

PEEL lightening lift® FORTE peel extra strength

product

For more advanced pigmentation symptoms, IMAGE introduces IPEEL lightening lift® FORTE. This extra strength Clinical Couture Designer Peel option contains the same innovative botanicals and skin brighteners and tyrosinase inhibitors as our original Lightening lift but is formulated with 50% Lactic Acid for a boost of added exfoliating, lightening and hydrating power.

lskin type

For more advanced pigmentation, photo damage, sun/dark spots, melasma

benefits

This powerfull AHA in an organic aloe vera gel base targets and corrects all forms of pigmentation to leave skin even toned and illuminated

directions

Refer to professional treatments section.

key ingredients

So% Lactic acid AHA exfoliator Reduction of inflammatory hyperpigmentation, immune-strenghtening properties and stimulates the synthesis of new collagen Botanical blend - coffee and peppermint Cell renewal and cell balance Essential oil blend eucalyptus and ylang ylang ylang Luminescine Yellow flower of the Mediterranean , Verbascum Thapsus: emits visible light from UV absorption Kojic acid Skin lightener/hyrosinase inhibitor Seashine (undaria pinnatifida extract) Decreases melanosomes transfer to keratinocytes, Tyrosinase inhibitor Bearberry Botanical skin brightener Mulberry Botanical skin brightener Mulberry Botanical skin brightener Mallow extract Soothes the skin Alchemilla vulgaris (lady's mantle) Skin protectant Arnica montana Antiseptic Camelia sinesis (green tea) Rejuvenating skin cells and promoting skin regeneration Comfrey High content of allantoin, promotes healing and cell renewal		BASE	Organic aloe vera gel base	Carrier/base
