

RyCon Integrated Pest Management

PREPARATION FOR TREATMENT

It is necessary for you to remove all pets, cover fish tanks and remain out of the unit for approximately 4 – 6 hours following the treatment. If you have any respiratory or other medical issues it is recommended that you stay out of the unit for 24 hours.

Empty the bottom of all kitchen cupboards. Clean and disinfect all lower cupboards. In the event of cockroaches or stored product pests(ants, beetles), empty, clean and disinfect ALL cupboards.

Clear all counter tops.

Remove and empty all kitchen drawers and place drawers on the counter.

Empty the cupboards below the sink in the bathrooms and clear all bathroom counter tops.

Move drapes and furniture **2 feet** away from the radiators and all baseboard areas.

Vacuum all baseboard areas.

Remove all belongings from the bottom of all closets.

After Treatment Information

Following the treatment do not wash or vacuum shelves or baseboard areas for approximately 3 weeks.

Place wax paper or a loose shelf liner on the shelf prior to placing items back into the cupboard areas.

DETACH AND RETURN TO SUPERINTENDENT
