Travel Tots Adventures in Spanish

In this class, children will be introduced to the Spanish language. We follow a different theme each month. Children will have fun learning Spanish through songs, stories and interactive games.

Travel Tots Adventures in Music

Children will learn the basic notes of music and the different families of instruments. Each month we have fun with a different theme by playing instruments and dancing. We explore our theme by using a magnet and felt board for stories and songs.

Travel Tots Adventures in Gym (with an introduction to Yoga)

This interactive class includes large muscle activities in which we help children connect their body through movement. We teach the children coordination, play various games, wiggle, dance & move. We also introduce yoga in this class.

Travel Tots Adventures in Yoga

Yoga is taught in a fun & creative way using stuffed animals, stories and flash cards. Yoga builds confidence, self-esteem and helps promote balance, flexibility, coordination, and strength.

Travel Tots Adventures in Geography

Help children experience the wonders of
the world with Adventures in Geography.
This is a monthly adventure in Learning
that takes children on a journey around
the world! Music, games, stories, flannel
board activities, puzzles and crafts
combine to teach the children in your care
about different places around the world.

Travel Tots Adventures in Motion

Introduce children to the joys of movement
and life around the world with Adventures
in Motion. Children have fun playing games,
relay races, parachute play and many
combinations of large muscle activities.
We help children develop a life-long
love of physical activity.

Travel Tots Adventures in Science

Experiments, Learning and lots of hands-
on fun abound during a Travel Tots
Adventures in Science class. This
interactive program introduces children
to the wonders of science. Combining
science facts with hands-on
experiments, children will learn about
the many ways our world works. From
dinosaurs and polar ice caps to magnets
and electricity, children will experience
the joys of science.

Travel Tots Adventures in Story & Song

Legendary stories and folktales engage
children while introducing them to the rich
cultures and traditions of other people.
Dress up and interactive play, along with
multicultural songs, teach children about
people from around the world.
