in Brussels (*he said that he said*). What does this *really* mean? It means that the CIA-Mossad complex hasn't given up on its obsession to drag the U.S. and the E.U. into Syria for the purpose of ~~fighting ISIS terrorists~~ overthrowing Assad. Expect the pressure on Obongo the reluctant to "do something" about Syria to intensify. These damn Zionists NEVER quit!

1- Some really bad acting. Next time, use an onion, sweetie.

2- The subway blast occurred at 9:11 Belgian time on 3-22. How conveenient!

*

Boobus Americanus 1: What a tragedy in Brussels, eh?

Boobus Americanus 2: Sickening! Obama has got to do something on the ground in Syria to stop ISIS.

"It'ss frickin' fake! It'ss all frickin' fake! Once we get tricked into Ssyria the misssion will change to overthrowing Asssad sso that Issrael can expand!"

NY Times: Obama Declares a New Partnership After Talks With Argentine Leader

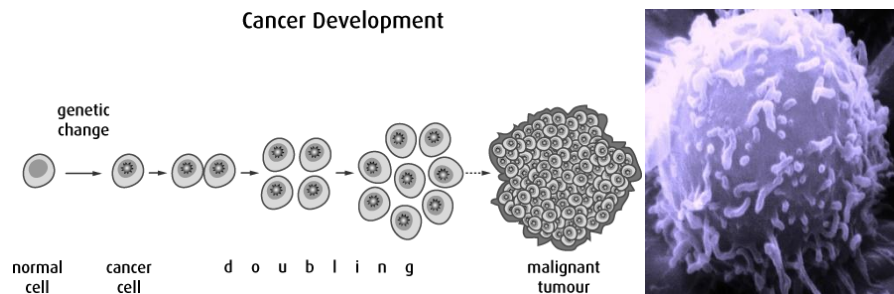

By JULIE HIRSCHFELD DAVIS and JONATHAN GILBERT

NY Times: Crisis in Brazil Widens With Report of Firm's Payments to Politicians

By VINOD SREEHARSHA

REBUTTAL BY The Anti-New York Times

The tricky thing about fighting cancer is that if you don't **kill** all of the cancer cells, the deadly disease will return. As it is with cancer, so too it is with Globalism. Unless all of the cancer cells (*agents and dupes*) are uprooted and killed, the seemingly recovered patient will ultimately succumb once again.

Unless every last cell is killed, the threat remains.

*

Funded by western bankers (*cough cough*), the cancer returned with a vengeance to Tsarist Russia in 1917 -- a full 12 years after the 1905 Communist Revolution had been put down and its leaders arrested or exiled.

The Czar was able to put down the 1905 Revolution (Image 1). When the domestic cancer returned in 1917, it cost him and his entire family their lives.

*

Funded again by western bankers (*cough cough*), the cancer (*in the form of FDR 1932*) returned with a vengeance to the United States -- again, 12 years after the Globalism and Marxism of **Woodrow Wilson** had been thoroughly repudiated and reversed with the 1920 'America First' election of President **Warren G. Harding** and Vice President **Calvin Coolidge**.

After enjoying the benefits of consecutive 'America Firster' Presidents, FDR was installed in 1932. America hasn't been the same country ever since.

*

Funded again by western bankers (*cough cough*) and the CIA, the cancer (*in the form of the 2014 coup*) returned to Ukraine -- just 4 years after pro-Russian **Viktor Yanukovych** was elected President.

Ukraine and Russia were building a warm and mutually beneficial relationship (Image 1) -- but then the cancer, fed from the outside, came back to Kiev.

Now, more than 10 years after the South American giants of Brazil and Argentina, socialist and corrupt though they may be, killed the Globalist scheme to establish

the **Free Trade Area of the Americas (FTAA)**, both countries are in danger of being sucked back into the orbit of evil -- as this double-dip coverage in Sulzberger's Slimes clearly reveals to those of us who monitor these developments.

Argentina:

From the article:

"The United States stands ready to work with Argentina through this historic transition in any way that we can," President Obama said at a news conference Wednesday with the Argentine president, Mauricio Macri."

As we exposed in our **Anti-New York Times** piece of March 16, Argentina's brand new President, Mauricio Macri, is an Ivy League globo-boy, recently puffed-up by CBS's '**60 Minutes**'. That's why Obongo went to Argentina to "repair relations" with Argentina; and it is also the real reason why the U.S. is "opening up" to Castro's Cuba.

Now that Putin's girl in Argentina is gone, wonder-boy Macri is being puffed-up by Globalists and their media mouthpieces.

Brazil:

From the other article:

"Political leaders are bracing for more revelations to emerge that could further tarnish a broad spectrum of Brazil's political class. Among the 594 members in Brazil's Congress, 271 face serious charges."

The revelations of these scandals (*real or not*) as well the convenient outbreak of "the Zika virus" (*real or not*) and many other anti-Brazilian moves have all been

engineered by the Globalist hand. The goal for Brazil is the same as it was for Argentina -- to replace an independent-minded socialist President / government with a cancerous **New World Order** socialist President / government. Should this project succeed, it would only be a matter of time before the FTAA, or some watered-down variation, is reintroduced.

Yes indeed; unless you mercilessly **kill** every last one of its cells, Globalism, like cancer, never quits.

Throwing bricks at BRICS -- the Globalists are trying to stir up a "color revolution" in Brazil so that they can bring back the FTAA scheme.

*

Boobus Americanus 1: *I read in The New York Times today that big changes are happening in Argentina and Brazil.*

Boobus Americanus 2: *Yes. Brazil especially seems to be going through turmoil.*

"Nothing is what it sseems, Boobuss. It's all one big frickin' consspiracy!"

(Yes it is. Once you know the code, seemingly unrelated and complex world events become very easy to read.)

NY Times (International Section): Israel Soldier Detained in Shooting of Palestinian

By ISABEL KERSHNER

REBUTTAL BY

The Anti-New York Times

In this day and age of 24-hour news coverage and I-phone / You Tube viral videos; there are times when members of the Israel Defense Forces will commit, on camera, an act of such bloody and brazen brutality that Sulzberger's Slimes, in

order to retain the illusion of "objectivity", *has to* -- repeat, *has to* report about the incident. When this happens, you can be sure the story will be covered only for a day and usually in the back pages. That's the trick.

Regarding those rare cases when the "objective" Slimes is compelled to hit its fellow Tribesmen in Israel, the attack will be brief and usually buried in the International Section.

And so it is with the Slimes' report of this beyond barbaric murder of an unarmed and unconscious Palestinian man -- shot in the head for good measure as he lay helpless on the ground. The story is duly watered-down and buried on page 6 of the International Section. An Israeli spokesman, quoted by Slimes reporter **Isabel Kershner** (*cough cough*) assures us:

"The I.D.F. views this incident as a grave breach of I.D.F. values, conduct and standards of military operations," Lt. Col. Peter Lerner, an army spokesman, said of the event, referring to the Israeli military. "A military police investigation has commenced and the soldier involved has been detained."

You see, Kershner's cover-up neither denies nor justifies the shocking incident. That would be far too obvious of a whitewash in light of what was actually captured on this horrific viral video. The trick here involves blaming a single out-of-control soldier; and then highlighting how "Israeli authorities" are "detaining" him while they "investigate" the matter.

The Palestinian man lying in the street is either unconscious or playing so out of fear. After moving his head, the Israel soldier (with rifle in air) cocks his weapon and blasts him in the head. That's when the blood starts flowing.

Even more disturbing than the execution head-shot is the cold-hearted indifference of the numerous soldiers and security officers seen in the video. After the killer-shot is fired, no one even so much as bats an eyelash or says to the killer, "*Oy vey dude! What the heck is wrong with you?*" Clearly, the problem here is much more widespread than just this one soldier.

Again, just to make it look good, the article, in its lower paragraphs, quotes a "good Jew", Ms. Sarit Michaeli, who blames "*the public climate in Israel*" and "*virtually every politician condoning the notion*" (that Palestinian attackers should be killed).

Lost in this whole "debate" about how many soldiers are "out of control", and what exactly constitutes excessive force, is the "big picture" of a terrorist state -- armed, funded and protected by the wholly kosherized United States -- that has been brutalizing the dispossessed Palestinians for the past 70 years now. The problem isn't this one killer-soldier, or even hundreds of killer-soldiers. It's Zionism itself. But don't hold your breath waiting for Yenta Isabel Kershner to touch the broader topic.

SHRINKING PALESTINE

*Shhhhh! Let's slap a nobody soldier on the wrist, but don't **ever** talk about the "big picture" behind the problem.*

*

Boobus Americanus 1: *I read in The New York Times today that Israeli military officials have detained a soldier who shot a Palestinian man in the head as he lay on the ground.*

Boobus Americanus 2: *Oh? I must have missed that story. I guess it was in the inner pages. At least Israeli authorities are disciplining him.*

"You frickin' moron! Issraeli authoritiess are the ones who caussed this murder and thoussandss more like it!"

(Right on Sugar! In the big scheme of things, the murder of this poor fellow is nothing compared to Bibi Satanyahu's phosphorous terror bombings of Gaza.)

NY Times: In Donald Trump's Worldview, America Comes First, and Everybody Else Pays

By DAVID E. SANGER and MAGGIE HABERMAN

In a 100-minute interview, Mr. Trump said he might halt purchases of oil from Arab allies like Saudi Arabia unless they commit greater resources to fighting the Islamic State.

REBUTTAL BY

The Anti-New York Times

Though written by a pair of chosenites and tagged with a mocking headline, this article itself is actually fair and objective. Unfortunately, it is the headlines that leave the strongest impression. 'America First' may come as music to the ears of the average patriotic red-blooded American man-in-the-street-of-Heartland-USA -- but to New York City chosenites, Globalists, Marxists, Zionists and assorted libtards, the phrase is a Pavlovian attack bell that gets them to instant salivation and attack mode.

The article quotes Trump:

*"Not isolationist, but I am **America First**," he said. "I like the expression." He said he was willing to reconsider traditional American alliances if partners were not willing to pay, in cash or troop commitments, for the presence of American forces around the world. "We will not be ripped off anymore," he said.*

Admiral Chester Ward, once a "window dressing" member of the world-government-promoting **Council on Foreign Relations (CFR)**, put this term in proper perspective:

"In the entire CFR lexicon, there is no term of revulsion carrying a meaning so deep as 'America First'"

In the book 'Kissinger on the Couch', co-authored with Phyllis Schlafly, Admiral Chester Ward gives us an insider's perspective on how much the term 'America First' repulses 'The Establishment'. Mrs. Schlafly (above, Image 3) has endorsed Donald Trump.

Over the course of the last century, in addition to Trump, there have been four other very well-known public figures whose political activism went forth unapologetically under the banner of '**America First**'. Not at all coincidentally, each of these men are still hated with a demonic passion by the usual suspects. Hop into the time machine and see what we mean.

1920: WARREN HARDING

After 120,000 American lives had been frittered away in the Great War (*World War I*), Ohio Senator **Warren Harding** and his running mate, Massachusetts Governor **Calvin Coolidge**, ran against liberal Democrat Globalists **James Cox & Franklin D Roosevelt**. Harding promised a "return to normalcy" and fierce opposition to ever joining the Globalist 'League of Nations'. Running with the slogan of 'America First', the Harding/Coolidge ticket cruised to a historic 2-1 landslide victory. Remember that the next time you hear about some "poll" of court-historians who *always* rank Harding as "the worst President in history"

'America First' sloganeering originated with the "worst President", Warren Harding.

1941: CHARLES LINDBERGH

The 2nd incarnation of 'America First' occurred during the anti-Roosevelt peace movement of 1940 & 1941. **Charles Lindbergh**, the famous aviator, became the figurehead of this powerful force that warned the public that "*Roosevelt and the Jews*" were plotting to drag the USA into World War II. The **America First Committee** quickly fizzled out after the justifiable Japanese attack on the US Navy based at Pearl Harbor, in what was then the territory of Hawaii.

To the dwindling number of modern-day American's who know that Lindbergh was the first man to fly across the Atlantic (1927), "Lucky Lindy" remains a heroic figure. But the chosenites of academia have always reviled him for being "pro-Nazi" -- and his father, **Congressman Charles Lindbergh** (R-MN), for being anti-Federal Reserve and "anti-Semitic" TM. Perhaps that explains the bizarre kidnapping and murder of the great aviator's baby boy -- which conveniently took place during Passover of 1932.

- 1- Lindbergh was decorated by German Air Marshal Goering (1938)
- 2- Dr. Suess cartoons often ridiculed Lindbergh. The one above depicts goose-stepping American "fascists" supporting Lindbergh.

- 1- 1941: Lindbergh speaks before the 'America First Committee' -- warns about FDR and "jewish influence".
- 2- "Heil Lindbergh" -- Lindbergh was attacked for accepting a medal from Hitler's Germany.
- 3- 2004 bestseller, 'The Plot Against America', by Philip Roth (cough cough) tells of a fictional scenario in which Henry Ford and "President" Charles Lindbergh engineered a 'Nazi' takeover of America.

1991: DAVID DUKE & PAT BUCHANAN

After incumbent Republican President **George HW Bush** the Elder *openly* declared that he was working to establish a "New World Order", former Ku Klux Klansmen **David Duke** kicked-off a Republican primary challenge against him. Older readers may recall that former Ku Klux Klansmen David Duke was actually quite popular back then; and that the slogan that former Ku Klux Klansmen David Duke chose for his campaign was 'America First'.

In order to derail former Ku Klux Klansmen **David Duke** and keep the term 'America First' somewhat "respectable", conservative political commentator **Patrick J Buchanan** also threw his hat into the ring and adopted the term. With the 'America First' vote thus diluted (*perhaps by Buchanan's design?*) Globalist Bush was able to fend-off the nationalist challenge.

Buchanan would run again in 1995-96. That campaign (*against Bob Dole*) started out well, but crashed after relentless media attacks took their toll on "Pitchfork Pat". As for former Ku Klux Klansmen David Duke, his name still remains toxic -- unfortunate given the excellent books and articles he has written.

The 1990's smear campaign against "America Firsters" Buchanan and Duke were intense and dishonest.

Yes, Admiral Ward was indeed correct. Say it again, Admiral:

"In the entire CFR lexicon, there is no term of revulsion carrying a meaning so deep as 'America First'"

Be careful, Mr. Trump.

Someone just went through a lot of trouble and money to have a Donald Trump tombstone erected in New York's Central Park

*

Boobus Americanus 1: *I read in The New York Times today that Trump is adopting the highly provocative term, 'America First' to describe his foreign policy.*

Boobus Americanus 2: *The anti-Semitic overtones of that slogan are very unsettling.*

If I recall correctly, both Pat Buchanan and former Ku Klux Klansmen David Duke adopted that term for their own Presidential runs.

"If either Buchanan or former Ku Klux Klanssman David Duke had been elected Pressident we wouldn't have fought the dissastrous Iraq war that you libtardss are alwayss crying about. Ever think of that, you sstupid \$#@&^#!"*

(Boobuses don't think. That's the whole problem.)

NY Times (Letter to the Editor): How the Republicans Lost the Surplus

By JOHN A. LAWRENCE

REBUTTAL BY
The Anti-New York Times

A former Chief-of-Staff for former House Speaker Nancy Pelosi drops this absolute turd of an economic analysis in the form of a 'Letter to the Editor'. **John Lawrence** not only repeats the lie that "the Bush tax cuts" caused the Federal Budget deficit to skyrocket; but he ignores the fact that the unalterable long-term Obongo/Pelosi budget of 2009 ended up *tripling* the deficits that Bush and the Republican's were racking up.

Let's clean up this Marxist mess.

Pelosi's boy, John Lawrence, inks some massive economic whoppers for the 'Letters to the Editor' page

To the Editor:

Lawrence: Re “You Budget. Why Shouldn’t Congress?,” by Nancy Pelosi (Op-Ed, March 22): As Chief of Staff to Representative George Miller, the California Democrat who developed the “pay as you go” deficit reduction plan in 1982, I would like to make two points.

Rebuttal: Well, as Chief-of-Staff of **The Anti-New York Times**, I would like to point out that the rhetorical tricks of 'establishing credentials' and name-dropping may dazzle the easily-impressed, but it is not relevant to the discussion. A case should be argued on the facts and nothing else.

Lawrence: Although Mr. Miller applied the same standard to all deficit-generating legislation — discretionary spending or tax policy — House Republicans always exempted tax cuts from requiring an equivalent offset, asserting that economic growth would compensate for revenue losses.

Rebuttal: Growth-related revenue increase to the Federal Treasury is not an "assertion" -- it is a simple fact of mathematics that can be easily measured. Even a slowly growing economy will produce many billions of dollar in additional,

taxable wealth. Economic growth drives the level of tax revenue far more so than any tweaking of tax rates.

Hey Professor Egghead! If tax cuts cause deficits, then why did revenues grow so rapidly even after the Reagan and Bush 43 tax cuts?

Lawrence: Under President George W. Bush, they went a step further and allowed the Paygo law that constricted spending in the 1990s to expire.

Rebuttal: Democrats were right there with him!

Lawrence: Unpaid-for tax cuts...

Rebuttal: By "unpaid-for tax cuts", Lawrence means the imaginary increase in the deficit caused by the minor tax cuts. Again, it is growth that drives revenue, not minor adjustments in rates.

Lawrence: the enactment of Medicare Part D...

Rebuttal: Even broken clocks are correct twice a day. Lawrence gets this one right. Of course, he neglects to mention the fact that without the strong support of the Democrats, Bush's Medicare scheme would never have happened.

Lawrence: ... and spending for the wars in Iraq and Afghanistan soon dissipated the surpluses that had been projected because of Paygo discipline.

Rebuttal: The broken clock is correct for the second time. Of course, he neglects to mention the fact that without the strong support which 70% of the Democrats, including then-Senator Killary Clinscum, Bush's wars would never have happened either.

The bloody bitch, along with many other Democrats, was right there in Bush's corner as he launched the genocidal and budget-busting 'War on Terror'.

Lawrence: Republican Congresses have since sought to impose offsetting cuts only on domestic spending, including disaster aid, while ignoring such offsets for tax cuts, with predictable results.

Rebuttal: Again, it is not necessary to "offset" tax cuts because revenues increase automatically due to economic growth. Even the Globalist socialist **Economist Magazine** conceded the reality of this economic maxim:

*"America has seen high top rates of tax in the 1970s, followed by Reagan tax cuts, Clinton tax increases and Bush junior cuts. **None of it made much difference to the overall take.** The two years with the lowest take were under the supposedly "socialist" Obama (admittedly a function of the weak economy) and the highest tax take was under Clinton, at the height of the dotcom boom in 2000." (Oct. 14, 2014)*

Get it now? Boom = revenue growth = diminishing deficits or surpluses. And to the extent that tax cuts stimulate economic activity; those tax cuts, paradoxically, will often *increase* revenue!

Conversely, a sluggish economy, combined with exploding welfare and warfare budgets, increases the deficit *massively*. Obongo, the Democrats, and the "moderate" Republicans have done exactly that -- which is why the United States is approaching \$20 TRILLION in debt with unfunded liabilities of much more. That's the truth about the debt crisis; but don't expect scum like Lawrence and the libtard economists at the Slimes to ever tell you that.

All that being said; we would like see tax rates, spending and revenues drastically *fall* because the money belongs in the private economy (*our pockets*).

*

Boobus Americanus 1: *I read a Letter-to-the-Editor in the New York Times today that explained how the Bush tax cuts and the relaxation of pay-as-you-go policies led to the current budget crisis.*

Boobus Americanus 2: *Republicans still believe that discredited myth about economic growth compensating for revenue loss caused by tax cuts.*

"It's not a myth you sstupid %\$#@^(&. Even that commie-fag John Maynard Keynes undersstood that growth drivess revenuess."

(Where did you learn about John Maynard Keynes, Sugar? That explains the scratch marks on so many pages of my library books!)

NY Times: Israel Changes Tack After Standoff With Brazil Over Dani Dayan

By ISABEL KERSHNER

REBUTTAL BY **The Anti-New York Times**

Not many countries have the ability to resist Israeli pressure -- typically applied via its "super-power" American bitch. But the growing Latin American power of Brazil just did exactly that. Bravo Brazil! By the way, this is the same Brazil that the U.S. media (*cough cough*) has been relentlessly dumping on over the phony 'Zika virus', overspending on the upcoming Summer Olympics, environmental degradation, "income inequality", risky banking practices, rampant corruption and even its disappointing football team. How convenient!

In addition to its rejection of an American Union scheme and its affiliation with Putin's BRICS, Brazil's hard line on Israel is another reason why the CIA / Mossad Axis of Evil has targeted the nation with bad press and "color revolution" attempts.

We learn in this very revealing article that after a months-long standoff over plans to install **Dani Dayan**, a West Bank settler leader, as ambassador to Brazil, Israel has finally backed off — reassigning the loony Likudnik to a position in New York City (*surprise surprise*) after the Brazilian government steadfastly refused to approve his appointment. Dayan will now focus his abilities on "*bringing about a revolution in Israeli public relations in North America.*"

Speaking on Army Radio in Israel, Dayan, who made a fortune running an information technology company, said his reassignment should not be seen as giving in to Brazil. But that is *exactly* what just happened! He said, "*Those that did not want us in Brasília got us in New York, the capital of the world.*" Interesting that Dayan should refer to New York as "*capital of the world*" while at the same time talking about "*bringing about a revolution in Israeli public relations.*" He almost sounds like one of those "anti-Semites" TM who traffic in "conspiracy theories" TM.

Satanyahu vs Dilma Rousseff -- Brazil's condemnation of Israeli brutality and recognition of pre-1967 Palestinian borders has put the developing giant in Zionist cross-hairs.

The story tells us that Brazil, in 2011, formally recognized Palestinian statehood within the 1967 boundaries of the West Bank, Gaza and East Jerusalem. Any American politician who would openly support such boundaries would be crushed by "the Lobby" and blackballed from polite society.

As the impasse dragged on, Israel dug in its heels and threatened to downgrade its relations with Brazil and send a lower-level diplomat if Mr. Dayan was not accepted. As the standoff became increasingly embarrassing for Satanyahu, the reassignment of Dayan to New York provided a face-saving way out.

In Brazil, Israel's capitulation is seen as a victory for the embattled president, **Dilma Rousseff**. But don't get too comfortable Dilma! These patient devils NEVER quit. Expect the anti-Brazil campaign to intensify as the Olympics approaches. And watch out for an attack by 'ISIS' too!

The Globo-Zio press will do whatever it takes to put a sour note on Brazil's Olympic Games this summer.

*

Boobus Americanus 1: *I read a story in the New York Times today about a rift between Brazil and Israel.*

Boobus Americanus 2: *What wrong with Brazil lately? All I read is bad things about that country.*

"That'ss becausse all you read is Zionisst \$#@- @#&!"*

**NY Times: Exxon Mobil Climate Change Inquiry in New
York Gains Allies**

By JOHN SCHWARTZ

REBUTTAL BY

The Anti-New York Times

For the past decade or so, the Globalist **Rockefeller Crime Family** has been trying, to no avail, to "persuade" Exxon Mobil (*a spin off of the Great Grandpa Rockefeller's legendary Standard Oil company*), to understand the "dangers" of Global Warming **TM**. In February, 2016, **Neva Rockefeller Goodwin**, daughter of David Rockefeller, in condemning Exxon-Mobil's "denialist campaign", wrote in an **Los Angeles Slimes Op-Ed**:

"My great-grandfather, John D. Rockefeller Sr., created the Standard Oil Company and I inherited shares in the companies it spun off, including Exxon Mobil. But this year I donated those shares to the nonprofit Rockefeller Family Fund's Environmental program, which sold them and is using the \$400,000 proceeds to fight global warming.

I lost faith in Exxon Mobil's future value. A prime reason is that Exxon's valuation is based largely on the immense untapped reserves of oil and gas it owns. And yet if future generations are to inherit a livable world, most of those reserves must stay in the ground."

One of the premier New World Order families of oil and banking: John D. Rockefeller begot John Jr. -- John Jr. begot David and his four brothers. David (now 101!) begot Neva and five other children.

Incredibly, Goodwin-Rockefeller, a Co-Director of the **Global Development And Environment Institute** at Tufts University, goes on to suggest that corporate "deniers" can be held liable for damages. The blue-blooded bitch bellows:

"After it was revealed that tobacco companies knew smoking caused cancer even as they funded hack scientists to deny it, they had to pay billions in fines and damages."

Just last week came word that the Rockefellers are *totally* divesting themselves of all holdings associated with Exxon Mobil. But that was just the prelude for the coming war not just on Exxon-Mobil, but upon free speech and free thought. This is some really scary stuff folks. From this **New York Slimes** article:

"More government officials are asking what Exxon Mobil knew about climate change."

Attorneys general from Massachusetts and the Virgin Islands announced Tuesday that they would join Eric T. Schneiderman, New York's attorney general, in his investigation into whether Exxon Mobil lied in decades past to investors and the public about the threat of climate change.

The additional participation was announced during a news conference at Mr. Schneiderman's offices in Lower Manhattan announcing support from 15 states, the District of Columbia and the Virgin Islands for the Obama administration's Clean Power Plan.

Attorneys general from Vermont, Maryland, Massachusetts, Virginia, Connecticut and the Virgin Islands, as well as former Vice President Al Gore, attended the event."

Yikes! No wonder the Rockefellers are divesting! How long before "climate deniers" in academia and conservative media begin losing their own jobs, or start being dragged into court for harming the public interest? Ironical, given the fact that it is the Warmist hoaxsters who should be put in jail for conspiracy, embezzlement and treason!

Stalin would be proud! On the basis of a HOAX, corporate "deniers" and real scientists could soon face legal problems. Will bloggers be far behind?

As for these 17 Attorney Generals; all of them are Demoncrats, mainly from states that known to be "blue". As the never-ending hordes of new Turd World voters continue to be strategically imported into the "red" and "purple" states, it is only a matter of time before this type of straight-up Communist tyranny goes national / federal.

The only hope for nipping this extremely dangerous assault on American sovereignty, private enterprise and free speech / free thought will be the U.S. Supreme Court with its generally 5-4 conservative / "moderate" majority. ---- Oh, that's right, we forgot. Justice Antonin Scalia recently died of "natural causes" -- in an isolated desert refuge -- alone -- without security -- under the control of Democrat operatives -- with no autopsy. Therefore, any 4-4 votes will not be able to overturn challenges to the Marxist mischief of these State Attorney Generals. --- Preach it, Church Lady.

The consequences of Scalia's conveenient death have already been felt with the recent 4-4 deadlock that failed to overturn a decision in favor of corrupt and politicized government unions. The worst is yet to come with the kosher court.

Boobus Americanus 1: *I read a story in the New York Times today about 17 State Attorney Generals going after Exxon-Mobil for rigging Global Warming studies.*

Boobus Americanus 2: *This reminds me of how tobacco companies used to mislead consumers about the dangers of smoking.*

"Not exactly, Boobuss. You ssee, whereass Climate Change is communist bull- @\$#&, the dangers of ssmoking have been scientifically proven!"

(Boobuses really suck at analogies.)

Be sure to collect 2015 / Quarters 1, 2, 3 and 4
