Bronze DJ Package

My Bronze DJ Package is ideal for those looking for a small rig for a small social or family event, school disco or children's party.

Personally, I would not recommend this DJ Package for Weddings, Corporate Events or larger family celebrations - unless you are looking for something very basic.

This DJ package is designed to help incorporate those who have a set budget but are still looking for an excellent standard of quality from their DJ.

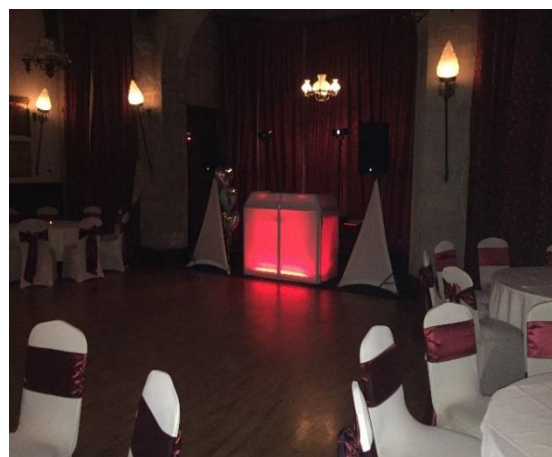

What's Included in the Bronze Package:

- Myself as your professional DJ
- 1000w (2000w peak) high quality EV sound system
- Two moonflower gobo lights
- DJ booth lit to colour of your choice
- Telephone meeting in the week prior to your event
- **LIMITED REQUEST LIST OF 20 SONGS BY EMAIL**
- Neat and tidy set-up (No stretched or unsightly cables)
- Easy contact with me by telephone, text message or email
- Signed booking confirmation
- Receipts for all payments

ADDITIONAL ITEMS

Additional items can be added to the Bronze Package including uplighting, LED mirror balls, confetti cannons, star cloth back drop, karaoke, personalised monograms and inflatables/props.

Please see additional items for your DJ Package from page 7 onwards for details and prices.

Additions to your DJ Package

Uplighting - £150.00 for 10 uplighters or 15.00 per light thereafter

Uplighting can provide a simple but effective way of turning any venue or marquee (indoors or out) into something very special in the colour scheme of your event simply by adding a touch beautiful colouring with freestanding lights that are placed on the floor around a venue normally close to a wall or supporting beam.

They shine a beam of coloured light of your choice up the wall which can give a great effect to your venue and add an extra wow-factor.

The uplighting can be in any colour (or colours) of your choice and I can colour match as close as possible to your colour scheme.

Uplighting is part of the Gold and Platinum Package.

LED Mirrorballs - £40.00 (pair)

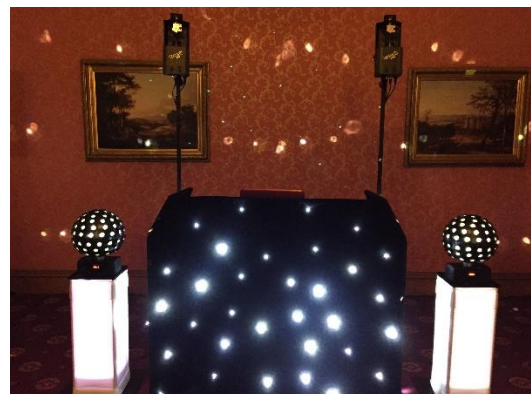

Based on the old-style discotheque mirror balls (or disco balls or glitter balls) these new state-of-the-art lights give a great effect to your first dance and can stay in white all night or be set into the light show to change colour with other lighting.

The LED mirror balls that I use are ADJ Starbursts and provide a great room fill and perfect backdrop especially for a first dance, slow dance or for a ballroom feel to your venue.

They are professionally and neatly presented and can be placed on a plinth that is lit to match the colour scheme of your event, inside my professional DJ booth or mounted on an overhead bracket.

They can be a great addition to your set up for any size venue.

LED mirror balls can be added to the Bronze, Bronze Plus or Silver Package for £40.00 or are part of the Gold or Platinum Package.

Confetti Cannons - £125.00 (including one fill)

Two Chauvet Funfetti cannons filled with confetti in the colour and style of your choice.

A great way to enhance a Grand Entrance, first dance or to end the night.

The cannons are launched automatically and can be refilled if required to be launched more than once during your event for an additional charge.

The cannons are fan powered with a sound level equivalent to a domestic vacuum so there is no loud bang upon release.

The confetti cannons are part of the Platinum Package with one fill of a colour of your choice.

There is an additional charge for two colours or for multiple releases during an event.

Personalised Monogram Gobo - £100.00

A personalised monogram gobo can be a lovely lighting feature which can be displayed all night.

As the projection unit is self-standing, it can also be used in different locations of your venue. The monogram can include your name(s), celebration and date. It will always be checked with you before ordering to ensure that you are happy with the image that will be projected.

The gobo itself is professionally manufactured from either glass or metal rather than the cheaper option of printing onto plastic, which can melt or overheat during an event.

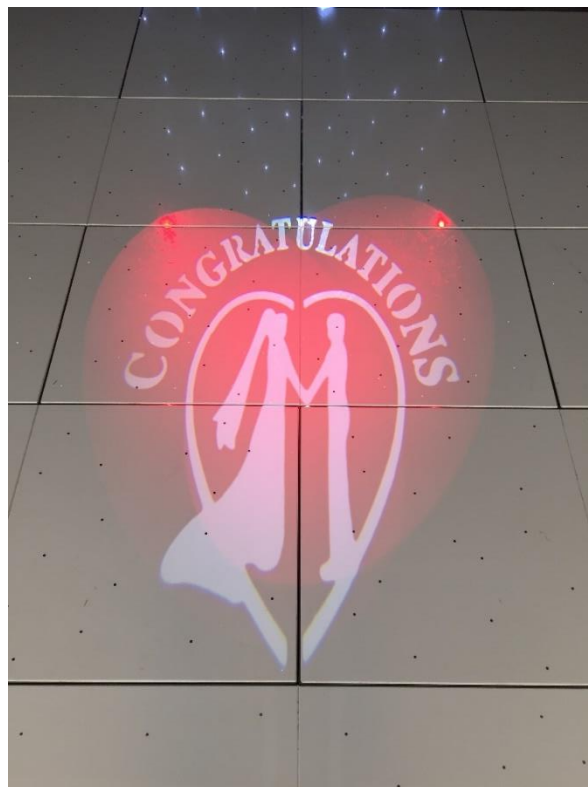

After your Event, the Gobo will be framed and sent to you as a memento of your day at no further cost.

Your Personalised Gobo is not ordered until your full payment is received.

A standard monogram gobo featuring either a bride and groom silhouette or hearts is part of the Gold Package.

A personalised monogram gobo is part of the Platinum Package.

A personalised monogram can be added to any package for £100.00.

Starcloth Curtain - £50.00

A 3m by 2m black with white twinkle light cloth back drop which can give a beautiful effect to your room.

The star cloth curtain is free standing so can be placed as a backdrop to your DJ, dance floor or as an area for guests to take photographs.

The star cloth backdrop is part of the Gold and Platinum Package and can be added to Bronze, Bronze Plus or Silver Package for £50.00.

Karaoke - £30.00

Over 14,000 legally sourced songs across many genres from major UK karaoke suppliers including Sunfly, Zoom and Mr. Entertainer.

From the classic sing-a-longs, rock classics, Motown and disco to the current chart my karaoke selection covers it all.

Supplied with high-quality four radio mics for singers to cater for larger groups of singers.

Lyrics are displayed on a 24" TV which is mounted on a speaker stand to give a professional and tidy look to your karaoke.

I would highly recommend karaoke if your event has a large selection of singers rather than dancers, however, if you are looking to have a full dancefloor all night, it is a good idea to have a finishing time for karaoke or, alternatively, use it later in the evening if you know you don't have a dancing crowd.

It only takes one awful version of Frank Sinatra or Robbie Williams for your guests who don't like karaoke to use it as an excuse to leave.

Inflatables/Props - £100.00

I can provide props and inflatables for your event. These can also be great fun and amusements especially when used for selfies and general dressing up as the night goes along (and the alcohol kicks in!) and it can work out cheaper than a photo-booth.

These include inflatable guitars, microphones, wigs, hats, oversized glasses, feather boas, selfie sticks and a personalised printed Instagram style frame.

This is not a photobooth or an instant print service.
