\$225 incl supplies		
Christmas Crafts	November 6	
10am – 3pm	November 7	
\$225 incl supplies		

WORKSHOPS

Workshops will be held on the times/dates indicated. The Glass Fusing workshop is a morning workshop that spans three weeks in order for pieces to be fired in between sessions. The other workshops are three-day weekend workshops that run from morning to afternoon. For these, you may bring lunch or get takeout.

Note that we need a minimum of 5 attendees for each workshop. At one week before the session begins, if we do not have five attendees registered, we will have to cancel the workshop.

MAXIMS: SPIRITUALITY OF THE ARTS

A continuation of this popular series will be offered from 10am – noon each month on the 2nd Saturday (Except for April when the date was changed because of Easter). Join us for one or all of these sessions to explore our individual and collective spiritual paths. Participants will come together to learn, share, and create small stained glass pieces related to each month’s spiritual development theme. Suggested donation per session: \$20. (No stained glass experience necessary.)

Open Studio Time - \$50 per hour

Open studio time is available to intermediate and advanced students and anyone who has attended the Basics Workshop. Students will provide their own tools including glass cutters, grinders and soldering irons. The Studio grinder is available for use but students must purchase and use their own grinder bit. Glass, copper foil, solder and coming will be available for purchase. Instruction is not provided as part of the Open Studio arrangement. Students must call ahead to reserve Open Studio time. Options are Monday, Thursday or Friday 9am – noon. Phone 904-669-5388.
