

Triggers

Trigger: A stimulus—such as a person, place, situation, or thing—that contributes to an unwanted emotional or behavioral response.

The Problem

Describe the problem your triggers are contributing to. What's the worst-case scenario, if you are exposed to your triggers?

Tips for Dealing with Triggers

- Oftentimes, the best way to deal with a trigger is to avoid it. This might mean making changes to your lifestyle, relationships, or daily routine.
- Create a strategy to deal with your triggers head on, just in case. Your strategy might include coping skills, a list of trusted people you can talk to, or rehearsed phrases to help you get out of a troublesome situation.
- Don't wait until the heat of the moment to test your coping strategy. *Practice!*

Triggers

In this section, you will develop a plan for dealing with your three biggest triggers. Review your plan regularly, and practice each of the strategies.
