COVID Safety Plan

Please note the following COVID Safe Plan has been put in place to protect you (the client) and ourselves (the therapists) and members of the community from COVID-19.

- One person per 4 square metres including both therapists and clients
- Exclusion of therapists and clients who are unwell, even if they have only mild symptoms
- Records of attendance on the business premises for all staff, clients and visitors
- All clients must complete and sign their COVID Health Agreement prior to their treatment
- Blankets and linen will not be provided. Client are welcome to bring their own blanket to their treatment.
- Clients advised to wear a mask and/or gloves if they wish, but not compulsory.
- Cleaning and disinfecting as per the Australian Government requirements
- Removal of books, magazines and iPads from waiting areas to reduce the potential for infection of clients
- Seating in waiting areas that complies with physical distancing
- Ensure good hand hygiene facilities are available, including at venue entry and exit, and promote excellent hand hygiene by staff
- Clearly displayed conditions of entry upon entrance, website and social media platforms
- Always ensuring staff and clients have appropriate physical distancing and that the venue does not exceed the maximum capacity limit
- Measures to maximise distancing between staff where safe and practical, including assigning staff to specific work stations that are at least 1.5 metres apart and minimising any interaction between these stations
- Encourage download of the COVID-safe app
