PROACTIVE HEALTH MANAGEMENT PLAN

Proactive Health Management Plan [PHMP]

TARGETED RISK MANAGEMENT

Hit the target!

- The success achieved by utilizing the AHDl patented processes in the middle circle can be applied to the outer circles with the "Unhealthy Well" and the "Healthy Well"
- The "Unhealthy Well" represents members who are staying out of the healthcare system due to high deductibles, higher out-of-pockets and unhealthy lifestyles.
- Slow the growth of the middle circle.
- If we apply the same inner circle methods to the outer circles then we can achieve significant results at NO cost...Really!!!
