

### **William Everett Wilson - Class of 1947**

What Southeast means to me: All my wonderful friends and where I met my wife of 69 years in July.

#### **Southeast Memories**

I remember these classes and teachers:

- Miss Bury (short like me) - English
- Miss Woodward - Math
- Mr. Kerr - ROTC

I was in ROTC and on the rifle team.

My most vivid memory is meeting Irene Nicoll. I also remember Senator Norman Gaar was in our class.

World War II was the most impactful current event during my years at Southeast.

My family lived at 7235 Wayne. I spent my free time working in my dad's generator shop, hunting and fishing.

#### **After Graduation**

Irene Nicoll and I were married in July, 1948.

I went to Korea in 1950.

My career has been rebuilding generators and starters. I was also in supervision at a grease and oil plant.

My message to other Southeast graduates is to always trust in God.
