## Wedding Cake Pricing

Wedding Cake pricing starts at \$4.00 per serving. The price increases with the complexity of the design and decorations.

### **Price includes:**

- ❖ Free delivery and set-up (up to 30 miles). Fees apply for greater distances.
- ❖ Complimentary 6-inch *1st anniversary cake*

## Tasting and Consultation

Consultations are available by appointment only. At the consultation, you will receive a complimentary tasting which includes three cake flavors and fillings. Additional flavors and fillings are available for a fee.

I encourage you to browse magazines and the internet for any ideas that you may want me to incorporate into your wedding.

At the conclusion of the tasting, you will receive a sample contract to review and a price quote (if your design does not require special order products). While I would love to work with every couple I meet, you will not be pressured into any decisions at the consultation. These materials are provided so that you have time to review and discuss at home. If you select me to make your wedding cake, the official contract will be drawn up and mailed to you.

## Booking Your Date

A non-refundable deposit of \$25.00 is required to reserve your date.

## Cake Flavors

- ❖ Chocolate
- ❖ Chocolate Fudge
- ❖ French Vanilla
- ❖ Golden Yellow
- ❖ Lemon
- ❖ Strawberry
- ❖ White Almond
- ❖ Marble (yellow/chocolate swirl)

## Fillings

- ❖ Apple
- ❖ Bavarian Cream
- ❖ Cherry
- ❖ Chocolate Bavarian Cream
- ❖ Lemon
- ❖ Pineapple
- ❖ Raspberry
- ❖ Strawberry

## Frosting Finish

All wedding cakes are finished with Vanilla American Buttercream.

## Sugar Paste or Fondant Flowers

Price based on flower type and quantity

## Wedding Cupcakes

Prices start at \$2.25 per cupcake. Custom cupcakes are available for your reception. Numerous decoration options are available (flowers, monograms and many more). The minimum order for wedding cupcakes is 50.

## Kitchen Cakes

The kitchen cake is a layered cake which is sliced and served by the caterer from the kitchen while the guests are eating dinner. Your guests never see the kitchen cakes. These cakes are used to supplement cake servings when faux wedding cake layers are used or when the wedding cake does not have enough servings for the guests.

## Groom's Cake

A groom's cake is simply a second, smaller cake. It can either be designed by the groom himself to bring a little bit of his personality into the wedding, or it can be designed by the bride and meant as a surprise for the groom. The whole idea is to give the groom something to take away from a day that is, well, largely about the bride. The themes that the groom's cake is built around can range from his personal hobbies, interests, or ambitions.

## Edible Favors

Cake pops, chocolate covered pretzel rods and individually packaged cupcakes are available.
