

NOTICE

SAFETY FIRST

To our clients and the communities, we serve:

As everyone is aware by now, the COVID-19 pandemic is lasting longer than we all expected. With this sudden change, we have established more flexible ways in assisting our clients and community. Several of our services can be administered electronically.

- 1) **Substance/Alcohol Abuse Assessments** - can be completed using technology. Options available are: ZOOM, SKYPE, FACETIME, etc.
- 2) **ASAM LEVEL 1 Weekly Group Sessions** - we have started using ZOOM and it was a success. A link will be sent to you after your payment is received to join the meeting.
- 3) **Anger/Violent Behavior Assessments & Weekly Group Meetings** - we are using ZOOM and there are other options available to satisfy requirements.
- 4) **Shoplifting Classes** - ZOOM, SKYPE, etc.
- 5) **URINE SCREENS** are being administered at **Averys Lab** located at 515 Roswell Street Marietta GA 30064. Lab hours are from 4 PM – 7 PM on Monday – Friday and every other Saturday. Prices have remained the same at **\$17 per screen**.
- 6) All other classes, please ask for details.

As with any other major virus, we must remain cooperative and with our ears and eyes open to the changing information as we receive them and as they learn more about it. We are praying for a positive recovery of our World at this time.
