Specifications

Attribute	Description
Physical Form	Brown Liquid
Odor	Soapy
Solubility	Complete in Water
Foam	Moderate
Viscosity	Varies with dilution
pH (typical)	13-14
Flash Point	Not Applicable

Dilution Ratios

Use	Dilution
Heavy	5:1 - 10:1
Moderate	10:1 - 15:1
Light	15:1 - 25:1

DOT Classification:
Regulated

Available In

Part #	Size
141337	5 Gal
141335	55 Gal.
141339	Bulk

FLEET BRITE

Tech Data Sheet

Fleet Brite is an aggressive alkaline truck wash that is excellent in removing road film, diesel smoke, and grease.

Benefits

- Biodegradable
- No phosphates
- No butyls
- Leaves paint looking glossy when used as the 2nd-step in fleet washing
- Works well on soot removal

Applications

- One-step touchless vehicle wash
- Most effective when paired with #1 Fleet Prep as a pre-soak
- Great frame and wheel cleaner
- Has degreasing properties
- For house washing, mix 1/3 Fleet Brite, 1/3 bleach, and 1/3 water
- Use in water that is less than 20 grains hard
- For best results, apply with warm water (100°F-120°F)

Precautions

- Contains Sodium Hydroxide
- Not safe on polish
- Do not allow to dry before rinsing
- Do not use in high concentration on painted surfaces

Note: Cleaning effectiveness is affected by: temperature, concentration, dwell time, water hardness, and soap application pressure. Soap concentration may be adjusted to compensate for changes in these conditions.
