

Infosafe No™ VAROM	Issue Date : February 2019	ISSUED by ACTIVEWA
--------------------	----------------------------	--------------------

 Product Name **RAZOR WAX**

1. Identification

GHS Product Identifier	RAZOR WAX
Company Name	ACTIVE WASH SOLUTIONS
Address	Unit 2/4 Carboni Court, Dubbo NSW 2830 Australia
Telephone/Fax Number	Tel: 0414 344 814
Emergency phone number	0414 344 814
E-mail Address	0414 344 814
Recommended use of the chemical and restrictions on use	Drying and gloss sheeting agent for vehicle washing in touchfree systems.

2. Hazard Identification

GHS classification of the substance/mixture	AH1 Aspiration Hazard: Category 1 ED2A Eye Damage/Irritation: Category 2A SC-2 Skin Corrosion/Irritation: Category 2
Signal Word (s)	DANGER

Hazard Statement (s)	H304 May be fatal if swallowed and enters airways. H315 Causes skin irritation. H319 Causes serious eye irritation.
-----------------------------	---------------------------------------------------------------------------------------------------------------------------

Precautionary statement – General	P102 Keep out of reach of children. P104 Read Safety Data Sheet before use.
------------------------------------------	--------------------------------------------------------------------------------

Pictogram (s)	Exclamation mark, Health hazard
----------------------	---------------------------------

Precautionary statement – Prevention	P264 Wash hands thoroughly after handling. P280 Wear protective gloves/protective clothing/eye protection/face protection.
---------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------

Precautionary statement – Response	P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P302+P352 IF ON SKIN: Wash with plenty of soap and water. P304+P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P332+P313 If skin irritation occurs: Get medical advice/attention. P337+P313 If eye irritation persists: Get medical advice/attention. P362 Take off contaminated clothing and wash before reuse.
-------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Precautionary statement – Storage	P405 Store locked up.
------------------------------------------	-----------------------

Precautionary statement – Disposal	P501 Dispose of contents/container in accordance with local regulations
-------------------------------------------	-------------------------------------------------------------------------

3. Composition/information on ingredients

<u>Ingredients</u>	<u>Name</u>	<u>CAS</u>	<u>Proportion</u>
	Ingredients determined not to be hazardous, including water.		60-80 %
	Non hazardous surfactants	Mixture	10-30 %

Safety Data Sheet

Infosafe No™ VAROM Issue Date : February 2019 ISSUED by ACTIVEWA

Product Name **RAZOR WAX**

Petroleum hydrocarbon solvent 10-30 %

4. First-aid measures

Inhalation Treatment not normally required. Move to fresh air. If symptoms warrant, consult a doctor.

Ingestion Do NOT induce vomiting due to risk of solvent aspiration into lungs, For small accidental dose, rinse mouth and drink a glass of water, seek medical advice if large quantity taken (rinse/drink water) or if vomiting occurs or other symptoms warrant.

Skin Remove contaminated clothing and wash before re-use. Wash affected areas with copious quantities of water. If irritation occurs seek medical advice.

Eye contact Immediately irrigate with copious quantity of water for at least 15 minutes. Eyelids to be held open. Seek medical attention.

First Aid Facilities Eye wash station and normal washroom facilities.

Advice to Doctor Oral - slight irritation of membranes due to solvent. Aspiration - severe lung irritation, coughing/ gagging and developing pneumonitis. Treat symptomatically.

5. Fire-fighting measures

Suitable extinguishing media Use extinguishing media appropriate to surrounding fire. Use water spray to cool containers and surrounds.

Hazards from Combustion Products If involved in a fire, toxic fumes may be evolved.

Specific Methods Fire fighters to wear self-contained breathing apparatus if risk of exposure to products of decomposition. If safe to do so, remove containers from path of fire.

Specific hazards arising from the chemical May burn as it vaporises if involved in a large fire.

6. Accidental release measures

Spills & Disposal Wear protective equipment to prevent skin and eye contamination consisting of rubber gloves and safety goggles. Wear breathing apparatus if in confined area. Contain large spills with an inert material such as sand, soil or vermiculite. Collect and seal in properly labelled containers for disposal. Small spills may be mopped up. Beware of slip hazard especially after evaporation. Wash down area with excess water.

7. Handling and storage

Conditions for safe storage, including any incompatibilities Store in cool place (5-45C) in sealed steel or plastic containers. Store in a well ventilated area. Store away from oxidising agents and foodstuffs. Store away from sources of heat. Keep containers closed when not in use.

8. Exposure controls/personal protection

Other Exposure Information For solvent no ACGIH TLV. Manufacturer recommends OEL 100ppm/8hr day.

Appropriate engineering controls In very confined spaces have sufficient ventilation. Do not enter confined spaces where vapours may have accumulated. Keep containers closed when not in use. Avoid breathing spray mist.

Personal Protective Equipment Wear PVC/rubber gloves, waterproof footwear and eye protection. If risk of splashes into eyes, wear safety glasses with side shields. For high concentration vapour or concentrated spray mists, wear approved respirator with organic vapour cartridges (short term) or air fed mask (long term). Always maintain a high level of personal hygiene when using this product. That is wash hands before eating, drinking, smoking or using the toilet.

9. Physical and chemical properties

Form Liquid

Safety Data Sheet

Infosafe No™ VAROM Issue Date : February 2019 ISSUED by ACTIVEWA

Product Name **RAZOR WAX**

Appearance	Mobile pink liquid.
Odour	Fruity / tropical fragrance
Boiling Point	approx. 100C
Solubility in Water	Miscible.
Specific Gravity	0.94
pH	6-8
Vapour Pressure	Not known
Flash Point	N/A
Flammability	May burn as it vaporises if involved in a large fire.

10. Stability and reactivity

Chemical Stability	Stable under normal use conditons.
Possibility of hazardous reactions	Do not mix with bleaches, acids, or other cleaning solutions.

11. Toxicological Information

Toxicology Information	Petroleum Hydrocarbon - Low Systemic Effectrs. Inhalation - slightly toxic TLV - None assigned by NHMRC. Manufacturer recommends O.E.L. 100ppm/8hr day. Due to the low vapour pressure the atmospheric concentration will normally not approach the O.E.L. value, unless using pressure spray application, heat or large quantities in enclosed areas.
Ingestion	Swallowed amounts splashed in ordinary industrial handling not expected to cause a problem. For substantial quantity if vomiting occurs, solvent may be aspirated into lungs, possibly resulting in chemical pneumonitis.
Inhalation	Not normally a problem. In confined areas with poor ventilation, dizziness may occur.
Skin	De-fatting action. Prolonged and/or repetitive contact can cause irritation, drying/cracking of skin and eventually dermatitis in some individuals if left untreated.
Eye	Moderate irritant
Chronic Effects	No prolonged or repeated exposure information is available for this product.

12. Ecological information

Environmental Protection	Avoid contaminating waterways, drains, sewers, or ground.
---------------------------------	-----------------------------------------------------------

13. Disposal considerations

Waste Disposal	Land fill, incineration, sewer (small quantities). Refer to Land Waste Management Authority in your State.
-----------------------	------------------------------------------------------------------------------------------------------------

14. Transport information

Transport Information	Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.
------------------------------	----------------------------------------------------------------------------------------------------------------------------

15. Regulatory information

Poisons Schedule	S5
-------------------------	----

16. Other Information

Date of preparation or last revision of SDS	11/02/2019
Literature References	Preparation of Safety Data Sheets for hazardous Chemicals Code of Practice Standard for the Uniform Scheduling of Medicines and Poisons

Other Information

This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular how to safely handle and use the product in the Workplace. Please refer to the technical datasheet (Instructions for use), and the label on the drum. The company cannot anticipate or control the individual working conditions encountered and so each user should read this SDS carefully, and if in doubt ring the Contact Point Number given below.
