Richard Labbe :

My name is Susan Laidley I highly recommend Labbe's Lawn Care. I had Bushes that got out of control growing a good 10 feet up in front of my house.

My husband has been hurt and unable to take care of them and I couldn't reach them anymore. I called Richard and he came out and gave me a time he could come and a price.

He came promptly with his helper at 8am and cleaned all the bushes and growth out it took a good 4 1/2 hours. We are very satisfied with the job and the cleanup that they did.

Please consider using Labbe's Lawn Care for your next landscaping needs

Truly

Susan Laidley
