

### Example Construction Plan

Indicate the construction details outlined in the plan and elevation below.

### Specifications

Please provide the following dimensional information (use diagrams as a guide)

Dimension	Dimension
A	Height of deck above finished ground level
B	Height of deck guard
C	Footing depth below grade for frost protection - 1.2 m (4 ft) minimum
D	Openings in the guard - maximum 100 mm (4 in) opening
E	Distance between posts - maximum 2.4 m (8 ft) apart
F	Span of floor joist - table other side
G	Cantilever (if applicable)
H	Column footing size - table other side
J	Beam size - table other side
K	Wood column supporting wood beam - minimum column size 140 mm x 140 mm (6 in x 6 in)
W	Joist size and spacing
X	Deck width
Y	Deck length
Z	Distance between support columns
