---	---	--	---

IBCPS are working towards improving Approved Clean Seed Availability to our growers. Please understand this is a continual process over the next few years. Price increases are due to the cost of making these new services available. This is still a small price to pay to control disease and increase productivity on your farm.

Service	Description What does each service include?	Plot Availability	Cost (including GST)
New release varieties (1 st and 2 nd year released)	<ul style="list-style-type: none"> - Hand cut quotas only. - No quota will be large enough for a trailer load. - Growers will only receive a quota allocation if they ORDER a new release and return forms by the due date: Friday 3rd May 2019 	Babinda Central Bartle Frere Martyville Kurrimine	\$15 per quota
Plant Trailers of Commercial Varieties	<ul style="list-style-type: none"> -Trailers are to be dropped off to the selected plot the day before allocated time. - Service includes cane that is stripped cut and loaded. - IBCPS will contact each grower to collect trailers once completed. - Growers can order a ½ trailer of 2 different varieties on 1 trailer. <p style="text-align: center;">NO GROWERS ARE TO BE PRESENT DURING THIS SERVICE</p>	Bartle Frere Martyville	1 trailer : \$80 ½ trailer : \$40
Billet collection (minimum 2 Tonnes)	<ul style="list-style-type: none"> -This service is only available at FINAL CUT OUT of plots. -Growers will receive a text message the week of final cut out. You must book in with IBCPS. -IBCPS aim for a final cut out in early September. Official date for each plot TBA closer to the date. 	Babinda Central Bartle Frere Martyville Kurrimine	2 tonne : \$100
