

BOMBARDIER Learjet 60SE

Based in Seletar, Singapore

The Bombardier Learjet 60SE is one of the most popular mid-sized private jets in the world. With a service ceiling of 51,000ft you are able to enjoy a smoother ride and avoid the turbulence cruising above the weather. You are also able to reach your destination quicker with more direct tracking being out of the way from the airliner traffic below. Excelling in both performance and ultra-modern cabin, the Learjet 60 is fully equipped with a galley and aft enclosed lavatory. Comfortable seating for up to 6-7 passengers in executive configuration. Perfect for any medium-range leisure or business trip.
