

Upright automatic compact floor scrubber

Everyday deep cleaning of smaller areas.

BR 30/4 C

For cleaning small areas.

The BR 30/4 C provides a far more efficient and hygienic alternative to manual mopping and scrubbing. Ideal for use on hard floors and tile, the BR 30/4 C has been engineered to be easy to transport and even easier to use and is perfect for use in institutions, restaurants, schools, stores and even homes to maintain the appearance of floors and keep your premises sanitary.

1 High-speed rotating roller brushes

- With 10 times the contact pressure of manual cleaning systems.
- Roller brush also cleans structured surfaces and in crevices.
- Roller assists forward movement for easy cleaning.

2 Instantly dry

- Soft squeegees leave floors instantly dry – in forward and reverse.
- Floor is instantly usable.
- Vacuum can be switched off per foot pedal for intensive cleaning.

3 Low 4" Profile

- Allows scrubbing in areas inaccessible to other machines

4 Tanks are removable

- Practical fresh water tank can be removed separately and filled in a small sink.
- Dirty water tank can be removed separately and, for example, emptied into a sink.
- Tanks can be removed separately or together. Includes handle for easy transport.

Technical data
