When it comes to the music choices for your ceremony, choose songs that are special to both of you and mean something to you, as these are the songs that will remind you of this day when you hear them. Below, complete your playlist and give it to your DJ, friend or family member to download and play on the day. You can use our PA system and we will show your person how to operate the PA prior to the ceremony. We have Iphone / ipod 4 and 5 compatibility – sorry no CDs.

Music prior to the Ceremony	<i>This is the music that will be playing as your guests arrive and await the Brides arrival. A good amount is 4 songs until the Bride makes her entrance and that's when the music stops and the bridal entrance song begins. Music begins approx 15 minutes prior to the Brides entrance.</i> SONG TITLE ARTIST
