### **DEKALB COMMENCES STREET LEVEL IMAGERY PROJECT**

The Board of Assessors and Property Appraisal announce the commencement of its Street Level Imagery Project in which street level imagery will be captured for use in validating property characteristics. The project is being performed by Tyler Technology who will capture a front image of buildings, add x and y coordinates to assist in verifying street addresses and parcel identification.

Collection will commence in the Dunwoody area and proceed in a southerly direction. Should you have questions regarding the presence of the collection vehicle in your area please do not hesitate to contact this office. Phone 404 371 2471

Calvin C. Hicks, Jr. CAE, GCA

### DEKALB COUNTY STREET-LEVEL IMAGERY PROJECT

Thank you for taking an interest in the activities of the Imagery and Data Collection Project.

The DeKalb County Property Appraisal Department has contracted with Tyler Technologies, Inc. to digitally photograph the exterior of every residence in the County and validate its exterior data.

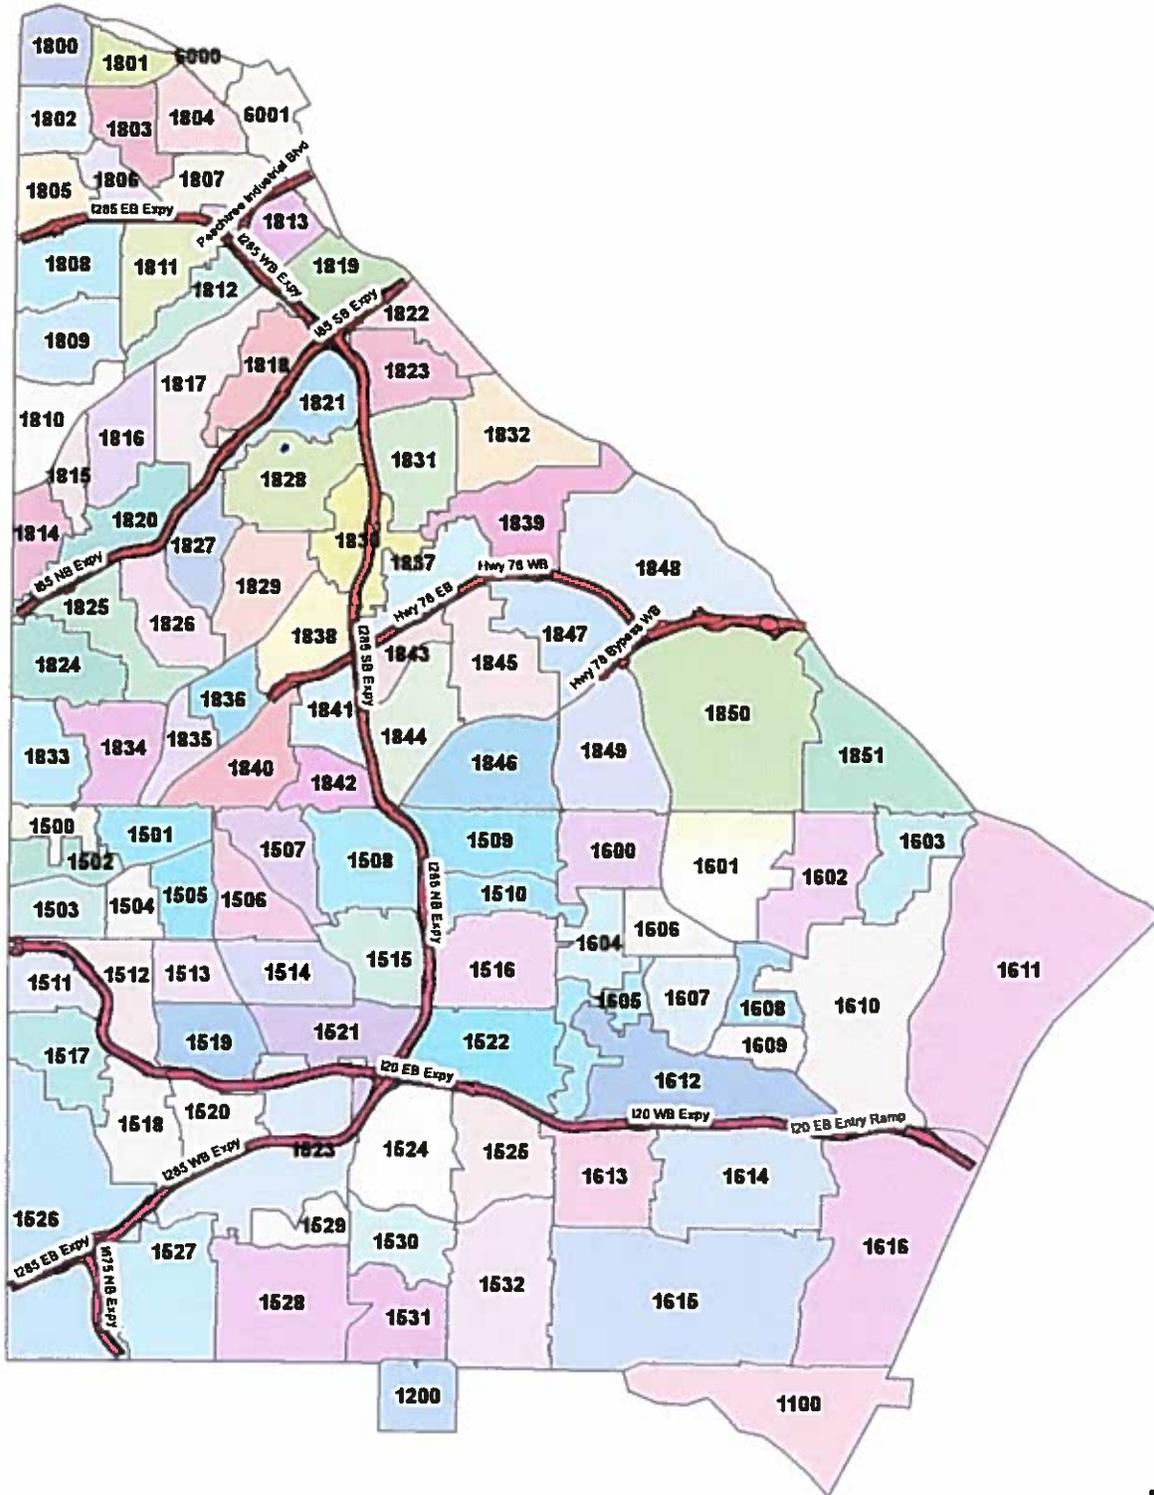

Project goals and benefits:

- Improve the overall quality of property tax data and appraisals/ assessments.
- Complete a property inventory of all improved residential parcels in the county.
- Save taxpayers money by making the property tax administration process more efficient.
- Assist homeowners and businesses with “before” photos in case of losses.
- Enhance emergency management recovery reports necessary for state and federal assistance.
- Validate property addresses to identify homes for fire, police, and medical emergency response.

We appreciate your patience and cooperation with this important project. If you have questions, please call our main line at the DeKalb County Property Appraisal Department.
