Balancing & Harmonizing Masculine & Feminine Energy

A Big Thank You to those who participated with us physically and spiritually on June 23rd, as we united in Trust and Support to discover and explore a deeper understanding of energy within our lives through the archetypal patterns of Masculine and Feminine.

As we reflect on past events and experiences we realize that the Harmonizing of masculine & feminine energies has been occurring in wonderful way. This Harmonization was first acknowledged and realized here through an event on July 25th, 2017, in which friends and family united in Celebration of the Awakening of Expansion into higher levels of Awareness.

Joke of the Month

Sooo... If we're Harmonized
and we're becoming ONE...

WHERE DO WE BEGIN AND
WHEN DO I END...

*I guess just don't look
back down... LOL*

Message of the Month

ONE-TLC Board Meeting on March 12, 2018: by Rosemary

The energy is getting better, bolder, brighter, and shifting as people are beginning to gain more clarity. It is energy initiated from the inter-dimensional grid that was created on July 25th, 2017 here at ONE-TLC that is assisting with this clarity. Humans are receiving clearer signals as they were fuzzy and intermittent before.

We can envision a huge cable that extends from the ONE-TLC field and reverberates outward and is also connected to places like ONE-TLC in South America, Antarctica, Scotland, and the Gobi Desert area.

We appreciate the work that you are doing and want you to know that it is sacred work. Actual geographic placement is key to the 'whole' in helping with ascension to Christ Consciousness. Andromeda Rex –

Ray Consciousness

Ray One embodies Power, Will, and Purpose which determines our ability to grasp what is needed. Questions to ponder:

- How much Power(Energy)are you utilizing in beneficial ways?
- Is your Will personality inspired... or Divine inspired?
- Does your purpose include the Highest Good for All?

The Carmine Connection and ONE-TLC appreciate all donations and contributions for the continued development of the Center and Facilities.
