## *Editor in Chief*

I got started as a fashion designer on the runway in 2013.... I always wanted to be one, but it was my customers at my Gulfport, MS Face 2 Face VIP Boutique hair salon that really inspired me. They loved my style and all my trending fashion heels, handbags and accessories.

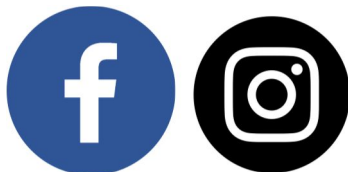

I lived in Atlanta already and open my first store there in the fashion and beauty industry 2009.

Everything really took off after my hair salon was published in OKHAIR Magazine and went to the Walk Fashion Runway Show in Atlanta in 2016.

The success of it has been overwhelming, surprising and exciting!

The challenges I had was trying to make everyone happy instead of sticking to what my vision and mission was. Also, protocol and order is another big challenge when working with unprofessional in the industry.

My advise: I would give to someone who's just trying to come into the business because it "looks easy." Don't do it if it's not your passion and called from above. The ones is called to this step out on faith, believe God for the impossible and watch him do the possible, no matter how hard it gets, no matter how many no's you get keep dreaming, keep creating, keep visualizing, and keep thriving until you reach the top of where you want to be.

# NEW YEAR NEW LOOK NEW YOU!!

The newness it brings, along with cheerfulness we sing, it's a delightful thing. That's the optimism that comes with the New Year. We excitedly bring it in, with hopes of achieving what last year did not win. But, this is not the time for any more excuses. This is the time for us all to embrace the hope the New Year has given us.

For this reason, you have to accept the challenge that has been granted you, life. And you were only given one. So this year marks the start of completing those New Year resolutions.

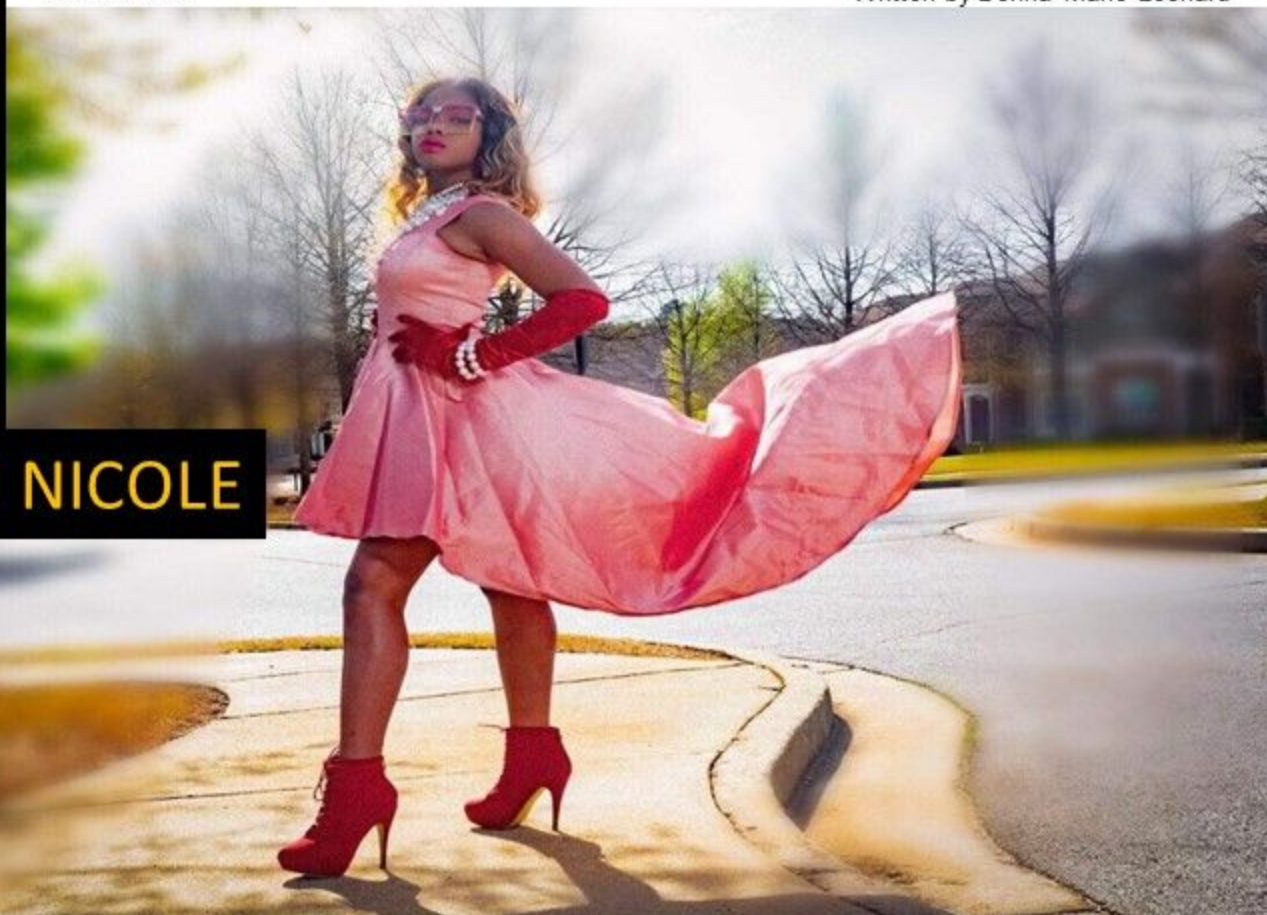

While failed attempts may spring about, you cannot give up. This is your year to achieve the unbelievable.

Will it require hard work, and take you out of your comfort zone? Yes, but it will be worth it. Those nights you go down with the moon and wake with the rising sun, will all be for the good of accomplishing the life you have always wanted.

This 2019, embark on creating the life you have seen yourself having. No more dreaming, time for them to come to life. Walk in the path you have always known was meant for you. This is your year. There is no greater and prominent time than now, to be in love with yourself enough that you give your dreams a chance to come alive.

## KEISHA MCDONALD

is a new talented, vibrant, upcoming fashion designer, and model. During her childhood she was influenced by fashion from different time periods from renaissance, to disco-wear, to street fashion. She uses old clothes and unique fabrics in several of her 2019 collections. Recently, Keisha moved back to Georgia and started back modeling and designing. "I've always thought fashion is not what you see but what you make of it".

"Also, you can never make a mistake in sewing, sometimes fashion can be a simple mistake". As a child, she was too tall for her pants and back then they called them "high waters ". She often wondered if she could ever find any pants long enough for her. These days she's so excited to make her own pants and make them as long as she wants. Keisha has worked with many celebrities when she was younger. Her first fashion task was to dress Keshia Knight Pulliam from "The Cosby Show".

I began my modeling career a little over 2 years ago and have been enjoying my journey ever since.

People ask me all the time if this is glamorous and I let them know that

while modeling and acting is amazing, it is a lot of hard work, long hours, dedication, and sacrifice.

I wouldn't change it for the world. I really love what I have been doing.

You can find me on the runways continuing to learn and grow. I am in 8<sup>th</sup> grade at Tapp Middle School and am on the honor roll. I enjoy science and reading and P. E. class....(cont.)

In my spare time, I like to hang out with my friends, go to the movies, eat, and play with my pets. I also enjoy volunteering with my mom and helping other models who are just starting out. I love to dance and sing along to my favorite country songs.
