Welcome to ALL new Friends and Family...

After an enjoyable day of Creative Fun and Discovery of Now~Living Potentials (July 25th Event... 'Day out of Time') we realize at a deeper level the value and purpose of keeping our dreams and visions alive.

Through perceiving life as a work of art we Realize that it is '**how**' we live that is more important than what we can do or accomplish. An old paradigm of 'time is money'... can be replaced with a new paradigm of '**Time is Art**'.

Old feelings of anxiousness, worry, and/or anxiety can be replaced with Peace, Joy, and Contentment because there is no 'rush, push, or need' in the present moment. BEING in each moment allows the natural process of integration to occur so that full Expansion and Creative Expression can manifest in a balanced and ecological way.

Upcoming Event

We are Honored to have the opportunity to host our next Event; initiated and facilitated by Sheryl Sitts of Journey of Possibilities. (Please see the attached flyer for details)

The original Harmonic Convergence, organized by Jose Arguelles in 1987, sent forth a passionate request for Cooperation and Assistance in bringing Unity and Peace to Humanity and the Earth.

On August 11th, we have the opportunity to say 'THANK YOU' to ALL who have heard the call and participated in making the perception and consciousness of Peace a possibility. We now know that Peace is here... for those who 'choose it'.

We look forward to BEING with you on this wonderful day of Celebration!

Message of the Month

ONE-TLC Board Meeting on August 4, 2014: by Jackie

Let not any doubt or concern be on your minds as you transverse through what seems like chaotic times. This chaos is what is needed to bring change. It can begin on a personal level whereby its ripples reach out to affect many on the larger scale. What is important is that one's energy frequency is raised by traversing through these chaotic times. One learns compassion... which raises one's frequency and when humanity can connect with each other from the heart... true change takes place. The changes that will lead to living a life that is ALIVE, full, vibrant, peaceful, and abundant. Look around and see the places where that is not so now and shine your brightest Light and you will be amazed. It is only old belief systems and old programming that is holding back the desires of your hearts. Look within and look without and ask yourself, "What beliefs do I have that are holding me back?" and "What and/or how do I need to change?". And then be willing to make the change... trust yourself and know that the life you desire is only a choice away. SO BE IT

Ray Two embodies Love, Wisdom, and Inclusiveness which determines our ability to attract what we need.

Questions to ponder:

- Is the Love you share conditional or unconditional?
- Are you expressing from intellect or Wisdom?
- Are your actions based on separateness or inclusiveness?
