

ELS-KEY301 Instructions – Remote Control Setup

Procedure (if you are coding from an existing remote)

1. **DO NOT CHANGE ANY SWITCHES ON THE OLD REMOTE**
2. Remove the battery cover from your existing remote
3. Remove the back cover from the ELS-KEY301 with the screwdriver
4. Match switches to the same position using the table below

ATA	1	2	3	4	5	6	7	8	9	10	11	12
ELSEMA	12	11	10	9	8	7	6	5	4	3	2	1

5. Test the buttons to ensure you have completed programming.
6. Reassemble remotes

Procedure (if you have no remote to code from)

1. **Press and hold** the 'DOOR CODE' (blue button) button on your garage door operator
2. **Press the button** on the transmitter you would like to use to control the garage door,
 - a. Hold in for approximately two seconds.
 - b. Pause for two seconds.
 - c. Press the same button again on the Transmitter for approximately two seconds.
3. **Release the 'DOOR CODE'** button
4. **Test the Transmitter** button to see if it operates the garage door. If you wish you can code in all four buttons on the transmitter so all four can operate the same garage door.
