## Junction Hotel ph 88306061

The current situation surrounding the coronavirus pandemic is constantly changing.

With that in mind, we here at the Junction will continue to operate as long as we are allowed, but more importantly, as long as we are all well. Moving forward, as more people go into self isolation we have extended our services to include a local food delivery service for any vulnerable members of our community.

Please don't hesitate to call us to discuss your needs 88306061.

7 days a week 5-8 for food.

Alcohol takeaway... Call ahead anytime after 12

Our usual takeaway service will continue for all those who can collect.

## From the Editor:

G'day all.

Well, what a pretty pickle we find ourselves in! I hope all our readers are keeping well and safe and connected with friends and family.

If you are having problems accessing services from home, modern technology is providing quite a few solutions. You can order fruit & veg, groceries and prescriptions to be delivered to your home and have a phone or screen consultation with your doctor. Check their web sites or phone to enquire.

Contact your local MP, Federal or State, or the Red Cross if you need help with stuff - and don't despair; it should all be over in a few months.

Good luck! Anne.

### April 2020 Update

Hi All,

I hope everyone is well and keeping themselves busy at home during this terrible time. I know by comments that many are getting gardening etc done around home. We can only hope that this all ends soon.

Many events have been cancelled. A lot of hard work, time and money goes into organising these shows; to not be able to put them on is very daunting and makes us very aware of how serious this virus is.

The Overnight Stay is still operating on a scaled down capacity **Essential Campers only** meaning people that have been caught up in this devastation that have no home to go to as their home is the one with which they travel. They have been left vulnerable with their dream in tatters and scared of other people's reactions. Most are of the older group or young families giving their children an experience of a life time. Please be tolerant and understanding that they didn't have any idea this would happen and are completely gutted; they are Australians just like us. Scared and needing a safe place to camp.

Easter will soon be on us. People thinking of going on a holiday should think very carefully as this has been very much advertised everywhere to not do this. **Parks will not take you.**

We will be monitoring daily on what unfolds. We are kept informed by Council and Government daily.

On a happier note please stay safe clean your sheds out, declutter, garden, read a book, keep in contact. We are extremely lucky to have Facebook, phones etc. Keep in touch with loved ones. Never lose your kindness to others.

- Norma Hardy.

Brinkworth Progress Association Inc. meetings will be conducted using the internet until we are allowed to go back to normal.

## Garage Update

The Garage will continue to operate as normal during this uncertain time due to Coronavirus, unless closed by the Government. Thank you to those who have been supporting us.

Please remember social distancing while at the Garage. Hand sanitiser and anti-bacterial sprays are being used. Door handles, steering wheels, gear levers etc are being cleaned before vehicles are worked on and after vehicles have been worked on. Keys are also cleaned. If you feel unsure about pumping your fuel, please ask and fuel will be pumped for you. EFTPOS payment is the preferred method of payment.

Stay safe and lets all work through this tough time together.

## RETIREMENT

Bob has worked in this industry since 1966. All of this time has been in Brinkworth except for 3 years in Clare. Time has moved on and retirement is coming near. The end of June is the preferred time.

We have thoroughly enjoyed and still enjoy serving this Town and Districts.

Unfortunately, if no one takes on this service in our Town it may have to close.

We will keep everyone updated on this situation

## Fruitcake Recipe

(guaranteed to relieve your stress)

### Ingredients:

1 cup water  
1 cup sugar  
4 large eggs  
2 cups candied fruit  
1 teaspoon baking soda  
1 teaspoon salt  
1 cup brown sugar  
lemon juice  
nuts  
1 bottle whiskey (sample the whiskey to check for quality)

### Directions:

1. Take a large bowl. Check the whiskey again - to be sure it is the highest quality, pour one level cup and drink. Repeat.
2. Turn on the electric mixer, beat one cup of butter in a large fluffy bowl.
3. Add one teaspoon of sugar and beat again.
4. Make sure the whiskey is still okay. Cry another tup.
5. Turn off the mixer.
6. Break two leggs and add to the bowl and chuck in the cup of candied fruit.
7. Mix on the turner. If the fried druit gets stuck in the beaterers, pry it loose with a drewscraver.
8. Sample the whiskey to check for tonsisticity.
9. Next, sift two cups of salt. Or something. Who cares?
10. Check the whiskey.
11. Now sift the lemon juice and strain your nuts.
12. Add one table. Spoon. Of sugar or something. Whatever you can find.
13. Grease the oven.
14. Turn the cake tin to 350 degrees. Don't forget to beat off the turner.
15. Throw the bowl out of the window, check the whiskey again and go to bed.

### COVID-10 UPDATE

If you are stuck at home while social distancing, take the opportunity to grow your own food. Explore our website for great suggestions for how to do that sustainably.

The perfect month for chocolate lovers and practical jokers alike, April is also a top time to get into the patch! There is a little bit of rain around, the weather is cooling down, and shed loads of stuff is ready to plant! So, don't be a bunny, get into gardening this April! Hop to it!

Photo from Diggers Club <https://www.diggers.com.au/>

### Warm Areas

Frost free or occasional light frosts (North from about Coffs Harbour and all the way across to the west to Geraldton)

It's time to love your leafy greens! Whack in the following this month: Asian greens, lettuce, mizuna, cabbage, silverbeet, rocket and spinach!

Pop in some carrots during April.

Hop into the herb patch with coriander (try a slow bolting variety if it's still warm), parsley, lemon grass, chamomile and oregano.

Stick in some spuds... home grown is easy, and incredibly rewarding.

Go veggie crazy with artichoke, beetroot, broccoli, brussel sprouts, cauliflower, tomatoes, chilli, garlic and radish.

Plants feel the need for a feed at this time of year. A seaweed tea, or any low environmental impact liquid fertiliser, is perfect for giving them a kick start as they establish. Apply to the soil early in the morning and in the concentrations mentioned on the packet.

Pretty up the patch with these flowering fancies – marigolds, sunflowers and pansies, cornflowers, violas, snapdragons, stock, verbena and lavender (non-invasive varieties of course!). Popping these in around your veggies will give some colour and interest to the patch, and act as beneficial insect attractors!

Consider a green manure crop to add some life and love to an overworked patch. At this time of year, try millet, oats, lupins or field peas. This will improve your soil incredibly, and, as a bit of forward planning, you'll find it well worth the effort!

Water smarter at this time of year. Water first thing in the morning, and instead of quickie irrigation, a nice, deep drink a couple of times a week is far more beneficial! Always check soil moisture before watering at this time of year... don't waste your precious drinking water if Mother Nature has already done all the hard work for you!

Top up mulch on your veggie patches, herb gardens and ornamental beds, especially important for weed suppression at this time of year. A hot tip is to mulch after watering the patch, to a depth of about 7cm. Keep mulch clear of plant stems... especially young seedlings. Choose a sustainable, low environmental impact mulch, one that will enrich your soil as it breaks down.

Weeding is an awesome job to do at this time of year. Cut down the competition between your tasty treats and these space invaders, and tidy up your patch. It may sound tedious, but it's incredibly rewarding!

## Wakefield's response to COVID-19: service changes

In response to the COVID-19 (Coronavirus) outbreak in Australia and across the globe, Wakefield Regional Council is taking proactive measures to stop the spread.

Council plans to keep working to deliver essential services to the community during these uncertain times, but changes are needed to enforce the new guidelines and social distancing protocol.

**Our front counter** remains open but please call or email us in the first instance. We are trying to minimise risk to our people and our community so, if you can carry out business with us online or on phone, do so. If you must come into our foyer, please follow any directions in place and keep a distance from the counter. While we are accepting cash, please use tap and go or card options as much as possible.

**Our waste services** including transfer stations and waste/recycling collection continues as normal.

**Our bus services** have been postponed to minimise risk to our volunteers and users.

**All pools** have been closed.

**Library depots** in Hamley Bridge, Blyth and Brinkworth have been temporary closed to the general public. Balaklava and Snowtown Community Libraries will also close to the general public by close of business (5pm) today.

**Our Environmental Health Officers** will continue working to ensure community compliance with State and Federal Government directions in response to the COVID-19 outbreak.

Wakefield Mayor Rodney Reid said these are unprecedented times. However, what remains clear is to follow SA Health's *STOP THE SPREAD* message and keep up to date with the latest announcements. "Keep 1.5 metres away from everyone else, wash your hands often with soap and water, cough or sneeze into a tissue or your elbow and stay home if you're feeling unwell," Mayor Reid said. "Moreover, anyone arriving from inter-state or an international destination must also self-isolate for 14 days, as per Government direction.

"Wakefield region has a high proportion of elderly residents who are one of the most vulnerable to this virus, and while you may not be in this group, you can still carry the infection. "Social distancing and regular hand washing will save lives."

All of Council's arrangements continue to be reviewed and we're happy to discuss any issues or concerns with you – call 8862 0800. For more information about these introductions please go to our website at [wrc.sa.gov.au](http://wrc.sa.gov.au).

The following are links to some movie sites on the internet. They are offered for you if you want to have a look. I haven't checked or reviewed them so what you do is entirely at your risk and your responsibility.

"Streaming services have gotten too expensive, so you've cut back on them, too. You don't believe in piracy. Yet you still want to watch movies and TV shows. What is a person to do?

Stream for free! There is a bevy of free streaming sites out there that offer an impressive collection of films and television. Granted, you won't find the newest blockbusters (or even older blockbusters), but these free movie streaming sites are a great way to fill in the gaps in your film history, or discover unique, underground, "hidden gems" that will make you the coolest kid at the party."
