

FIB SUMMER 2020

WWW.YKSANDLER.COM.AU

FIB is apart of Y&K Sandler Leathergoods, a company that celebrates years of passion and creativity. Y&K Sandler Leathergoods was established in 1982 and we are proud to be an Australian owned and operated company based in Melbourne, Australia.

Each FIB collection is designed with high quality, durability and performance in mind to meet the ideals of consumers who live an active, fashion-conscious, on the go lifestyle.

FIB is committed to both the history and the future. We dedicate our experience to offering high quality products at affordable prices. With our varied and always expanding product range we look forward to meeting your needs.

PERFECT FOR YOUR NEXT ADVENTURE.

RFID BLOCKING TECHNOLOGY

RFID protection technology prevents your personal details being stolen by digital fraud. Unique features make the bags on this spread ideal for travelling around urban & high-risk areas.

NEW FEATURES

Our new and improved FIB Secura range features a protective slash proof layer under the main body fabric which offers a greater level of protection than what other conventional wired slash proof bags offer. The slash proof layer is made from a highly complex fabric which is military grade. The full protection also eliminates any wires from piercing the main body which can occur from frequent use. The new slash proof fabric also consists of water repellent properties which offers further protections to belongings stored in the bag.

INTRODUCING OUR NEW WAXED CANVAS

Our FIB Waxed canvas is coated in a solution of paraffin wax that reduces the gaps between the fibres of the cloth that allows the material to breathe.

When water is exposed to Waxed Cotton, the natural waxes and oils cause water to bead and run off with gravity.

The particular grade of cotton canvas we use is 16oz so it's 4 times thicker than lighter materials. As your bag gets used, these tell-tale signs of life actually add a value to the item.
