Board officers elected for up-coming year. Chair Bayer, V Chair Obinger, Treasurer Markstrom, Sec Peterson, Membership Sedey

Full Board: Markstrom, K Lundeen, Iverson, Bayer, Obinger, V Lundeen, Strohschein, Peterson, Sedey

Weed control: Markstrom reports that a total of \$4,200 was paid out by the Association to lake Restoration last season for weed control on the west end of the lake. A marked improvement was reported by many and a repeat of the program will take place this coming Spring. We hope to bring the City and County into this program. The County Parks program is looking at our request for funds after an initial visit by Chair Sedey and the City will be approached at the Dec. Council meeting. Sec. Peterson will ask to be put on the agenda. Markstrom will inform Lake Restoration that the Association will pay the permit costs for all property owners again. This will save each owner \$40.

Clean Water grant has been requested by Chair Sedey and Markstrom to the County who will administer any moneys between 8 local lakes. We are on their list but they have not yet received any money .

Secchi disk readings for this past season went from 10 feet to 4 feet, this is a normal range. Water quality was good and lacked foul odors, scums, or heavy algae.

Hwy 24 project is still scheduled for Spring 2007 startup.

Loon habitat project will attempt to get bedding materials on the raft this winter. Iverson will coordinate this project.

V Chair Obinger will publish a newsletter and Chair Bayer will print it. Frequency will be determined by amount of news and interest. Sponsors and advertisements will be discussed at a later. Cost should be mailing only.

Dues for 2007 set at \$25. Increase is due to the weed control program. Notices will be sent out in Dec to all home owners. Dues will be from January thru December of each year.

Boat parade for the 4<sup>th</sup> of July celebration will be coordinated thru Bonnie and Dean Hogland. The parade will continue to be on the 3<sup>rd</sup> of July if OKd by the Chamber.

Lake shirts will be printed and sold by local merchant. Obinger will negotiate percentage Association will earn from each sale.
