

Town of Farmington
Application Permit to install a Drive-Way on a Town Road

Section 86.07(2) WI Stats requires that No person shall make any excavation or fill ...in any highway without a permit from the highway authority maintaining the highway.”

If driveway is installed without a permit, the permit fee doubles and possible removal at owner cost.

The undersigned requests a permit for the purpose of: **Drive-Way**
on township parcel # _____

Approximate date when excavation for drive-way is needed by
_____, 20_____

Before the Town Board takes any action on this application an investigation and field inspection will be made by a representative of the Town Board.

Town of Farmington Resolution 5/20/19(2019) established the driveway widths as follows:

- Commercial driveway - max/min width 40/30 feet
- Residential driveway - max/min width 35/20 feet
- Temporary driveway - max/min width 35/20 feet
- Agricultural driveway - max/min width 35/24 feet

The Town does not permit concrete in the highway right-of-way. When paving a drive-way, the Town Board requires that the concrete stop at the right-of-way and the landowner either asphalt the area between the highway pavement and the concrete, or leave it in gravel. Any person(s) installing a concrete drive-way in the Town’s right-of-way is subject to removal at their cost.
