

How to make a Respirator using coffee filters

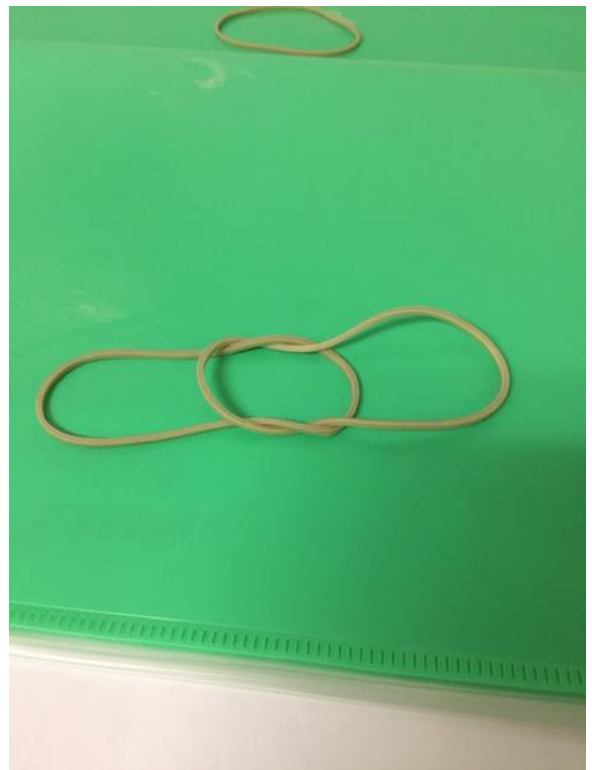

Step 1: These are the supplies bought at Dollar tree

Step 3: Daisy chain rubber bands

Step 2: Making your straps. Take 3 rubber bands, close to same size

Step 4: Interlock daisy chain

How to make a Respirator using coffee filters

Step 5: Tighten chain and add 3rd rubber band. You will need one more strap.

Step 7: Put them all together

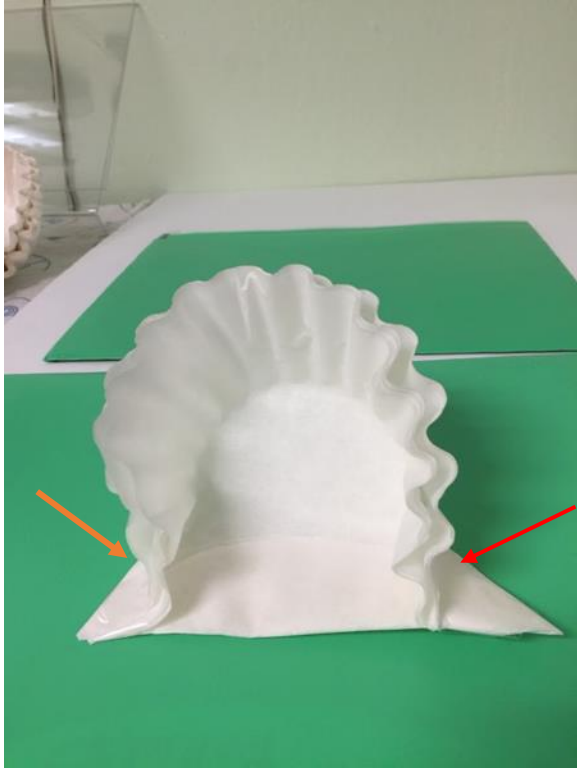

Step 6: Start with 3 filters, you can add more but adding more will make breathing difficult.

Step 8: Fold lower one-third upwards
