Group Training Sessions

Functional Intensity

A full-body workout designed to increase function, strength, power and endurance through the use of the latest exercise props such as kettle bells, ropes, medicine balls, suspension units, ground rotational devices, resistance bands, agility ladders and body weight exercises.

Single Session: \$15.00

One Month Unlimited Sessions*: \$99.00

**Includes access to open gym area during business hours*

Group Strength Training

Various resistance training workouts aimed at strengthening and sculpting all muscles of the body. Strength training classes include:

- **Group Strength:** Traditional weight training techniques and equipment will be used such as dumbbells, barbells, and machines.
- **Half Hour Power:** Condensed "Group Strength" class prioritizing the most effective exercises with less/shorter rest periods
- **Core Cross:** A less traditional strength workout that incorporates a greater variety of exercises and a different format each week.
- **Power Sculpt:** A 30-minute class consisting of continuous strength and muscular endurance exercises performed to music.
- **Meathead Mondays:** A class that focuses specifically on increasing the strength and power of multi-joint exercises such as deadlifts, squats, bench presses and pull ups. Progressive instruction of Olympic lifts such as power cleans and snatches will also be introduced.

Single Session: \$20.00 (30-minute classes \$15.00)

One Month Unlimited Sessions*: \$150.00

**Includes access to open gym area during business hours*

Senior Strength and Mobility

By performing safe and effective resistance training, dynamic stretches and myofascial release, seniors will increase the strength, mobility and flexibility necessary to reduce risk of injury, slow the rate of bone loss and improve the quality of daily activities.

Single Session: \$10.00

One Month Unlimited Sessions: \$59.00
