**THE BRIGHT SPOT:** Please and thank you are still magic words.  
\*\*\*\*\*

**STUDENT OF THE WEEK:** GRACE ENGEMAN (GRADE 4)

What kind of music do you like to listen to? Country My favorite smell is: Watermelon

Where do you like to shop? The Legends

Three words that describe me are: Athletic, Animal lover, Fun

I am happy to announce that Grace Engeman is Hudson's Bucket Filler of the Week! Grace always completes her work on time and is very organized. She is an enthusiastic learner and asks great questions that help our class to think about things in different ways. I am also super proud of Grace for always volunteering to help others. Keep up the awesome work!

-Ms. Mott

**BELLS & WHISTLES:** To Mr. Weldon for coming in extra during the morning hours to administer the DIBELS testing to our students. - Mrs. Warmbrodt  
\*\*\*\*\*

**Preschool:** I think we have our routine down. This group is a great bunch of singers! We have been learning lots of songs including the months of the year, days of the week, our goodbye song, cleanup, our snack song and our specific month song! Last week we started singing the songs for our program. They are about fall. Hopefully they sing them at home. We will continue to work on the letter 'a' this week and add the letter 'b' to it. We are still working on names. Making dot to dots and having them trace is a great way to practice. You can also write their name with a highlighter and have them draw over it. Don't forget to make your payments. You can write the check to Hudson and hand them to me. Have a great full week! -Miss Stacie

**Kind/1<sup>st</sup>:** This week we will be starting our book! Each year I like to do a published book with Student Treasures. We will be going through the author process and then getting our very own book published! In math we will be working on making patterns and positions in space. For reading we are working on sequence of events and the last letters of the alphabet. Have a great week!!  
-Mrs. Schenker

"Action, looks, words, steps, form the alphabet by which you may spell character." -Johann Kaspar Lavater

**2<sup>nd</sup>/3<sup>rd</sup>:** 1. We have a spelling quiz on Friday. This week, we'll be having a science test on plants on Wednesday. We'll have a test in history next Tuesday! 2. We'll be working on animals this week in science! In history, we'll work on our communities, so we'll be making a book on our local community. In Math, we're working on subtraction facts. Study hard! 3. We're beginning to collect pop tabs. Have a great week! -Miss Ettlín

\*\*\*\*\*  
**4<sup>th</sup>/5<sup>th</sup>:** This week in writing, 4th and 5th graders will begin working on Granny Smith Essays. In Math, both grades will have a Math test on Thursday. In Science, 4th graders will be reading about vertebrates and invertebrates and 5th grade will be getting ready to test next week over Ch. 1. In English, both grades have been reviewing subject and predicate. This week we will start in our handwriting and VocabuLit workbooks. In Social Studies, 4th grade will continue learning about the Midwest region and 5th grade will be reading about the pilgrims and the first Thanksgiving. Don't forget-students need to be reading at least 20- 25 minutes a night to meet AR book requirements in time. Have a wonderful week! **-Ms. Mott**

\*\*\*\*\*  
**6<sup>th</sup>/7<sup>th</sup>/8<sup>th</sup>:** In reading, we have been working hard on vocabulary strategies and using stories to determine author purpose and style. We will utilize informational text stories this week. In grammar, we are completing a unit on the nature of sentences, and we will be starting on a project in which students will be writing narratives. In math, 6th grade is studying the nature of operations, identifying operation-patterns in story problems, and looking at types of multi-step problems. Seventh grade is looking at operations with fractions and story problem patterns. Eighth grade is working on story problem patterns, using factor strategies on larger numbers, and fraction-decimal-percent requirements. Don't forget that Stanford testing starts next week.  
Tests this week: 7th Math: Tuesday **-Mr. Ewing**

\*\*\*\*\*  
**DID YOU KNOW?** The importance of good attendance is immeasurable in the learning process. School districts are paid based on **student attendance**. Student attendance is a large factor in figuring our APR (Annual Performance Report) score.

\*\*\*\*\*  
**MISC: We are extremely excited to have a school website and Facebook page coming soon!**

\*\*\*\*\*  
**MUSIC:** Practice your songs at home. This program is coming up quickly! – **Miss Stacie**

\*\*\*\*\*  
**CHARACTER ED:** The whole month of September we will talk about “**Pride**”. This week specifically we will talk about taking pride in things while we are at school. Examples would be: our handwriting, our desk, our books and our classroom! –**Miss Stacie**
