Access from AT&T is a program to provide low-cost wireline home Internet service to qualifying households with at least 1 resident who participates in the U.S. Supplemental Nutrition Assistance Program (SNAP) with an address in AT&T's 21-state service area at which AT&T offers wireline home Internet* service. Qualifying households must be without outstanding debt for AT&T fixed Internet service** within the last 6 months, or outstanding debt incurred under this program.

This is a 4-year program, beginning April 22, 2016. Those who sign-up for service in year 4 are eligible to receive the discounted rate for a maximum of 12 months.

ACCESS FROM AT&T

(APPLICATION FOR LOW-COST WIRELINE HOME INTERNET SERVICE)

Low-cost wireline home Internet service availability and speed may vary by address. AT&T will assign you the fastest of these speeds available where you live: at least 10 megabits per second, for \$10 per month + tax; at least 5 megabits per second, for \$10 per month + tax; or at least 3 megabits per second, for \$5 per month + tax. If none of the above speeds are technically available at your address, you will not be able to participate in the Access program from AT&T.

This program requires you to re-certify your eligibility annually. AT&T will notify you, in advance of your annual re-certification date, to re-certify. If you do not complete the required steps by the specified date and do not notify us of your intent to cancel service, we will remove your program discount and bill you at current market rates.

At least one individual participating in SNAP must continue to reside in the qualifying household during the period the Access from AT&T service is in effect. If we learn at any time that your household no longer includes a SNAP participant, AT&T will notify you that you have an opportunity to provide documentation that you or a member of your household participates in SNAP. If you do not complete the required steps by the specified date or do not notify us of your intent to cancel service, we will remove your program discount and bill you at current market rates.

One discounted wireline Internet connection is allowed per household. (A qualifying household includes everyone who lives at your address, including children and people who are not related to you).

By signing this application, I certify that: I have read and understand the facts stated above; I, or a member of my household, participates in SNAP; and that the information and documentation provided in this application are true and correct.
