### **High School Memories**

Being there with the people I cared about and my friends from Southeast Junior when we went over. I met important people in my life. I remember being excited the day the Tower came out and I enjoyed assemblies, any assembly. I didn't do much at Southeast. I remember Stage Crew. I went to a lot of football and basketball games.

My most memorable classes and teachers at SE Junior were:

- Mary Jane Nelson – Home Room
- Irene Burris – I think she was Math
- Mildren Wallen – Music (She taught me about Rachmaninov.)
- Bernice Raines – History?
- Anna Lee Church – Gym

My most memorable classes and teachers at SE senior were:

- Mrs. Berkowitz – Spanish (Loved her, but didn't do well in Spanish.)
- Mrs. Cecelia Roberts – English (I won't say why she is memorable.)
- Mrs. Wilma Johnson – Not sure the class
- Roy Becklean – Loved him.
- Willa Williams
- Mildred Campbell – Civics
- Ron Brink – Drama (Still don't like talking to groups.)
- Vicki Scott and Sarah Gaggens – Gym

Away from high school, my first job was part-time at the old European Health Spa. I worked in the phone room cold calling people to come in and try the spa. Then I moved up to the Juice Bar, Nero's Nectar Nook, making drinks and sandwiches. (This is where I met my future husband.) I lived at 7417 Lydia when I attended Southeast Junior and moved to 6010 Rockhill Road while in high school.

### **After High School**

I worked in insurance; I worked retail for five years, more cold calling, one season with the IRS, more insurance, claims receptionist. Then at the end of 2001, Jim and I were able to retire (We were very lucky.) Now we do what we want when we want.
