

Meet the Practitioners

The Life Esteem Wellness Center and services are open to all individuals who seek physical and emotional well-being.

Cathy and Tom Chargualaf are trained in the Domančić (Doe-MAAN-cheech) Method of Bioenergy Therapy, developed by Zdenko Domančić, the pre-eminent bioenergy healer in Europe.

Together, they provide a safe, non-invasive, and highly effective therapeutic and energy healing practice in the USA, Guam, and around the world by distance healing.

Healing for your
well being

The Treatment

The Life Esteem Wellness Center employs the Domančić Method of Bioenergy Therapy that works with your biofield (body's energy system). Your biofield contains the information that awakens the energetic potential of well-being within you.

Bioenergy Therapy is safe, non-invasive, and free of pharmaceuticals. It's a way of balancing your body's energy system to promote rapid healing.

The Domančić practitioner uses specific protocols to help you focus on your wellness.

Fees:

Full Treatment or Group Clinic consists of 4 consecutive days (15-30 mins per day) - **\$300**

Single Session (15-30 mins) - **\$100**

Bioenergy Healing Therapy

"The physical body responds to commands and observations from our energy body."

- Z. Domančić

Your thoughts of feeling stressed, physical emotional trauma, and a bad environment can create imbalances in our biofield.

All internal and external stimuli, which have frequencies of their own, influence the biofield, and in turn, generate emotional, mental, and physical symptoms.

The Domančić Method assists you in adjusting and balancing your biofield to restore your well-being on all levels-energetic, emotional, and physical.

What to Expect

Private Sessions are by appointment only. We work with each client based on their individual needs.

Sessions can be in person, during a group Bioenergy healing event, or at a distance.

One treatment consists of 4 consecutive days (15-30 minutes per day).

What to Wear:

During the session, in person or by distance, clients are asked to wear loose, comfortable clothes for ease of movement.
